OUTLINES.

Hundreds of diseased sheep are said to be slaughtered in Chicago and sold in the markets of that city.

It is not true that bad poets die young. Martin Tupper is seventy-five years old.

The mercury at Calico, Cal., on the 12th of July stood at 125 degrees in the shade.

We are having very frequent rains, accompanied by thunder and lightning, but the hot weather keeps up.

Thomas Bailey Aldrich is editor of the Atlantic Monthly, and he recently fell heir to \$70,000.

Foraker, it is said, will have strong odds on the stump. John Sherman, Blaine, and Black Jack Logan will canvass for him.

Gen. Sheridan seems to have done some good work in dealing with the Indians. He says they have been wrapped by cattle owners.

The young sprigs of nobility have concluded not to fight a duel over Langtry. Lonsdale was first hit but he has concluded to apologize.

One of Beecher's sons tried to get Dana of the Sun indicted by a grand jury, for publishing the Fall Mall Gazette's scandal but he failed.

Lord Rothschild is the first Jew that was ever raised to the peerage and had a seat in the British Parliament. It was Mr. Gladstone's work.

Attorney General Garland writes a letter to a friend in Little Rock, in which he says of Mr. Cleveland:

The assignees and counsel of John Roach have been invited to confer with the Secretary of the Navy and Attorney General.

"They have been surrendered to the contractor under circumstances not important to consider now, with the exception of \$36,670 in our hands there are unpaid bills for extras claimed on the ship amounting to \$23,688.95, and in dispute on the Dolphin \$29,945.07, altogether (mostly in dispute) \$80,304.02.

The big footed gal of America is Miss Fannie Mill, of Sandusky, Ohio. Her pedal extremities are enormous.

"The material of which the shoes are made would have been sufficient to manufacture eight pair of ordinary ladies' shoes. The soles are cork, and the heels are rubber. The length from stem to stem is 19 inches and the breadth of beam is 7 1/2 inches.

Lord Salisbury asks that Russia withdraw from the Zulicaf Pass. Russia agrees on condition that the Afghans keep out of the evacuated places.

What a relief to England! Mrs. Langtry expects to take a trip to Australia. Will Freddie and the two sprigs go with her? Ta, Ta!

Spirits Turpentine. — Murphy Bulletin is the title of a new paper just started at Murphy, Cherokee county, by Messrs. J. B. Larondes and L. E. Campbell.

Chicago Current: Since the Bible revision the good people of Shoe Heat, N. C., are full of fear that careless people may fall to abbreviating the names of their towns.

The eight-year old daughter of Mr. S. P. Russell was burned to death at Webster. Making a fire with kerosene oil. When will this criminal foolishness cease?

A fire occurred at Greensboro on Saturday night, burning the Baptist church, store of Fields & Causey, and office of the Southern Express Company.

Morgan Star: Our representative, Col. S. Mead, T. Tate, started the ball in motion to build a railroad from Cranberry via Morganton, some time ago. He gave it another send off last week by subscribing one hundred thousand dollars towards the building of the road.

Mr. Atry News: The farmers tell us that corn and most of the tobacco raising in the county for the year is a failure. The Mt. Atry end of the C. P. & Y. V. Railroad are here. The grading will be pushed with all possible speed until the gap between this place and Dalton is finished.

Louisburg Times: We learn that a white man by the name of Josephus Edwards was knocked in the head with a rail, by a negro on last Sunday. It occurred near Hunt's X road, in Nash county. At last accounts Edwards was living, but it is thought that he will die.

Lumberton Robesonian: The revival at the Baptist church continues. Dr. Nelson left us last Thursday night, and since that time the pastor, Rev. W. T. Jordan, has conducted the services. Many accessions to the church have been made. About twenty-five were baptized in the river last Friday evening.

Hickory Press: Almost all the most noted mountains of Western North Carolina can be seen from the observatory of Claremont College, of this place. This beautiful scenery adds greatly to the pleasure of the large number of summer boarders from Florida and other Southern States, who are now at the college.

The Newton Normal. From the Newton Enterprise we take the following in reference to the Normal School at that place, of which Prof. Noble of this city is Superintendent, and which closed its session on Tuesday last:

"All who have attended the Newton Normal regularly will bear us out in the assertion that there has been steady improvement, and that the present term is superior to any ever held here. In many respects it has been the most successful Normal ever held in the State. The attendance already, at the end of the third week, has been the largest ever registered during any one term anywhere in the State; a larger territory has been represented, and more different classes of teachers, including all grades, from the common schools to the colleges, have been collected together; the instructors have been the very foremost in the State; and the enthusiasm, both of instructors and instructed, has been of the highest sort. In every respect the Newton Normal of 1885 has been a wonderful success.

The primary department, under the successful teaching of Miss Nellie Cook, has attracted more attention this year from the teachers than it has ever done heretofore. The room in which she gives her instruction is almost always filled with visitors.

