THE MORNING STAR.

VOL. XXXIX.-NO. 142.

WILMINGTON, N. C., WEDNESDAY, MARCH 9, 1887.

WHOLE NO. 6383

THE DEATH OF BEECHER.

Rev. Henry Ward Beecher died yesterday morning. He was in his 74th year. He was a very remarkable man. In some respects he was the most remarkable among Americans of the last half century. As preacher, platform speaker, lecturer and author he was a man of rare power and productiveness. He was not the type of man that the South admires, but it recognized his uncommon gifts, his eloquence, his independence, his aggressiveness, his wonderful powers of illustration, and his unreliableness as a thinker. He wielded a great influence in the North at one time, and although he lost much of it he never ceased to be an attractive and imposing figure among Northern men. A sketch of

"Henry Ward Beecher was born at Litchfield, Conn., on June 24, 1813. He was the fourth son of Rev. Lyman Beecher and Roxana Foote Beecher, and brother of Mrs. Harriet Beecher Stowe, the talented author of 'Uncle Tom's Cabin,' and other works that have made her name famous.

"Young Beecher pursued his early studies in the public schools of Boston and read classics and graduated from Amherst College, Massachusetts, in 1834. He studied theology at the Lane Seminary, near Cincinnati, under his father. He first took the pulpit as a Presbyterian minister at Laurenceburg. Indiana, in 1887, and two years later he removed to Indianapolis, where for eight years he filled a pulpit of the same denomination

'He settled down in the City of Churches in 1847, and his anchor never slipped from Plymouth Church.

The South will regret to learn of the death of the wife of Senator Beck, of Kentucky. Mrs. Beck was born at Auburn, Va., October 9th, 1852, and was the grand niece and nearest living descendant of George Washington. She married Senator Beck in Lexington, Ky., February

Gov. Wilson has called an extra session of the West Virginia Legislature. Sundry subjects are to be con-

Spirits Turpentine.

- The Salvation Army is now fighting at New Bern, Goldsboro, Charlotte and Wilmington.

- Fayetteville News: There was trout on our market to-day that weighed eleven pounds, said to have been caught with a hook and line.

- Beaufort Record: The wreck of The Harmon was I this of the brig on the inner Diamond Shoals Feb. 4th is still shrouded in mystory. It is believed to have been the brig Garnet.

- Mr. Lewis K. Burroughs, a na tive of Vance county, was shot and terribly wounded in California recently. It is be lieved he was mistaken for another man as he was a stranger in the neighborhood. He was visiting a man named Lewis.

-- The Gregory House at Golds boro, so long and well known to the travelling public, has changed hands. Mr. W. E. Humphey has assumed charge and it is now managed by him. Everything appertaining to the convenience and comfort of his guests is done.

- Goldsboro Messenger: A colored boy. Jim Carter, shot another colored boy, John Harvey, on Widow's Hill, at the home of the former, last Thursday evening, between 7 and 8 o'clock. The weapon was a shot gun, and the entire load struck John in the right arm, above the cibow, shattering the bone.

- Weldon News: Logan Harris, the acting Chairman of the Republican State Executive Committee, says the Independents have have at last folned forces with the Republicans and are all now in the same boat. We always thought they were all swimming together. — We learn that Mr. Chas. Gregory, of Crowella, and Mr. Charles Gray, of Scotland Neck, will leave this week for California where they expect to engage in grape culture.

- Greenville Reflector: Good speeches were made at the temperance mass meeting by Prof. John Duckett. President of the Reform Club, and Rev. F. A. Bishop Their remarks were forcible and appropriate for the occasion. -Bad roads are generally complained of in every section of the county. So long as public roads are kent up as at present, nothing better can be expected whenever there is a wet spell.

