Registered Packages Lost in the Belgian Mail Robbery-Supreme Court | are now voting. Decision-Bids Accepted by the Navy Department for the Construction of

By Telegraph to the Morning Star. WASHINGTON, November 29.—The Post-office Department has received a list of the office Department has received a list of the numbers of registered packages lost in the recent mail robbery in Belgium. The only Southern points interested are Montgomery, Ala., package numbered 435; Jackson, Tenn., package numbered 76,861; and a couple of Texas points, Referring to the statement cabled from Brussels, that the Belgian Government under existing treaties is responsible to this Government for these packages. Superintendent Bell of the packages, Superintendent Bell, of the Foreign Mail Service, said that for want of Congressional authority the postal authorities have not subscribed to that provision of the lists on the postal union treaty which of the lists on the postal union treaty which provides for the indemnification of owners for loss of registered matter, and as the provisions of the treaty are reciprocal in their operation, they bind only those Governments which have become parties to them. Superintendent Bell also says that statements in dispatches purporting to give the aggregate value of the lost packages were the merest guess work, as no one could know the value of the packages but

WASHINGTON, Nov. 29.—Decision was rendered by the U. S. Supreme Court in the municipal bond case of the Board of Commissioners of the county of Beaufort, N. C., against Edward Sallinger.
This case involves the validity of certain bonds issued by the county of Beaufort for the purchase of a court house. The decision of the U. S. Circuit Court sus-

decision of the U. S. Circuit Court sustaining the validity of the bonds is affirmed. Opinion by Chief Justice Waite.

The Secretary of the Navy to-day accepted the following bids for the construction of new cruisers and gunboats: Cruiser No. 20 (the Charleston), to the Union Iron Works, of San Francisco at \$1.017.500; ornigar No. 3 (the cisco, at \$1,017,500; cruiser No. 3 (the Baltimore) Cramp & Sons, of Philadelphia, at \$1,325,000; Gunboat No. 2, to the Columbia Iron Works and Dry Docks Co., of Baltimore, at \$247,000. In the case of gunboat No. 1, no decision has yet been reached as between the bid of Reeder & Sons of Baltimore, who prepage to con-Sons, of Baltimore, who propose to construct the vessel according to the plans of the Department and the bid of Cramp & Sons, of Philadelphia, whose proposal con-templates the construction of the engines after their own design, although the Union Iron Works Co., of San Francisco, put in the lowest bid on cruiser No. 1 (the Newark) yet as the figures exceeded the maximum amount in the appropriation bill, the Secretary was unable to accept their bid. He will probably refer the matter to Congress, with a statement of the facts and recommend that the appropriation for the construction of cruiser No. 1, be increased, or that the Government be authorized to build the vessel at one of the navy yards.

A Man who Tried to Kill Himself by Jumping from Brooklyn Bridge-Picked Up Unconscious but Likely By Telegraph to the Morning Star.

NEW YORK, Nov. 29 .- A brewery wagon started from the New York entrance at 1.40 p. m., to go over the big bridge to Brooklyn. After the wagon passed the New York pier, a bridge policeman no-ticed something resembing a bundle of coats in the end of the wagon. This bundle assumed an upright position and turned out to be a man. The man jumped lightly from the vehicle to the roadway, mounted the iron girder and without hesitating a moment leaped off. He shot down into the river. The officer was the only one who had seen the leap. He rushed into the roadway and ordered the driver to stop. The driver was surprised at the order and demanded an explanation. On being informed, it was evident from his astonish ment that he was ignorant of the matter. He was allowed to proceed. The name of the man who made the leap is William Hurse. An eye-witness who was on the Dover street pier, said to a reporter: "I was looking up at the bridge and saw the man get over the railing next to the lamp post outside the New York tower. He clung to the rail for a moment and then let He turned two or three somersaults in the air and fell on his back on the water. He disappeared at once. The water seemed to suck him in and the spray splashed up several feet in the air. Very few were on the pier at the time, but several hundred gathered in a few moments and there was

Policeman James Neil, of the bridge squad, arrived a few moments later. He took the tug Columbia and started out to pick up Hurse. The captain of a lighter steamed out and picked up Hurse before the tug arrived. When picked up, he was frothing at the mouth and was too exhausted to speak. His face had a yellow look and his eyes were glassy and vacant in expression. When the lighter reached the wharf, Hurse was placed in an express wagon and taken to the nearest police station and from there to Chambers street hospital. At the station he was able to talk. He told the officer in charge that he wanted to commit suicide. He complained of pain in his side and head and began to rave. At the hospital he was found to be suffering from shock of the concussion. It is thought that he will recover. When asked his reason for the jump, he replied, "I wish I was dead."

