GUIT, MIRUMATISM, AND DISEASES GENE-

RALLY OF URIC ACID DIATHESIS.;

DR. JAMES L. CABELL,

Professor of Physiology and Surgery in the Medleal Department of the University of Virginia and Pre ident of the National Board of Health, and former Resident Physician, Hot Springs, Virginia.

The water of Spring No. 2 contains in notathe water of Spring No. 2 contains in notable quantities two of the Alkalies, which are accredited as extremely valuable in the treatment of fout, Lithiasis, and Liver Affections. I refer to the Carbondes of Polash and Lithia. It is now well known that both of these alkaline carbonates have an accortained veiled in account. ates have an ascertained value in cases of Uric Acid Diathests connected with Gravel, and in cases of Change Gant, because of their affinity for Urio Acid and the great solubility of the salts which are formed by their union with that acid."

DR. ALGERNON S. GARNETT. urgeon (Retired) U. S. Navy, Resident Physician Hot Springs, Ark.

"My experience in the use of Buffalo Lithia water is limited to the treatment of Gout, Rheumatism, and that hybrid disease 'Rheumatic Gout' (so called), which is in contradistinction to the Rheumatoid Arthritis of Garrod. I have had excellent results from this Water in these affections, both in my own person and in the treatment of patients for whom I have pre-scribed it. Of course the remedial agent is its contained Albeitan and the contained albeitance of the c

contained Alkalies and their solvent properties. Hence, it is a prophylactic as well as a remedy in Nephritic Colic and forming Calculi, when due to a redundancy of Lithic Acid."

DR. W. B TOWLES.

Member Medical Society of Virginia, Resident Physician Hot Springs, Va. "I feel no hesitancy whatever in saying that in Gout Rheumatic Gout, Rheumatism, Stone in the Biadder, and all diseases of Uric Acid Diathesis, I know of no remedy at all comparable to suffalo Lithia Water, Spring No. 2. In a single case of Bright's Disease of the Kidneys I witnessed very marked beneficial results from its also and from its action in this particular case, I should have great confidence in it in this disease."

DR. T. B. BUCHANAN, Resident Physician, Hot Springs, Ark. send me five cases Buffalo Lithia Water, Spring No. 2. I have made use of this Water for Gout in my own case, and prescribed it for patients similarly suffering, with the most decided beneficial results. SOUTHERN ITEMS.

- You can't reform a State unless you send good men to the Legislature. Some men come to every Legislature that meets in Georgia that ain't fit to go to the chain gang .- Rev. Sam Jones.

- If Mahone is the radical nominee for Governor, then give us Fitz Lee It John Wise, give us Sam Newberry. If Frank Blair, give us Jim Walker, says a man who is a judge of men.-Lynchburg Advance.

 Most Virginia crops are looking fairly well. All are late, but the favorable weather since the first of June has put everything to growing. The yield of fruit will be much shorter than was expected.-Petersburg Index-Appeal.

- The New York World coolly speaks of the Rev. Sam Jones as the great colored revivalist. The World people appear to have jubilated too much at the Isere reception the other day, and hence they are temporarily color blind. -Savannah News.

— CHARLESTON, S. C., June 24.— At a meeting of the vestry of Cathedral Parish to-night it was decided to rebuild the Roman Catholic cathedral which was burned in the great fire of 1861, and then considered the finest ecclesiastical building in the South.

POLITICAL POINTS.

- Even a casual glance is sufficient to prove that the tail of the old Republican ticket is now much larger than its

head .- Phil. Times, Ind. Rep. - Some critics ridicule the Ohio Republicans for adopting a crazy bloodyshirt platform. They forget that there is in Ohio, and especially in the north of the State, a population which wants its political pork from the bottom of the barrel, and salt as brine can make it.-Phil. Record,

-- A Star reporter was told that when Buffalo Bill made formal application for leave to take Sitting Bull the Secretary not only gave if, but intimated that he would be pleased if the showman would also take Red Cloud and Dr. Bland, and it was said that he was inclined to add Agent McGillicuddy, but he feared the latter and Dr. Bland would not agree in the same company .- Wash, Star, Ind. Dem.

- The Democrats of New Jersey have shut of all chance of getting anything from the administration by the violent outbreak of their factional quarrel. The President can afford to wait until the difficulty is settled. That won't be during the lifetime of the contestants, of course, but the rest of the country will gladly furnish the President with peaceful Democrats enough to fill all the offices and let New Jersey go. -Phil. Times, Ind. Rep.