- Raleigh Visitor: The high esimation in which this distinguished gentleman (Lieut. Governor Stedman) is held, and the evidence of his appreciation by members of the Senate as a presiding officer, was attested on Saturday afternoon last by the unanimous passage of a resolution commending his services. North Carolina has never had a more proficient presiding officer in her legislative councils, or a more courteous gentleman in the private walks

- Henderson Gold Leaf: We should feel it a duty and a pleasure to state W Cangress since the war There are at that Mesers Burwell, Kelly & Co. sold on Friday last a barn of tobacco for John A. Harris, Req., at an average of sixty-fice doilars, all grades included-and the bold announcement that this sale has never in our knowledge been beaten in the State of North Carolina. [Dennis Tilley, Esq , of Granville, sold in Richmond, Va., some year ago, 19 tieroes, averaging over \$1 a

pound for the whole .- STAR.] - Durham Plant: The cotton factory shipped last week 33,778 yards of chambrays and 1,757 yards of bag cloth.

— Rev. Dr. J. M. Atkinson of Baleigh,
in a letter to one of the editors of this paper says it is "a most interesting paper, and I have been sounding its praises. Our na-tive poet, Theo. Hill, agrees with me in thinking that the poem Transformation, written by your brother, Geo. H. Gorman, and published in the Plant of February 16th, is the best which has been written by

a North Carolinian in many years." - Snow Hill Enterprise: We call the attention of our farmers to an article on the first page from the Wilmington STAR. Our North Carolina lands are naturally just as good as those of Georgia, and could be made to produce just as much cotton and care per acre. — We learn that there are fully one thousand people in Washington who have signed the temperance pledge, and it is to these that the reform is in a great measure due. This is a record worth of application by any town in

form is in a great measure due. This is a record worthy of amulation by any town in the State.

Walte Forest has more students than any college in the State. This speaks well for the liberality of the North Carolina Baptists.

— Raleigh Sign. Rep.: The editor has been in the Cary it every day since the session commence. and has observed the rulings and bearing of Liceut governor Stedman. He has invited to the chair Senators of both patries. His rulings have been almost invariably correct, and when appealed from have not been overruled by the Senate. He has been entirely courte-

the Senate. He has been entirely courteous, and has undertaken to oblige each and every Senator. Gov. Stedman is a good Democrat, and perhaps believes in the color line in the heat of campaigns, but as the presiding officer of the North Carolina Senate he has administered this trust 'without regard to race, color or previous condition of servitude

— Hickory Press: In a recent conversation with an intelligent gentleman, who is in the employ of the R. & D. R. R. Co., we referred to the extension of the C. & L N. G. road to Cranberry. He informed us that he had been over the entire route and found it entirely practicable. He stated further that in his opinion the R. & D. Co. would take steps in that direction at no distant day. His opinion was that the Clyde syndicate would bring a railroad from the coal mines of Southwest Virginia to Cranberry. From that point a direct line to Wilmington might be obtained by building the connecting link between Lenoir and Cranberry. Or should the syndicate prefer to own the whole road to the sea they could go from Salisbury direct to Wilming ton or Smithville

-- Charlotte Observer: Some of our colored people have recently be come infected with the militry fever and the result is that a company has been formed and will be regularly organized next Tuesday night. — Night before last Miss Annie Davidson, daughter of Mr. John Davidson, of this city, had a very narrow escape from being burned to death. Between nine and ten o'clock, when Miss Davidson was ready to retire for the night, she knelt down in front of the fire for the purpose of saying her prayers, and while thus engaged her clothing caught fire. She nade several attempts to extinguish the flames, but the only result was the serious burning of her hands. As soon as she realized her danger she called for help, and Mr. A. T. Hamill, who occupies a part of Mr. Davidson's house, responded promptly, and just in time to save the young lady from serious injury.

