OUTLINES.

Full and graphic reports are given of the great earthquake shocks on Tuesday night and vesterday morning; our sister city of Charleston, which seems to have been the centre of the disturbance, was a great sufferer; the loss of life was appalling and the money loss runs up into the millions. -Augusta, Savannah, Columbia and other points South report violent shocks, but without serious results; Columbia had sixteen distinct shocks. - Two or three fatal railway accidents are reported as the result of the earthquake. - An earthquake shock is reported in Smyrna, and a volcanic eruption on an island in the Mediterranean. - Judge Manning, of Louisiana, has been appointed to succeed Gen. Jackson as Minister to Mexico. - The Richmond & Danville Railroad Company have issued a circular asking new terms with holders of debenture bonds. - A magnetic storm of a remarkable nature is reported from Rochester, N. Y. - Prof. McGee, of the Geological Survey, goes to Charleston to make a scientific study of the effects of the earthquake. - Yellow fever has broken out at Biloxi, Miss., and all communication with the place has been

- Coroner Jacobs received a letter vesterday from Mr. W. G. R. Frayser. of Danville, Va., saying that he (Mr. Frayser) is now satisfied that the man who committed suicide in this city August 18th was his son, Powhatan C Frayser, and asking that his grave be marked, so that there will be no trouble about removing the remains to Richmond in the fall.

Earthquake Notes.

Repeated shocks of earthquake were felt here yesterday; at 1.10 a. m., 5 a. m., 8 30 a. m., and 5.15 p. m. The last one was quite severe, caesing many people to run from their houses into the streets. At seven minutes to 12 o'clock last night there was another, quite severe.

Capt. Smith, of the steamer Murchison, says that the shock Tuesday night was very slight on the river. The boat was 45 miles above Wilmington, at a landing, taking on freight There was no perceptible agitation of the water.

The Signal Service Observer at Smithville says that shocks were felt at that place vesterday ai 1, 8.30 and 10 a. m. The tide seemed to be slightly higher, but the water was not greatly agitated. People were greatly frightened Tuesday night. No damage was done beyond the destruction of

A correspondent at Rockingham writes that there were six separate and distinct shocks felt there Tuesday night; the first causing dishes and bottles to fall from shelves. Women and children were greatly frightened, their screams being heard all

It is expected that communication with Charleston by the Northeastern Railroad will be reopened to-day. From Monk's Corner to Charleston, a distance of some twenty eight miles, the track at various points is distorted and out of line and will have to be straightened. The South Carolina Railroad is under water between Ravenel's and Charleston at various places, and at several points the earth has caved in.

Mortuary Report for August. The mortuary report of Dr. Potter, city physician and county superintendent of health, for the month of August, gives the total number of deaths occurring in this city as 39, seven whites and thirty-two colored. Twenty-seven of the total number were children, two whites and twenty-five colored. The report says: "You will notice, as heretofore, the great difference of mortality between the whites and negroes. Certainly, the death rate of the whites will compare favorably with the rate of any city North or South. If we can by any rightly directed efforts reduce the mortality among the colored people we are more than anxious to make them. We have mentioned the danger of crowding together in dark damp houses, and of the benefit to be gained by keeping persons and premises clean and dry. We have pointed out a prevailing disease among a certain class, which if eradicated would do wonders in lessening our mortuary reports. Imprudence in sleeping and eating, &c., has been talked to them over and often. I would like to repeat my opinion that much sickness has been averted by the energy shown by the health officers and other officials, in drying the streets and lots and disinfecting low, damp and filthy places after the heavy rainfall in June and

month. There was more of it in the country than we had any idea of. — After a lingering illnes at his home, fifteen miles east of Monroe, early yesterday morning, Mr. James S. Marsh passed away, aged 68 years. He was one of the best citizens of the county. — Mr. D. P. Robinson, one of our most estimable countymen, who lives near Stevens, received a kick from his mule last Thursday which came near proving Typhoid and malarial fever, cholera infantum, and consumption were the chief causes of death.

Ionthly Exports. The following is a statement of the foreign exports from the port of Wilmington for the month of August, as compiled from

Movement to Extend Relief to the Charleston Sufferers - Committees Appointed, Resolutions Adopted, &c. A meeting of citizens was held at the

City Hall last night to adopt measures for the relief of the earthquake sufferers of the stricken city of Charleston, S. C. Mayor Hall was called to the chair, and

Mr. J. D. Nutt was requested to act as Secretary. Committees were appointed as

Committee on Relief-Dr. W. G. Thomas, Rev. Mr. Lewis, Jas. C. Stevenson. Committee on Subscriptions-G. J. Boney, A. J. DeRosset, J. H. Watters, J. M. Forshee, R. E. Calder, Jno. Haar, Jr., Alex. Adrian, H. C. McQueen, Fred. Rheinstein, J. I. Macks, Henry Taylor, John Norwood, Valentine Howe.

Committee on Resolutions-D. B. Cutlar, Thos. W. Strange, Wm. Calder. The Committee on Resolutions reported

the following which were adopted: Resoled. In the name and on behalf of this entire community, a large number of whom are assembled here to night, that we acknowledge the power of Almighty God, whose presence in our midst last night was manifested in the earthquake's shock, and we pour out our hearts before Him for his merciful deliverance.

Resolved, That the lamentations which have reached our ears to-day from our sister city of Charleston, coupled with our grateful recollections of her merciful ministrations to us in the past, have taken the place of all consideration of ourselves, and of our deliverauce, and filled us with emotions of the deepest sympathy and sorrow.

Resolved, That we tender to the people of Charleston our sympathetic aid, and assure them that our hearts and our homes, as well as our purses, are open to their needs, and ready to do them service.

On motion, the Mayor was made chairman ex officio of all the committees.

On motion of Rev. Mr. Lewis the committee on relief were instructed to call for volunteers to go with the committee to Charleston, and the Mayor was instructed to telegraph the Mayor of Charleston that the Relief Committee were ready to go at

The following telegrams were sent to the Mayor of Charleston, S. C., and the Treasury Department at Washington: "To the Mayor of Charleston, S. C .:

"A committee of volunteers, a hundred strong, from the citizens of Wilmington stand ready to come to your aid with men and means. Shall they come and in what capacity most needed? Fire Westerday Afternoon. An alarm of fire was sent out yesterday afternoon, about 4 o'clock, from box 31, corner of Fourth and Brunswick streets. The fire was found to be on Swann, between Fourth and Fifth streets, originating in a stable on the premises of Mr. John Farmer. When discovered the interior of the stable, in which there was a quantity of hay, was in flames. The fire spread rapidly and totally consumed Mr. Farmer's dwelling, a sausage factory and the stable. His family managed to save the greater part of their clothing and furniture The flames spread to a dwelling house on Swann street occupied and owned by Mr. C. W. Futch, the upper part of which was badly damaged, but the house was saved from complete destruction by energetic efforts of the firemen. Both Mr. Futch and
