

OF SWEET GUM AND MULLEN The sweet gum, as gathered from a tree of the same name, growing along the small streams in the Southern States, contains a stimulating expectorant principle that loosens the phlegm producing the early morning cough, and stimulates the child to throw off the false membrane in croup and whooping cough. When combined with the healing muchaginous principle in the mullein plant of the old fields, presents in TAYLOR'S CHEROKEE REMEDY OF SWEET GUM AND MULLEIN the finest known remedy for Coughs, Croup, Whooping-cough and consumption; and so palatable, any child is pleased to take it. EPITHELIOMA! OR SKIN CANCER.

For seven years I suffered with a cancer on my face. All the simple remedies were applied to alleviate the pain, but the place continued to grow, finally extending into my nose, from which came a yellowish discharge very offensive in character. It was also inflamed, and annoyed mea great deal. About eight months ago I was in Atlanta, at the house of a friend, who so strongly recommended the use of Swift's Specific that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the sore; but soon the in-The influence of the medicine at first was to somewhat aggravate the sore; but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved. I am stronger, and able to do any kind of work. The canner on my face began to decrease and the ulcer to heal, until there is not a vestige of it left—only a little scar marks the place where it had been. I am ready to arswel all questions relative to this cure.

MBS. JOICE A. McDOSALD.

Atlanta, G3., August 11, 1885.

I have had a cancer on my face for some years, extending from one cheek bone across the nose to the other. It has given me a great deal of pain, at times burning and itching to such an extent that it was almost unbearable. I commenced using Swift's Specific in May. 1885, and have used eight bottles. It has given the greatest relief by removing the inflammation and restoring my general health.

Knoxville, Iowa, Sept. 8, 1885.

For many years I was a sufferer with cancer of the nose, and having been cured by the use of S. S. S. I feel constrained by a sense of duty to suffering humanity to make this statement of my 135s. With the fourteenth bottle the cancer began to heal rapidly and soon disappeared, and for several months there has been no appearance of a sor- of any kind on my nose or face, neither is my nose at all tender to the touch. I have taken about two dozen bottles S. S. S. effected the cure after every known remedy was tried and had falled.

ROBERT SMEDLEY. Fort Gaines, Ga., May 1, 1885.

I had heard of the wonderful cures of Swift's I had heard of the wonderful cures of Swift's Specific, and resolved to try it. I commenced taxing it in April, 1834. My general health was much improved, yet the cancer which was in my breast continued to grow slowly but surely. The bunch grew and became quite heavy. I feit that I must either have it cut or die. But it commenced discharging quantities of almost blacks thick blood. It continued healing around the edges until February, when it was entirely healed up and weil.

Cochesett, Plymouth Co, Mass., July 13, 1885. Swift's Specific is entirely vegetable, and seem to cure cancers by forcing out the impurities from the blood.

GOUT, RHEUMATISM, AND DISEASES GENE RALLY OF URIC ACID DIATHESIS.

DR. JAMES L. CABELL,

Professor of Physiology and Surgery in the Med-ical Department of the University of Virginia and President of the National Board of Health, and former Resident Physiolau, Hot Springs,

The water of Spring No. 2 contains in nota ble quantities two of the Alkalies, which are accredited as extremely valuable in the treatment of Gout, Lithiasis, and Liver Affections. I refer to the Carbonates of Potach and Lithia. It is now well known that both of these alkaline carbonates have an ascertained value in cases of Uric Acid Diathesis connected with Gravel, and in cases of Uhronic Gout, because of their affinity for Uric Acid, and the great solubility of the saits which are formed by their union with that acid." DR. ALGERNON S. GARNETT,

urgeon (Retired) U. S. Navy, Resident Physician Hot Springs, Ark. "My experience in the use of Buffalo Lithia Water is limited to the treatment of Gout, Rheumatism, and that hybrid disease 'Rheumatic Gout' (so called), which is in contradistinction to the Rheumatoid Arthritis of Garrod.

"I have had excellent results from this Water in these affections, both in my own person and in the treatment of patients for whom I have prescribed it. Of course the remedial agent is its contained Alkalies and their solvent properties.

"Hence, it is a prophylactic as well as a remedy in Nephritic Colic and forming Calcult, when due to a redundancy of Lithic Acid."

DR. W. B. TOWLES, Member Medical Society of Virginia, Resident Physician Hot Springs, Va.

"I feel no hesitancy whatever in saying that in Gout. Rheumatic Gout, Rheumatism, Stone in the Bladder, and all diseases of Uric Acid Diathesis, I know of no remedy at all comparable to Buffalo Lithia Water, Spring No. 2. In a single case of Bright's Disease of the Kidneys I witnessed very marked beneficial results from its use, and from its action in this particular case, I should have great confidence in it in this disease."