- Miss Mary Anderson is doing her duty by America. She will come home, it is said, with \$150,000 British money .-Phil. News.

- Miss Annie Lippincott, the daughter of "Grace Greenwood," of Philadelphia, is known on the operatic stage abroad by the pretty professional name of Anita Armour.

- It is regarded as practically settled that Rose Coghlan will star next season and that she will have another play to alternate with "Our Joan." Simon Nahm will act as her manager. Miss Coghlan went to Yonkers, New York, last week, to

rest for the summer. - Miss Mary Anderson has commissioned Mr. W. G. Willis, the English dramatist, to rewrite the play of "Ingomar." The drama, abounding in piquant and strong situations, is, in the opinion of the London Qneen, "spoiled by the stilted language." Miss Anderson is at present visiting the lake district.

PERSONAL.

- Frederick Charles, the Red Prince, beat the Austrians at Sadowa, and the French at Metz, and his wife at home. So contemporary records declare.—Richmond State.

- F. S. Cornwallis, a youthful descendant of the British General of Revolutionary fame, has recently, through the death of an aunt, come into an estate of \$150,000 a year.

- James Russell Lowell has arrived in this country, and if anybody has a bust or monument that he wants unveiled by an experienced hand now is the time to negotiate. - Chicago News.

- In personal appearance Mrs. Gladstone is said to be simplicity itself; but her shrewdness is said to be something remarkable. In the complicated politicosocial relations forced upon her by her husband's position she never committed a blunder.

- Gen. Logan's ancestors came from Ireland and his name is an Irish one, but it is believed by some of his friends that his extraordinary complexion can only be accounted for on the supposition that he had Zingary or Gypsy blood in him, derived from the tribes which came out of India and settled in Scotland and Ireland in the fifteenth century.

How Women Differ from Men. At least three men on the average jury are bound to disagree with the rest, just to show that they've got minds of their own; but there is no disagreement among the women as to the merits of Dr. Pierce's "Favorite Prescription." They are all unanimous in pronouncing it the best remedy in the world for all those chronic diseases, weaknesses and complaints peculiar to their sex. It transforms the pale, haggard, dispirited woman, into one of sparkling health, and the ringing laugh again "reigns su-

preme" in the happy household.

Persons subject to either or all complaints need not fear their attacks if they will but use a few bottles of BAKER'S CELEBRATED PRE-MIUM BITTERS, the best tonic and alterative that the skill and science of man has ever yet invented. These bitters are purely vegetable in their composition, and entirely free from all those poisonous and nauseous substances that create a languor and nauseousness of the stomach when taken; but, having an opposite effect they exhilarate the system, sharpen the appetite, expel improper secretions, create a healthful circulation of the blood, and produce such a flow of spirits as of itself tends greatly to relieve from indigestion and bilious affection. They may be taken by both sexes, in every condition of life, and will be found an invaluable medicine for infants and adults

The Wilmington Morning STAR has entered upon the thirteenth year of its existence, and we take this opportunity to congratulate it upon its prosperity and deserved popularity. The remark-able success of the STAR is due to its strict attention to business. The boast of the STAR (rightfully too) is that it always has the news, and this is the first thing in journalism. Otherwise the paper is all that the term of "good newspaper" implies, and its corps of editors and reporters are thoroughly educated newspaper men. BRADSTREET'S A WEEKLY JOURNAL OF TRADE, FINANCE,

AND PUBLIC ECONOMY. Sixteen Pages every Saturday. Oftentimes Twenty Pages. Sometimes Twenty-four Pages. FIVE DOLLARS A YEAR.

The foremost purpose of Bradstreet's is to be of practical service to business men. Its special trade and industrial reports; its weekly epitoms of bankruptcies throughout the United States of bankruptcies throughout the United States and Canada, and the summaries of assets and liabilities, are alone worth the subscription price; its synopses of recent legal decisions are exceedingly valuable. As commercial transactions, in the wider sense, are coming to be more and more conducted on a statistical basis, the information contained in Bradstreet's is of the first importance both to producers and middlemen.

The Trade and Agricultural Situation throughout the United States and Canada is reported by Telegraph to Bradstreet's up to the hour of publication.
