OUTLINES.

A St. Petersburg paper says that Russia will concede nothing on the Afghan question. A large glue factory and a tannery, near London, Eng., burned; loss \$300,000. New cases of cholera in Spain Tuesday, 1,109; deaths 658. Cheyenne Indians are on the war-path in Pratt and Comanche counties, Kansas, and are doing great damage to life and property. The street car strike in Chicago has ended. Rev. M. D. Turner, a Methodist minister, committed suicide at Stone Mountain, Ga. R. B. Taylor's residence, Fayetteville, N. C., burned; loss \$5,100. The north-bound passenger train on the Virginia Midland Railroad, collided near Lynchburg; a number of passengers were injured but none seriously. The Globe Hotel, Louisiana, Mo., burned; one of the guests was killed and several others seriously injured by jumping from windows. Striking iron workers in Cleveland, Ohio, yesterday, paraded with a red flag and made a great deal of noise, but did no damage to life or property. Neenah, a little town of 1,500 persons, in Kansas, and Cold Water, another town, is reported in possession of the Indians, and several Indians arrived at Pratt Centre; they report the massacre of a family at Spring creek. Gen. Grant spent an hour in writing yesterday; he passed a comfortable night. President Cleveland is preparing to depart from Washington for the summer vacation, to get away from the worry and bother of office-seekers and politicians. New York markets: Money 101 per cent.; cotton firm at 10 1/4; wheat, No. 2 red July 89 1/4; southern flour unchanged at 80 1/4; corn, ungraded 50 1/4; spirits turpentine firm at 33 1/2. Japan has returned to specie payments. The last is that Wisconsin will not be Democratic. Salisbury's game at home is a masterly inactivity. It is reported and believed that President Cleveland has asked Gov. Hoadly to accept the nomination again in Ohio. It is not improbable that Edward Cooper may be the main opponent of Gov. Hill for the nomination for Governor of New York. The Warrenton Gazette indorses the position of the STAR as to the ruinous consequences of the mortgage system, &c. Mr. William L. Royall, counsel for foreign holders of Virginia bonds, failed in his effort to arrange a compromise with English bondholders. Thus far thirty men have bit the dust in the feud that has been long raging in Rowan county, Kentucky, between two factions. The war still continues. Sam Jones is getting vulgar and profane. He called people at Waoo who did not contribute when a collection was taken to meet expenses, &c., "dop-eared hounds." On the Fourth the Mormons at Salt Lake behaved very shamefully. They kept the various flags at half mast refusing to either lower or hoist them, and prevented others from doing it. Apostle Thatcher indulged some very violent words and the Union men were defied. The papers are commenting on the rational and sober way the Fourth was celebrated. We failed to see a solitary drunken or drunken man from Friday to Sunday night on the cars, in Wilson or in Wilmington. There were fewer accidents reported throughout the country than are usual. Friends' School at New Garden, Guilford county, is a large institution. It has excellent, commodious, attractive buildings. There are six teachers, and during the last school year there were 137 pupils. This school was founded in 1833, and for forty-eight years it has had an unbroken career of success and usefulness. Texas is almost up to North Carolina. Corn Hill is a "city" of almost 250 inhabitants. The Galveston News says "it does not require thousands of people to make a Texas city." Why should it if seventy-five will meet the demands? Thus far North Carolina "city" has reported less than thirty-eight inhabitants, but

then the smallest have first-rate water-tanks.

We are glad to learn from our Virginia exchanges that Secretary Bayard proposes to stand by Mr. Anthony M. Keiley, and if Austria does not receive him to allow the Austrian Mission to remain vacant. Mr. Keiley is excellently qualified. He is one of the most accomplished of Southern editors. The STAR as its readers will remember, took ground that either Mr. Keiley should be received or the American Government should resent it by failing to send another Minister.

There was some truth in the reports as to bad treatment of some convicts in South Carolina by railroad men. In two cases the convicts were inhumanly punished and they were severely punished. There is too much work and not enough vegetables. The Charleston News and Courier is our authority for the above statement. It publishes an official report from Maj. Twigg's camp.

