MORNING EDITION. OUTLINES.

The Treasury Department has paid claims against the New Orleans Exposition amounting to \$188,000. A colored porter in the postoffice at Montgomery, Ala., has been caught riding registered letters. The U. S. Treasury reports a brisk movement in silver dollars all over the country; the issue is about \$100,000 a week more than at the same time last year. The Oklahoma boomers have dispersed. Lieut. Day's command of the Fourth U. S. Cavalry, killed a few hostile Indians and captured fifteen women and children in New Mexico. The street car drivers of Memphis struck against a reduction of pay; cars driven by new men are guarded by police. In Spain Monday there were 4,890 new cases of cholera and 1,718 deaths from the disease. France is urged to demand reparation from England for the murder of Oliver Pain. A small body of Peruvian troops were defeated by a large force of rebels on the 15th inst., at Canta; the losses on both sides were considerable. An explosion in a mill of Toledo, O., wrecked the building and injured a man and a boy. The Democratic State Convention of Ohio met in Columbus yesterday. Iron manufacturers at Pottsville, Pa., have increased the wages of their employees. The Baltimore wheat market is in a very depressed condition; prices show a decline since August 1st of 4c for spot and 6c for October delivery, per bushel. New York markets: Money 1/2 per cent.; cotton 10 1/2 @ 10 3/4; wheat, ungraded red 93 @ 95; southern flour quiet and easy; corn, ungraded 52 1/2 @ 54; rosin dull at \$1 10 @ 1 17 1/2; spirits turpentine quiet at 35c.

A civil war has broken out at Khar-toum.

Here is being rapidly fortified and 12,000 soldiers are now within the walls.

Two gentlemen have contributed to the Shotwell monument fund. Who will be the next?

Maxwell is in St. Louis and he denies that he has made any statement whatever concerning Preller, the supposed murdered man.

The cholera still rages in Spain with unabated violence. It is supposed that nearly 60,000 have perished from the awful scourge.

Nine-tenths of the crime in Savannah is said to be directly traceable to drink. There is said to be a whiskey shop for every thirty men.

The drag in New York as to the Grant monument is very noticeable. Less than \$40,000 has been raised. Chicago raised \$40,000 in a few days.

Talpage preached in the famous City Road's Wesleyan Chapel, London, and a thousand people were turned off because there was no room.

The Southern Exposition at Louisville opened in fine style on last Saturday. The Governor was on hand and 20,000 people were present.

Up to date the number of postmasters of all grades that have been removed is 2,723. There are some 45,000 postmasters in the whole country.

Mr. Abell, of the Baltimore Sun, is 79, and not 73, as some of the papers had it. He is the richest of all American newspaper men, living or dead.

The papers south of us are still hammering away upon the abuses of the convict system in Georgia. They are very badly treated in the sum of the testimony.

The Queen's so-called speech was read to very nearly empty benches. Her speeches have one merit that never distinguished American speeches—extreme brevity.

Poor John McCullough is badly insane and is in the asylum. He wasted a fortune he had made. His assets are less than \$27,000, and he made about \$40,000 a year.

The Sublime Porte has expelled some Jews from Jerusalem and Mr. Heap, U. S. Consul, has protested, as they were Americans. The matter has been referred to Washington.

Two hundred newspapers are received and examined daily at the White House. Mr. Cleveland is saved this pain as he has some one else to do it for him. How many from North Carolina go there? It looks as if the President gets advice enough.

THE MORNING STAR.

VOL. XXXVI.—NO. 127. WILMINGTON, N. C., WEDNESDAY, AUGUST 19, 1885. WHOLE NO. 5902

At Troy, New York, a market gardener shot and killed one person who was robbing his vegetables and another was drowned in the endeavor to escape. They were without food or work and were perishing. Human life ought to be more valuable than a cabbage or two. A few years ago a man was drowned in the Alleghany river, Pa., while endeavoring to escape from a pursuing mob. He had taken a few grapes out of a vineyard. A few grapes were of more value than a human life. Shocking! The Philadelphia American, commenting upon these outrages, says: "This disposition to put proprietary rights above those of persons is a profoundly immoral tendency, and one which has threatened to become dominant in society, ever since the growth of wealth made its accumulation a general object of ambition."

It is very certain that there is wide-spread dislike of the lumbag civil service law among Democrats. It seems to keep in power the most offensive partisans without really serving the country. The Washington correspondent of the Philadelphia Times writes on the 16th: "There are indications of a tacit understanding among a certain class of Democratic politicians looking to the practical abrogation or repeal of the civil service law. This is being necessarily very quiet-ly worked. Those who are openly opposed to the law are too few to make an impression. They seek the assistance of the much larger number who are for the law but against its enforcement. The latter class of politicians regard the civil service reform business as a sham, but respect the prejudices of that great body of voters who believe it a good thing and insist on its having a fair trial."

