THE MORNING STAR.

VOL. XXXVII.--NO. 84. WILMINGTON, N. C., FRIDAY, JANUARY 1, 1886. WHOLE NO. 6015

MORNING EDITION.

OUTLINES.

Fifteen hundred bales of cotton and a warehouse burned in Macon, Ga. Mexican desperadoes in American towns along the Rio Grande are giving trouble. A Mexican, suspected of complicity in the recent murders in Austin Texas, has been arrested. Rangers who have been in pursuit of hostile Indians in Arizona were forced to return without accomplishing anything. A disastrous fire is reported in Lebanon, Tenn. A German family stricken down with trichinosis at Streator, Ill., caused by eating pork; several members of the family have died. Arrangements have been perfected in St. Louis, Mo., for the treatment of hydrophobia after Dr. Pasteur's method. James Kinkaid, a prominent citizen of Mahoningtown, Pa., was fatally shot by a burglar. George Gallagher, a railroad track inspector, was shot and killed near Wadsworth, Ohio. England has formally annexed Burma. Total number of business failures in the United States during 1885 was 10,637; liabilities a little more than \$124,000,000. New York markets: Money 3/4 @ 5 per cent.; cotton dull at 9 3/16 @ 9 1/2; wheat, ungraded red 65 @ 90c; corn, ungraded 45 @ 45c; southern flour uncleaned; spirit turpentine dull at 37c; rosin quiet at \$1 02 1/2 @ 1 07 1/2.

Mr. Gladstone is a native of Liverpool. There will be no contest over Vanderbilt's will. President Greve was born in 1813. He is a lawyer. Benj. K. Heaton, a Yale student, has just died from over study, his doctor says. At Mill Village, Penn., a petrified child's head has been found in digging a ditch. The late Gladstone Cabinet are much divided as to the Irish question, is the latest.

Since President Cleveland's message against silver that standard of value has declined 5 per cent. Senator Beck denies the report, that his speech in favor of silver was intended as an attack on the President. Minister Pendleton has had his first reception in Berlin. The American colony is said to be increasing in that city.

A family in Omaha was made sick, one dying, from eating chicken that had been frozen and then had become partially decomposed. A woman named Mary Dowd fell sixty feet from a third story window in Cleveland and was not killed. Her skull is broken but she may recover. Senator Vest is loading his gun heavily with big shot which he means to fire into the Dakotians. Senator Harrison will coach the Dakota interests. Major Poe, chief of police at Richmond, Va., makes the startling announcement that not less than 500 boys under fifteen are arrested in that city annually.

William E. Page donned female attire and made tracks with \$10,000 of the funds of Adams Express Company at Gordon City, Mo. He was caught and \$6,000 recovered. Thomas B. Harwell, a young Georgian in Washington in search of an office, took his own life by drinking laudanum. There is a moral here for young men office-struck. Katie Putnam has been heard from. She is now playing at Hot Springs, Ark. She has recently received a legacy that promises to be worth very considerable in the future. The House Committee on Military Affairs charges in a report that Gen. Ben Butler is short over two hundred thousand dollars in his management of the Soldiers' Home. Who is surprised?

Important changes in the Civil Service law are to be proposed by the Commission with the indorsement of the President. It is proposed to make "the monumental fraud of the age" bigger. Sam Jones had only 500 converts at St. Louis. This would be considered a great work at any other point, but as a St. Louis convert does

not count for much Rev. Sam is thought to have failed.

Col. Paul H. Hayne writing of Senator-elect Daniel, says: "His kinsman, John M. Daniel, used to edit the Richmond Examiner; and never have we read editorials of more polished wit, keener irony; of more bitter sarcasm, or of more eloquent appeals, or of more patriotic ardor than came from his pen."

There was but little if any kinship, we believe, between the two Daniels, John Moncure and John Warwick. In moral and social qualities the latter has all the advantages possible.

Lawrence Barrett has just appeared in New York as Hernani in Victor Hugo's famous romantic tragedy with that name. The critic of the Times says: "Mr. Barrett's Hernani will, in fact, rank hereafter among the few important achievements of the contemporary stage with Mr. Booth's Ruy Bida—and as to paganism, this is his fellow-work, is likely that Hernani will be more popular of the two."