It has been discovered that buttermilk, in a remarkable degree, satisfies the craving for strong drink and enables a man to endure fatigue in warm weather better than any other drink he can use. The proprietor of a bar, who disposes of over a dozen painfull daily, in one of the Northern cities, says it is remarkable how quickly the appetite for it increases after the first glass. He thinks it is destined to destroy more drinking than St. John and his prohibitionists can ever do. It is further claimed that it satisfies the cravings for acids by giving to the stomach a natural supply, and at the same time furnishing in its cheesy matter a good supply of wholesome nutrition; that it is one of the healthiest and best summer diet drinks that one can use; and that if it could be partaken of occasionally during the day as a substitute for ice water, the immoderate use of which is dangerous this hot weather, it would be found highly beneficial. In many of the Northern cities it is sold over the bars and saloons and restaurants in large quantities, in place of strong drinks, the establishment of creameries having thrown an ample supply of a superior article on the market. We hope some day to see an abundant supply of the article here in Wilmington.

Personal. A letter from Capt. W. M. Parker, who was still in New York, reports him improving and the weather cooler. Rev. Dr. Fritchard left Monday night for Wadesboro. He will be home by Sunday, or Rev. Mr. Battle will fill his pulpit. Mr. Simon Sanders, of the Cornet Concert Club, returned home from Asheville Monday night. We gathered from his few scattering remarks that he did not regard the site of the State encampment as a suitable location for a second Garden of Eden. Col. J. M. Robinson and Maj. J. C. Winder, prominent railroad men, were in the city yesterday. Col. W. J. Green spent yesterday on the Sound. Dr. E. W. Ward, a prominent citizen of Onslow, was in the city yesterday. Mr. D. C. Davis, formerly connected with the Custom House in this city, who has been on a visit to his old home at Mystic, Conn., arrived home yesterday morning on the steamship Benford.

Assaulted by Dogs. Maria Gaines, a neatly-dressed colored woman, was passing in the neighborhood of Second and Chesnut streets, about 10 o'clock Tuesday night, when, as she states, three dogs rushed from a yard in the vicinity and made a simultaneous attack upon her. She fought and struggled with them, one at her back, one making a desperate effort to reach her throat, and the third with his fangs fastened in one of her arms. In the meantime her dress was torn, her person demolished and she herself finally thrown to the ground, where the infuriated animals would have made quick work of her, had not her frantic cries for help been so promptly responded to by Mr. Brown, at Southerland's stables, who rushed to her rescue and drove the dogs off. The matter was reported to police headquarters, when the dogs were ordered to be "suppressed."

For the Penitentiary. Deputy Sheriff George W. Murray leaves for Raleigh this morning with the following prisoners, sentenced at the late term of the Criminal Court to the State Penitentiary: Thomas Whitfield, larceny, 6 years. John Anderson, larceny, 3 years. Gilbert Hendricks alias Gilbert Hadley, larceny, 2 years. Gen. Lee Jones, larceny, 2 years. Wm. Harris, embezzlement, 2 years.

Mayor's Court. Jos. R. Howard, colored, had a hearing before Mayor Hall, yesterday morning, on the charge of the larceny of a quantity of brass from the yard of the W. & W. R. R. Company. At the close of the examination the defendant was required to enter into bond in the sum of \$100 for his appearance at the next term of the Criminal Court. One case of a failure to pay license tax was disposed of.

Mr. James Best, residing on Fifth, between Mulberry and Walnut streets, went to sleep a few nights ago with the sash of a window in his room raised and his pants hanging on a chair not far from the same. When he awoke his pants were missing, though the blinds were still closed as when he went to bed. A search was instituted and the pants were found in the yard, but his pocket book containing \$10 was gone. The thief evidently opened the blind, reached in and got the pants and then closed the blinds again. No clue.

Juvenile Base Ball. The "Golden Stars," Capt. Louis Adrian, and the "Silver Stars," Capt. W. J. Bellamy, played a match game of base ball yesterday, which resulted in a score of 3 for the first and 2 for the last named.

Sent Out of the City. John O'Day, the individual who was arrested a few days ago for going to a house in this city and demanding pay for having rendered assistance in extinguishing an exploded lamp a night or two previous, and using abusive and insulting language, was yesterday taken from the guard house and conducted over Smith's Creek on the W. & W. R. R., with the understanding that he must not return to this city.

The Penalty of Hot Throwing. Luke Suggs, a colored youth, charged with hurling a rock at another colored boy, striking him on the ear and inflicting a severe wound, had a hearing before Justice Hall yesterday morning, who ordered Suggs to pay a fine of \$5 or be imprisoned for thirty days, and he was turned over to the sheriff.

CITY ITEMS. A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the antics and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and soothing his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the following morning, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence she administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never fails to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 50 cents a bottle.