Is that so? What? That a dirty rascal named Noyes has been appointed by the President as one of the Pacific Railway Commissioners. Noyes was the chief thief in stealing the Florida vote for Hayes. Maynard and Noyes' ink is not half as black as this State stealer is. The N. Y. Sun says it is the veritable Noyes of Florida memory who has been just appointed.

Messrs. D. W. Whitaker & Son have sold the Durham Daily Reporter to Mr. R. B. Boone.

The Concord Times has entered upon its third year. It is on a safe foundation and we are pleased to learn. We often copy from the Times.

Warrenton Gazette: Tobacco worms more plentiful than ever known. Though late, the crops are looking unusually well.

Charlotte Advance: Southern Methodism has a membership of more than five hundred in the city of Charlotte, comprehending all classes, from the highest to the humblest.

Washington Gazette: A heavy rain squall broke over the town last Friday, and almost convinced some that the bottom had dropped out. In front of our sanctum the ragmats were blowing all over the street in large good-byes.

Davidson Dispatch: It is estimated now that the whole crop of the county will amount to about half an average crop. There seems to be a demand for home made farming implements, wherever there is any one to make them.

Reidsville Times: The crops in and around the immediate neighborhood never looked better at this time of the year. It is our duty to chronicle the death of Mr. Fletcher Reid, a partner in the firm of S. N. White & Co., of this place, which occurred last Tuesday evening.

Belles Lettres: The literary monthly newspaper published at Reidsville, is to be moved to Raleigh and to be published twice a month. Mr. J. C. Rockwell will be in charge. Mr. W. E. Gilliam retires. The STAR wishes the best success to the effort to publish a purely literary paper in North Carolina. Before the war it supported for a while three large literary weeklies.

Tarboro Southerner: It is the general opinion of farmers that cotton is like fruit it is from ten to fifteen days late. Cotton with the exception is good and the farmer is hopeful. Corn is said not to be so good as last year. The contest for the postoffice continues warm, with the odds in favor of Senator Ransom can only tell. The contest though appears to be narrowed down to Mrs. Gen. Pender and Mr. E. T. Bynum.

Raleigh Visitor: While riding yesterday a daughter of Dr. Eugene Grimeson was thrown from her horse and painfully injured. We regret to hear of the serious illness of the venerable John W. Norwood, at his residence in Hillsboro. He is now in the 83d year of his age. Mr. Monfort McClebee, Commissioner of Agriculture, and Dr. G. W. Dabney, State Chemist, have gone to Washington, D. C., to attend the National Agricultural Convention.

Lenoir Topic: We learn that petitions are being circulated in adjoining counties asking the Governor to commute Anderson's sentence to imprisonment for life. We had the pleasure of meeting, last Thursday, our friend, Joseph Brown, Esq., of Watauga, who gives quite an encouraging report of crop prospects across the mountains. We take it that the wheat crop over there will go beyond a half crop. Corn is looking splendid and is doing well. The acreage is probably a third greater than last year. Rye is exuberant and in quite as good condition as corn.

Kinston Journal: The body of the negro woman Betsy Branch, reported to have been murdered near Adams creek last week by William Feltway, is reported to have been found buried in a branch, with her throat cut from ear to ear. Petteway has not been arrested since he made his escape. Messrs. F. S. Coburn and W. H. Bonville, of Duck Creek, Onslow county, while riding on the beach near New River Inlet one day last week found a whale, of the finback species, seventeen feet long and weighing about five thousand pounds. They will realize about \$150 from the discovery.

High Point Enterprise: A reliable farmer furnishes us with the information that the wheat crop hereabouts, after being harvested, proves to be much better than at first thought, and that 60 per cent. of a full crop will be realized, while the quality is unusually good. The principal of Pantego Academy fell in love with one of his pupils, a beautiful blonde of sixteen. The young lady's parents opposed a hasty marriage, and the teacher

and his pupil eloped to Hyde and were married in the road, sitting in the buggy. The school closed last Friday, and the bride read the valedictory.

