A fishing party goes to the "Rocks," and other smaller parties will spend the day in manner more suited to their inclinations. The colored people are to have a big time at Greenville Sound.

A Bastardly Crime Promptly Re-

On the night of Saturday, June the 20th, celored man by the name of John Boggan committed an outrage upon an unprotected widow lady living near Wadesboro. Since then every effort has been made to capture the fiend. Mayor Rose, of Wadesboro, offered a reward of \$100 for his arrest and had printed announcements of the fact struck off and scattered through the country, Some of them were sent to Chief of Police Brock, of this city, and he has had his officers on the look out for Boggan. It was reported two or three times that he had been seen in Wilmington, but the officers could ascertain nothing definite as to his whereabouts. The question has at last been satisfactorily settled. Yesterday morning a party of gentlemen from Laurinburg, en route for the Sound, arrived here on the Carolina Ceutral train, from one of whom was derived the information that the scoundrel was taken and hanged to a tree, on Thursday night, very near the spot where the dastardly crime was committed.

Sharks! Sharks! Messrs. Fitzgerald and Batts, of Wilson, are still distinguishing themselves as shark catchers at Smithville. It is thought now that they are certain to take the premium. They caught two more of the wide mouthed monsters on Thursday, and new claim that they have been the humble instruments of relieving the harbor and ocean of a total of 32 feet and four inches of solid shark. Hurrah for Wilson county!

Mayor's Court. The only case for the Mayor's Court yesterday morning was that of Bill Hendren and John Day, charged by Carl Dabbitt with the larceny of certain articles, including a pair of shoes and a coat. The hearing was postponed until Monday.

BASE BALL.

Columbia Against Seaside-Score 10 to 0 in Favor of Home Club-The Game To-day-An Exhibition Game to be Played on Tuesday.

The game yesterday was played well by the Seasides. There were very few errors, and some fine playing. Only one fly ball to the field reached the ground, and that was a safe hit to left field. Waddell did the prettiest work on the field. He caught three flies, and on one made a "double" by a long accurate throw, from centre to first base. Robinson also "caged" one nice ball. Monroe played his second well and did the best batting of the team. Kurtz and "Koockey" gave us a fine display of what they were capable of doing as a battery. We think the Seasides fielded yesterday better than ever before.

On the Columbia nine Fetner, pitch, McDougall, short, and Dicks, left, divided the honors. Dicks made a remarkably fine catch of Moore's long ball. The batting of the Mechanies was weak, but they were "getting on" Kurtz toward the last of the game. Art at int diese at

There will be another game to-day between the same nines. A nice game can be expected. Mr. Ray umpired. His decisions were fair and impartial. He understands the game, is always on the alert, and sees everything that is done. He has always given satisfaction to the Wilmingtonians and is first-class in this position. CITY ITEMS.

WHO IS MRS. WINSLOW ?- As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are Dailly sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely ase, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mother has discharged her duty to her suffering little one, in our opinion, until she has given ing little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City.