Secretary Bayard speaks contemptuously of Senator Beck's speech on silver. He says "it is a lot of rubbish." It would be an interesting day when he would meet the Scotchman in debate. The Senate never considered Bayard's oratory equal to Beck's "rubbish," and by a great deal.

During the week three patents have been granted to North Carolinians as follows: Addison F. Purefoy, of Wake Forest, on a spring-bottom; John Y. and A. Savage, of Scotland Neck, on a combined fertilizer distributor and stalk-breaker, and Lucius L. Taylor, of Seaboard, on a cotton or hay press.

General Leonidas Polk, the fighting bishop of Tennessee, sat on his horse high up the Northern slope of Pine Mountain in Georgia, on June 14th, 1864. Philadelphia Press.

He was Bishop of Louisiana and not Tennessee, and was born in North Carolina.

Spirits Turpentine.

There are 43 persons in Buncombe jail. Hattie Robertson, colored, was burnt to death at Abbottsburg. La Grange shipped 2,313 bales of cotton from September, 1885, to December, 1885. Maj. Herndon, brother-in-law of Senator Vance, and clerk of Buncombe Superior Court has resigned on account of ill health.

Rev. Dr. Daugherty, late rector of St. Paul's Episcopal Church, Winston, has gone to Bellefontaine, Ohio, to take charge of another church. New Bern Journal: A special term of the Superior Court of Onslow county will convene at Jacksonville next Monday, Judge Montgomery presiding. Newton Enterprise: Lincoln lost one of her most prominent and enterprising citizens on Sunday night, December 20th, in the death of E. G. Ramsaur.

Two chicken thieves in Charlotte got hurt. One had a pitchfork thrust through his hand and was captured; and the other was fired upon, was upset, but he escaped at last. Salisbury Watchman: Alexander Tate, a quarryman of forty years' experience, whose observation has extended over many States and in Europe, says the finest granite he has ever seen in America was quarried from Dunn's mountain, four miles from Salisbury. The mountain wagons continue to come in loaded with apples, chestnuts, &c. The streets are full of them. Asheville Advance: About 10 o'clock last night a rather serious accident occurred in the house of Mr. W. C. Featherston, in this city. The children were starting a fire with coal oil, when the oil fell on the floor and caused an explosion. The clothing of Addie Edwards, a girl about 18 years of age, caught fire, and before it could be extinguished she was very painfully, if not seriously, burned about the body. Her smaller girls, Emma and Mamie Featherston were also burned.

Raleigh News Observer: There have been four snows this season, not one being really worth mentioning. Yesterday 1,000 square feet of slate blackboard arrived here for St. Mary's school, and will be put up in the new building. Three patents were granted to citizens of this State last week. James W. Gardner, of Whitakers, patented a backband; Hathcock & Suit, of Wilton, a leveling instrument, and D. G. McLellan, of Rhodes, an apparatus for curing tobacco. Freight cars on the Albemarle Raleigh Railway are now all shipped North by way of Rocky Mount, taking much from the river steamer. It is said the Roanoke steamers may be withdrawn.

Pittsboro Record: Mr. J. J. Cooke, of Hadley township, raised this year on one and a half acres of land 70 bushels of corn, on one sixth of an acre 40 bushels of sweet potatoes, and on less than one-half of an acre 52 gallons of sorghum. Mr. Richard Cotton, of Cape Fear township, every winter kills the largest hog in the county, but last week his big hog for this year died with cholera. The weight was estimated at 800 pounds. As the passenger train was near Merry Oaks, on last Friday night, a rock was thrown at it, and, crashing through a window of Major Winder's private car, made an indentation in the woodwork on the opposite side, and narrowly missed striking him. The railroad company has offered a reward of \$100 for the arrest of the person who threw the rock. The grading of our proposed railroad is progressing very favorably. About a mile is now graded, and another mile will be graded in two weeks.

