Entered at the Post Office at Wilmington, N. C. as Second Class Matter.

MORNING EDITION.

DEMOCRATIC TICKET.

FOR THE SUPREME COURT. W. H. SMITH, THOS. S. ASHER, A. S. MERRIMON. FOR CONGRESS IN STATE DISTRICT, ALFRED ROWLAND, OF ROBESON.

OUTLINES.

James Wheeler was fatally injured at Fredericksburg, Va., by the premature discharge of a cannon while firing a salute in honor of the President.

The whole South says, Bless pretty Mary Anderson. The George party is out of soap. Hand round the gourd.

The newspaper picture gallery is growing monotonous. The heads all look alike—ugly. Cousin Ben Folsom is now telling a listening world all about that Consulship. Attend!

Emperor William is in very poor health and will not last long it is believed. The New York Chamber of Commerce has sent \$89,574 to Charleston in all. Most generous indeed!

In Ireland ill feeling between landlords and tenants is rapidly springing up. The National League stands behind the latter. The best State printer North Carolina ever had is Peter M. Hale.

THE MORNING STAR.

It is charged that at Ward's Island, near New York city, that the bodies of dead infants of foreign emigrants are boiled.

Four New York Broadway railroad magnates, namely, Sharp, Foshey, Richmond and Kerr have been indicted for bribe taking.

The Boston Herald, Protection, asks what is free trade. It is license taken by Republican organs to slander and abuse the South.

Richmond is getting ready to give the President an "old Virginia welcome." That used to mean a great deal of the drinkables and edibles.

Everybody knows that in the North the best classes of people do not hob-nob socially with the colored people. We doubt if Powderly himself does.

Serious trouble is expected in London on the inauguration of the Lord Mayor. It is said 100,000 socialists will parade and it is thought blood will flow.

The Augusta Chronicle is precisely right when it says: "The attempt to disquiet and demoralize Southern negroes is a political conspiracy of a wanton interference with other people's business."

Powderly took care of himself at Richmond. Only \$5,000 a year. He practices that part of the Cromwellian maxim—to keep the powder dry. He will not go out in the rain and snow.

Strange to say the country does not help the Texas sufferers. But it is too busy attending the shows. But the people at Sabine Pass and Johnston's Bayou are in great distress and need sooner at once.

The Chicago Illustrated Graphic News, now under the literary editorship of Mr. John McGovern, late editor of The Current, is getting up a holiday number that will be gorgeous. It will be thoroughly illustrated and illuminated.

This year, 1886, has been a very strange one thus far. There was a heavy drought in the spring, excessive rains in the summer, and now we are in the midst of a long protracted drought. But its most distinguishing feature is that it has been so disastrous by flood, tornado and earthquake. The summer was mild, and the mosquitoes were considerable and not numerous.

Spirits Turpentine. The Raleigh Visitor of the 13th came to hand on the 21st inst. The Radical and Democratic "coalition" in Craven is described as "booming."

The work on the State canal in Hyde county is finished, and the convicts will now go to the head of Pungo river and make a road from there to Plymouth. The Charlotte Observer reports two fires on Monday. The store of Manny Brothers, at Cherryville, was burned; people are insured \$8,500. A barn, filled with provender, and two good mules were burned on Dr. Presley's farm.

Goldboro Argus: It is A. H. Jones that is the other Richmond who is in the field, an independent candidate against Maj. C. W. McClammy, for Congress in this district. He is a Wayne county man, we believe, and they call him doctor. The fact is—It has been definitely decided by Capt. Thompson to remove his school from Oakdale to Siler City. The enterprising citizens of the latter place have agreed, according to the Pittsboro Record, to give him a lot and \$1,000 for building an academy.

New Bern Journal: The Democratic barbeque at Harper's Mills in Jones county on the 14th inst. was a great success in every way. Over six hundred people were present, one hundred of them being Strouds and one hundred Harpers and the balance, a miscellaneous crowd. Mr. O. Mauley, of New Bern, and Capt. Darden, of Greene county, were the chief speakers. Letter in Charlotte Observer on Judge J. K. McKin: This gentleman, though young in years, is an accomplished jurist, and has advanced ad eundem to a reputation as a judge seldom achieved except after many years service. He possesses great powers of generalizations and analysis, and what is rare on the benches of our courts, a quickness of perception runs apace with his dispatch of business.

county, will be 21 years of age on the first of December. He will unquestionably be the youngest member of the House. We only wish every voter in Buncombe could have heard the speech. It was masterly, in good spirit, conservative, appealed to men's reason and their highest patriotism—such a speech as Zeb Vance can well make. It had a splendid effect.

