The chances of Foraker in Ohio are becoming so gloomy that the Republicans are turning their attention to the General Assembly just as they are doing in Virginia. The bloodyshirt will be rent worse than in the November storm.

The Jacksonville (Fla.) Times, referring to taxing the small libraries of this State savs:

"That State has the most excessive tax laws of any in the Union.'

True, we fear. It also taxes old clothes. This too under Democratic rule. A shame and outrage.

Attorney General Garland says he knew nothing of the suit brought against the Bell Telephone Company until he was telegraphed to by the New Orleans Times Democrat. He knew nothing of the instituting of the suit as it was authorized during his absence. He said he had held stock in the Pan-Electric Telephone Company since its organization. So the Tribune's lie is nailed to the counter.

Johnny Wise was challenged by Smith to fight a duel. Wise got in some vigorous licks, and one report says he downed Smith, who is also a Republican. A Richmond dispatch

to the Norfolk Ledger says: "It is reported that Smith has challenged Wise to fight a duel. To accept such an invitation would disqualify Wise from holding the office of Governor in the event that he is elected. It is true that such a contingency seems to the such a contingency seems." contingency seems now so remote that it looks ridiculous to consider it at all."

We are really sorry to learn that Gen. Grant's favorite, his darling Nellie, is not happily married to her English husband, The Norfolk Landmark savs:

"When he was in this country he gave rise to several scandals, and the story of some of his performances got in the news-papers. It was then understood that he was a bad lot, but the extent of his offences was not known. These must have been flagrant to justify the charge of great brutality which is now made against him, and the report that his wife desires a divorce adds a darker shadow to the picture. Marriages with foreigners are rarely hap

At Fort Jervis, Charles Faurot, a lad, performed a very heroic act that deserves commemoration. John La Forge, a companion, was bitten in the leg by a large blowing adder, a very venomous snake. Faurot at once stripped the stocking from the foot and appllied his lips to the wound and sucked the poison. He afterwards restored to consciousness the lad who had swooned. The physician did not arrive in half an hour, and he said the boy had been saved by the brave Charley Faurot.

The outlook in Europe is more warlike than ever. Germany and England appear to be working together. Servia is reported as being upon the eve of taking her share in the spoils. Turkey is hurrying forward troops from all directions. A little blood-spilling occurred between Servian and Bulgarian forces on the frontier. If the Conference eannot arrange matters a war of wide results may follow.

Senator Vance very correctly represents"that North Carolina Democrats are dissatisfied with the Administration at Washington, because of its Civil Service Reform hobby." Yes, they are not much in love with a humbug that handcuffs a Democratic Administration and compels it to run itself with the aid of the old Republican officials to turn out which was the chief desire of Democratic voters.

"An Ornament to Journalism." Wilson Mirror.

The Wilmington STAR is eighteen years old, which makes it the oldest of the daily papers of the State. It is indeed an ornament to journalism, and should be the pride of every true North Carolinian.

The opening hunt of the season was begun on Saturday last. The casualties of the day were briefly as follows: Number of deer started, 8; number of chances taken, 21; number killed, 4, and 1 turkey. The lucky men were Becton, Neal, Simpkins and Hardy, the last of whom killed the turkey.

- Stonewall Enterprise: Miss Mary Whitehurst, of Pamlico, while making her tollet Wednesday morning discovered a large chicken snake, which measured four feet in length, coiled up on top of the bureau. — Last Wednesday a negro, W. K. Gennett, had his hand badly acerated by a gin while ginning cotton for Messrs. Fowler & Cowell, of Bayboro. It is the same old story. He was trying to unchoke the gin by pushing the roll with his hand when his fingers were caught by the saws, and but for his presence of mind and timely action his arm would have been drawn in and cut to pieces. When will mankind learn that cotton gins are to be fed only with seed cotton?

- Elizabeth City Falcon: Mr. Frank Vaughan has in his office a petrified heart very much resembling that of a human, and indeed has been pronounced as such by several who have made such things a study. It was found on the beach, near Life Saving Station No. 13, by Captain Patridge, of the Station, and given to Mr. W. Robinson, who donated it to Mr Vaughan's collection of curiosities, knowing his fondness for such things. It is of a dark salmon color, weighs about five pounds, and in size and shape very much resembles the heart of a cow. It is evidently a petrified heart of some kind, and though supposed to be and very much resembles that of a man, the place where it was found would indicate a fish or some sea animal

Good breaks are promised at all three of the tobacco warehouses this week. A great deal of the weed is coming here from Franklin and Nash counties. Some tobacco from Johnston county, shown yesterday, was of excellent quality. Very good cures are reported in Chatham. Just after the circus procession passed up Hillsboro street yesterday morning, Mr. Holt, who is engineer of the institution for the deaf and dumb and blind, saw a negro man with a cloak which Mr. Holt thought had been stolen from his wife. Mr. Holt, who is deaf and dumb, seized the negro and held him. A great crowd of negroes gathered and certainly behaved in a most outrageous and reprehensible manner. COUNTY AFFAIRS.

Meeting of Board of County Commisstopers.

The Board of Commissioners of New Hanover county met in regular monthly session at the court house yesterday afternoon. Present, Chairman Bagg and Com-Montgomery.

The minutes of the last regular meeting were read and approved.

The County Treasurer submitted his monthly report, showing a balance on hand belonging to the general fund, of \$10,025.03; educational fund, balance on hand, \$14,998.91.