Goldboro Argus: Mrs. Elizabeth Nixon, in the 75th year of her age, died at her home in this city yesterday morning at 10.30 o'clock, after a lingering illness of several months, of consumption. She was the mother of a large family. On Monday night about 10.15 o'clock the north-bound freight train No. 21, of the W. & W. R. R., which is due in this city at 9.32 p. m., was coming down the grade on the other side of Neuse river, at about a 25-mile speed, without steam, it was thrown from the track near Moore's crossing by coming in contact with a cross-tie that had been laid across the road. The engine was turned completely upside down in the ditch, and three of the box cars followed the engine at the time, and were of engineer, Mr. Eugene Knight, the conductor, Capt. J. H. Nurny, the freeman and wood-passer, four in all. The two darkeys jumped from the engine just as it struck the cross-tie and fell, but Mr. Knight and Capt. Nurny stuck to their post and went over with the engine. And now the most wonderful of all, neither was seriously injured. Mr. Knight was not hurt at all, and Capt. Nurny received only a slight cut on the back of the head. Their escape from a crushing, shocking death is indeed miraculous.

Charlotte Observer: The board of directors of the First National Bank of this city have declared a dividend of 5 per cent. to stockholders. The emigrant agents yesterday arranged to take two hundred colored people out of the city to day on a special emigrant train for Kansas. Still the crop is not exhausted, for the Carolina Central train last night brought in a fresh colony. At Huntersville, yesterday, a colored man named Johnston took down his gun preparatory to going hunting, but halted at his front door and lowered the gun with one of his hands over the muzzle. As he did so, the gun exploded, and his hand was torn into shreds. Mr. J. Thomas July, a lad aged 13 years, shot and killed a companion named David W. Settlemeyer, in Cleveland county, last Christmas morning. A colored man named Peeler, living in Cabarrus, near the Mecklenburg county line, was killed at a "cake walk" held by the colored people in that section on Christmas night. Peeler became involved in a quarrel with another colored man named Howzer, and some hot words passed, though nothing further occurred until some time later, when Howzer slipped up behind Peeler and shot him in the back. Peeler's wound proved fatal, his death occurring within three hours. Howzer escaped and is still at large.

Local Doz. — Happy New Year! — Five Fridays, five Saturdays and five Sundays in this month. — Front street market will be open until noon and then closed for the remainder of the day. — A large hawk that measured three feet from tip to tip of its wings was killed in the southern part of the city yesterday morning. — Foreign exports yesterday 2,631 barrels of rosin and 1,000 casks spirits turpentine, valued at \$30,218, and shipped to Hull, England, per Norwegian barque Hooding, by Messrs. Paterson, Downing & Co.

Personal. Dr. John M. Hartsheld, of Charlotte, is spending the holidays in Wilmington with relatives. Mr. M. Fletcher Manning and Mr. J. R. Marshall have formed a copartnership for the transaction of a general commission business in Wilmington. Bishop Watson has returned to the city after an absence of several weeks, visiting parishes in the diocese. Mr. John E. Lippitt died at his residence in Wilmington about two o'clock yesterday morning from paralysis, with which he was stricken about two weeks ago. Mr. Lippitt was about fifty-two years of age. He had long been engaged in mercantile pursuits in this city and was universally esteemed in social and business circles. His wife and four children survive him. Rev. Peyton Hoge left last night for Baltimore, to undergo treatment for a painful injury to one of his eyes.

A Birth-Day. This is the birthday of our editor-in-chief, and he has gone hunting to avoid inquiries as to his age. When approached on that subject he immediately plunges into an eloquent discussion of the regulation for a pointer, the correct muzzle for a setter, or the most killing way of loading cartridges. It's going to be a Siberian day when our venerable chief permits himself to believe that he has passed forty; or that he is not prepared to report promptly with the committee on "boys."

Post-Office—New Year's Day. The General Delivery will be open from 8.30 to 9.30 a. m. Carriers will make one delivery only. Money Order, Registry and Stamp Office will be closed.

Weather indications. The following are the indications for today: For the South Atlantic States, generally fair weather, west to south winds, occasionally variable, slightly colder, followed in the west portions by rising temperature.