Pittsboro Home: Rev. Matthew T. Yates, D. D., is a native of Chatham county, was educated at Wake Forest College, and went out to China nearly forty years ago as a missionary. The Wilmington STAR is so punctual and so able, so far above what most of us can do, that we are almost glad to find in it even a little lapsus. It is said that Homer named sometimes. We are not surprised at that, but it always did surprise us that he nodded so seldom and took such little naps. In the STAR of the 27th ult. some editorial remarks about the University are quoted from the Home, and credit given to another paper. I beg pardon, and will try to do you justice hereafter.—STAR.

Graham Gleaser: The heinous crime of house burning was committed in Newlin's township, one mile southeast of Clover Orchard, this county, on Sunday night the 21st ult. A dispute arose about the ownership of the house and piece of land, James M. Linnea and his wife occupied the house, and were notified to vacate by a certain date, which they failed to do. On the night above mentioned Wm. Johnson, Sam Linnens, James T. Ray and John Johnson went to the house of J. M. Linnea, drove him and his wife out, and set fire to it, burning it up with its contents. The perpetrators of the crime have all been arrested except Sam Johnson and are here in jail. The magistrate refused to allow them bail.

Greenville Standard: New-year's eve, 1880, Greenville had her first destructive fire. At that time she had only one brick store. Now she has twenty six new brick stores, with contracts out for three more, making a total of twenty-nine and nearly an average of five per year since 1880. Besides these we have one of the handsomest brick court houses in the State and beyond doubt one of the best new brick jails. F. G. James is building quite a handsome residence, and Col. Sugg has had his residence remarkably fine. The average wheat crop will exceed the estimate made two months ago but the crop of oats is an almost total failure. The county will not make seed.—This has been so far quite a fatal year for our county. There have been many more deaths than usual. The county has lost this year quite a number of its foremost citizens. The Courier recalls Noah Rush, Wm. F. Lassiter, Silas Keenan, Marmaduke Williams, Daniel W. Collins, Reuben M. Rice, David DeWitt, Abijah Trogon, Paschal McKay, William Staley, Dr. C. W. Woolen and others whose names we do not now remember who have died during the last half year.

Asheboro Courier: Owners of hogs in this town must pay a tax of \$35 and also keep them off the streets.—The corn prospect is still good. The seasons have been remarkably fine. The average wheat crop will exceed the estimate made two months ago but the crop of oats is an almost total failure. The county will not make seed.—This has been so far quite a fatal year for our county. There have been many more deaths than usual. BASE BALL.

Goldboro vs. Seaside. The exhibition game of base ball yesterday between Goldboro and the Seaside resulted in a score of three to one in favor of the latter.

The Seaside were in good trim and played well, and are to be congratulated upon their success.

We are unable to give a full account of the game, as our boys in their hurry to catch the Carolina Central train did not furnish us with the score.

Before the game began Mr. Waddell, of the Seaside, while running to catch a ball thrown by another one of the club, came in collision with Mr. Carmichael, and received a severe blow in the eye, which prevented his taking part in the game. Mr. Boatwright took his place.

Two Schooners Broken Open and Robbed—Recovery of a Part of the Stolen Articles.

On Sunday night last the small coasting schooner Lillian, trading between here and Shallotte, Brunswick county, and another small schooner, commanded by Capt. Jas. Wells, were broken open and robbed while lying side by side at one of our wharves. From the Lillian was taken a quantity of sugar, bacon, flour, butter, clothing, etc., the property of Capt. B. D. Davis, and from the other vessel a lot of crockery, quilts, other bedding, the vessel's lamp, a fine clock and a number of other articles.