- Asheville Citizen: E. I. Holmes secretary of the Asheville Tobacco Association, reports sales of tobacco for month of February as 1,018,183 pounds for \$110,-634 80; average \$10 86 per 100 pounds. Sales from October 1st to March 1st 2,408, 940 pounds for \$261,601 18. - Charleston, N. C., March 5 .- Our citizens were lately startled by the news of a murder committed in our county. A man by the name of Jesse Fabor, a resident of this county, was found near his home on the Tennessee river, about fourteen miles from this place, lying dead in the woods. The deceased having been subject to heart disease it was at first supposed that he died of that disease, but upon examination by the coroner and jury it was found that the deceased came to his death from a gunshot wound, the ball having penetrated the body just below the left shoulder blade and coming out near the pit of the stomach. Deceased had disappeared seven days previous to his discovery. He was found through the incessant barking and howling of his dog, which remained with the body until he was found. From circumstances that attended the disappearance of the deceased. and from threats that had been made, Allen DeHart and J. P. DeHart, neighbors of the deceased, were arrested on the 4th inst, and are now in jail at this place awaiting an investigation of the crime. Great excitement prevails over the horrible crime. - Rev. W. H. Conner, of this county, was in Charleston a few days since with a wagon and team, and on leaving town he asked a young man named Bryson to assist him in crossing Deep Creek, just alove the town. On reaching the creek Mr. Conner mounted the lead horse, while Bryson remained in the wagon. When near the middle of the creek, the water being deep and swift, the horse became unmanageable. Mr. Conner got off the horse and called to Bryson to carry him out and stood tottering in the water for a moment. Bryson, seeing something unusual was the matter, reached him as quick as possible, and held his head above water until help arrived. He was then taken out of the creek, and to a neighbor's house in a semiconscious condition, in which condition he has remained ever since.

Mr. Preston L. Bridgers, U. S. Consul at Montevideo, who arrived in this country s few days ago, reached his home in this city yesterday, and was warmly greeted by hosts of friends. Mr. Bridgers is on leave of absence from his post of duty until May, when he expects to return to Montevideo.

If you wish a good article of PLUG To-BACCO, ask your dealer for "OLD RIP." | CITY HOSPITAL.

The Work Done the Past Year-Report of the Board of Managers, and Surgeon in Charge-The Treasurer's

The report of the Beard of Managers of the City Hospital, accompanied by the report of Dr. Lane, the surgeon in charge, and the annual statement of Mr. W. W. Shaw, the treasurer, was submitted to the County Commissioners and the Board of Aldermen of the city at the last regular meetings of their bodies.

The report of Dr. Lane shows that 197 patients were received into the hospital duing the year, of which number 156 were charity patients and 41 pay patients. Of the charity patients 86 were whites-59 males and 27 females—and 70 colored—53 males and 17 females. The total number of deaths that occurred in the institution was 21-17 of charity and 4 of pay patients. There were two births during the year. The amount received from pay patients was \$391

The statement of the treasurer shows total receipts from all sources during the year, \$2,838.25, of which \$967.98 was received from the city; \$1,451.97 from the county; \$391 from pay patients; \$23 from sale of hogs; \$3.10 from sale of medicines, and \$1.20 from sale of old barrels. The expenditures during the year were, for provisions, \$1,184.62; furniture and dedding, \$107 84; medical supplies, \$197.37; public grounds, \$225.18; burials, \$52; fuel, \$245.74; pay of janitor, \$6; treasurer, \$120; steward, \$264; superintendent, \$420; stationery and printing, \$3; laundry, \$13. Total, \$2,838.25

REPORT OF THE BOARD OF MANAGERS. We herewith make our annual report of

the management of the institution for the year ending December 31, 1886. Dr. Lane is still surgeon in charge, and devotes his entire time to its management. His nurses are trained, and under his direction do everything possible for the comfort of the sick. In his report to the Board of Managers of their faithfulness he save "Our employes, whose services began with the opening of the institution are still retained in their positions which speaks well for the good conduct of themselves, and their attentive discharge of their duties. Through the efficiency and good management of our Matron, I think we can claim freedom from anything like peculation or wastage of the supplies furnished the hospital."

The total number of patients treated for the year 1888, was 197, of which 41 were pay patients-176 were successfully treated, and 21 died. For information of diseases treated, and surgical operations rendered and for sexes and color treated, please refer to report of Dr. Lane, which accompanies this report.

