Ramor says that the Austrian Mission will be held open for Gen. Alexander R. Lawton, of Georgia.

Republican officials under a Demeratic Administration are going home to vote for the Bloody-shirters in Obio. Nice that.

Logan is both illiterate and mean, He refers to Gen. Robert E. Lee's saddle as being "treason-stained." This hurts no one but the coarse blatherskite.

Elizabeth Nelson, not divorced, married her daughter's husband, Henry Pahdu, and then threw vitriol on her husband, badly injuring him. All this in New Jersey.

Gov. Hoadly and Judge Foraker have had two debates. As was expected Hoadly cornered him and was two much for the bloody-shirt flapper. They had two moderators and spoke in Music Hall, Cincinnati.

Hereafter ex-officials of the Interior Department will not be allowed to practice as claim agents and attorneys in that Department. So Secretary Lamar very properly decides. Grave abuses have grown out of the privilege in the past.

The most foolish political dodge of the century is that of the New York Mugwumps. They pretend that by voting for Republican Davenport for Governor they are supporting Democratic Cleveland. Ira Davenport voted for Blaine.

The Chicago News refers to L. Q. C. Lamar as a "cousin of the distintinguished Secretary of the Interior." Not so. He is the Secretary himself, The New Orleans Times-Democrat says that Mirabeau Lamar wrote the poem "Sweet Daughter of Mendoza" on Kate Field, the lecturer, &c., who was a great belle about 1846. Her father, old Joe Field, was a theatrical man and Kate was much loved by the boys. Both Mirabeau and the Secretary of the Interior courted her.

W. S. Gadling, colored, sued the proprietor of the National hotel at Newark, N. J., for refusing to allow him to eat in the usual supper room. The Circuit Court of the United States has decided that hotel dining rooms are not on the civil rights list, so the defendant got the verdict and Gadling got nothing, but will gad around sometime before he gets his \$500 damages.

Mr. Brooks, a leading Democrat at Williamsburg, was shot in the face by a negro, who fired twice at him. The negro first insulted him, which was resented, when the firing commenced. This is the third Democrat who has been assaulted in Virginia during the campaign.

"A Necessity to us All."

North Carolina Presbyterian. Our neighbor, the MORNING STAR, has just completed its eighteenth year. It has become a necessity to us all-we mean the contemporary press-and few indeed are the constant readers in any sphere who will not join in the compliments which on all hands it is receiving. May it continue its career of usefulness and prosperity through years, full many a score, is our hearty wish to our good neighbor.

- Goldsboro Argus: The music for the Weldon fair, which opens November 11th, will be furnished by the Carolina Music House Band, of this city. — The largest cotton stalk on record is now filling the show window of Mr. W. S. Farmer, on Walnut street. It has over five hundred bolls and is perfectly immense. It was raised by Mr. Billy Massey, near Princeton.

— Two hundred and fifty boxes of fish were received here yesterday, and required eighteen drays to make the transfer.

The span of trained elks belonging to Mr.

C. - Mr. Steacy, a large and contractor from the North, was in duced by the representatives of the Boston syndicate to come to Shelby to, bid on their work. He came, and they would not receive bids from him as they were not ready to let any work, and Mr. Steacy, becoming satisfied that they were not the kind of people that he was looking for, went to the Carolina Central Company and bid on their work. He did not get it, however, simply because his bid was not quite low enough Mr. Steacy was in the city last night on his way home. Wright & Co., large and responsible contractors, being lower in their bids, of course got the work, and the line from Shelby to Piny Mountain Ridge, s distance of twelve miles, is now under contract. Hell Gate Explosion.

The news of the great explosion at Hell Gate, New York, Saturday, got among the darkies in Wilmington and created almost as great a sensation as the circus. Some of them got it into their skulls that the gates of "Sheol" were blown up, and were no little alarmed in anticipation of the dire calamities that would follow if the devil had broken loose. Others, looking at the matter in a different light, were exultant at the destruction of the "gates of hell," and of the millenium that would surely follow-when "water millions" would grow on every tree and 'possums swing from every limb. The county jailor was considerably worked up; probably at the thought that "Othello's occupation's gone;" but his most earnest inquiry was to know "what use people would have for churches now, if hell was destroyed?"

