MORNING EDITION.
OUTLINES.

Tobacco crops in Kentucky and Indiana have been cut short by frosts. — The case against the Civil Service Commissioners was opened in the U. S. District Court New York yesterday; the application for the quo warranto was denied. — A bill for the gradual abolition of slavery has been adopted by the Senate and Chamber of Deputies of Brazil. — Fah. H. B. has been appointed U. S. District Attorney for the Eastern District of North Carolina. — A Tennessee desperado shot an officer who was attempting to arrest him near Bristol, Tenn.; the wounded officer shot his man through the head, killing him instantly. — The troops protecting Chinese at Rock Spring, W. Va., are going into winter quarters; white miners refuse to go to work, and the railroad company will import two hundred men to take their places. — Roswell P. Flower declines the nomination for Gov. by the Democratic Convention of New York. — The Dauntless and Genesta started out for another race yesterday. — The Sovereign Grand Lodge, I. O. O. F., adjourned after being in session all the week in Baltimore. — New York markets: Money 1 1/2 per cent; cotton steady at 10-16 1/2 @ 13-16; wheat, ungraded 2d 82 1/2 @ 83 1/2; corn, ungraded 1st 41 1/2 @ 42 1/2; Southern flour ungraded 1st 41 1/2 @ 42 1/2; Southern flour ungraded 2d 41 1/2 @ 42 1/2.

— The population of the State has a population of 900,000, but 200,000 are Turks.

— Junio is to have a \$30,000 monument. He was said to have been 24 years old.

— The colored bolt from Mahone in Virginia to some extent is reported as being assured.

— The Irish in America are talking of raising \$225,000 to pay the Irish members in Parliament.

— The telegraph got the late Col. Yellow's name mixed. The Augusta Chronicle has it Yellowbill.

— It is now believed that 24,000 persons have been murdered since the beginning of the outbreaks in An-nam.

— Independent Democrats in Baltimore have revolted against the "bo-ses." That is nothing new for Baltimore.

— Prince Jerome Bonaparte (Plon Plon) has issued a manifesto. His power is gone and his utterances have no force.

— John Sherman's friends in Washington say he is disappointed and now realizes that his bloody-shirt flapping is a fizzle and will do his party harm.

— Wells, owner of the Philadelphia Press, is reported to have aided Mahone to the extent of \$5,000. Another illustration of the old saw, "the fool and his money soon parted."

— At Martinsburg, W. Va., Robbins's circus blew down while performing to 2,500 people. They were all caught under it. Twenty-five persons were injured seriously and many others less so.

— The New York Times is hilarious over the Republican ticket. It has begun to talk already of "the poor Democracy." The Democrats have not made anything by swapping off John Kelly and his crowd for Mag-wumps who are insatiable.

— We have not met the first Wilmington Democrat who likes President Cleveland's letter to Eaton on Civil Service. His anxiety to retain that Republican in office is especially distasteful and is often commented upon. There are plenty of men in the country who are more capable than Dorman Eaton is.

— "Progressive and Able Edited." Raleigh Visitor. The Wilmington Star completed its eighteenth year with last Tuesday's issue. It is one of the oldest of North Carolina's dailies, and is a progressive, able edited and well published paper. Indeed we can say that the Star will compare most favorably with the best papers of the South in point of energy and all that goes to make up a first class journal. Continued success to it.

— Morganton Blade: We hear that a twelve days meeting conducted by Rev. Wiley Perry and R. H. Crawford, of the M. E. Church, North, which ended last Sunday at Rain Hill, in Silver Creek township, resulted in the organization of a church at that place with twenty-three members, and a Sunday school of forty members.

VOL. XXXVII.—NO. 5.

WILMINGTON, N. C., SUNDAY, SEPT. 27, 1885.

WHOLE NO. 5936

State Gleanings.

The Lenoir Topic is ten years old. It is a good country paper under its present management.

Raleigh Recorder—Saturday Wake Forest reported 148 students. October will find the College with over one hundred and fifty.

Bay W. B. Arrowood reports in N. C. Presbyterian 6 additions at Forest School House, and 8 at Oak Grove School House, in Stanly county.

Kinston College has 133 pupils and not 80 as the Star was made to say. This is probably the largest school east of the W. & W. Railroad.

Religious revivals reported in Raleigh Recorder: Elon Grove, 20 baptisms; Mount Zion, 24 additions; Link's Chapel, 10 additions; Macedonia, 38 baptisms, with 5 more to be baptised; Kid's Chapel, 16 additions; Enon, 13 baptisms.

The Statesville Landmark says that Col. J. C. Harper, of Lenoir, one of the Western Army commissioners, was absent from the meeting last week from a singular cause; he is subject to asthma and cannot go about when the ragweed is in bloom.

Religious revivals reported in the Raleigh Advocate: Roxboro Circuit, 30 professions; Oak Grove, 20 additions; four of them Baptists; Rowan Circuit, 24 professions; over 94 additions; Dan River Mission, 27 additions; Hatteras Mission, 137 additions; Mooresville Circuit, 24 additions; 49 professions; Shelby Circuit, 38 professions, 27 additions; Swift Creek Mission, 16 additions.

Concord Times: The farmers in Cabarrus and Stanly counties planted more tobacco this year than ever before, and we learn that it is being cured with fair success.

The special series of meetings in the Methodist Church continue with increasing interest. Rev. B. R. Hall, of the Shelby station, is assisting the pastor. Mr. Hall is a preacher of much power and originality, and his sermons are heard by large congregations.