By reference to the Treasurer's statement accompanying this, you will find the total expenditures for the year have been \$2,838.25. We have received from pay patients, sale of medicine and other sources \$418.30, leaving \$2,408 95 for running expenses for the twelve months or an average monthly cost of \$200.74 with 197 patients

For a detailed statement of each month's expenditures and receipts, we beg to refer you to the very complete report of our

treasurer, Mr. W. W. Shaw. In our last annual report we called your attention to the small houses used for the colored ward, their detached condition and extra expense incident thereto, and urging an appropriation for building another ward. Dr. Lane, in his report to us says "The small buildings now in use as a colored ward, are in a very unsatisfactory condition for the proper treatment of that class of patients; they are very much out of repair; without water facilities, closets. or bath rooms; requiring extra fires in each room, and oil lamps for occupants of house. And in consequence to their near location to the street, it is next to impossible to keep convalescents from going out at night and from receiving improper visitors." is absolutely necessary to do something to these small houses, and we would most respectfully urge your honorable body, if it is possible, to make an appropriation sufficient for the erection of another ward. which if done, will give us an institution complete in itself, an ornament to the city and county and a monument to the benevolence of our community in providing this noble charity for the care of those who

would otherwise suffer if it did not exist.' It is a matter of congratulation that this institution is now on a firm basis, provided with a good medical library, a good number of surgical appliances and instruments. previded from time to time at the suggestion of the superintendent, and which, we trust, we can complete in the next year or two by adding to as our funds will permit. The ladies of our community have taken an interest in our institution, and have aided us greatly by providing clothing and furnishing our reception room with books and furniture, for which we are thankful. And the management takes great pleasure in calling your attention to what Dr. Lane says in his report to us of them and their good works: "Many of the ladies of our community have been constant and unremitting visitors, administering to both the physical and spiritus! welfare of the sick. Recently a delegation of them came out and converted our rather bare and cheerless reception room into quite a nice and com-

for ably furnished little parlor." We cannot close our report without commending the skill, care and economic management of our superintendent, Dr. Lane, and the success attendant upon all of his surgical operations, and of our treasurer, W. W. Shaw, for attention to duty. We would respectfully say that the Board of Managers have done all they could with the means at their disposal to make the institution a success, and feel proud of the result, and in closing would most respectfully urge an appropriation sufficient for the erection of a new ward.

Very respectfully, ROGER MOORE, Chm. Board of Managers.

The City Election-Republican Candidates for Aldermen in all the Wards.

The Republican Executive Committee met in one of the rooms at the Court House vesterday, pursuant to a call of the Chairman, Gen. 8. H. Manning, to consider the advisability of bringing out a full Republican ticket for Aldermen in the approaching municipal election. As a result of the conference it was ordered that primary meetings be held and nominations be made for Aldermen in each and every ward in the city.

Weather Indications.

The following are the indications for the twenty-four hours commencing at 10 p. m.

For Virginia, fair weather, warmer and easterly winds shifting to southerly. For North Carolina and South Carolina, rain, followed by fair weather, warmer

and casterly winds. For Georgia and Eastern Florida, rain, followed by fair weather, warmer and east-

erly winds shifting to southerly. For Western Florida, Alabama and Mississippi, rain, followed by fair weather, warmer and southerly winds.

Mr. Winner's Startling Discovery.

The startling discovery made on the 3d inst. by Mr. J. C. Winner, of this city, that the earth had slowed down, and an account of which was first given to the world through the columns of the STAR, has attracted considerable attention throughout the country. The Washington correspondent of the New York Herald says:

At the United States Naval Observatory the report that Mr. Winner found the mean solar time was ten minutes slower on the 3d inst. than on the 25th of February is pronounced absurd by Superintendent Phythian. Captain Phythian says that Mr. Winner has not communicated the res sults of his observations to the observa-

A reporter for this paper called at Mr. Winner's place of business to obtain any further information he might be able to furnish in relation to the matter, but was told that Mr. Winner was out of the city. having gone down to his place at the seaside known as St. Joseph, near the new summer resort soon to be opened at the head of Myrtle Grove Sound.