At Pittsburg, Pa., Minnie Graham, aged 15, fell desperately in love with Dr. English, who had treated her in her illness. Her love was hopeless and she took poison so that she might attend her in her dying moments. She was saved but a second time took a very large dose of laudanum. Another physician attended her with success and now she is in the Pennsylvania reform school. Nothing succeeds like success. There is a positive rivalry among newspapers to give the enterprising New York World a regular boom. Last Sunday it issued 191,170 copies and during the week 1,136,931.

Spirits Turpentine. Charlotte sent \$2 to the Grant monument fund. Monroe Enquirer & Express: Everybody feels good over the crop prospect.

Wadesboro Times: There are so far 114 cases on the criminal docket for the coming term of court.

Wadesboro Intelligencer: Henry Poplin was lodged in jail last Wednesday, charged with drawing a gun on a woman.

Pittsboro Home: Died, at his home in Monroe, on Friday, August 7th, 1885, Capt. B. F. Powell, aged about sixty-five. He was a man of excellent character and a devoted Christian gentleman.

New Berne Journal: The corn crops near the city that followed the potato crops are looking fine. One or two more good rains and the yield will be good. The cotton crops that followed the potato crops are also looking well, fully as well as the crops planted early.

Beaufort Telephone: On Wednesday last the crew employed by G. N. Ives at Cape Lookout captured twenty-two cowfish, or blackfish, some of which were twenty-five feet long. They will make a large amount of oil and scrap. This is a greater number than have known to be caught before at one time.

Bakersville Democrat: Buncombe county to Mitchell, debtor, for the lives of four good citizens, value inestimable. To trial, conviction and safe custody of three murderers, \$1,000. Credit, to "gross and culpable negligence"—the exact extent and amount unknown, but sufficient, undoubtedly, to balance the account.

Kinston Free Press: Mr. Zaddock was presented with one of the largest melons ever had yet seen. It weighed 56 pounds, for we weighed it ourselves. Cotton crops are very fine in Pitt county, a gentleman who has been all over the county informs us. The corn is not quite so good as the cotton. They have had plenty of rain in that county.

Shelby Aurora: The cotton and corn crops are most encouraging to the farmers and promise an abundant yield. Shelby shipped this cotton year 11,400 bales of cotton. A brave and daring Confederate soldier, Capt. Plato Durham, an able lawyer from Cleveland county delighted to honor, deserves a monument. Will you give a dollar to aid in this tribute to his memory?

Pittsboro Record: Rain is much needed. With one more good soaking rain the corn crop would be safe, and would probably be the best that has been grown in Chatham in many years.

We are pleased to learn that Pegasus Lodge Academy opened last week with about 70 students. The watermelon crop is abundant, but peaches are scarce, as so many have rotted on the trees.

Rocky Mount Talker: Cotton has taken a fresh start and is growing wonderfully; corn is vigorous and healthy looking; tobacco is looking well, and all other crops ditto. Mr. T. V. Avenet a successful farmer near Hilliard has seventy-five acres in tobacco that will equal it, said, any crop in the State, and an experienced tobacco maker from Greenville says, if successfully cured it will bring near \$10,000. There are other farmers who are equally fortunate.

CAROLINA YACHT CLUB.

Third Regatta of the Season. The regatta which is to be sailed to-day over the usual course, at Wrightsville, is expected to be one of the pleasantest and most hotly contested races that has been sailed this season. After the beautiful race of the 5th inst., all who are fond of the manly and delightful pleasure of yachting can look forward to to-day's regatta with much interest, as the yachts are in fine trim and each captain expects to win the champion flag, which, of course, will make a hard struggle for the winning yacht.

The new yachts that were brought out this season have been doing some fine sailing and have won many friends; the Idler having behaved so handsomely in the last race, that she won the champion flag. The old yachts, however, have not been too badly frightened by their new competitors, and they maintain that their chances of success are still very bright. Capt. Boney, of the Retta, says that Commodore Jones will have to make his fast yacht, the Idler, "do about a few or he will get left, as a stern chase is a hard chase."

