Temporary Resumption of Work in John Roach's Shops-The Stock Market Active and Duil by Turns. By Telegraph to the Morning Star.]

NEW YORK, Aug. 20.—About a dozen men under a foreman went to work on the Morgan iron works, belonging to John Roach, this morning, for the purpose of completing several pieces of work for parties other than the government which were left unfinished at the time of the suspen-sion. The shop engine was put in motion for the first time since the suspension, on the new shaft for the Pacific mail steamer Colon. By the time the work above referred to is completed it is expected that orders will be received authorizing the continuance of work upon government contracts, now pending.

NEW YORK, August 20.—The reported business on the Stock Exchange to day indicates quite an active market, but it was active and dull by turns. Many determined efforts were made to set the ball rolling upward, but when orders had been executed there were few buyers found to carry on the work thus started, and the result was small business until a new batch of orders made its appearance, which was always heralded by vigorous trumpeting by brokers. Frices at the opening were decidedly strong, advances in opening quo-tations over final prices yesterday ranging to f. During the forenoon and gene-rally within the first hour of business, there were further advances which made the total gains compared with yesterday amount to 1 to 1 per cent., with exceptional advances in Omahas, common gaining 31, and preferred 41. There was a longer period of decided dullness after midday, and a moderate decline from the highest figures, which developed into very decided weakness in the last hour, especially in Lackawanna, Lake Shore, Jersey Central, St. Paul and New York Central. The break in Lackawanna in the last hour amounted to 11. Lake Shore fell 1, Jersey Central 4, St. Paul 4, and New York Central 1. The whole list, also, was weak, although the declines were generally for small fractions: Much of the early gain in Omaha was lost soon after midday, and the stocks closed with a final advance of 11 for common and 14 for preferred. Except Pacific Mail, which is up \$, all of the old ac-tive list is lower, the declines ranging from \$ to 1\$, the latter in Lake Shore, St. Paul and Lackawanna, with New York Central, Northwest and Northern Pacific following in the order named. The weakness in coal shares was ascribed to a want of harmon between the roads. The market closed weak. Sales 401,000 shares.

CRIMES AND CRIMINALS. Texas Sheriff's Fatal Spree - Outrages by a Mob of Disguised Men in Dalton, Ga. - A County Official in Pennsylvania Charged with Larceny and Other Crimes -Arrest of a Defaulting Sub-Treasury Clerk. By Telegraph to the Morning Star.

Sr. Louis, August 20.-A dispatch from Toyaba, Texas, says: John Morris, sheriff Toyaha, Texas, says: John Morris, anerin of Reeves county, got on a big spree Tues-day night and used his pistol freely. An attempt was made to arrest him by Sergeant Courtright and three, other State rangers, when Morris opened fire on them and killed C. P. Knight and seriously wounded Sam Lane. The sheriff was then shot and billed killed,

ST. LOUIS, August 20 — A special from Chattanooga, Tenn., says that fifty men, well disguised, entered Dalton, Ga., shortly after midnight last night, and visited a house of ill-fame owned by Mrs. Jane Kidd. The woman and six of her boarders were dragged from their beds and given fifty lashes each. Some of them are in a critical condition and may die. The band then went to the house of Tom Carver, a notorious thief, and beat him to death, after having tortured him for half an hour. A negro man named Armistead was then so badly beaten that he will die. Subsequently several persons were notified by the mob to leave the place at once under penalty of death. There is no clue to the identity of any of the band.

EASTON, PA., August 20 .- Twelve warrants were served on ex-county auditor Hahn in the Easton jail last night; three for larceny, six for embezzlement, and three for forgery. The complaints are made by order of the district attorney, and the total number now against him is fourteen. The alleged forgeries are three notes on the Easton National Bank-one for \$170, one for \$400, and a third for \$500.