Durham Recorder: The present management of Trinity College under the joint control of the North Carolina Conference and the committee of liberal laymen, Messrs. Alaphugh, Carr and Gray, ends at the close of the present session. The future of this excellent college is one of the great matters that will come before the North Carolina Conference at its next annual session. We earnestly hope it will be placed upon a firm foundation, and equipped for a still greater usefulness. The endowment of all our colleges is one of the great questions of the hour.

Raleigh Advocate: Col. Walter L. Steele was nominated for the Legislature by the Democrats of Richmond county, but declined to be a candidate. We regret his declination. We need such men for our Legislature. For the year 1890, fifth has had the misfortune of a loss by fire, we regret to learn. His brethren will sympathize with him. In a private letter he says: "Last night while at church my stable was burned. I lost nearly everything I owned, both horses, all of my oats, fodder, corn, and many other things. No one can account for the origin of the fire. My loss is over \$300, and the parsonage property loses about \$200 in the building."

Reynolds notes in Raleigh Advertiser, condensed for the Star: Mr. Zeno, 18 additions; Holt's chapel, 26 professions, 15 additions; Poplar Springs, 25 professions, 15 additions; Farmington circuit, 60 professions, 50 additions; Sneed's Grove, 16 professions, 11 additions; Raleigh, 31 additions; Edgemont circuit, 65 professions, 55 additions; Jacksonville, 8 professions, 6 additions; Mt. Gilead circuit, 90 professions, 64 additions; Caldwell circuit, 44 professions, 24 additions, with 50 converts for the year; Bath circuit, for the year, 90 professions and 50 additions; Smithville circuit, 80 additions for the year; Kernersville circuit, 22 additions; Pamlico circuit, 23 additions; Montgomery circuit, 55 professions, 23 additions.

Elizabeth City Economist: We are much pleased to hear that the "Teachers Assembly" of North Carolina will probably be held next year at Nag's Head. We have seen a letter addressed to Prof. Sheep by Secretary Harrell that the Executive Committee were all in favor of Nag's Head. It is a beautiful spot, and the teachers are busy with their rice crop; the yield seems to be fine indeed. All crops are an average. Lee's Mills site: Our little village is enjoying quite a boom. The John L. Roper Lumber Company, of Norfolk, Va., are building a standard gauge railroad from this place to Pantego. They now have about four miles graded. Two large loads of steel rails and a locomotive have arrived, and track-laying will begin in a day or two.

Raleigh News-Observer: "My son Oliver" Dockery writes a letter for his brother Charles R. to publish in which he says he is not a candidate and that "no such course" as issuing tickets for him for Congress on the eve of the election will be adopted. He says the race is square between Charles R. and Col. Rowland, and that he (Dockery) will certainly vote for the former. So the people of the Sixth District can see even more clearly than before that if they vote for Charles R. they will vote for nothing more nor less than a Republican. Oxford letter: Look at your map. Draw a line from Clarksville to Raleigh. It passes through Oxford. Draw another line from Clarksville to Durham—it runs five miles west of Oxford. The Oxford & Clarksville road is as good as built. It will not stop here. The R. & D. road had this new North Carolina route in mind 80 years ago. There will be no more new roads if it goes to Raleigh! It will pass through three townships in Granville, Fishing Creek, Dutchville and Brassfield. Each of these will contribute \$10,000. That will Raleigh and Wake ships do? Henderdon dot: A dwelling house about a mile from town, belonging to Mr. James H. Lassiter, and occupied by the furniture and about three bags of tobacco were destroyed. The inmates had a narrow escape.

Democratic County Convention. The Democratic Convention for New Hanover will meet in adjourned session at the City Hall to-morrow at noon, to determine the question of making nominations for county officers and members of the State Legislature. It is an important meeting, and there is an earnest desire on the part of all Democrats that the delegates chosen to represent the different wards and townships shall all be present.

Following is a list of the delegates: First Ward—J. O. Davis, W. C. Parrow, F. Maunder, John Barry, Wm. Genauet. Second Ward—Jas. O. Stevenson, A. G. Ricard, Jno. J. Hendrick, R. B. Clowe, H. McL. Green. Third Ward—J. D. Bellamy, Jr., Sam. Bear, Jr., J. G. Oldenbuttel, W. W. Shaw, J. W. King. Fourth Ward—H. G. McQueen, J. I. Macks, P. Cumming, F. L. Meares, R. W. Hicks. Fifth Ward—J. H. McGarity, P. T. Dicksey, O. H. Kennedy, Benj. Bryan, J. D. Klander. Masonboro Township—R. E. Heide, J. P. Montgomery, B. S. Monford. Harnett Township—W. B. McKoy, A. A. Moseley, Geo. W. Harper. Caspe Fear Township—A. J. Grady, Jas. Cowan, C. C. Bourdeau.

