The Georgia delegation divided on Frank Hurd. Are the five who voted against Protectionist?

The latest accounts from the Minnesota destruction are that 75 persons are known to have been killed and over 100 were wounded.

Secretary Lamar will get ahead of the President if he does not hurry up. An Augusta report is that he will soon marry a Macon lady.

A son of Dr. Almon Brooks, of Chiesgo, was injured at Harvard University by an accident in the laboratory. He asks for \$50,000 dam-

It is now known beyond question that it was a lie that said Mr. Garland had given a decision in favor of the Whiskey Ring. It was a "whop-, per" manufactured to order.

The price of the Augusta, Ga., Chronicle in 1864 (the last year o the war) was \$60 per annum. pound of tallow-dips" cost \$10. We paid it. Flower was \$200 a barrel.

Blaine in his second volume says of Senatar Lamar:

"There is a certain Orientalism in the mind of Mr. Lawar strangely admixed with typical Americanism. He is full of reflection, full of imagination; seemingly careless, yet closely observant; apparently dreamy, yet altogether practical."

The Washington correspondent of the Philadelphia Times says that "Mr. Hurd is a very honest and very able man," He represents him as being very much annoyed at his defeat. Protection Democrats are responsible.

A Northern Methodist layman has published a book in favor of lay representation and for separation of Conferences on the color line. He says if this is not done there are daugers ahead. The Southern Methodists understand the situation better than their knowing Lethren.

We learn that Rev. John R Brooks' chances for the Methodist Bishoprick are steadily improving, and are ahead of any other of his brethren in the Conference. He is a man of ability, of piety, of simplicity, of highest personal worth. But North Carolina will hardly be hon-

Mr. Cleveland is represented as saying that he is too poor to marry. Well, \$50,000 a year, and house furnished, is small, and it does not last but four years, but a fellow might take the chances and worry through on that sum. We hear now and then of a Southerner trying his hand upon a somewhat smaller salary than \$50,000. Look here, Mr. President, quit your fooling and ask Miss to name the day.

## THE MORNING STAR.

VOL. XXXVIII,--NO. 24.

WILMINGTON, N. C., SUNDAY, APRIL 18, 1886.

State Gleanings.

- One of the prisoners in Nash ail succeeded in escaping a few days ago. - Wilson Mirror: The wind blew down Mr. John J. Sharp's gin house on Tuesday night and killed five oxen.

- Greenville Standard: All the last week of Greene Court was consumed in trying a \$25,000 slander suit. The case has caused a great sensation in that county. We learned that the jury's verdict was five cents damages for plaintiff, which is in effect a verdict for the defendant.

- Clinton Caucasian: Clinton has two law students and two theological -Rev. W. H. Howard has been called to the pastorate of Rewan Baptist Church. - The colored boy who was knocked from a raft on Little Co harie and drowned, was named Junius Melvin. Up to the last report which we received his body had not been found.

-- Scotland Neck Democrat: Miss Rebecca Shields was buried at Trinity church Saturday morning. She was a sweet, amiable lady, highly cultured and accomplished. — A gentleman whose veracity we can vouch for, told us that he had seen a farm so rich that negro children were not allowed to cross it. Their parents fearing that they could not walk fast enough to keep their toes from taking

- Rocky Mount Clipper: Paul Morgan, colored, who is from Halifax, was arrested in Nash county last Monday and brought to Rocky Mount, where he was identified as the man who (some two weeks ago, on the railroad from this place to Battleboro), struck another colored man with an axe and then robbed him of \$31, a valise, etc. He has also offered for sale a mule which is supposed to have been stolen. Morgan was carried before Just ce Tillery and sent on to Edgecombe jail.

- Weldon News: On Tuesday night the people of Tillery station, on the Scotland Neck branch road, were startled at the announcement that Mr. Jesse Whitaker, one of the citizens of that place, had committed suicide. - Twenty-one head of cattle were found drowned in one pile on the plantation of H. J. Pope, Esq., after the waters of the late freshet subsided.
Only three or four of them were Mr. Pope's—
the others belonging to his neighbors.

We regret to say that our townsman

Judge G. G. Lynch, who was stricken down on the 15th of last September with spinal disease, and has been confined to his bed ever since, is still helpless and unable -Wadesboro Intelligencer: Withat week or ten days Dr. W. H.

