We would certainly vote for Bob Taylor if we were in Tennessee for he is a manly sort of a fellow if he does "draw catgut." Read and you will feel like voting for him too. At Tullahoma there was a big Democratic crowd and they were much disposed to guy Alf, the Republican candidate. Bob was on his feet in an instant. "The man who insults my brother," he cried, "insults me."

We are not surprised to see that Col. Batchelder's account of Charleston misled people in the North. The STAR took occasion to contradict his false impressions as soon as it saw what he was reported to have said. His statements North do not tally with what he said at Charleston. His talk stopped subscriptions, as we were led to predict.

County Commissioners—The Onslow Railroad Matter. The Board met yesterday afternoon at 2.30 o'clock. Present: H. A. Bagg, Esq.,

Chairman, and Commissioners Worth, Pearce, Moore and Montgomery. The Chairman stated the object of the meeting.

Mr. E. S. Martin, Secretary of the recently incorporated Wilmington, Onslow & East Carolina Railroad Company, presented a petition signed by some eleven hundred voters of the county, asking that an election be called by the Board upon the question of a subscription of \$100,000 to the capital stock of the Company by the county. He also submitted to the Board the statement heretofore published in the STAR, of the terms, etc., upon which it was proposed that the subscription should be made by the county. The Board, after deliberation decided to take the matter under advisement, and adjourned to meet again

At the informal discussion of the matter that ensued after the proposition was submitted by Mr. Martin, the disposition of all the members of the Board appeared to be friendly to the project, but at the same time a determination was evinced that the interests of the county should be fully protected, and if possible that the county should have a larger control of the road than it was likely to be entitled to under the terms of the proposition submitted.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homosopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy! The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet falled to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.