Another Storm on the Gulf. Advice received through the Signal Service indicate that a storm disturbance made its appearance in the Gulf of Mexico last night in the neighborhood of Key West. The barometer at 10 p. m. registered 29.98 inches and the wind was blowing from the northeast at the rate of 32 miles an hour. At Jacksonville, Fla., the barometer at the same hour was 30.15; at Pensacola 30.18, and at Mobile, Ala., 30.20. At the Wilmington station the barometer recorded 30.15. Nothing definite can be stated as to the progress and intensity of the storm.

Personal. Mr. Jacob Greenwald of this city, was among the injured in the railroad accident which occurred near Asheville, N. C., Wednesday last. A telegram received by his brother Mr. I. L. Greenwald, yesterday, said that he was suffering somewhat but doing as well as could be expected.

COLORED CIRCLES

Agitated by the Arrest of Anthony Howe, Jr., in Boston, Mass.—He will be Brought Back to Wilmington to Receive Sentence for Perjury.

Anthony Howe, Jr., (colored) who at the last term of the Criminal Court for this county was convicted of perjury, but made his escape before sentence could be pronounced upon him, has been captured in Boston, Mass. Col. B. R. Moore, Solicitor of the Criminal Court, received notification to this effect from a detective in that city who made the arrest, and who said that Howe was in custody and would be held until sent for. The necessary papers in the case were prepared yesterday afternoon and put in the hands of an officer who left last night for Raleigh, to obtain a requisition from Gov. Scales and proceed to Boston and bring back the prisoner. Howe, at the time of his disappearance was under a bail-bond of \$300, a kinsman being security for him.

Howe belongs to a well-to-do family of colored people who have always stood well in the community and have considerable influence with that class of the population, some of the male members of the family being prominent Republican leaders. Valentine Howe, a relative of Anthony, is a member of the Board of Aldermen and the nominee for Representative in the State Legislature from this county. Anthony, himself, has never held any official position, but was for several years a clerk in the office of Joseph E. Sampson (colored), the Republican Register of Deeds of this county. After Anthony's escape with a colored girl, which finally got him into his present predicament, Sampson discharged him from his employment. Anthony was accused of having betrayed the young colored woman mentioned above, a pretty mulatto, whose father had sent her North to be educated, and who was said to be highly accomplished for one of her race. The father of the girl was about to wreak summary vengeance on Anthony, when he was arrested and placed under bonds to keep the peace. But an uncle of the girl then came forward as her champion, waylaid Anthony on his way to his office one morning and gave him a terrible beating with two rawhides plaited together. Martin, the uncle, was arrested for this offence and tried in the Criminal Court for assault and battery. At the trial all the history of the scandal was told, and created a great sensation in colored circles. There were some twenty or thirty witnesses and the court room was crowded with spectators. Anthony himself was placed upon the witness stand, and made statements which were declared by witnesses on the other side to be false. Shortly afterwards he was arrested on the charge of having committed perjury, and gave bond for his appearance at the term of the Criminal Court which was held last month. The trial of this case also excited a good deal of interest among the colored people; there was again a great array of witnesses, the scandal was again ventilated, and the court room, of course, was crowded with friends and partisans of the prisoner and his accusers. When the jury brought in a verdict of guilty Anthony was not present, but it was not known until the following day that he had left the city and gone to parts unknown to escape the punishment that was certain to follow his conviction. Since his departure, however, friends of the young woman have been constantly on his track, and detectives have been employed in all the cities North where it was suspected that he had gone, resulting finally in his detection and arrest.

River Improvements. Capt. W. H. Bixby, U. S. Engineer in charge of river and harbor improvements, advises for proposals for dredging in the Cape Fear and for furnishing 20,000 tons of stone for the improvement of the river. Also for dredging in Georgetown harbor and in Mosquito Creek, S. C. Bids will be received at the U. S. Engineer office in this city until the 6th of November proximo, up to the hours specified in the advertisements.

Select. QUITS AND PANT GOODS NOW. WE will make up and deliver when wanted. A fine stock of IMPORTED and DOMESTIC goods on hand, newly purchased. MUNSON, Merchant Tailor and Clothier.

Military Matters.

The target prize-shooting which will be held during the approaching Fair at Goldsboro, is creating great interest throughout the ranks of the State Guard. Our boys will commence practicing across the river and will devote as much time as possible towards perfecting themselves by November 4th. The members of the company who are going over to-day have been notified to assemble at the foot of Mulberry street at 4 o'clock this afternoon. The W. L. I. team must go to Goldsboro determined to win and bring back the medal. The Governor's Guards, of Raleigh, named in honor of Governor Scales, received their new and handsome uniforms a few days ago and came out on full dress parade and inspection. The News and Observer speaks highly of the drilling and says they turned out fifty-two men. They will also send a team to Goldsboro.

