Riel was sentenced to death but the French Canadians will petition for a milder sentence.

Chicago will erect a monument to Grant. The Inter-Ocean and other papers are receiving subscriptions.

Miss Emma Nevada, the American prima donna, is to marry in Paris a Dr. Palmer, an Englishman.

It is very gratifying to be assured that the Prince of Wales is not as bad really as report says. But Wales is not a good boy all the same.

The STAR is glad that Gen. Fitz Lee is to be on Gen. Hancock's staff at the funeral ceremonies over Gen. This makes another hole in

the dilapidated bloody-shirt, Mrs. Grant and family on Sunday last gathered for the last time over the remains of the General to hold farewell service, which was con-

ducted by Rev. Dr. Newman. The Tory Lord Lieutenant of Ireland is travelling over the island without police escort. Wait three years and see how it is then. Already leading speakers are denounc-

ing the Irish Land bill. New Orleans has put on a profusion of mourning garments in token of regret at Grant's death. The whole city will mourn on Saturday. The New Orleans people are a for-

giving and forgetful folk, as are the people of Atlanta. Negroes at Quitman, Ga., in order to clean out the fleas under their church building put pine straw under

it and set fire to it. Result, the fleas are no more and a pile of ashes is seen where a building stood. That is about as foolish as making a fire with kerosene oil.

The new postal cards have been at last agreed upon. The Postmaster General has accepted the design as submitted by the Bureau of Engraving and Printing. It is said to be an improvement on the present cards that answer a very good purpose.

That is funny about Lord Coleridge being forced to marry an American adventuress upon the threat of a law suit for breach of promise. He will have a nice time of it. And he is the one who so much opposed the marriage of his daughter to a lawyer.

Lord Coleridge has forgotten his "Pickwick Papers." If he bad taken to heart the sage advice of Mr. Weller, Sr., it would not be Coleride caught now. Mr. Sam Weller, Jr., was cautiened by the old man "to beware of vidders." Failure to do that has been the ruin of the Chief Justice.

The Archbishop of York has made an address in which he backed up strongly the Pall Mall Gazette in its spect to the protection of females.

Jacksonville, Fla., has resolved to hold memorial services on Saturday.

THE MORNING STAR.

VOL. XXXVI.--NO. 115. WILMINGTON, N. C., WEDNESDAY, AUGUST 5, 1885.

The Times-Union says, with a proper to continue the work on this harbor, the regard for the proprieties:

"No one wants any gush, or twaddle, or affectation of woe, but when all the other cities of the country are preparing for some public recognition of the day, Jack-sonville should not seem to stand aloof in an indifference which her citizens do not really feel. Had Grant fallen twenty years ago, he would have been the hero of a sec-tion. When he died his character and his

fame had become the common property of

a reunited country." Paymaster General Smith, of the Navy, is on trial in Washington. It was shown that the Government paid 7 cents a pound more for butter for the Greely relief expedition than it was worth in market. The ruling price was 38 cents, and the Government paid 45. One George P. Goff got 7 cents a pound for securing the contract for Young & Bro., New York. It is impossible to begin to understand or estimate the extent of the frauds perpetrated upon the people during the last twenty years or more. Fraud and corruption have existed in almost every transaction.

A New York letter to the Philadelphia Ledger of August the 1st,

"If every square inch of window room along the funeral line of march from the City Hall to Riverside Park was put up at suction to-day it could be sold, it might be said, for almost any price the owner might ask for it. There are reports of entire fronts in Broadway have been disposed of to persons of a speculative turn of mind, who in turn expect to snb-let them, so as to make a handseme profit on the original investment, just as the theatrical ticket speculators do by forestalling the public.'

- Henderson Gold Leaf: The crop outlook is encouraging throughout this section. While in some localities it may be rather small, tobacco, cotton and corn never ooked better.

- Goldsboro Messenger: Judge Connor to the Sheriff: "See that the witcesses are provided with comfortable seats. Not only in this case, but all day." Com-mendable consideration.

Our friend of the Henderson Gold Leaf is assured that none of the editorial staff of the STAR is seeking any office. We have always held that a capable editor was a "bigger man" than an ordinary officenolder or even Congressman.

- Warrenton Gazette: We learn that Mr. Thomas Connell says that he will give \$1,000 towards the railroad from War renton to Ransom's Bridge. Doubtless the citizens from here there would give, in

land, crosstics and labor, \$50,000. - Concord Times: There are in this county 103 public schools,64 for white people, and 39 for colored. - From all sections of the county comes the gratifying ntelligence that the crops never looked

better at the time of year than now. - The Durham Recorder has displayed marked enterprise. Its last issue contained eight large pages and a supple-ment, and it was crowded with advertisements and notices of advertisers. It had of course a good deal of other reading matter. Brother Hackney got it up well

and we hope will find his reward. - Concord Register: The thermometer touched 99 degrees above zero on Wednesday. It hung at the window on the front wall of this office, at a spot where a sun ray never reaches, and where, if there be a breeze anywhere, it is felt. It was the hottest day of this season. [Yes but the breeze has no effect upon a thermometer.