The Register of Deeds submitted his report of fees received from marriage licenses for the month of September-\$11.40-and exhibited the Treasurer's receipt for the

Capps, E. G. Styron, J. E. King.

An Exciting Hunt. Last Saturday night a party of young men, desirous of glory and coots, hied to the rice fields across the river with murder in their eyes and sticks in their hands. The leader of this band was a man of noble mien and carried on his shoulder a shillalah about the size of a lamp-post.

All went as merry as a marriage bell and each Nimrod was flercely grasping his weapon, intent on dealing destruction amongst the innocent birds. Suddenly s change came over the countenances of the young men, and the stillness of the night was broken by loud and frequent yells which would have done credit to a Comanche chief. All hastened to the spot from whence the noise came and found their leader up to his chin in water, spluttering and ejecting it like a Chinaman in his laundry. After the gallant captain was pulled out he declared he was not feeling even good ordinary, and proposed to go home; thereupon a council of war was held, and while the deliberations were going on one of the warriors' determined to cross the stream into which his chief had fallen, and thereby get ahead of his companions, but alas ! alas ! he also went into the water and had to Wait fully five minutes before he was taken out. Each man was now loaded-with mudand the band turned homewards, softly singing "Take my feet out of the miry clay."

Mayor's Court. Several cases for failure to pay license taxes were continued, on account of the absence of the persons summoned.

Obediah Jenkins was fined three dollars for disorderly conduct; Wm. Cannon, drunk, was discharged; and John Owens was fined twenty-five dollars for disorderly

BOARD OF ALDERMEN. Proceedings of Regular Monthly

Meeting. The Board met at the City Hall last night in regular monthly session. All the members of the Board were present. Alderman Darby submitted a report from

the committee on Markets. Mr. W. B. McKoy requested to be heard on the subject.

Alderman Rourk moved that he be heard for twenty minutes. Mr. McKoy appeared in behalf of Allan

Brown, who rents a shop in the Froat

street market house. After discussion, so much of the report as related to the renting of a store in Front street market to F. W. King was referred back to the committee. The report as

amended was then adopted. On motion of Alderman Worth, the Market ordinances were referred to the committee on Markets for revision; to report by the first Monday in December.

The committee on Markets reported that they had refused the note as tendered by Adam Brown, for the rent of a store in the Front street market house, for the reason that it differed from the form prescribed, and recommended that the note be not received. The recommendation of the committee was approved.

The committee on Public Buildings re ported that they had made a contract for placing a hydrant in the Opera House, and that the work would be begun at once.

The Mayer, from the committee on Streets and Wharves, reported as to the work done in this department since the beginning of the fiscal year, and submitted the following:

Resolved, That (the Board of Audit and Finance concurring) the sum of \$10,000 be appropriated for permanent street improvements; that is to say, \$6,000 to be expended in laying Belgian block from the north side of the W. & W. R. R. depot on Nutt street down to Mulberry street and its crossing to North Water street; and the sum of \$4,000 for paving with Belgian block South taking in the improvement of Market street dock) to Dock street.

Resolved, That the Finance Committee of the Board of Aldermen can make the necessary arrangements to procure the money at a rate of interest not to exceed eight per cent., and for such time as will enable the Board of Aldermen to make the proper provision for it in the levy for the coming fiscal year; and provided, further, that it shall not increase the present rate of taxa-

Mayor Hall warmly advocated the passage of the resolution, showing the absolute necessity of the work; stating that these two important highways are now nearly impassable, and soon one of them will be completely so. He thought the city could easily pay for the improvement without increasing taxation one penny, inasmuch as the Treasurer of the city is now collecting the tax levied to pay for the \$12,000 for laying North Water street, besides \$1,400 for other improvements, which will not have to be provided for

Alderman Bear submitted an amendment that the property owners along the line of the contemplated improvement be assessed one sixth of the cost of the same. This was accepted by the mover of the resolu On motion of Alderman Giles, the mat-

ter was referred back to the committee, to report at the next meeting, giving the probable cost of the work. Further time was granted the committee

on Fire Department on bills of P. H. Hayden and McDougall & Bowden. The request of Wilmington Hook &

Ladder Co. for harness was granted. Alderman Bear's resolution that the Chief of Police be directed to make frequent tests of the force of water furnished by the Water Works Co., and report any violation of the city's centract with the said company, was lost.

The Board adjourned at 11 o'clock.

Board of Audit and Finance.

This body met at the City Hall yesterday afternoon at 3 o'clock. Present: W. I. Gore, chairman; Jno. W. Gerdts, Wm. Calder, R. J. Jones and C. F. VonCampen. The Chairman said he had called the Board together in advance of the usual hour of meeting for the purpose of considering the recommendation of the Board of Aldermen in regard to the proposed subscription by the city to the extension of the Cape & Yadkin Valley Railway to Wil-

The recommendation of the Board of Aldermen was discussed at some length, when finally Mr. Calder moved that the matter be referred to a committee, to report to a called meeting of the Board. This motion was adopted, and the Chair appointed Mr. Calder and Mr. Gerdts as the committee. The Chairman was added to it, on motion of

Mr. J. H. Currie was present at the meetg, and addressed the Board in favor of the proposed project.

The regular meeting of the Board was then convened. A number of bills were audited, including \$1,800 interest on market house notes up to July 1st, 1885. Coupons amounting to \$3,637, which had been redeemed and cancelled, were burned in the presence of the Board.