Charlotte Observer: There are now 103 students at Davidson College. — Col. L. C. Jones and Maj. Winder spent yesterday in Shelby and superintended the commencement of work upon the extension of the Carolina Central. They put fifty hands to work, and without any speech-making, wine drinking, and whiskey swilling went directly to business. In our opinion, one of the surest evidences of the reclamation of Davidson College is the effort that is now being made to have a telegraph office established there.

Hickory Press: The crops of this section have not been better in many years. — The freight on a car load of berries from Hickory to Paint Rock, on the borders of the North Carolina line, costs \$100—about twice as much as from Paint Rock to Chicago. — A large firm operating in this town has recently made a contract with an owner of wagons and teams to transport a lot of dried fruit from Lenoir to Hickory. This appears to be an odd proceeding in view of the fact that a railroad, in good condition, extends the entire distance, and that trains are running daily over the route. The wagon rates are two cents per owl, under the railroad rates, and there lies the secret of the transaction.

Elizabeth City Economist: Opinions conflict as to the business prospects of our country and our section. — The supercumbent in our grape, the most delicious of table grapes; and we were gratified to have the legal opinion of brother Pruden last week, that it was the most healthy of fruits and that a quart upon your kidneys would lead into a cooked heat before it had time to blister your lips. — 3d Ireland. — Washington county dots: Mr. Ras. Spruill died in Plymouth on the 16th inst. — The army worm has made his appearance in some of the cotton fields on the sound side. Tyrrell county item: Crops that looked so prosperous three weeks or a month ago are withering and dying in the fields, especially rice. I heard a farmer say that you could go in some of the rice fields and touch one head of rice with rice, and the whole row would turn from that one head. Other crops are falling in droves.

— The storm signal was hoisted at 10:45 yesterday morning, in obedience to orders from Washington, and in consequence of a cyclonic disturbance in the neighborhood of Pensacola, moving north-eastward.

— The interments in the various city cemeteries during the past week were as follows: Oakdale, 1 adult and 1 child; Bellevue, none; St. Thomas' Catholic, none; Pine Forest, (col.) 1 adult and 2 children. Total 5.

Local Notes.

Seventeenth Sunday after Trinity.

Day's length 11 hours and 57 minutes.

A few peaches are still coming to market.

Receipts of cotton yesterday 1,186 bales.

Supper among grapes are still plentiful in market.

There was a large amount of business transacted in the Criminal Court last week.

There will be no preaching or other services at the First Presbyterian Church to-day.

There was a runaway on Fourth street yesterday afternoon. Extent of damages unknown.

Messrs. W. S. Briggs & Co. will remove to one of the stores in the building this week.

Eggs were retailing yesterday at from 20 to 23 cents per dozen. Whole sale price 17 to 18 cents.

Mr. H. Voller's has growing in his garden a banana tree, upon which there are now about two dozen young bananas.

Mr. John Maunier is constructing a building for a marble yard on the southwest corner of Front and Mulberry streets.

New River oysters are very scarce yet, but they will commence coming in pretty lively by the latter part of next week.

The Register of Deeds issued during the past week only two marriage licenses, one of which was for a white and one for a colored couple.

The white fire department of this city has been ordered out for inspection and practice Monday afternoon. It is said that the exercises will be very interesting.

Thanks to Col. Chas. R. Jones, Secretary, for a complimentary ticket to the annual exhibition of the Carolina Fair Association, which takes place October 27th and 28th.

That is a "sweet" sidewalk at the foot of Princess street, north side. Laborers have been busy for a day or two removing the *Natividad's* cargo of sugar from the building.

Rev. Dr. Pritchard was expected home from Philadelphia last night to fill his pulpit at the First Baptist Church to-day. A letter or postal to that effect, we understand, was received.

The storm signal was hoisted at 10:45 yesterday morning, in obedience to orders from Washington, and in consequence of a cyclonic disturbance in the neighborhood of Pensacola, moving north-eastward.

From 4 to 6.
WE CUT ON AN AVERAGE FOUR SUITS per day in our Merchant Tailoring Department, but, as is quite natural, we want to increase the number. We want to have SIX A DAY, and will make every effort to carry out our wishes. We have the facilities for doing the work, and are never satisfied if not running at full speed.

We appreciate the fact that to bring about this result we must offer SUPERIOR INDUCEMENTS to the trade, and we intend to do it; and, though we know now we do the largest business, still there is no reason why it cannot be larger.

We have the VERY CHOICE of GOODS to select from, and we are daily making new arrivals. We are daily receiving each succeeding season to excel all former ones, and we are confident that this fall and winter will be even better than last.

A. DAVID, MERCHANT TAILOR.

"Save."
THERE IS NO REASON WHY GENTLEMEN should pay from \$40 to \$75 for Suits of Clothes made to order by people who know nothing about the Tailoring business, except the fact of charging these enormous prices, when here in our midst they can save about 30 per cent, and get suits made where the proprietor is a Practical Tailor, and competent to satisfy the most fastidious.

We claim we can furnish the MOST FASHIONABLE SUITS AT A LESS COST than any of the so-called "Tailors" in this State.

We have the CHAMPION CUTTER, the eminent young Englishman, who places all of our customers with his stylish garments. He is a practical Tailor, who has learned his trade on the work-bench, and through hard study, experience, remarkably fine taste and close attention has gained a position in the "master art" worthy of any Cutter in London, Paris or New York.

We personally give our attention to the work-room, where every garment turned out by us is superior in workmanship to any other house. Our prices are far below the exorbitant charges of other Tailors who claim to do first-class work. JOHN DYER, Tailor. se 27 1/2