DR. T. B. BUCHANAN. Resident Physician, Hot Springs, Ark. "Send me five cases Buffalo Lithia Water, Spring No. 2. I have made use of this Water for Gont in my own case, and prescribed it for patients similarly suffering, with the most decided beneficial results. I take pleasure in advising Gouty patients to these Springs."

OLD CHRISTMAS TIMES.

FROM SCOTT'S "MARMION."

"On Christmas eve the bells were rung: On Christmas eve the mass was suug: The damsel denned her kirtle sheen; The hall was dressed in holly green; Forth to the wood did merry-men go. To gather in the mistletoe.

Then opened wide the baron's ball

To vassal, tenant, serf, and all; The fire, with well-dried logs supplied, Went rearing up the chimney wide; The huge hall-table's oaken face, Scrubbed till it shene, the day to grace. Bore then upon its massive board No mark to part the source and lord. Then was brought in the lusty brawn. By old, blue coated serving man; Then the grim boar's head frowned on high Crested with bays and rosemary.

The wassail round, in good brown bowls, Garnished with ribbons, blithely trowls. There the huge sirloin reeked; hard by Plum porridge stood, and Christmas pie; Nor failed old Scotland to produce At such high-tide, her savory goose. Then came the merry masquers in, And carols roared with blithesome din.

Who lists may in this mumming see Traces of ancient mystery; White shirts supplied the masquerade, And smutted cheeks the visors made; England was merry England when Old Christmas brought his sports again. Twas Christmas brached the mightiest ale: Twas Christmas told the merriest tale; A Christmas gambol oft could cheer The poor man's heart through half the year.

When Christ was born of Mary free, In Bethlehem, in that fair-citie, Angels sang there with mirth and glee In Excelsis Gloria!

"IN EXCELSIS GLORIA."

Herdsmen beheld these angels bright, To them appearing with great light, Who said, "God's Son is born this night, In Excelsis Gloria!

This King is come to save mankind, As in Scripture truths we find, Therefore this song have we in mind. In Excelsis Gloria!

Then, dear Lord, for Thy great grace, Grant us the bliss to see Thy face, That we may sing to Thy solace. In Excelsis Gloria !-- Old English Carol (1500) in British Mu-

THE CHRISTMAS OFFERING.

WILLIAM CROSWELL. We come not with a costly store, O Lord, like them of old. The masters of the starry lore. From Ophir's shore of gold; No weepings of the incense tree Are with the gifts we bring; No odorous myrrh of Araby Blends with our offering.

But still our love would bring its best, A spirit keenly tried By fierce affliction's fiery test, And seven times purified: Tho fragrant graces of the mind, The virtues that delight To give their perfume out, will find Acceptation in Thy sight.

REGULATOR FEMALE This famous remedy most heartily meets the demand of the age for woman's peculiar and multiform afflictions. It is a remedy for WOMAN ONLY, and for one SPECIAL CLASS of her diseases. It is a specific for certain diseased con-ditions of the womb, and proposes to so control the Menstrual Function as to regulate all the de-rangement and irregularities of Woman's

MONTHLY SICKNESS. Its proprietors claim for it no other medical property; and to doubt the fact that this medicine does positively possess such controlling and regulating powers is simply to discredit the volun-

tary testimony of thousands of living witnesses who are to-day exulting in the restoration to sound health and happiness. Bradfield's Female Regulator is strictly a vegetable compound, and is the product of medical science and practical experience

directed towards the benefit of SUFFERING WOMAN! It is the studied prescription of a learned physician whose specialty was WOMAN, and whose fame became enviable and boundless because of

Woman's Best Friend! Because it controls a class of functions the various derangements of which cause more ill health than all other causes combined, and thus rescues her from a long train of afflictions which sorely embitter her life and prematurely end her exist-ence. Oh! what a multitude of living witnesses can testify to its charming effects! Woman! take to your confidence this

PRECIOUS BOON OF HEALTH! It will relieve you of nearly all the complaints peculiar to your sex. Rely upon it as your safe-guard for health, happiness and long life, Sold by all druggists. BRADSTREET'S

APWREELY JOURNAL OF TRADE, FINANCE.

The foremost purpose of Bradstreen's is to be of practical service to business men. Its special trade and industrial reports; its weekly epiteme of bankruptcies throughout the United States and Canada, and the summaries of assets and itabilities, are alone worth the subscription prices its synopses of recent legal decisions are exceedingly valuable. As commercial transactions, in the wider sense, are coming to be more and more conducted on a statistical basis, the information contained in Bradstreen's is of the first importance both to producers and middlemen.

The Trade and Egricultural Situation throughout the United States and Canada is reported by Telegraph to Bradstreen's up to the hour of publication.