The Prices of Crude Turpentine.

Complaints have been received from subscribers to the STAR living in the country in regard to quotations of prices for crude turpentize, as published in the paper. The complaints alleged that sales had been made in this market at \$2.30 and \$2.35 for soft turpentine when the price quoted was \$1.90. In explanation of the matter we can only say that the quotations published -\$1.00 for hard and \$1.90 for soft Turpens tine-are the prices agreed upon by distillers here, although they admit that select lots of turpentine will bring higher figures. An inspector tells us that he recently sold two small lots at \$2.30 and \$2.35 per barrel, but that the purchaser was a shipper, who after he had filled the order he had in hand, refused to buy more at any price. The distillers take each day's receipts at current rates, and when a shipper comes in the market, to fill his order he has to pay a good deal over the market price.

Before Justice Millis.

David Merrick, colored, charged with an affray with D. J. Black, was bound over to the Criminal Court, his bond being \$50. A. L. Hubbard, charged with assault and battery on David Merrick, submitted, paid costs and was discharged.

James Wesley, charged with assault and battery on Catharine Smith, submitted and was discharged on payment of costs.

Jno. Stubbs, assault and battery on Kitty Pigford, submitted and paid the costs, but was sent to jail on a charge of larceny of money and a handkerchief from Kitty, being unable to furnish the bond of \$50 required by the magistrate as security for his appearance at the Criminal Court to

Jasper Black, charged with carrying a concealed weapon, was adjudged not guilty and the prosecutor was required to pay costs.

Attempt to Burn a School House,

The alarm given yesterday evening a few minutes before 7 o'clock from box 43, corner of Sixth and Red Cross streets, was caused by the discovery of fire at the public school for colored children near St. Stephen's church on Red Cross street. An incendiary had attempted to burn the school house with the aid of kerosene oil. which had been thrown on the northeast corner of the building. The timely discovery probably prevented the destruction of the building. The fire was extinguished by persons in the neighborhood before the engines of the fire department could reach the place.

DR. FREEMAN, the expert specialist, has been compelled to prolong his stay at the Orton House, Wilmington, on account of the large number of cases requiring his professional skill. It is said that the Doctor is at the head of the profession in the diseases which he treats specially, viz: paralysis in all its forms, club feet, spinal diseases, hip and diseases of the knee; also the eye, ear, nasal catarrh and consumption, if not too far gone Hours 10 to 11 and 7 to 8 p. m.

MRS. WINSLOW'S SOOTHING SYRUP .- REV SYLVANUS COBE thus writes in the Boston Chris-tian Freeman: — We would by no means recom-mend any kind of medicine which we did not mend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething slege, on any consideration whatever. Sold by all druggists. 25 cents a bottle.

DIED. REGISTER.—On Sunday morning, March 6th, ETHA LEE, daughter of 1. and E. Register, aged 3 months and 9 days.

Fold the dimpled hands above

Liverpool & London & Globe Insurance Comp'y, mh 6 tf CASSARDS STAR BRAND

Is making new friends every day. Consumers state that it goes so much further than the adultonated level with which the market is flooded terated lard with which the market is flooded.
That it is decidedly the most economical to use and being absolutely pure, it can be substituted for butter in nearly all classes of cooking.
G. CASSARD & SON. Curers of the celebrated "Star Brand" mild-cured Hams and Breakfast Bocon.

IY 11 1V Cotton Plows.

WE HAVE THE CELEBRATED GEM AND
Stonewall Cotton Plows; also, the Bess &
Bay Dixle Turning Plows, These Plows we
guarantee to be superior to all others on this
market. We are prepared to make prices on
them, We handle first class goods and no trash
if we know it.