On Monday a warrant was issued by J. C. Hill, J. P., for a suspected party, and placed in the hands of an officer, who soon after discovered the suspected individual near the foot of Ann street with a bag on his shoulder. The recognition was mutual between the two, when a lively race commenced, which ended in the man dropping the bag, when he succeeded in making good his escape. The bag was secured by the officer and found to contain a number of the stolen articles. Subsequently the officer received information that the remainder of the goods were concealed in a house near the foot of Chestnut street, when a search was made and the articles were found.

The thief is said to be a South Carolina darkey.

Odd Fellows. The following officers of Cape Fear Lodge No. 2, I. O. O. F., were installed Tuesday evening for the current term:

- N. G.—L. A. Bilbro. V. G.—W. G. T. Keen. R. S.—A. J. Yopp. F. S.—W. L. Smith. Treasurer—John Maunder. Warden—E. J. Moore. Chaplain—W. J. Yopp. Conductor—N. Jacobi. R. S. to N. G.—O. Pearsall. L. S. to N. G.—H. J. Mintz. R. S. to V. G.—Eugene C. Hall. R. S. to V. G.—Empie G. Styron. R. S. to V. G.—A. Deumelandt. L. S. to J. D. Orrell. I. G.—G. G. Aman. O. G.—W. M. Hays.

The Cape Fear is in good condition, financially and numerically. The members are availing themselves of the insurance feature, recently introduced in the order.

The Chinese Convert. Alluding to Charlie Soon, the Chinese convert, who went from Wilmington to Trinity College and thence to Vanderbilt University, the Durham Recorder says he preached in that place for the second time last Sunday to "a very large and appreciative congregation," and continues: "He is a mere lad, but gives promise of usefulness as a minister of the Gospel, and will doubtless accomplish much good among his benighted race in headendom. His discourse here yesterday was plain and practical, and he speaks distinctly, fluently and with boldness."

RIVERS AND MARINE. The British brig Swiftsure, Capt. Stuart, left this port on Thursday, the 2nd inst., for Barbadoes, with a cargo of 170,000 feet of lumber. Upon her arrival at Smithville leak was discovered and the vessel was put upon Battery Island to find out its whereabouts. The leak was found and stopped. The following day, when the tug and pilot went to the vessel to take her to sea, the men refused to go, and the captain reported the fact to the British Vice Consul, who ordered a survey. The surveying party, consisting of Capt. Byers, of the British barque Ella Moore, Capt. Jean, of the British barque Fairy Belle, and Mr. Geo. Harris, Port Warden, proceeded to the spot and examined the vessel and pronounced her seaworthy in every respect. Capt. Stuart went down yesterday, at 4 o'clock p. m., for the purpose of continuing his voyage, and at last accounts nothing further had been heard of the disposition of the seamen.

Steamboatmen report a very slight rise in the river, but not enough to do much good. There is now about twenty-eight or thirty inches on the shoals near Fayetteville.

Quarterly Meetings. Third Round for the Wilmington District of the Methodist E. Church, South Whiteville Circuit, at Cerro Gordo, July 9-10. Waccamaw Mission, at Lebanon, July 11-12. Clinton Circuit, at Johnson's Chapel, July 15-17. Magnolia Circuit, at Salem, July 18-19. Smithville Station (District Conference), July 23-26. Brunswick Circuit, at Zion, July 31, August 1.

Wilmington, at Front Street, August 2. PAUL J. CARRAWAY, Presiding Elder.

Sworn OK. A fighting case before Justice Mills yesterday morning resulted very commendably to the parties concerned—two young white men. They submitted, paid the costs, shook hands and then subscribed to the following oath before the magistrate: "I swear that I will not take a drink of intoxicating liquors during the next twelve months, unless prescribed by a physician."

Weather Indications.

The following are the indications for today: For the South Atlantic States, generally fair, slightly warmer weather, except local rains on the southern coast, variable winds.

Magistrate's Court. Jane Oulias, colored, was before Justice Mills, yesterday afternoon, on the charge of slandering and injuring the good name and reputation of one Harriet Garrison, also colored. The evidence was not sufficient to sustain the charge, which was dismissed at the cost of the prosecutor.