Wife Murder at Reading-Loss by the Fire at Pittsburg-A New Movement of the Knights of Labor.

(By Telegraph to the Morning Star.) READING, Nov. 29.—Investigation to-day of the house of Frank Kerner, who choked his wife to death, and then set the building on fire to destroy the evidence of his crime, shows that he had also made 5 P. M. preparations to blew it up by running a General delivery open from 7 A.M. to 6.00 P.M fuse from the upper floor into a keg of and on Sundays from 9:00 to 10:00 A.M. wder below. His intention was evidently to blow himself and the entire family up; because, as he says, God had commanded him to do it. Kerner has made full confession, detailing how he strangled his wife, then dragged her up stairs to a bed, poured coal oil over it and set it on fire. He is an anarchist in his ideas.

PITTSBURG, Nov. 29 .- The fire at the Glass works was caused by an explosion of natural gas and did not get beyond the machinery and foundry departments, which were entirely destroyed. The main building was not damaged. The loss was \$35,-000; fully insured. No person was injured.

Prevanue, November 29 .- The Knights of Labor of this section are making increased efforts to gradually include all trades unions in their order as separate districts. The Iron Moulders' Assembly, No. 1090, of this city, have had under consideration for sometime past the advisability

of going into one national trade district of Knights of Labor. A meeting has been called for next Friday night, when the matter will be more thoroughly canvassed. There are between 500 and 600 fron moulders in the Iron Moulders' Union of North America, the two organizations working together in harmony, and it is said that the new move will in no wise affect the pleasant relations between them. If it is decided to form the national trades district it is said that all of the Knight of Labor moulders in the United States will be included in ers in the United States will be included in it. It will be conducted on the same principles as the Glass Workers' Assembly, No. 300. The movement is much the same as that which the Amalgamated Association of Iron and Steel Workers have under consideration and upon which their members

Socialist Opposition to the Scheme to Form a Cooperative Packing Company in Chicago.

By Telegraph to the Morning Star. CHICAGO, November 29 .- Gentlemen who Chicago, November 29.—Gentlemen who are trying to organize the Knights of Labor Cooperative Packing Company appear to be having a hard time of it, from ontside influence and opposition. Leading men in the yards favor the scheme, and have offered to pay for their share of the stock at once, but so far no money has been paid into the comprision for incorporation. The into the commission for incorporation. The feeling comes from antagonistic socialistic elements, who are not in trade themselves and who think it will have a bad effect on universal cooperation, even though not less than 500 wage-workers can hold stock. At a meeting of the English speaking Socialists Sunday, Morgan, one of the principal opponents of the scheme, said it should be opposed as it would benefit if successful but few men—stockholders. In due time they would acquire some wealth, and thus adopt monopolistic tendencies. The scheme was simply a cooperation of individuals in a corporation to gain money. When these men became wealthy or got any money the would lose their interest in the wage-workers and thus be a bar to universal cooperation, or Socialism of the State. Again, the scheme was not feasible, as wealthy packers would crush them out by selling at lower figures than they could

Horse Thief Killed by a Deputy Sheriff.

By Telegraph to the Morning Star.] Sr. Louis, Nov. 29 .- A special from Burlington Junction, Mo., says: Deputy Sheriff Nelson, of Union Star, Mo., Satur-day succeeded in arresting James Boule, who stole three horses in this vicinity lately, and started on his way with him to Mary-ville, where he intended to place him in jail. At Maitland he received a telegram that a crowd was in waiting to lynch the prisoner, so he concluded to bring his prisoner to this place. They got off the train about two miles from the station and were walking to the jail, when the prisoner made a break for liberty. He was called upon to halt, but he persisted in flight and the deputy drew a revolver and shot him through the brain, killing him instantly. Upon his person were found letters which go to prove that there is an organized band of horse thieves operating in Northwest Missouri and Southern Iowa.

Three Lives Lost at Point Sauble.

By Telegraph to the Morning Star. DETROIT, Nov. 29 .- A special from Ludington says: At daylight this morning a schooner passed Ludington, and when off Point Sauble she hoisted her flag at halfmast. The Point Sauble life boat went out. When 500 yards out the flag went to mast-head. The life-boat attempted to turn and was capsized; the crew clung to the boat, which did not regain an upright position, but drifted ashore. Three of the crew lost their lives-Capt. Flynn and Orrin Hatch died from exposure; John Smith was caught under the boat and drowned. The schooner continued on her