ATLANTA, GA., Aug. 20.-Last night a band of KuKlux, supposed to be from Murray county, went to Dalton, and clean ed up the lawless element of the town. They went to a disreputable boarding house kept by Armisted McCain and beat the occupants. Tom Turner's house, of similar character, was visited and the oc-cupants whipped. A white man board-ing with negroes was ordered to leave town or suffer the consequences. The party visited the house of the widow Kidd in search of Bill Kidd, a notorious man, and twenty-five or thirty shots were exchanged. It is not known whether Kidd was hurt or not. The Kidd establishment was demolished. It has long been very disreputable. The mob took in al! the disreputable houses, regardless of the color of the occupants, and then went to the mayor's office and left a list of those under mob surveillance. The whole affair was an effort to rid Dalton of bad characters that infest the town. WASHINGTON, D. C., August 20 .- A dis-

patch was received here to-day stating that Aufdemorte, New Orleans' defaulting subtreasury clerk, was arrested to-day at Monterey, Mexico. No details were given.

CHICAGO, Aug. 20, 1885. John R. Turrentine, Wilmington, N. C .:

Wheat opened firm, with good indica tions of an advance, but a failure in Wall street and the weakness in pork tended to intimidate buyers, creating a dull but steady market. Exporters have orders very close to present prices and we think if our market holds steady for a few days there will be a fair export demand and prices some better.

No new feature in corn. Receipts are liberal, shipments fair, but stocks light, and the steadiness of the market tends to create dullness.

Provisions.-Pork very weak under heavy sales of long stuff. Lard and ribs not so weak, but buyers are nervous and inclined to hold off until pork is liquidated. Further reports of cholera among hogs, the receipts of which are not now noticed in the desire to get from under. Wheat for Oct. opened 834 closed 884 431

The Democratic State Convention-Gov. Hoadly's Speech - Completion of the State Ticket, &c. By Telegraph to the Morning Star.

COLUMBUS, August 20 -- Gov. Hosdly was introduced smid much enthusiasm. and explained why he had not been an outspoken candidate for renomination. The party had brought him through before without much effort on his part, and he thought he had no right to claim a renomination. Under the rules of precedent, the Convention being free to act without asking, he could not help responding to the call, and with better health would hope for even better results in the discharge of his trusts. He demanded the most searching criticism of all his official acts. He endorsed the work of the last Legislature, saying that nothing was done by it which Judge Foraker would have dared veto if he had the power. He thought that Judge Forsker, instead of finding fault with the present administration, should be defend-ing the memory of Rutherford B. Hayes and the Legislature which robbed Cincinnati of local self government. Gov Hoadly defined himself as against prohibition and said he did not believe regulation and taxation were eternal. Taxation was odious to him

After the Governor had concluded his speech, on motion of the Hamilton county contingent, which had objected to his re nomination, three cheers were given

The names of Hon. Chartes D. Martin, of Fsirfield county, and Judge W. J. Gil Lore, of Franklin, were presented for nomination for Supreme Court Judge, (long term), but before the call was completed, the name of Judge Gilmore was was withdrawn and Martin's nomination was made unanimous by acclamation. The ticket was completed by the nomination of Peter Brady for Treasurer; James Lawrence for Attorney General; Gibson Atherton, of Licking county, for short term Supreme Court Judge, and Henry Weible for member of the Board of Public Works. The platform was read and adopted and

the Convention then adjourned.

#### Cattle Dying from a Strange Disease. By Telegraph to the Morning Star.

CHICAGO, Aug. 20 .- A strange malady has broken out among cattle, particularly milch cows, in the neighborhood just north of the Union stock yards and extending to the Bridgeport slaughter house, in the southwestern part of the city. The disease appears to be in all cases fatal. It is thought the afflicted cattle show symptoms of Texas fever. When the spleen is examined after death it is found swollen beyond its natural size. The district in which the disease is confined contains many cases of it in the open prairie in which cows graze in herds. Texas cattle are frequently driven into Bridgeport through this district and it is believed that the disease was caught from these passing herds.
