THE TORIES HAVE ALARMED THEIR WHIG ALLIES BY THEIR LATE MOVEMENTS.

The Tories have alarmed their Whig allies by their late movements. The London correspondent of the N. Y. Times cables on 30th Oct.:

The Star long ago proposed that it was not at all improbable the Tories might try to steal the Gladstone thunder and pointed to the political somersaults of Sir Robert Peel and Lord Beaconsfield in the past.

There is a business revival reported in Ireland. Good. A London cable dispatch to the New York World of the 30th inst. says:

There has been an unexpected subsidence of disturbances and there are many evidences that the people are devoting themselves more to their ordinary business pursuits of late than they have been doing for many years.

Cape Fear and Yadkin Valley Railroad.

At the meeting of the Board of Audit and Finance of this city yesterday the following was submitted by Col. W. L. DeRosset, Chairman of the Commission appointed by the Board of Aldermen:

GENTLEMEN—Under the direction of the commission lately appointed by the Board of Aldermen to confer with the authorities of the C. F. & Y. V. R. R. Co., relative to a subscription by the city to the capital stock of the road, etc., I have the honor to enclose herewith a copy of a communication received by them from Col. Julius A. Gray, President of said road. This communication explains itself and is submitted to you for such action in the premises as you may deem proper.

Very Respectfully, W. L. DeRosset, Chairman.

CAPE FEAR & YADKIN VALLEY R. R. CO. ALDERMEN: N. C. Oct. 22d, 1886. Col. Wm. L. DeRosset, Chairman, &c.

MY DEAR SIR—Owing to absence from home your letter of the 16th inst., enclosing copy of resolutions passed by the Board of Aldermen of the city of Wilmington on the 4th inst. was not received until yesterday.

While our anxiety to secure the cooperation of your people in the extension of the road from Fayetteville to Wilmington prompts us to waive anything like formal objection to the act authorizing a subscription to be made, not exceeding \$250,000, upon such terms and conditions as may be agreed upon by the president and directors of the C. F. & Y. V. R. R. Co., and a commission of five citizens, &c.

Now, it seems to me that after the commission is appointed, in accordance with the requirements of the law, the Boards of Aldermen and Audit and Finance have nothing to do but submit the question, as to whether they will subscribe to the stock or purchase of bonds of the Cape Fear & Yadkin Valley Railway Company by the city.

Resolved, That the Board declines to concur in the action of the Board of Aldermen appointing a commission as contemplated in the Act of Assembly authorizing a subscription to the stock or purchase of bonds of the Cape Fear & Yadkin Valley Railway Company by the city.