Battle, of Lilesville, has had nineteen sheep, out of a flock of twenty, shot down in the pasture, twelve of which have died, and seven more being so seriously wounded that they cannot live. The sheep were shot with a pistol. - A few days ago Mr. W. P. Crump, of Stanly county, who keeps the ferry on Rocky river, at Crump's Mills, missed being shot dead by one of his neighbors, by a hair's breadth. He was turkey hunting, as was his neighbor, Mr. John Smith. Both were yelping for the game, and each thought the other a turkey. Mr. Crump was stooping close to the ground, peering through the bushes, trying to get a glimpse at what he conceived to be the advancing bird, and Mr. Smith was similarly engaged. As Mr. Crump was moving his head first to one side and then to the other Mr. Smith espied his black hat, all that he saw, little thinking that Bill Crump was hiding behind that hat. Mr. Smith, who is one of the best rifle shots in this part of the State, raised his gun, took a deliberate aim and banged away. The ball grazed the hat, leaving a track to show where it had traveled. Before reaching the hat the ball struck a twig on a tree, about two feet in front of Mr. Crump and cut it in twain. This, it is believed, caused the ball to turn from its original line, thus saving Mr. Crump's life.

Clara Andrews and Etta Shaw, colored women who fought a battle with brickbats. were each bound over to the next term of the Criminal Court in the sum of fifty dollars, in Justice Millis' court.

Ann Howe, colored, charged with assault and battery on Mary Stanley, colored, submitted, paid the costs and was discharged.

Fires Yesterday.

There were two small fires vesterdayboth about two o'clock in the afternoon. One alarm was turned in from lox 35, at the corner of Eighth and Market streets, and was followed shortly afterwards by a second alarm for the same fire from box 16, at the corner of Seventh and Mulberry streets. The fire was located on McRae street, between Chesnut and Mulberry, the kitchen on Stephen Bowen's premises taking fire on the roof from sparks from the chimpey. The Fire Department responded promptly to these alarms, but the services of the firemen were not needed, the fire having been extinguished by persons living in the neighborhood.

About the same time the above alarm was given, the roof of a small dwelling house on the corner of Fifth and Bladen streets was discovered to be on fire; but this was also speedily extinguished by residents in the neighborhood, after a telephone alarm had been given.

School Exercises.

A handsome gold medal was awarded as a prize for punctuality during the session, at the closing exercises of the public school in Masonboro township, known as the Fourth School District. The medal was presented by Miss B. McI. Mayes, the principal, and so close was the competition that it was necessary to decide by lot whether Miss Walton, Master Amos Walton or Miss Ross Montford should bear off the honor. Miss Montford was the fortunate recipient. The recitations and declamations by the scholars are represented to have been of a very high character, evidencing great painstaking on the part of the teacher, and the people of that school district are certainly fortunate in having in their midst a lady of such high culture and ability as Miss Mayes. Among those present at the exercises of the school were s number of lady visitors from Wilmington and Mr. Walker Meares, county superintendent of public instruction.

The jury in the case of John Sidbury vs. Wm. Larkins, executor, after remaining locked up in their room Friday night and until the afternoon of yesterday, were discharged, being unable to agree. It is said that they stood eight for defendant and

four for plaintiff. A verdict for the defendants was found in the case of P. Cumming & Co. vs. J. W. Taylor and J. A. Fore. J. D. Bellamy for

Raseball-Seasides Again to the Front, To the many who for weeks past have accosted us with the query, "What about baseball for this summer ?" we are glad to state we can give them the assurance that the Seasides will organize and play about the same team they had in the field last

The question of professionals has not yet been discussed or decided. Home talent seems to possess such a charm and 'drawing" capacity that local players will be utilized whenever available. The Sessides are open for challenges from any clubs in North or South Carolina, and the success of this season will in a large measure depend upon the number of clubs that will organize in this and adjoining States.

The dissolution of the North Carolina League will prevent any regular schedule games, but the Seasides hope to be able to entice some of the lovers of ball and bat in other parts of the State to "toss ball" with them.

We understand the Mechanics and the Alerts of Columbia, S. C., are anxious to play our boys. And we hope to be able soon to announce the fact that arrangements have been effected with these nines for a game at the Park. We hope our boys success and promise our citizens that there is fun ahead. Ball to the bat! Three strikes and out!

Swamp Lands for Sale.

STATE OF NORTH CAROLINA, STATE BOARD OF EDUCATION, RALEIGH, April 10, 1885.

RALEIGH, April 10, 1885.

UNTIL JULY 1ST, 1886, SEALED CASH PROPOSALS will be received at this Office, addressed to the Secretary of the Board, for the purchase of Lands belonging to the Board in Pender and Duplin Counties, and known as Angola Bay, including Gum Swamp.

This advertisement is made in accordance with section 2529 of The Code.

A map recently made can be seen at this office, describing the lands and locating the public roads constructed through them by the State.

The whole tract is estimated to contain 44,788 acres. There are of this amount about 20,650 acres of Reed Land. In Gum Swamp there are estimated to be 4,688 acres, about one-third of which is well timbered with very fine Cypress, and the balance with Gum, Maple, &c.

The bids may be by the acre for the whole tract, or an aggregate sum for the whole. The Board reserves the right to reject any or all bids. Capitalists who are looking after timber, good farming lands, or lands for stock raising will find it to their advantage to examine these lands.

Gen. W. G. Lewis, Engineer, Goldsboro, N. C., will show them and furnish information as to their character.
