in complete the list of appointments of the Tory Cabinet we give the following additional names:

"Sir Matthew White Ridley, member of Parliament, Under Foreign Secretary; Wm. L. Jackson, member of Parliament, Secretary to the Board of Trade; Baron Mac-Donald, Lord Advocate of the Queen's Household; Viscount Lewisham, Vice Chamberlain; Lord Arthur Hill, Comptroller; Viscount Folkestone, Treasurer; Earl of Danraven, Under Secretary for the Coloones; Earl of Kintose and Earl of Hopelown, Lords in Waiting.'

The President has a good opinion of Cal. Morrison and says he is a good man to tie to. He is the leader in Illinois of his party, and he has secured the appointment of every man he has recommended. He said to a young Illinois man: "Young Democrats from Illinois ought to enhivate him. His long experience in public life makes him a wise counseller. He is an able and honest

Rev. Dr. J. L. Kirkpatrick, Professor in Washington and Lee University, Va., is dead. He held during his life a number of important charges, and was President of Davidson College, North Carolina, for several years. He was Moderator of the Presbyterian General Assembly in 1862 and had held his last position since 1866. He was born in Mecklenburg county, North Carolina, in 1813, and was graduated at Hampden Sidney College, Va., in 1832. He was a strong man.

A Raleigh special to the Charleston News and Courier, dated the 25th, says of the Atlantic and North Carolina Railroad:

"Gov. Scales strongly favors the lease of the road, but it is not now thought there will be a lease this year. The meeting may endorse or recommend a lease. There are just now no offers for the road, though it had been stated that both the Wilmington & Weldon and Richmond & Danville had made them. * * 1t is the Governor's idea to lease to the Richmond & Danville Railroad, if it will give a fair price. The North Carolina road from Charlotte to Goldsbor 3, which they control under a lease which expires in sixteen years, will at the end of that time revert to the State, and if the Atlantic and North Carolina road be leased for sixteen years both leases will fall in together, and the State will own a splendid line from Charlotte to Morehead, which could be leased for a very large sum and yield the State a heavy income."

State Gleanings.

- Henderson Gold Leaf: A little son of our esteemed townsman, Dr. James M. Covington, had one of his feet severely cut accidentally with an axe in the hands of another little boy day before yesterday. The foot, we understand, was quite half

- Henderson Gold Leaf: The "arm clutch" must go. Like the bang and the tooth-pick shoe, it has had its day. Like the mills of the Gods, The Government grinds-no doubt-

But it's exceedingly slow In grinding a "turn" out.

- Louisburg Times: On Saturday evening last, two white men-E. B. Smith and Wm. Joyner-got into a difficulty in Gold Mine township. Both men, we understand, had knives, but only one was cut. Smith gave Joyner two or three very bad cuts, though none of them proved

- Kinston Free Press: Quite a shocking accident occurred on the south ide of the river, on the farm of Mr. F. M. Haskins, one day last week. We have not learned the full particulars, but it seems that two negro lads, aged about 15 years, were out shooting birds. One of them elimbed a tree in order to shoot a bird, and the other in passing the gun up to him let the hammer strike against the tree, thereby discharging the whole load into his neck, tearing away the under jaw. He fell to the ground and died almost instantly.

 Elizabeth City Economist: The Greenville Guards, Washington Light Infantry and Pasquotank Rifles will parade in Elizabeth City on the 14th of July and will visit Nags Head from here. — We are glad to see that Dr. Underwood of this city, has revived the Land Company of North Carolina and proposes to invite immigration to our section. - The negro Jim Johnson, so called, who burnt Columbia jail, and who was brought to our jail for safe keeping, after being shot by the officers in arresting him, we understand, is in a precarious condition from his wounds. - Belvidere. - The cotton that was so grassy some time ago, is now clean and in fine growing condition. Rice continues to look well and promising. Some farmers have commenced to hill their rapidly growing corn. — Creswell.—Cotton stood the heavy rains in May better than corn, the principal damage to it is the grass and the washing of the manure from the soil.

- No services at the First Presbyterian Church to day.

- The magistrates were not busy yesterday. It was too hot. - Peaches were retailing yester-

day as low as 25 cents per peck. - The usual services will be held n Fifth Street Methodist Church to day. - Fishing at the "Rocks" has not been quite so good as usual the past day or

- Base ball was the all-absorbing theme of conversation on our streets yes-

- There was a heavy rain at the base ball ground yesterday afternoon, while n the city there was only a light sprinkle.