- Elizabeth City Economist: Mr. Thomas Palmer, an aged and highly respected citizen of Camden county, died very suddenly on Friday last. - During the hottest part of the day, Wednesday, at Plymouth, the thermometor was 100 in the shade, at 12, it was 101. - Columbia dot: The thermometer registered at this place 113 degrees in the shade on Tuesday ast: was the hottest day that we have had

- Winston Leader: The Independent, a twenty column paper, will be issued about the 20th of August, by the Messrs. Stewart Bros., and edited by Rev. J. H. White. — It is reported that at a jollification Saturday night, Charles Searcy was shot, is it supposed by George Cunninggim. The ball entered the right thigh and ranged around the body. He is not dead. The mercury went up as high as 102 in the shade on Wednesday last.

- Charlotte Observer: One of our sturdy old farmers who has resisted their attacks for the past half century, came to town yesterday actually inquiring for a lightning rod agent. He says that lightning has been knocking things up around his neighborhood at such a rate that he had deneighborhood at such a rate that he had determined to put wire steeples on all the buildings, big and little, on his farm. This is perhaps the first instance in the history of America where a real live, bons fide lightning rod agent has been hunted by a farmer to buy lightning rods. —Mr. J. C. Eagle, who lost his leg, has been in a right critical condition, but it is now thought he is out of danger and will recover. The only fear of danger and will recover. The only fear that the physicians have is that gangrene strongly the Pall Mall Gazette in its disclosures. Mr. Gladstone favors raising the age of protection to females to 18 years. In New York it is but 10. There is to be a big demonstration in Hyde Park in respect to the protection of females.

that the physicians have is that gangrene may appear, but the wound is a healthy condition, and the chances are in favor of a rapid healing. Mr. Gifford, who was so badly hurt by falling through a platform. Thursday night, was in an improved condition yesterday, and on the way to a rapid secovery. The work already accomplished will be endangered by leaving it long in its present condition. — Mackerel have been caught in larger numbers this season than usual. in larger numbers this season than usual, and we are told that they are often seen in and about the harbor in larger numbers than usual. —— In the year 1828 there were only five lighthouses and beacons in North Carolina. In January, 1885, the number was: Beacon lights, 12; lighthouses in the sounds and rivers, 13; brick towers over 100 feet high, 5; and 1 lightship, making a total of \$1. Four of these, viz., Currituck Beach, Body Island, Hatteras and Lookout are lights of the first order. —— Since the establishment of the custom house in Beaufort, in 1803, only nine different persons have held the office of collector. Their names add the date of entry upon official duty are as follows: Brian Hellen, 1803; Henry M. Cooke, 1829; James E. Gibble, 1834; Josiah F. Bell, 1858; John A. Hedrick, 1862; A. C. Davis, 1869; W. F. Howland, 1885. Mr. Henry M. Cooke, was the only collector who served twice. Mr. James E. Gibble was longest in office, his appointment covering a period of twenty-four years,

- Raleigh Visitor: A peculiar gloom pervaded our community yesterday afternoon during the progress of the funeral obsequies over the remains of Capt. R. A. Shotwell, which took place at 5 o'clock from the First Presbyterian Church, and were conducted by the pastor Rev. J. S. Watkins, assisted by Rev. Dr. J. M. Atkinson of the Second Presbyterian Church. A large concourse of citizens were in attendance, representing nearly every ele-ment of our population. The pall bearers consisted of the following gentlemen, all of whom were ex-Confederate soldiers: Dr. Eugene Grissom, Dr. D. E. Everett, Col. T. C. Fuller, Gen. W. P. Roberts, Capt. S. A. Ashe, P. C. Hardie, Esq., S. C. White, Esq., Gen. W. R. Cox, H. H. Powell, Esq., Capt. Octavius Coke, Judge Walter Clark and Capt. E. R. Stamps. The remains were interred in a prominent part of the cemetery near the stand used on memorial occasions. --- While feeding a wheat thresher near Jonesboro, Moore county, one day last week, Mr. Jack Thomas's hand became entangled in the thresher and was so badly lacerated that it was found necessary to amputate it. - The STAR thermometer registered no higher than 86 degrees yesterday. There was a considerable fall in temperature early yesterday morning.

- The Seaside Base Ball Club left on the Carolina Central train last even ing on their second round of the State. The good wishes of their Wilmington friends accompany them.

- The "Amateurs," Capt. Joe Keene, and the "Seasides, Jr.," played a match game of base ball yesterday afternoon, which resulted in a score of 17 to in favor of the "Amateurs."

-The little daughter of Mr. H Hintz, who was so badly hurt a few weeks ago by getting a quantity of concentrated lye in one of her eyes, is improving, and the doctor says her vision will be but slightly impaired.

