The Game Yesterday-Another Game To-day.

The game yesterday ended in favor of Goldsboro by a score of six to seven. The Seasides, with one exception, played their regular nine, and are to be congratulated for keeping down the score of the visitors. Latouche took the box, but was knocked out on the first inning. Lee was substituted and worried the home boys considerably, though he is not considered the pitcher that Latouche is. The game was in the hands of the Seasides until the sixth inning, when several errors enabled the opposing nine to make three runs, tying the score and causing our boys to play with less heart than ordinarily. Answer: It is, of course, a passed ball, provided any base is run on it, but it does not come under the provisions of Sec. 5, Rule 54, and therefore no base can be run without the risk of the runner being put out. The umpire is considered to be one of the players, and the fact that the ball touched him after passing the catcher is of no significance whatever."
