Cotton Exports - Presidential and Fourth-Class Postmasters Appointed-Action of Civil Service Commission in Regard to Weigher at New York, etc.

[By Telegraph to the Morning Star.] WASHINGTON, Nov. 12.-The Chief of the Bureau of Statistics reports that the exports of domestic cotton for the United States during the month of October, 1885. and during the three months ended October 31, 1885, as compared with similar exports during the corresponding periods of the preceding year were as follows: Total for October, 1885, 607, 921 bales; value, \$30,-369,184. Total for October, 1884, 563,421 bales, value, \$28,223,292. Total for 3 months ending October 31, 1885, \$793,919 bales; value, \$39,684,145. Total for three months ending October 31, 1884, 761,128 bales; value, 38,577,758.

Fourth-class postmasters were appointed to-day as follows: In North Carolina—Magruder, John W. Henry; Gastonia, J. H. Fayssoux.

The President to-day appointed R. C. Rooney postmaster at Americus, Ga., vice Wm. A. Black, suspended; Leonard A. Dozier, at Ocala, Fla., vice B. C. Harty,

resigned.
The Civil Service Commission has to-day directed the board of examiners at New York to certify to the Collector, in the case of examinations for weighers, the whole number at once of those found eligible for appointment (some 30 persons) placing dis-abled soldiers first in the order of their grade. This was the unanimous decision of the Commission, there being no division of opinion among the members as to the wisdom in this particular case of having the entire list of eligibles certified to the appointing power, giving disabled soldiers the preference to which they were entitled under the law. Individual members of the Commission decline to say what reasons influenced them in reaching this conclusion, except that they deemed it "wisest and best in this particular case" to make such ruling. Their reasons will be made public in a day or two, and they say when the result is known the public will be satisfied. The decision in this case, President Edgerton says, does not abolish or in any way affect the rule requiring the certification of four of the highest graded appli-cants in the list of eligibles when a vacancy occurs either in the department service here or customs or postal service through.

End of the Strike of the Knights of Labor in Galveston.

By Telegraph to the Morning Star. GALVESTON, Nov. 12 .- The report of the joint committee, representing the Knights of Labor and the business men of this city, in the settlement of the strike recently in convention, here is accepted by both sides, and there is no immediate danger of furtherlabor troubles in this city. While the re-sult of the committee's labors does not meet with the approbation of the entire business community, inasmuch as it was conceded that the trouble arose from "mutual misunderstandings," yet there is every reason to believe that the matter is settled, and that the Knights will make no further demand for the removal of the present colored employes of the Mallory Steamship

A Firm Boycotted in Pittsburg-Serious Trouble Anticipated.

[By Telegraph to the Morning Star.] PITTSBURG, Nov. 12.—The boycotting of the firm of Kauffman Bros., clothiers, which has been in progress for some time past, because the firm refused to employ union labor, has assumed a new form. The firm had placed signs on the street oars, and workingmen attacked the drivers and conductors, and tried to force shem to remove the signs. The indications are that there will be serious trouble, as some of the drivers refuse to take out cars, being apprehensive of violence. In one instance stones and mud were thrown at cars, but no one was injured.

Confession of a Murderer in the State Penitentiary.

[By Telegraph to the Morning Star.] NEW ORLEANS, Nov. 12.-An interview with ex-Recorder Thomas J. Ford, now in the penitentiary, was published this afternoon. In it he confesses that it was he, and not his brother "Pat" Ford, that killed police captain Murphy. He said: "I fired two shots before he fell, and he was not exactly down after the first two shots were fired. As I reached him I fired the last shots, but how many I was so excited I cannot tell."
