THE CITHERA CONCERT.

A Large and Delighted Audlence-A Successful Cencert-To Be Repeated.

Luther Memorial Building was filled by delighted audience last night. Every seat was taken, and even some of the chairs and benches were brought in to accommodate those present. All were very. highly pleased. The following programme was rendered:

1. Piano Solo-Prof. I. Greenwald. 2. Zitter (Solo)-Prof. J. Dietrich, "Starry Night."

8. Duet (Vocal)-Mrs. Miller and Mrs. Jno. Haar, Jr., "The Gipsey Countess." 4. Zitter (Solo)-Prof. Dietrich, with guitar accompaniment by G. Prigge, Jr., "Sounds from Home."

PART SECOND. 1. Zitter and Guitar-Messrs. Deitrich and Prigge, "Soldier's March," 2. Vocal Duet-Mrs. Miller and Mrs. Haar, "Larboard Watch."

3. Piano Solo-Prof. Greenwald, "Recollections of Homa." 4 Zitter Solo-Prof. Dietrich, "Forget

Me Not.' Nearly every piece rendered was encored, and in most instances the performers responded to the encore. The concert was in every way a success. The musical ability of our home musicians is well known. All did themselves credit. Prof. Dietrich is unquestionably a master on the cithara, and plays with a skill and good taste that

At the conclusion of the concert, the Young People's Association, through Rev. F. W. E. Peschau, presented the Professor with a large and handsome bouquet as a token of their appreciation of his ability and kind services.

The concert will be repeated Wednesday night. No admission will be charged, but a collection will be taken; one-half of which will be sent to Charleston.

Railroad Facts and Rumors.

It has been mentioned that Raleigh would soon be on a through line of road by the laying of the iron from Hamlet to Cheraw, S. C. The road is known as the Palmetto Railroad. It is owned by Moncure Robinson, and it is said that iron for the track is rapidly arriving at Hamlet and track-laying will begin at once. It is understood that Mr. Robinson has secured the use of the tracks of the Raleigh & Gaston and the Raleigh & Augusta railways from Weldon to Hamlet. It unquestionably means a through line. Like much railway work in this State, it is kept as mysterious as possible. Each road appears to be fearful of what others may do to circumvent it.

Iron for the Charleston, Cincinnati & Chicago Railway has arrived at Black's Station, near Shelby, in Cleveland county, and will be laid at ouce. One of the locomotives has also arrived. This road is a rival of the Carolina Central, and is building west from Shelby. Rails are being laid, and a hundred tons a day are arriving. It was so long in making its appearance that some people lost faith in the promises

of the managers of the rosd. The election in Brunswick on the proposed subscription by the county of \$100, 000 to the capital stock of the South Atlantic & Northwestern Railroad Company takes place to day. The people are supposed to favor it by a very large majority.

A Hint to Builders Everywhere.

Supervising Architect Spier, of the United Treasury Department, who has been inspecting the buildings in Charleston, S C.,

"The vast amount of damage done to property here by the earthquake is largely due to the way in which the houses have been constructed. In the course of our examinations we have found very few of these buildings injured which were well built and in the construction of which the proper materials were used. In most of the injured buildings the mortar seems to have been made with fine sand mixed, in some instances, with red clay. This becomes dry and crumbling in the course of time, and makes a very insecure building. In all cases I advise the people to use gravel in their mortar, and to have it clean, sharp and angular. No sand should be used a all. These high parapets and overhanging walls should also be abolished. They do no good whatever, and are not much of an ornament, while on the other hand they are a great detriment to buildings. Again, where the chimneys are extraordinarily high it would be advisable to have them tied in some way to the roof or braced with

Base Ball Benefit for Charleston. Two base ball clubs of this city-the Acme and Atlantic-will play a match game this afternoon, for the benefit of the Charleston earthquake sufferers. The object is a commendable one and will no doubt attract a large number of spectators. As one of the boys expresses it, "there are

a number of people who would like to give a quarter to the sufferers but dislike offering that amount, and this will give them an -- The protracted meeting at the opportunity to come forward and con-Brooklyn Methodist Chapel is still going on | tribute." Besides, we are assured the game will be well worth witnessing, as the players are of the best in the city. The game will begin at 4 o'clock sharp. The nines

Real Estate Agency,
iv 25 D&Wtf Shoe Heel, N. C. FARMS AND LANDS FOR SALE. IMPROVED LANDS, TIMBERED LANDS, SWAMP LANDS and TOWN PROPERTIES.

The Counties of Robeson, Bladen, Cumberland, and all adjacent sections, offer fine opportunities for investment. The opening of direct railways North make the SHOE HEEL section a NEW AND INVITING FIELD for Trucking, Gardening and Fruit. Climate and hygiene advantages unsurpassed in any country. A competing point for freights. Railways North, South, East and West. Quick transport North by several routes. A grand opportunity for sate investments, and a better one for practical farmers and horticulturists.