- Heavy thunder and vivid lightning yesterday morning, between midnight and day, but the rainfall, for a wonder, was light.

- Give the Cornet Concert Club a boom at the Seaside grounds to-morrow. They deserve all the encouragement that can be given them.

- The thermometer in the STAR office registered as high as 86 degrees yesterday, being about the height of the temperature here this season.

- Not a solitary marriage license was issued by the Register of Deeds during the past week. Our young men are too busy with base ball to get married.

- Jos. Conly was before Justice Millis, yesterday, on a peace warrant sworn out by Noro Bell. The warrant was dismissed at the cost of the prosecutor.

during the first ten days of the month. - The interments in the various city cemeteries during the past week were as follows: Oakdale, 1 adult; Bellevue, 1 adult (drowned); St. Thomas' Catholic, 1 adult; Pine Forest (colored) 1 child. To-

that the law requires that it shall be paid

- Upon investigation it was found that the ordinance under which F. J. Bell was fined \$5, in the Mayor's Court on Fri day morning, had been repealed, and the fine was thereupon remitted and the de fendant discharged.

- The pigeon nuisance at the City Hall has given way to the English sparrow nuisance. In fact, the sparrows cleaned the pigeons out and took possession. From present appearances these sparrows will soon overrun the city and drive all other birds away.

- The moonlight excursion on the steamer Passport, under the auspices of Capt. J. W. Harper and Mr. Geo. N. Harriss, which was postponed on account of bad weather, will take place Tuesday night. Don't miss this opportunity of a trip by moonlight to the "salt sea waves,"

The Game Yesterday-Seaside 3, Oxford 2.

The second game between the above named clubs was stopped yesterday by rain, but not until five innings had been played by each team. The large crowd that had gathered to witness the exciting sport were as enthusiastic as on former occasions, and all were disappointed at the abrupt termination of what promised to be a fine and interesting display of the talent of the contesting nines. The home boys batted better than they did the day before, but their fielding was not so good. There was some loose work on the diamond, and some playing that reflected no credit on the ones participating. The Oxford boys played well on the field, and Lewis made some fine catches and guarded his "second" in a manner worthy of all praise. He was evidently in good trim and determined that the game should not be lost through any fault of his. Cooper in "centre," and Taylor in "left," made each a nice running catch. Kurtz allowed two balls to pass him, but his sprained ankle prevented him jumping with characteristic alacrity, and he can be easily excused for these errors. The score is as follows:

SEASIDE. Carmichael, r. f..... Kurtz, p..... Koochogey,c Rosenthal, 1b..... 0 Moore, 3b..... 0 Robinson, 2b..... Waddell, c. f...... 2 Empie, l. f..... 0 Totals, 3 7 15 11 4 Taylor, l. f..... 0 Horner, r. f....

Hunt, S., 1b..... O'Donnel, p..... Hunt, H.,., 3b..... Cooper, C., c. f..... Ward, c..... Totals, 2 3 15

On Monday there will be an exhibition game between Oxford and Seaside, when Monroe, the new catcher of the recently employed battery of the Seaside, will do the honors behind the bat, and Koochogey will hold the bag at "second." Kurtz will remain in the box. The proceeds of this game will be given to the Cornet Concert Club. There is every reason to think that this will be one of the finest games ever played here. It will certainly be the strongest team the Seasides have ever spread on the field. We advise all who wish to see a good game to witness this one.

The Cornet Club deserves the support of all Wilmingtonians. It is the best band in the State and a credit to any city. Its members are obliging and ready at all times to lend their assistance to a worthy object, and we hope to see the largest crowd Monday that the grounds have ever held. If the new uniforms arrive in time the band will appear in them for the first time. Let all go to see the game on Monday.

The receipts of cotton for the week end ing yesterday foot up 21 bales, as against 2 bales for the corresponding week last year, showing an increase of 20 bales. The receipts of the crop year from September 1st to date foot up 93,910 bales, as

against 91,505 bales for the same period last year, showing a net increase of 2,405 bales in favor of 1885.

WILMINGTON, N. C., June 26th, 1885. Mr. W. E. Worth—Dear Sir:—The sample of water submitted to me for inspection, from a well recently dug near your ice works, I consider

good for domestic purposes:
1. It is a clear white water.
2. It is sufficiently soft. 3. It has only a small percentage of carbonate of lime.
4. It has no organic impurities.
If your purpose is to use this water by distillation the product could be made absolutely pure.

Yours, very truly, THOMAS F. WOOD.