- The German brig Der Wanderr, Capt. Streubing, was cleared from this port for Queenstown, yesterday, by Messrs. D. R. Murchison & Co., with 1,396 casks spirits turpentine and 250 barrels rosin, valued at \$24,300,42.

- We learn, through a telegram received here yesterday, that the Heudersou Base Ball Club have released their "battery," Jacobs and Williams, and will hereafter play an exclusively home team. This action of the Henderson boys excites much surprise, as they were thought to have an excellent chance of winning the championship.

For Beaufort and Nag's Head. A party arrived here from Fayetteville, yesterday morning, on their way to Beaufort and Nag's Head. It is understood that they have chartered the schooner J. H. Neff, Capt. Potter, for that purpose, and that they were to embark at Wrightsville, for which place they left soon after their arrival here. The party consists of Messrs George A. Thompson and son, Geo. P. McNeill and son, Jas. D. McNeill, Duncan Rose, Chas, L. Taylor, and Clarence Sedberry. We trust their trip may prove to be a pleasant one.

Health and Pleasure Seekers. A large number of visitors from Sumter, S. C., arrived on the Southern train yesterday morning, and were taken on board of the steamer Passport at the railroad wharf and taken direct to Smithville. This is a favorite resort of our Sumter friends.

Mayor's Court. The only case before His Honor yesterday morning was that of Alice Hall and Rachel Smith, charged with fighting down in the "Hollow" Monday night, about a quarter past 12 o'clock, and when arrested they resisted. They were ordered to pay a fine of \$10 each or go below for thirty days. | eral errors.

Robert Lilly was arrested and had a preliminary examination before Mayor Hall, in his capacity as a justice of the peace, yesterday morning, on the charge of forgery. It appears that a colored man named Nichols, who works in a shingle swamp not far from this city, left a sum of money in an envelope at the house of Louisa Redmond, whose husband also works in the swamp. Robert Lilly, becoming aware of this fact, forged an order on Louisa Redmond, purporting to come from Nichols, and went to her house and got the money. The accused was required to enter into bond in the sum of \$100 for his appearance at the next term of the Criminal Court, in default of which he was sent to

The arrest of Lilly took place on North Water street about 10 o'clock Monday night. It seems that the woman Redmond was on the look-out for him, and upon discovering him coming out of a bar-room she speedily insinuated her fingers into his collar and shouted "police!" Her cries brought officers Nelson and Smith to her assistance, and the alleged forger was taken to the guard house. Lilly is said to be a very bad man.

Magistrate's Court.

John Jones was arraigned before Justice Millis, charged with assault and battery with a deadly weapon upon one Mag. Pridgen, on the 1st day of August, having knocked her down twice with a chair, and then struck her with his fist and knocked her against a table, turning over a burning lamp, which came near setting fire to the house and had to hurled out of a window to prevent that catastrophe. The magistrate thought he could understand how a little fun would go a long ways, and he therefore required the festive Jones to give bond in the sum of \$100 for his appearance at the next term of the Criminal Court, failing in which he went to jail.

Effic Howard was also before Justic Millis, on a warrant sworn out by Mag. Pridgen, charging her with throwing a glass tumbler at her and cutting her face. The defendant in this case waived an examination and was bound over in the sum of \$50 for her appearance at the next term of the Criminal Court.

Carolina Yacht Club-Regatta To-Day. The regular August regatta of the Carolina Yacht Club will take place over the Wrightsville course to-day. All the indications point to a spirited race, and a good deal of interest seems to be felt in the result. There will probably be a large crowd present to witness the sport. The following boats have entered for the race, which will be called at 2 o'clock p. m. :

Mabel, Capt. G. H. Smith. Restless, Capt. J. McR. Cowan. Loulie, Capt. J. W. Atkinson, Jr. Frolic, Capt. C. W. Worth. Idler, Capt. Pembroke Jones. Lillian Florence, Capt. H. M. Bowden. Phantom, Capt. J. K. Williams. Ripple, Capt. Norwood Giles. Mist, Capt. J. H. Daniel. Vixen, Capt. H. R. Latimer.

County Commissioners. The following was inadvertantly omitted from the proceedings of the Board County Commissioners, published in

"It appearing to the satisfaction of the Board, upon the representation of Dr. Thos. F. Wood, Secretary of the North Carolina State Board of Health, that a descriptive list of the physical condition of each prisoner sent from this county to the penitentiary should accompany the same, it is, therefore, ordered that Dr. F. Rev. W. W. Moore, D. D. Rev. Dr. W. W. Moore, who recently received a call from the First Presbyterian Church of this city, has declined to accept, giving as his reason that the best medical advice assures him that his system cannot stand the strain of pulpit work, but that he can enjoy good health by remaining a professor in the seminary where he is located. This will be a great disappointment, not only to the First Presbyterian Church, but to the citizens of Wilmington generally.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his inst the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homcopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet falled to relieve the baby, and overcome the prejudices of the mother. Sold, by all Druggists. 25 cents a bottle.