Stand by your helms boys, go to windward and hang by your life-lines, for you will find a Ripple on the water crawling up on you when you least expect it. The yachts will report at the firing of the first gun at 1:30 o'clock, and the race will start promptly at the second at two o'clock. We hope that a large crowd will witness the race. The following yachts have entered:

- Restless—Capt. J. McR. Cowan. Loulie—Capt. Johnnie Atkinson. Frolic—Capt. C. W. Worth. Lillian Florence—Capt. E. M. Bowden. Bonnie Lassie—Capt. Joe Price. Ross—Capt. W. L. Smith, Jr. Retta—Capt. G. J. Boney. Mist—Capt. J. H. Daniel. Ripple—Capt. Norwood Giles. Vixen—Capt. H. R. Lestler. Idler—Capt. Pembroke Jones.

Mayor's Court.

A small colored boy, by the name of Drake, was brought up before His Honor on the charge of being what one of the officers termed a "little terror." He is said to be a regular street Arab, sleeps under houses of nights, flitches oil from the street lamps and makes himself a common nuisance. His last performance was the cursing of a policeman who spoke to him about his mischievous pranks, and he was arrested. He was sent below for ten days.

Jane Outlaw, once an old acquaintance in police and magisterial circles, was accused of disorderly conduct and being a source of annoyance to her neighbors. A large number of witnesses were examined and the weight of testimony was against her. She was fined \$5.

John Croom, a queer looking specimen of the genus Africanus, who is said to have come from South Carolina, was arrested on suspicion. It seems that he had been noticed prowling about the wharves and alleys on Water street Sunday night, when he claimed to be a private night watchman. Monday night he was acting in the same manner in the same locality. Once he was seen coming out of the alley adjoining the office of Mr. R. W. Hicks, and an examination by a policeman disclosed the fact that the iron bar had been removed from its position across one of the windows and was hanging down loose, thus affording easy access to the establishment. Now the catch may have been left out of the bolt on the inside, but it is believed that the accused had something to do with it. He was held for further investigation.

Amelia Bradley, colored, said to be the captain of the base ball nine that won the championship on Dickinson Hill Monday afternoon, got tipsy and disorderly in her behavior while celebrating her victory, and was given the alternative of paying a fine of \$10 or going below for thirty days.

The 2nd West.

Gen. S. H. Manning, in a letter dated at Mammoth Hot Springs Hotel, Yellowstone National Park, August 11th, says: "Our party are all well and have had a fine time seeing the wonders of nature in this wonderful land. We have been 8,900 feet above you Wilmingtonians, and nearer heaven than we have been in a long time; and, judging from the upwards of 8,000 boiling brimstone caldrons, etc., one would suppose 'abeol' was located in this immediate vicinity. I could not put on paper, if I had the time, a description of the sights we have seen, but will have to wait till I get home. No hot weather here. Last Saturday night, August 8th, at the Falls, the thermometer was 26, ice formed and frost was over everything. They have frost every night in the year, when it is clear weather. At the Falls pilgrims put up over night in tents under several blankets. There are no trees in the Parks, save a specimen of the spruce; it is too high and cold for any other kind. All the streams are full of the mountain trout."

Over a Hundred Years Old.

Thos. A. Davis, a very intelligent and respectable colored man of Myrtle Grove Sound, Federal Point Township, in this county, showed us a walking cane yesterday, which he says came from Africa and was made from the trunk of an elephant. He claims that the stick is over one hundred years old, having passed through successive generations of the Davis family until it reached him. It has had one or more new ferrules put on it but in other respects is just as it was when it was made a present to his ancestor. It is of a material that does not show age. The owner is a son of the well known Henry Davis.

Colored Base Ball.

A base ball match came off at the Seaside Park yesterday between the "Athletics" and the "Mutuals," two colored clubs. On account of the rain there were only two innings, which resulted in a score of 6 for the "Athletics" and 5 for the "Mutuals." The game will be finished at another time.

THE BRIDGE OVER SMITH'S CREEK FORMALLY RECEIVED BY THE COUNTY.

The Board of County Commissioners, headed by their indefatigable Chairman, H. A. Bagg, Esq.; the Board of County Magistrates (or at least representatives to the number of ten or twelve), headed by their Chairman, Dr. W. W. Harris; Mr. Jas. W. King, County Treasurer, and His Honor Mayor E. D. Hall, as the representative of the city, met at Smith's creek, on the county road, yesterday afternoon, at half-past 2 o'clock, for the purpose of inspecting the new iron bridge. They did so, and found it to be in accordance with the plans and specifications, and it was thereupon accepted.

The bridge is very handsome and from all appearances it is as substantial as it is handsome. We stated in a former article that it is 160 feet span, with 16 feet of roadway, and that it measures 24 feet from the bottom of the floor beam to the top of the structure. It was put up by the King Bridge Company, of Ohio, under the immediate superintendance of Mr. H. P. Graham, who has proved himself perfectly at home in the matter of putting up bridges, and is withal a genial whole-souled gentleman, whom it is a pleasure with our authorities to recommend to all who may require his services.