For the Middle Atlantic States, fair weather, preceded in the northern portion by local rains, winds generally shifting to southwest and northwest, slightly colder, generally higher barometer, followed in the extreme southern portion by falling barometer.

The Fair. The Fair at the City Hall, held by the ladies of the congregation of the Temple of Israel was continued last night and will be concluded to-day, when all articles remaining will be disposed of at peremptory sale. It will be open to-day at ten o'clock in the forenoon and until five o'clock in the afternoon. There will be no charge for admission.

Among the articles raffled last night were a lambrequin, won by Mrs. A. Smith; table cover, Mr. J. Fernberger; cake, Mrs. A. David; velvet table, Mrs. H. Liebmann; cake, Mr. W. H. Green; satin fan, Miss Pauline Blumenbal; smoking jacket, Mr. F. Rheinsteins; crib quilt, Mrs. S. Mendelshon; pug dog, Master Ike Bear; pin cushion, Mr. R. J. Katz; doll, Miss Julia Bear; rose cake, Mrs. J. Sternberger; crazy cushion, Mr. Marcus Bear; assorted cordials, Mr. L. Brunhild; album, Mr. W. J. Herring; cake, Mrs. A. David; mohair case, Miss Hattie Moses.

Labor Going South. About two hundred able-bodied negroes passed through Wilmington last night on their way to the turpentine forests of Georgia. Some of them were hands who had gone home from the South to spend Christmas and were returning to the field of their labors, but there were large accessions to their ranks, gathered up by agents of turpentine men from the State named in Onslow, Duplin and Wayne counties. Messrs. Ellis, Peacock, Baker and Lemon were in the city yesterday gathering up who could be engaged here. The high prices prevailing for fine rosin and spirits has stimulated the turpentine industry in the farther South, where new areas of large extent will be worked the coming season. M. rosin is quoted in Savannah at \$4.62, N at \$5.00, window glass at \$6.00 and water white at \$6.50 per barrel.

The Year's Marriages.

The Register of Deeds of New Hanover county issued one hundred and seventy marriage licenses during the past year—one hundred and six to colored couples and sixty-four to whites, as follows: January—7 to whites, 10 to colored; February—5 white, 9 colored; March—5 white, 8 colored; April—4 white, 9 colored; May—3 white, 11 colored; June—2 white, 9 colored; July—4 white, 10 colored; August—3 white, 5 colored; September—4 white, 8 colored; October—8 white, 6 colored; November—12 white, 10 colored; December—7 white, 11 colored.

Delinquent Taxes.

This is the last day in which lands sold for taxes and bid in by the State can be redeemed under the act of the last General Assembly. The act is one of extraordinary stringency, especially in its provisions after the failure to redeem by to-day, when it will require large additional costs to redeem the forfeited lands, besides running the risk of the State obtaining full possession.

Deeds Forfeited in December.

There was great activity in the office of the Probate Judge during the past month, which increased as the year drew to a close. Many persons waited until the last week of the month before registering their deeds, as they were required to do by law before the first day of January, 1886. During the whole month just closed there were one hundred and forty-nine old deeds probated in Mr. Van Amringe's office.

Fire Among Cotton Bales.

Fire was discovered in a lot of bales of cotton on a flat that lightermen were taking to Messrs. Sprunt & Son's warehouses from the railroad depot Wednesday evening. The burning bales were pitched overboard and the fire extinguished without much trouble. The damage was slight. It is not known how the cotton became ignited.

MARKET STREET. A Card. WE HAVE ON HAND TOYS, GAMES, AND Presents of every kind. Indeed our stock is so large that we fear, even with the unequalled patronage we are now enjoying, will hardly enable us to dispose of it by New Year's Day. We wish to announce, therefore, that we have absolutely determined to carry out a single article of Holiday Goods over the New Year. We mean that every thing in the shape of Holiday Goods shall be sold at some price or other before the close of business on Dec. 31st. Our prices for the coming week shall be very considerably reduced, many of them out equally in two, and as our assortment is still unbroken, Ladies will have an opportunity to select just what Presents they may desire at figures that will perfectly astonish them at
