If the ticket in 1884, had been Tilden and Hendricks as it was in 1886, there would now be no President or Vice President living except in the succession.

Florida has taken its census. It shows a gain of 68,915, or 25 per cent., since 1860. The whites number 191,185; blacks, 147,221. It is said that two whites are given at over 100 years old, while there are forty-two negroes over 100, two being 110, one 116, and one 129. In the course of a conversation he said to me: 'There has been a great deal in the papers about a Gov. Hill's candidacy for the first place. Hill is one of the shrewdest men in the United States, and he knows very well that he cannot get the first place, and in reality he is working for the second place on the ticket. New York has had two Presidents in succession; besides two other Democratic candidates since the war have been New York men. Hancock was virtually a New York men. It will be interesting to Southern people to learn that Gen. A. L. Long, Military Secretary of Gen. Lee for four years, has completed his memoirs of the illustrious Confederate leader upon which he has been at work so long. It will be published in October. Another item of interest to the Southern soldiers is in the London Pall Mall Gazette, and to the effect that " an eminent firm of publishers in London are negotiating with Gens. Longstreet and Beauregard fer the production of a military history of the American civil war from the Southern point of view, and on lines not unlike those on which the late Gen. Grant constructed his now completed work."

Hayes was a fraud all through. He pretended to be too good to take a drink. It is known now that he would drink freely at other people's expense. The St. Paul Globe tells of one of his sprees. He often visited an old college chum in Washington when he was delighted to imbibe freely. He got so full once that he had to be escorted home by an army officer. The Globe says:

"The very next day the army officer was removed from Washington to Rock Is-land, Ill. And to this day he—for it is Maj. Paine of the Ordnance Departmentis still at the latter post, all on account of having given a Fraudulent President all the

Myrover, of our neighbor, the Observer and Gazette.— Sampson county has fallen into line. At the primary meeting last Saturday all her delegates were instructed to vote solidly for Hon. W. J. Green as the nominee for Congress. We ask a favor of our contemporaries, that they will correct the impression that Mr. J. D. McIver was before the Judicial Convention here, for such an impression would be great injustice to Mr. McIver. The meeting of an adjourned meeting of the dissatisfied delegates to the Judicial Convention in the Town Hall on Thursday evening at 8 o'clock, was quite pronounced as regards the action of the Judicial Convention on that day which then nominated Mr. Frank McNeill for Solicitor. The representation was that of Cumberland's 35 delegates, Bladen's full 29, Moore's full 36 and Brunswick's 10 who objected to the convention's methods. The meeting was very full and was presided over by Mr. Kelly, of Bladen. The meeting was deliberate and dignified and in every way orderly. On a vote by counties, it was shown that Moore was casting her full vote of 36, Cumberland her 35 majority, Bladen her full 29 and Brunswick 10 of her full 18. The meeting was one of protest against the action of the convention, and as such consisted and continued throughout a very large and decided opposition.

ert and Mary. A survey was held yesterday upon the

British brig Robert and Mary, damaged by collision on Saturday last with the revenue cutter Colfax. The board was composed of Mr. James H. Chadbourn, Capt. Joseph Price, Mr. R. H. Beery and the master of the British barque Enterprise, Capt. P. Carroll. The board report that upon examination, they found evidence, on the port side of the brig, amidships, of the latter having been run into by some vessel, reported to have been the U. 8 revenue cutter Colfan. The covering board is dented, requiring an anchor stock piece. The board recommend that two of the planks be taken out, from butt to butt, and replaced, and the other two left for further examination after the two are taken out; about forty-four feet near the main rail from scarf to scarf, bulwarks, and fore-sheet chock repaired. The report adds: 'We also find four treenails and one bolt started, which will have to be overhauled and fastened. We find some slight indication of the ceiling of the ship having been started from the timbers abreast of the damaged place, which can be better examined when the outer planks are off. The fore-royal mast is broken, which will ne cessitate a new top-gallant royal mast. In order to do the work above recommended we advise that the vessel be listed at the wharf, either by shifting or taking out a portion of the cargo."

There were two small fires yesterday af ternoon between two and three o'clock. The alarm for each was given from Box No. 35 corner of Eighth and Market streets.

The first fire was on Tenth street, between Market and Dock, on the roof of a small frame building belonging to Mr. Jno. G. Oldenbuttel and occupied by negroes. The damage was slight-a small hole burned

in the roof. The second fire was on Market street, be tween Thirteenth and Fourteenth; a blaze discovered on the roof of a two-story frame building owned by Mr. Geo. Kidder and occupied by colored people. The fire was started by a spark from the chimney of an adjoining house. The damage in this case, also, was very slight.

Columbus Court. Superior Court for Columbus county, Judge Gilmer presiding, has been in session this week. There was very little business and it was expected that an adjournment for the term would be had yesterday evening. On Tuesday two colored men-Lewis Hall and Wm. Quince-were tried and convicted of an attempt to wreck a railroad train by placing obstructions on the track. They were sentenced to ten years each in the State penitentiary. Messrs. Lewis and Schulken were the prisoners' counsel. Solicitor McIver, for the State, was assisted by C. M. Stedman, Esq., of this city, and Messrs. G. A. Ramsay and Bruce Williams

Base Ball Tournament. It is proposed to hold a base ball tournament in Columbia on August 23, 24, 25 and 26, and secure the attendance of the best amateur clubs of the State as well as of Georgia and North Carolina. The idea is to let the visiting clubs pay their own expenses, but to give to the winners from 50 to 75 per cent. of the gross gate receipts. If the plan is favorably considered the details will be announced hereafter, and low railroad rates will be arranged.

The Fayetteville Convention. Mr. J. D. Stanley of Brunswick writes to the STAR in relation to the recent Judicial Convention in Favetteville. Cumberland, Bladen, Moore and a part of Brunswick, he says, withdrew from the convention on account of alleged unfairness, and these counties, although solidly for Mr. McIver, did not nominate him, but simply held a meeting of protest.

Magistrate's Court. Elijah Keeter, arrested on a peace warrant issued at the instance of T. J. Chadwick, was brought before Justice Millis yesterday, when the prosecutor withdrew the bond and the defendant was required to pay the costs. The same defendant was charged with carrying concealed weapons, but there was no evidence to sustain the accusation.

Rattlesnakes in Pender.

MRS. WINSLOW'S SOOTHING SYRUP.—REV MRS. WINSLOW'S SOOTHING SYRUP.—REV. SYLVANUS COBB thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething slege, on any consideration whatever. Sold by all druggists. 25 cents a bottle.
