The Attempted Bridge-Burning at

Fayetteville. The Fayetteville Sun of the 16th says that the attempt to destroy the county bridge over the Cape Fear river at that place (as mentioned in the STAR of Wednesday last) threw the citizens of Fayetteville into a state of excitement rarely witnessed. Quite a large quantity of kerosene oil was rewn over the bridge and fire applied. The attempt was made late Saturday night, and only failed on account of the dust which had been accumulating on the bridge for years, and which formed an excellent fire protection. A piece of a Wilmington STAR picked up near the place of the fire. saturated with kerosene oil, and an address on the margin torn in two, was the only clue found. that he is now in custody." small Fires. The alarm of fire yesterday about halfpast twelve o'clock was caused by a blaze discovered on the roof of Mr. S. W. Holden's dwelling, on Chesnut street, between Eighth and Ninth streets. But little damage was done, the flames being speedily extinguished without the aid of the Fire Department. The fire is supposed to have been caused by a spark from the chimney.

About six o'clock in the evening the alarm was again given, for a fire reported in the neighborhood of Messrs. Kidder & Son's saw mill, but it turned out to be a false alarm; caused by sparks issuing in uaduly hot haste from a stove pipe protruding through the side of a building near Second and Wooster streets.

Serious Accident to a Lady. The spirited span of black ponies belonging to Dr. S. G. Ellis ran away with the buggy to which they were attached yesterday afternoon. is frequently asked, we will simply say that she is a lady who for upwards of thirty years has unti-ringly devoted her time and talents as a female a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No MOTHER has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City.
