WASHINGTON. Future Calls for Bonds - Fairchilds' Views on the Public Bebt-The Pres-

ident's Vacation-Appointments to be Made-The Cutting Case. By Telegraph to the Morning Star. WASHINGTON, August 14.-Acting Secretary Fairchild said to-day that no policy

has been determined on by the department with regard to a future call for bonds. The call for ten million dollars, which will mature September 15th, was made because it was deemed wise and expedient. Future calls will be determined solely by the State of the finances. While it is probable that a second call for ten million dollars of bonds may be made next month, such action will depend entirely upon the condi-tion of the Treasury at the time. Mr. Fairchild's views on the public debt are embodied in the following statement, made by him before the Senate Finance Committee, when the surplus resolution was under consideration: "The Secretary of the Treasury is fully in accord with this resolution, as far as it is a declaration in favor of applying the surplus revenues of the Government to the extinction of the interest-bearing debt in such amounts and at such times as this may be prudently and beneficially done." Mr. Fairchild denied in the most positive terms the published statement that he and Treasurer Jordan were at variance on the subject of bond calls, and said the recent call for ten million bonds was made after a conference with Mr. Jordan and with his entire con-

The President is using his best efforts to clear up his work to leave here early next week for the Adirondack mountains. He proposes to go as soon as he can, and will leave on Monday if his affairs permit. His assistants are materially decreased by the illness of Secretary Lamont and the tempo-

rary absence of Mr. Pruden.

It is said the President will appoint a new
Public Printer and District Judges for Califorms, Alabama and North Carolina be-

for his departure.

The President to-day appointed Wm. J.
Newman U. S. District Judge for the
Northern District of Georgia; Thomas B.
Yancey, to be U. S. Marshal for the Western District of Tennessee, and Thomas W Scott for the Eastern District of Virginia. It can now be authoritatively stated that Mr. A.G. Sedgewick, of New York, goes to Paso Del Norte and Chihuahua by request of Mr. Bayard and in connection with the Cutting case. The mission is in no sense of a diplomatic nature, but simply to secure for the Department full information in regard to the case. Records of Mexican Courts are not published like those of this country, and the usual diplomatic channels through which they would naturally be sought are slow, owing to the distance between the scene of the trial and the Capital. Gen. Sedgewick, in addition to securing the records, will look up all the facts in the case and study its legal features, reporting fully and early to the Secretary. No further steps are contemplated by the department until his report. His journey may be extended to the City of

With regard to the rumored resignation of Minister Jackson, it can be stated upon authority, that his purpose to resign antedates the present controversies, but he is expected to remain at his post until they are fully settled.

The President has appointed John Goode, of Virginia, special counsel on the part of the United States in the suit instituted at Columbus, Ohio, to test the validity of the patent granted the Bell Telephone

Spread of the Anti-Chinese Movement [By Telegraph to the Morning Star.]

SEATTLE, Aug. 14.—Advices from Alas ka are to the effect that the anti-Chinese movements have spread to that territory On August 4th at a meeting at Juneau, was decided that Chinese employed by the Alaska Mill and Mining Company, on Dou. glass Island, must go. A committee of fifty proceeded to the Island and demanded Treadwell, the manager, discharge them. He refused. The committee return ed to Juneau and reported to the citizens at a secret meeting. On the 6th, one hundred miners proceeded by boat to Douglass Island, and in spite of Treadwell's protest, assembled the Chinamen, seventy-six in number, at the wharf for shipment to Seat-tle by the steamship Idaho. The Captain of the Idaho refused to receive them and as Treadwell had gone to Sitka, appealing for aid from the United States steamer Pinta, the miners were worried to devise quick means of disposing of the prisoners. There were two schooners lying at Douglass Island. The committee chartered one and seized the other, the Captain declining to charter it. The Chinamen were put aboard the small vessels and given one hundred sacks of rice and some tea. The vessel then sailed for Wrangel Island, but a storm arose and they were unable to land. When the Idaho left Alaska, they were beating about near Juneau, both crowded with Chi-

The Clearing House Statement Generally Believed to be Unfavorable. (By Telegraph to the Morning Star.)

New York, August 14.-The bank statement shows a further falling off in the reserve, and it is geneally believed to be unfavorable. The reserve decreased \$1,-435,025; loans decreased \$3,093,900; specie increased \$285,100; legal tenders decreased \$3,605,000, and deposits decreased \$7,542,-

Manager Camp of the Clearing House, says he has not investigated the cause of the withdrawals of deposits and the loss in legal tenders, but that the increase in specie is due to the change made by the sub-trea-sury in paying balances in gold instead of legal tenders. Other bankers state that the trust companies have taken advantage of the high rates of money to loan as much as possible on time, and loans made by them caused them to draw the great part of their deposits and also decreased the bank loans. The net amount of money shipped to the

A Cold-Blooded Murder - Lynching

Probable. [By Telegraph to the Morning Star.] Grand Rapids, August 14.—A cold blooded murder was perpetrated at Rock Yard, Mich., to-day, and a lynching is probable. The murderer, John Boyd, being drunk all night, stole a revolver from a shop, went to the house of William B. Johnson, a prominent citizen, called him out and shot him through the heart. Boyd bears a bad character, but is of a good family. After the shooting he coolly walked down the street, threatening to kill all he met, and bragging of what he had done. He also attempted to shoot two other citizens. He is under arrest awaiting investigation.

