VOL. XXXIX,-NO. 143.

WILMINGTON, N. C., THURSDAY, MARCH 10, 1887.

WHOLE NO. 6384

In the South he never was popular, but he was admired for his splendid intellectual parts. He lost east among all decent people in the South who read those "letters." As to his inflaence among his own people the following throws light. A Chicago pecial to the New York World of the 7th says:

"A most extraordinary scene took place at the weekly meeting of the Congregaat the weekly meeting of the Congrega-tional ministers this meeting. A topic of discussion which naturally came up was the sickness of the Rev. Henry Ward Beecher, and the sentiment of the pastors present re-sulted in resolutions of condolence which it was proposed to send to Mrs. Beecher by telegraph. This was bitterly opposed by a number of the ministers, their opposition being based on the alleged heterodoxy of Mr. Boscher's views regarding future salvation and punishment. An acrimonious debate ensued, and finally the motion to adopt the resolutions prevailed. Great excitement ensued."

According to the St. Louis Globe Democrat, the President thus delivered himself as to the political out-

"Politics are very uncertain. I may be enominated, and I may not be. If I am enominated the election is not sure. If the Republicans nominate Allison and Hawley, Allison will evidently carry Indiana. Hawley will carry Connecticut and New Jersey. I should expect to carry Oregon and California?"

North Carolina will be all right if he will give the country a simonpure, true-blue, warp and woof Jeffersonian Jacksonian Administration. Turn the Republicans out wherever he finds them, recall all bad appointments, do not play into the hands of the monopolists and Wall street powers, stand by silver, the people's currency, put his foot on the Civil Service tomfoolery, and let the Democrats see that he is really a Democrat and means business. North Carolina will only be doubtful under a big disgust. It had enough of Republicanism under Grant, Haves and Arthur and it voted to have straightout anti-Republicanism in 1886. Plain talk, but the truth. /He also asked what about this State.

The grand total of the appropriations for all purposes, as far as now known, made by the Forty-Ninth Congress foots up the tremendous sum of \$369,000,000. If the bills that failed had passed the total would have been very near or quite \$400,000,000. This is what is called reform. Whew! The Washington correspondent of the Richmond

"The failure of the Forty-Ninth Congress to pass three important regular appropriation bills, the Portifications, River and Harbor and Deficiency, will place the Democratic members of the Fiftleth Cougress in a very disagreeable predicament They first thing after they meet they will be called upon to pass a very large urgent deficiency approbriation bill. They they will be compelled to take up the fortifications question from the beginning, and will be expected to do something, or show good reason for declining to do so. They will also be expected to pass a large River and Harbor bill, much larger, in fact, than the President will be willing to approve. There will also be the deficiencies of two years to provide for in one bill. All of this will swell the appropriations to such an enormous sum that the Republicans will be enabled to raise the cry against them in the elections of 1888 that they have been guilty of great extravagance."

The State Guard and the National Dritt.

In the official "list of commands corresponding with the National Drill committee as to entry in the May drill" at Washington, D. U., are the following North Carolina companies:

Second Regiment North Carolina State Guards (infantry), Col. W. C. Jones, Wilmington; Fayetteville Light Infantry, Capt, W. C. McDuffle, Fayetteville; Company Third Regiment (infantry), Capt. W. A. Bobbitt, Oxford; Company E, Fourth Reg iment (infantry) Capt. J. R Robertson, Charlotte: Governor's Guard (infantry) Capt. G. D. Rand, Raleigh.

The drill will commence on Monday, May 23d, and end with Decoration Day, May 30th. The aggregate of money prizes to be offered amounts to \$26,500. The first prize for infantry, for the best company, to be judged by inspection and by drill in the school of the soldier, manual of arms, and school of the company, is \$5,900; the second, \$2,500; third, \$1,500; fourth, \$1,-000; and fifth \$500. Individual prizes, for the best drilled soldier, range from \$50 to \$100, and a bronze or gold medal. There are eight prizes for rifle practice, aggregating \$525.

So far, positive assurance has been given of the attendance of only two companies from this State-the Governor's Guard of Raleigh, and the Independent Light In fantry of Fayetteville. The latter company, by the way, will no doubt attract a great deal of attention in Washington, being the oldest military organization in the South, and with one exception-a Massachusetts company-the oldest in the United States, and having a most honorable record, dating back at least to the war of 1812 As an organization it was Company H in the famous Bethel regiment, the first troops sent from this State to Virginia at the begining of the war between the States. A recent letter from Maj. W. F. Campbell, commanding the Independent Company, to Col. W. C. Jones, of the Second Regiment State Guard, contains the following:

"We have adopted a new uniform. Of course it is grey; a frock coat or tunic, with three rows of buttons; trimmed across the front with black braid, with the best gold lace ornaments on s'eeves and same trimming also on the skirts. Pants about the same as the ones we have now. We will also get new helmets and new epaulettes. The officers will wear shoulder knots. Three weeks ago I commenced drilling twice a week and intend to try and keep even with the Goverpor's Guard as far as the number of drills is concerned. If we come to Wilmington in May I hope to show you a company that will make you exclaim with pride "It belongs to my regiment!"

The Independent Company will attend the encampment of the Second Regiment, which it is proposed to hold in this city on the 19th and 20th of May, and will go from here to Washington. It is not at all unlikely that the band of the Second Regiment, the Cornet Concert Club, will accompany the company to the National drill.

The Municipal Election.

An entire new registration is required for the municipal election which takes place on the 24th inst.

The Republicans, having decided to nominate candidates for aldermen in all the wards, have issued a call for primaries to be held on the 17th.

A meeting of the "Labor party" was held Tuesday night. It is said that the leaders have decided to make nominations for aldermen, and rumor has it that a coalition will be formed with the Republicans for the purpose of defeating the Democratic candidates for aldermen in the Third and Fourth Wards.

Base Ball.

The convention to form an Inter-State base ball league, in which Wilmington will be represented, will be held in Columbia. 8 C, at an early day.

Some of the Northern clubs which had dates fixed for games at Southern points this month, have abandoned their trips on account of the increased expense of transportation resulting from the operation of the Inter-State Commmerce law.

Bishop Watson at Williamston.

A correspondent at Williamston writes the STAR that Bishop Watson, of this Diocese, made his visitation to that place on Monday, preaching at night. It was an able and very excellent sermon, and the Bishop was highly complimented, by those who heard him. There were no candidates for confirmation.

Mr. John D. Williams, of Fayetteville, was in the city yesterday.

DR. FREEMAN, the expert specialist, has been compelled to prolong his stay at the Orton House, Wilmington, on account of the large number of cases requiring his professional skill. It is said that the Doctor is at the head of the profession in the diseases which he treats specially, viz: paralysis in all its forms, club feet, spinal diseases, hip and diseases of the knee; also the eye, ear, nasal catarrh and consumption, if not too far gene. MRS. WINSLOW'S SOOTHING SYRUP.—REV SYLVANUS COBE thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any conside-MRS. WINSLOW'S SOOTHING SYRUP.-REV finished with the teething siege, on any consideration whatever. Sold by all druggists. 25 cents