Colored Man Drowned. A colored man named Larry Nixon was drowned in the river last night about 12 o'clock. A few minutes before the occurrence he was walking down Water street in company with several other colored men and boys. They were all under the influence of liquor and acting in a disorderly manner. Police officer Terry attempted to arrest Nixon, when the latter broke loose from him and ran on board of a wood-float lying at the foot of Princess street. He was under such headway, however, that when he reached the end of the flat he was unable to check himself and plunged into the river. A colored man on another wood float attempted to rescue Nixon, but failed, and the poor fellow drifted out into the darkness and to death. Nixon was about the employ of Capt. Cumming, at his residence down the river. He was about 25 years of age.

An Appeal from High Point. A lady residing at High Point, N. C., writes to the STAR: "The ladies of High Point, N. C., favoring the erection of an Episcopal church or chapel here, have concluded to put the ball in motion by holding a Bazaar some time in November, between the 10th and 13th of that month, and as we are few in number and poor in purse, I write to appeal to the good people of Wilmington for aid in the work. We would feel most grateful for anything. Bishop Lyman has established a mission here, called St. James' Mission. We have service twice a month by Rev. Mr. Edwards, of Concord, N. C. For the past two years we have had service at the private residence of an English family, and now we have determined to build a chapel. We desire and need all the outside help we can get, and hope the good people of our State will respond to our call. Contributions can be forwarded to the Ladies Aid Society, High Point, N. C."

By Collier & Co. AT EXCHANGE CORNER TO-DAY, AT 10 o'clock, we will sell, for whom it may concern, TWO GOOD HORSES, ONE GOOD BOBBLE. By S. VANAMRINGE & CO., AUCTIONEERS.

Division of Telegraphs and Reports for the Benefit of Commerce and Agriculture. COTTON-BELT BULLETIN. The following table shows the average maximum and minimum temperature, and average amount of rainfall, at the district named. Each district includes from ten to twenty stations of observation, and the figures given below are the mean values of all reports sent to each centre of district. Observations taken daily at 6 P. M., 75th meridian time. October 21, 1886—6 P. M.

Table with columns: Districts, Max. Temp., Min. Temp., Rain Fall. Rows include Wilmington, Augusta, Savannah, Atlanta, Montgomery, Mobile, New Orleans, Galveston, Vicksburg, Little Rock, Memphis.

Weather Indications. The following are the indications for to-day: For Virginia and North Carolina, fair weather, northerly winds and slightly cooler. For South Carolina and Georgia, generally fair weather, winds shifting to northerly, slightly cooler in the interior, nearly stationary temperature on the coast. For Eastern Florida, local rains, northeasterly winds, and nearly stationary temperature. For Western Florida, Alabama and Mississippi, fair weather, easterly winds and nearly stationary temperature. For Tennessee, fair weather, followed by local rains in the west portion, variable winds, generally easterly and warmer.

LOVE AND LAW.

Accepted by the Public and concurred by the Critics to be among the ablest plays from the pen of an American Dramatist.

Sale of Atlantic Hotel.

At Morehead City.

BY VIRTUE OF A DECREE OF THE SUPERIOR COURT of Carteret county, made at March term, 1886, in an action wherein John M. Wilson and J. B. Steyer were plaintiffs and James M. Gastling and wife and others were defendants, we shall offer for sale by public auction, on Friday, the 22nd day of October, 1886, at 10 o'clock A. M., in the Court House at Morehead City, N. C., all that parcel of land lying in Morehead City in the county of Carteret, and State of North Carolina, being known in the plot of said town as square one and two, on which the A. F. & A. M. Lodge No. 319, is located, and on the north by Bridges street, on the east by Third street, and on the west by Fourth street, situated on both sides of the Atlantic and North Carolina Railroad track, and containing four acres, and fully described in the pleadings in said action, with all the buildings and appurtenances thereto belonging.

Also, at same time and place, all the interest of James M. Gastling and his assignees in 12,000 acres of Land Tracts on Snow banks, between the Atlantic Ocean and Hogue sound, near Morehead City, N. C., adjoining the lands owned by James M. Gastling and his assignees, also the lands of the State of North Carolina, and place, all the Personal Property in the household and outbuildings, consisting of Pianos, Furniture, Bed Room Furniture, Kitchen Furniture, Stock, Blacksmith Shop, and all necessary furniture of a large hotel.

Terms—Personal property cash. Real estate, \$7500 cash, the balance in two years, with 8 per cent. interest from day of sale; upon failure to meet deferred payment of balance to become due in full, with 12 per cent. interest, and payment of purchase money.

SPER WHITEAKER, F. H. HUBBARD, Com'rs.

WHERE TO BUY A QUESTION.

IS A MIGHTY IMPORTANT QUESTION, AND no doubt many lady readers of the newspaper advertisements are giving it attentive consideration at this moment. It may assist their deliberations to be told something regarding the resources of our various military departments.