Maxam is married and has a son 17 years old. Blake is also married. Both men took all the money they had, leaving their families destitute.

Twenty-six of the principal business houses of Folsom, Cal., were destroyed by fire yesterday. The loss is \$450,000; insurance \$395,000.

KNIGHTS OF LABOR.

Cardinal Gibbons Disagrees with Cardinal Tascherean in his Condemnation of the Order.

(By Telegraph to the Morning Star). BALTIMORE, August 14.—The American will print to morrow an interview with Cardinal Gibbons. He says: Cardinal Tascherean's condemnation of the Knights of Labor should not be taken as the sen-timent of the Church. I am not familiar with the Labor organization in Quebec, but it is certain that the Cardinal's hostility grew out of some local law or conduct of the Knights which are contrary to the FROM ALL PARTS OF THE WORLD doctrines of the Church. As to the Knights of Labor in the United States I have not thoroughly examined their constitution, or

studied their purposes; yet, from newspa-pers and Mr. Powderly's statements I in-fer that their objects are praiseworthy and not opposed to Church views. Catholic prelates will to a man declare in favor of the organization of labor. There can be no wrong in it; organization is the basis of all progress—political, social and religious.
Only when it is abused does the Church raise her voice. I have no knowledge of local societies in Canada. Whether or not secret pledges are taken by the Knights of Labor there, is a question on which more light should be thrown by their leaders. Vicar General Conway of Chicago, assured me that it bears no resemblance to the order of Masons, Odd Fellows, and other organizations which the Church has always antagonized. A distinction must be made as to the nature of secret pledges. We hold that if a man joins a society swearing never to reveal any of its workings and to obey the dictates of its officers, blindly, he surrenders his personal liberty. On the other hand, if a man joins, swearing to keep secret its workings, with a proviso that nothing shall be contrary to the laws of the land, we hold he is perfectly justifiable. The whole question depends on which of these oaths the members take. If the latter, and in accordance with Mr. Powderly's statements, then the Church says to the Knights of Labor, God speed you on! If, however, the absolute blind pledge is taken, no matter how laudable the object of the society, the Church can never countenance it and it will call on her children to withdraw, under pain of excommunication. So everything depends on the proviso.

Excitement at Logansport Over the Abduction and Probable Murder of a Young Lady.

B; Telegraph to the Morning Star. LOGANSPORT, Aug. 14.—There is great excitement over the abduction and probable murder of Miss Luella Mabbett, an estimable girl, living south of here. Last week Amos Green, a rejected suitor, drove in a carriage to her home, seized her and carried her off. He returned home next morning and disappeared. Miss Mabbett has not been seen since then, and as Green had threatened her life, it is believed she has been murdered. An organized search for her has vainly been carried on. A trail has been found leading to Wild Cat Creek and

some believe the body will be found in the Thursday night a mob, believing Green's mother knew of the whereabouts of her son, went to her house. A rope was placed around the old woman 's neck and she was threatened with death if she did not reveal the hiding play 3 of her son, but the threats were of no avail. The mother refused to open her mouth to betray her son.

The mystery is deepened by the disap-pearance of another of Miss Mabbett's suitors. John Yerkis. On the night of the abduction William Walker made a call on Miss Mabbett's sister, and he has since been arrested as Green's accomplice. Mrs. Green has also been arrested.

y lynching, occurred near Georgetown, lls. The names could not be learned. When the war opened young Mc-Clammy entered the Third Regiment as sergeant and served with honor and credit throughout the entire period of the war, sharing the fate of his comrades on the march, in battle and in prison, until peace at length restored him to the plough he had left standing in the furrow at the old home. stead. As gallant, as brave and as true as the bravest, he quietly accepted the situa-tion and earnestly devoted himself to the duties of a practical farmer. But his friends were not content with this, and his services were in constant requisition in every canvass, and in 1870 he was brought out as a candidate for the State Senate, and through a split in the Republican party and the fine management of the Democratic Committee under the leadership of Maj. Engelhard, he was elected to the Senate, despite a majority of about 2,000 against him. In the Senate he made a most excellent, careful and practical member, particularly obtaining much valuable leg is-lation for Wilmington and New Hanover Co.