The Rallroad Commission. The five gentlemen named by the Mayor as the Commission on the part of the city to treat with the Cape Fear & Yadkin Valley Railroad Company relative to the terms upon which the road will be extended to this city, were officially notified yesterday. The caption of the Act passed by the last Legislature, under which this Commission is appointed, (Chap. 77, Laws of 1885.) reads: "An act to authorize the city of Wilmington to subscribe to the capital stock and purchase bonds of the Cape Fear & Yadkin Valley Railway Company." But this is plainly a clerical error, the intent being to authorize the city to "subcribe to the jail, in default of \$400 bail for his appearcapital stock or purchase bonds," &c., as ance at the next term of the Criminal

OPERA HOUSE.

Zozo, The Magie Queen. The entertainment last night at the Opera House was one of the most thoroughly enjoyed performances that hasever been here, and every one was loth to see the curtain fall on the last act.

The play abounds in the most beautiful scenery, which is set off by handsome and attractive women, and there is nothing to grate on the feelings of the most sensitive. The scenery is the best ever put on the stage here, and the tableaux were most unique: no pains being spared to please the eye and suit the fancy of the sudience.

Mr. Geo. Adams, as Washington Knowall, furnished all the fun and did it admirably; while Miss Grace Woodbury, as Zozo, furnished beauty, most ably assisted by numerous others.

There was no feature of the performance that was not excellent, and it is hard to say which was enjoyed the most-the daneing, the drilling, or the tableaux. The closing scene-The Transformationwas loudly applauded, and it did seem, indeed, as if magic had some hand in it, so beautiful and enchanting was it.

The audience was not large on account of the disagreeable weather, but to-night there will be an immense crowd to see "Zo Zo," whether the weather is propitious or not, for such a performance cannot fail

The Storm.

The rain and wind storm that prevailed throughout Sunday and Monday did but little if any damage in Wilmington. It deluged the streets, scattered a few boughs and hastened the fall of the autumn leaves. Many church-goers were kept at home Sunday, and the schools yesterday were poorly attended. The tide rose very high -even with the caps of wharves in many places. At the New York steamers' wharves there were apprehensions at one time of a flood, and freight was moved off in a lively manner. At Smithville, the tide is reported to have been the highest in ten years.

The total rainfall was 4.70 inches. The maximum velocity of the wind here was twenty-four miles an hour. The storm signal was ordered up at 10 a. m. Sunday. The storm was then on the Georgia coast.

At other places, north and south of Wilmington, the storm must have been very severe. At Charleston, S. U., Sunday night, the velocity of the wind was fifty miles an hour; and at Hatteras yesterday morning it was seventy miles. The telegraph wires were down north of Goldsboro last night-all of them reported gone, -and south of Wilmington the coast line wires were prostrated. Our Press dispatches from Washington) came via Augusta. Ga.

A steam-tug from Philadelphia-the Argus-which came over the bar and up the river vesterday morning, reports a heavy gale outside, with a sea that came near carrying away her deck house.

Judge Meares is in Charlotte, where he will hold court this week.

Rev. Cook Jones, of London, preached at the Front Street Methodist Church on Sunday morning, from the words "The King of the Jews," much to the delight and gratification of the congregation present. We learn that the health of this talented divine is very feeble, and that he was induced to take a sea voyage across the waters in the hope of its proving beneficial. He came to our city in one of the English steamers now in port, and he intends visiting two or three of the Northern cities the present week and will return to Wilmington, when it is hoped that he will be induced to again address one of our city congrega-

"Take a piece of paper, and upon it put in figures your age in years, dropping, or leaving off the months, weeks and days. Multiply it by two, then add to the result obtained the figures 3,768; add two. and then divide by two; subtract from the result the number of your years on earth, and see if you do not obtain figures that you will not be likely to forget.

The club have rented Concordia Hall, and say they intend making it the most elegant club room in the South.

Mayor's Court. Charles Howard, the circus employe who was arrested for fighting in the streets Saturday night, was discharged.

Herman Sothern, arrested for disorderly conduct, was fined five dollars. Wm. Howard, colored, who made a murderous assault on Officer Piver, of the police force, Saturday night, was sent before a magistrate, who committed him to Court.

TO-MORROW WE WILL HAVE A GRAND OPENING OF BOYS AND CHILDREN'S CLOTH-ING, and will continue the week as THE BOYS' WEEK. We prepose to give our customers the benefit of our good luck, and they may feel assured that when they buy from us they are getting goods much cheaper than they can buy them anywhere else. We will make a big effort this week, and invite a call from every boy in the city.
