A Family Tragedy in Hoboken-Albert R. Herrick Mardered by his Step-Son.-The Stock Market.

By Pelegraph to the Morning Star. NEW YORK, Aug. 12 -The murder of Albert R Herrick in Brooklyn still con-tinues to attract attention. Statements of his step-son, Thomas Armstrong, who is in custody on suspicion of committing the crime, in regard to his movements on the day of the murder, have been found to be untrue, and when taxed about it he admitted that they were. A detective talked with him last night and this morning it was currently reported that Armstrong had made a confession, and the work of the detectives was ended, Armstrong was ranged along side of five other men this morning, but was not recognized by Mrs Ida Summers as the man she saw scaling a fence behind Herrick's house after the murder. When Armstrong was arraigned in court and affidavits read to him connecting himlwith the crime theresfollowed a startling statement by the prisoner to detectives in his cell last night. It was to the effect that when deceased returned to his house in Brooklyn on Monday afternoon he found the prisoner there and upbraided him. Herrick chased him down into the cellar, and the prisoner drew a pistol and shot at him three times. When he left the house after the shooting he carried the pistol with him and threw it into the East River. He then went to his aunt's, in Hoboken, where he was arrested. The statement caused a nsation in court. The accused, through his counsel, pleaded not guilty. The pris oner, in speaking of the matter to the police, said he only acted in self-defence; that he was writing a letter to his mother when his stepfather came in and quarrelled

NEW YORK, August 12.—It was expected that Western Union would experience a further decided decline, after the publication of the Garrett-Field correspondence, and the strength which it exhibited this afternoon was a subject of very general comment. In the forenoon the stock was somewhat feverish, selling down & below yesterday's close. In the afternoon it rose and closed with a net loss of 1. The remainder of the active list shows more or less advance, the greatest gain being 17 in New Jersey Central, which was also decidedly feverish. The bear party is in creasing in numbers and their leaders say there has been recently much in the manip ulation of the market during the past two weeks which makes it a dangerous one for outsiders to touch, and that in fact the fluctuations are now due principally to the manipulations of professional operators, who are striving to sell out their holdings. The bears call attention to several disturbing factors that are at work, and that most affect the business interests of the country, including the several Baltimore & Ohio fights, and the prespect of trouble between C. B & Q. and Northwest. The failure of the proposed Southwestern pooling arrangement and the condition of the wheat crop. Coalers were prominent for their advances to-day. Gould stocks were heavy; Vanderbilts and St. Paul firm, and Northern Pacific and Northwestern strong. Northwest shows a gain in earnings for the first week of August of \$1,167.

MICHIGAN. Riotous Strikers-A Conflict Between a Sheriff and the Mob-Several of the Rioters Wounded.

By Telegraph to the Morning Star.1 BAY CITY, August 12 .- About 9 o'clock to day a dispatch was received by Sheriff Brennan, stating that strikers had forcibly shut down Carrier, Heath & Co.'s salt block, and asking assistance. He responded with a number of deputies. He ordered the strikers to dis perse, at which they hooted and refused to disperse, whereupon he undertook to arrest one of them. Clubs and edgings were drawn and used on the officers, who now pulled their revolvers Sheriff Brennan was shot by a man in the back of the crowd, the ball grazing his forehead as he happened to turn his head. He also re ceived a blow on the left side of the head with a club. He fired two shots and a few other shots were exchanged by other offi-cers and the rioters. When blood began to flow the rioters began to disperse in all directions. The deputies arrested nine, and now have them in jail. Three or four of the rioters were wounded. This is the first bloodshed since the third day of the strike.

The Cholora Scourge in France and Spain-A Panic in Marsellies. [By cable to the Morning Star.]

MARSEILLES, August 12 .- The cholera pano increases daily. The average of de-partures from Marseilles by railway alone has already reached 2,000 per day. As an instance of the laxiness with which the Marsellles sanitary authorities perform their duties, the case of the captain of an English vessel laying in this port may be mentioned. The captain's daughter died of cholera aboard the ship. He at once notified the authorities and requested the disinfection of the vessel. Although at noon to-day thirty hours had elapsed since the girl's death, no official action has as yet been taken concerning the event by the Marseilles authorities

MADRID, August 12.- Thirty-five new cases of cholera and nineteen deaths from the disease were reported in this city yes-terday. Fifteen of the new cases exist in one street. This discovery has caused a sensation, and the authorities are vigorously disinfecting the thoroughfare.

Chinese Leper in Chicago - Subscriptions for the Grant Monument. [By Telegraph to the Morning Star.]

CHICAGO, August 12,-Facts are made public to day showing that the Chinaman who is supposed to be afflicted with leprosy arrived in Chicago a week ago, coming direct from Ban Francisco. He was noticed by a gentleman upon whom he waited and who called again with a medical friend This gentleman, at sight, declared the Chinaman to be afflicted with leprosy. Subsequently, when investigation was attempted, the leper had disap-

At a meeting of the Grant Monument Fund Board to day, the different subscription books were examined and it was as-certained that subscriptions have already exceeded the sum originally aimed at-\$40,000 As subscriptions are still being received at various newspaper offices, and as a benefit is to be given at one of the theatres Thursday afternoon, from which large returns are expected, the fund will probably far exceed the intended sum before the books are closed.

Grain, Provisions and Cotton. The following is a summary of the Chicago Grain and Provision market, and New York Cotton market, as telegraphed yesterday, by direct wire, to the office of Mr. John R. Turrentine, in this city, at 3 P. M.:

CHICAGO, Aug. 12, 1885. John R. Turrentine, Wilmington, N C .: Wheat opened a shade firmer on better cables, but it was apparent from the first that prices must go lower, as outside support seemed to be withdrawn and the local feeling was all bearish. It took little pressure to draw out long wheat, and finding few buyers the market quietly gave way and reacted only on the shorts covering,

and reacted only on the shorts covering, closing heavy at a shade above the lowest price of the day. We cannot offer encouragement for buying, and rather advise selling on "bulges" for the present.

Corn dull, but firm. Some prospect of increased receipts, but all offerings are taken freely. We think far off options being too much discounted, the future is only a matter of receipts, and if the present demand holds will go higher. mand holds will go higher.

Provisions barely steady. The absence of speculation enables packers to hold firm

prices, but the undertone looks weak. Wheat for Sept. opened 891 closed 88
