from pain, and cures dysentery and diarrhées. It softens the gums, reduces inflammation, cureswind colio, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.

The German and French newspapers show by their bitterness the feeling that exists between the two connitries.

Some infatuated mortal in Phila delphia wants Judge Tourgee to pay his respects to Grant in verse. Now Albion, don't.

The papers are now discussing what was Grant's real name. The STAR gave the exact information : week or so ago.

Jim Blame has a \$1,500 riding horse. Jim cannot ride fast enough to eatch up with the cavalcade bound for the White House.

President Cleveland will not fill army vacancies from civil life, but will fill them from next year's gradundes at West Point. That is much better.

Governor Lowrey is certain to be renominated for the Governorship of Mississippi. He has enough pledged delegates to insure his election

"The greatest funeral pageant of the age," is the way the Northern papers describe the Grant obsequies. The procession will not be less than six miles long, and some say nine miles. In the meantime the body is about to fall to pieces with decay. They have waited too long to get up a big show.

The mortality in Spain is greater than ever, and will continue to be great for months to come, we may suppose. Cholera is in France, at Paris, Marseilles and other places, and will continue to spread. It may be doubtful if it gets to this country this year, but it will be almost certain to come in 1886

The scandal business grows in London. It is all the talk but corruption is all the rage. A London

mes of the world are in their hands. Let America and England march in the van of freedom and progress, showing the world not only a magnificent spectacle of human happiness, but a still more magnificent spectacle of two peoples united, loving righteousness and hating iniquity, suf-ficiently faithful to the principles of eternal justice, which are the unchanging law of

Salisbury is putting on a warlike tone at last. Has he really concluded to fight? We doubt it. He has promised the Zulfikar Pass to the Ameer of Afghanistan. He says there is no change in the relationship between Russia and England by his Ministry, but India must be protected at all hazards. In the meantime the Russians are not idle. A London special of the 6th says:

"The Russians are planning a new town at Merv, including a citadel, barracks, gar-

lens and bazaars. Owing to a rumor that the Afghans are massing near Penjdeh strong Russian reinforcements have been dispatched to that place."

A new coalition is being discussed in England. It is between the Tories and the Whigs. The purpose is to get rid of the Churchill set, and control Parliament without relying upon Radicals (extreme Liberals) and Parnelites. But this shows that both parties are divided; the Liberals losing their Whig allies and the Tories losing or getting rid of the Churchill set.

Hicks, warden of the penitentiary, in obedience to the writ of habeas corpus to him directed, produced before Judge Clark the body of Ephraim Queen. The case is a somewhat ingular one. Queen was indicted in Watauga county for burglary with intent to kill. There being a mistrial, the defen-dant consented to plead guilty of larceny, though larceny was not charged in the bill; and was sent to the penitentiary for ten years. The Supreme Court said-State vs. Queen, 91 N. C. Reports, 659-that Queen would be entitled to a discharge by habeas corpus but for the pending of the original indictment in Watauga. Two terms of Watauga court have since been

held, and at the hearing yesterday the certificate of the clerk of the Superior Court of Watauga under the seal of the county was produced, that no indictment of any kind is pending in court against Queen. Upon said certificate and in deference to the opinion of the Supreme Court, Judge Clark ordered Queen's release. Queen has been in the penitentiary something over two years.

## Columbus Superior Court.

Only one case of any importance on the criminal docket in Columbus Court had been tried up to Wednesday evening. This was the case of the State vs. Millikin, charged with breaking into the warehouse of the W., C. & A. Railroad at Whiteville depot, and stealing money, valuable papers, etc., last fall; which was heard on Tuesday. We learn that the circumstantial evidence was strong, but he was acquitted on the ground that there was no direct evi-

dence against him. The State was represented by Messrs. Solicitor McIver, Williams and Schulken; and the defendant by Messrs. French, Norment, McDaniel and Lewis The bar is largely represented, including everal lawyers from this city.

The civil docket had not been reached when our informant left Whiteville.

Personal. Mr. J. H. Taylor has gone to the "Rocks" to spend a few days. He is accompanied by his family, and by his mother and niece from Fayetteville. Mr. J. C. Stevenson returned home from

county were lodged in our county jail yesterday for safe keeping. They are charged with the larceny of watermelons and were in charge of Deputy Sheriff R. I. Durham.

Drake's Threats. Willis Drake, the colored shoemaker, was arrested and carried before J. C. Hill. J. P., yesterday, on a peace warrant sworn out by Lizzie Stevenson, colored. During the investigation Drake swore that the presecutor was his wife, but the latter indignantly denied the assertion. She testified that Drake had threatened to send her and a male companion to "sheol," through the instrumentality of eighteen buck shot properly commissioned to do the work. Drake defied the magistrate and all of his officers, and wound up by demanding "jestice," whereupon he was sent to jail, having failed to pay the costs or to give the

necessary bond of \$50 required of him to

The Seaside. There are a great many visitors at Wrightsville just now, and we hear that they are greatly enjoying the pleasures of the seashore, such as boating, bathing, going over to the beach, being fanned by the delicious sea breezes and luxuriating on pig fish, crabs, clams, oysters, etc. Smithville also keeps crowded with visitors to an extent not before experienced, and we are glad to hear that they are all having a delightful time.

Street Collision.

Considerable excitement was created for few moments on Market street yesterday afternoon, about 3 o'clock, by an accidental collision between the horse and buggy of Mr. J. T. Foy, of Scott's Hill, Pender county, which was being driven by a colored boy, and the carriage of Mr. J. R. Turrentine, by which the latter was capsized. Fortunately no damage ensued to the inmates of the vehicle and but little to the vehicles themselves.

Beturned.

Mr. J. L. Maffitt and his companions in the late shark expedition returned home Wednesday night without having met with any luck as far as sharks were concerned, though they caught a good many fine fish. They hooked a small shark, only three feet in length, but that was not the kind they were after. Shark fishing is considered first-class sport. The skin of the large one caught recently has been sent North to be tanned.