The work of filling in at each end of the bridge, which is necessary to put the approaches in proper condition, has been already commenced, and it will be in readiness for use in the course of two or three weeks.

Our county authorities, and especially Mr. Chairman Bagg of the County Commissioners, deserve great credit for bringing to final consummation this scheme of building such a handsome and substantial bridge at the spot in question, and we know that those of our country friends and others who use it will know how to appreciate it.

PERSONAL.

Rev. N. M. Woods, of Charlotte, is here on a visit and will preach at the First Presbyterian Church on Sunday next. He is stopping with Collector C. H. Robinson.

Capt. Alex. Strauss, formerly of this city but now of Florida, stopped here yesterday on his way North.

E. T. Boykin, Esq., of Sampson, was in the city yesterday and left on the Carolina Central last night for a trip up the road.

Mr. J. D. Kerr, of Sampson, was in the city yesterday.

Mr. W. J. Montgomery, of the Marion (S. C.) Index, was here yesterday.

We were glad to see Capt. Murphy, of the street brigade, able to be out again yesterday.

Capt. R. P. Paddison, who has just returned from the fruit fair at Greensboro, was in the city yesterday. He says the fair was a pronounced success, both in regard to the number in attendance, which was large, and financially.

Mr. I. L. Greenwald and wife have left for a Northern trip.

Mr. W. P. Toon has gone to the 'Rocks' for a short rest.

MAGISTRATE'S COURT.

Neill Simon was before Justice Mills, yesterday, on a peace warrant sworn out by Kate Montras, and, at the close of the examination, was required to pay the costs and give bond in the sum of \$50 to keep the peace for ninety days, in default of which he was committed.

The same defendant was arraigned for wilful trespass upon the premises of Kate Montras, and in this case the sentence was that judgment would be suspended on the payment of costs.

MOONLIGHT EXCURSION TO THE ROCKS.

Thursday evening Capt. J. W. Harper and Mr. Geo. N. Harris will give another—and possibly the last—of their very enjoyable moonlight excursions on the steamer Passport. There will be music and dancing and the boat will stop at the "Rocks" long enough for the excursionists to regale themselves with a good supper and enjoy a stroll on the moonlit beach. Go, by all means.

COTTON-BELT BULLETIN.

The following table shows the average maximum and minimum temperatures and average amount of rainfall at the districts named. Each district includes from ten to twenty stations of observation, and the figures given below are the mean values of all reports sent to each centre of district. Observations taken daily at 6 P. M., 7th meridian time.

Table with columns: Districts, Max. Temp., Min. Temp., Rain Fall. Rows include Wilmington, Charleston, Augusta, Savannah, Atlanta, Montgomery, Mobile, New Orleans, Galveston, Vicksburg, Little Rock, Memphis.

Weather Indications. The following are the indications for to-day: For the South Atlantic States, local rains, followed by fair weather, variable winds and stationary temperature.

THE FLAG DRILL.

The meeting that was to have been held last evening for the purpose of organizing a company of young ladies to learn the flag drill, was postponed on account of the bad weather until Friday night, the 21st.

The young ladies seem to be taking a great deal of interest in the matter, and will undoubtedly make a success of it. This is a new branch of the service and the boys of the W. L. I. must look sharp or they will be left in the lurch. The object for which the exhibition is to be given is to provide funds for the equipment of a full drum corps for the W. L. I., with which the Company expect to paralyze the rest of the State Guard at the next encampment.

ACCIDENT.

A colored couple, whose name we did not ascertain, got badly mashed between two cars at the Union depot Monday evening. It was not thought that the hurt would prove fatal. We since learn that the man was known by the name of Shakespeare.

THE BEST ENDORSERS ARE BANKS THEMSELVES.

An endorsement of the high repute which it deservedly enjoys at home (where it follows the even tenor of its way) is shown by the fact boldly advertised by the world famous Louisiana State Lottery, that the New Orleans National Bank, Louisiana National Bank, State National Bank or Germania National Bank, all leading banks of New Orleans, La., will receive any registered letters or postal orders accompanying orders. The new drawing (the 19th) will occur on Tuesday, September 3 for any information, which address M. A. Dauphin, New Orleans, La.

DRUGS.

DRUGS—On Tuesday evening, the 18th inst., at 6 o'clock, Mr. EDWARD REUBEN, aged 73 years. The funeral service will take place at the family residence, on Castle between 7th and 8th sts., at 11 o'clock this morning. Friends and acquaintances of the family are invited to attend.
