- New Bern Journal: John Bryan, a colored man about 20 years old, attempted to kill his mother on Friday night. He was arrested by police officer Ketchum and taken to the station house. Yesterday morning he was examined by the county physician and pronounced insane.

Mr. Henry Wahab, of Hyde county, is in the city. The following account of his farm would probably interest our readers: The whole tract of 6,400 acres, 3,000 of which is cleared, lies on Juniper Bay in Hyde county. It has five canals running into it, used both for draining and to facilitate shipment. Each canal is three miles long and fifteen feet wide. The farm is all under fence, there being fourteen miles encircling it. He has on the farm one church and one school house. The soil is decomposed vegetable matter, without the slightest grit, and is of great fertility. The only fertilizer he uses is carbonate of lime, or oyster shells in a pulverized condition. He runs sixty-five plows. Only part of his land is under cultivation. His crop the past season was 22,500 bushels corn and 14,000 bushels rice, besides cotton, oats and wheat.

When Adams awoke and found several persons standing by and laughing at the comical sight, the Major's indignation arose, but merely dropping his chin, with a long face he quietly retired in disgust.

A Proposition to the Cape Fear & Yad kin Valley R. R. Co.

A proposition has been submitted to the Cape Fear & Yadkin Valley Railroad Company by the authorities of the Wilmington & Weldon Railroad: if the Cape Fear & Yadkin Valley Company are desirous of securing another connection into Wilmington that they build a road from Fayetteville to connect at Clinton with the branch road from Warsaw, now under construction by the Wilmington & Weldon Company. The latter offer to make a traffic contract with the C. F. & Y. V. Co., to cover a period of years, with the use of their terminal facilities at Wilmington and other advantages. The Cape Fear & Yadkin Valley Company have promised to give this proposition their respectful consideration.

This connection, by way of Clinton and Warsaw, it is said would not be more than twelve miles longer than the direct line between Wilmington and Fayetteville, and could be built very economically. It would save the expense of constructing a costly bridge at Fayetteville, and give the Cape Fear & Yadkin Valley terminal facilities in this city which they could not themselves supply for less than half a million of

Not Capt. George Lord.

Capt. George Lord, one of the contractors for dredging the Cape Fear river, left Wilmington a few days ago, on a visit to his family, residing at Lyon, Mass, Yesterday morning, when his friends read in the STAR the account of the terrible railroad accident near Boston and saw the name of George Lord in the list of injured Apple Jick bills. Mr. Daniel is not a good a Democrat as Mr. Carlisle of that is the string he strikes.

The New York World seems to think that the size of a funeral in and his claims upon the respect of the man by a claims upon the respect of the case of the man are not the case o they were very uneasy. Telegrams were

FREE FERRY.

An Act to Establish Free Ferries Across the Cape Fear and Brunswick Rivers at Wilmington.

The following is the text of the act passed by the Legislature at the recent session to establish free ferries across Cape Fear and

Brunswick rivers. The General Assembly of North Caro-

lins do enact: Sec. 1. That upon the written petition of at least five hundred qualified voters in the counties of New Hanover and Brunswick, respectively made and presented to the Boards of Commissioners of said New Hanover and Brunswick counties, respectively, on or before the first Monday in May, 1887, it shall be the duty of said board to submit the question of a free ferry and road across the Cape Fear river and Brunswick river and over Eagle's Island, at the site owned and used by the Brunswick Bridge and Ferry Company, to the qualified voters of said counties respectively, at a special election to be held for that purpose on the

third Thursday in Jane following. Sec. 2. It shall be the duty of said Board of County Commissioners to give thirty days' notice of the time when said election is to be held, by causing written or printed notices thereof to be posted at any voting place in said county. At said election each qualified voter shall be entitled to cast a written or printed ticket with the "free ferry and road" or "no free ferry and road"

Sec. 3. That said election shall be held in all respects as elections are held for members of the General Assembly, and any person qualified to vote for members of the General Assembly shall be qualified to vote

at said election. Sec. 4 That' it shall be the duty of the judges of election of each of the several voting places in said counties to make due returns of said elections to the Board of County Commissioners of their respective counties at the next regular meeting held after said election, who shall at said meeting compare the votes and declare the re-

Sec. 5 If it shall appear that a majority of the votes cast at such election were for 'free ferry and road" then said Board of County Commissioners shall certify the same to the clerk of the Board of Justices of the Peace of their respective counties within five days after said meeting, and the clerk of said Board of Justices of the Peace shall call a joint meeting of the justices of the peace and commissioners for said counties, to be held on the first Monday of August next following, which meeting shall empower any three of the persons entitled to vote at said meeting to act in concert and in conjunction with three persons similarly appointed by the other county, who shall jointly make such a contract for the purchase of the ferries, road and bridges and franchises of the Brunswick Bridge and Ferry Company as to them shall seem proper, and shall report the same to an adjourned meeting of the aforesaid Board of Justices of the Peace and Commissioners, who shall have power to approve the same should the contract price not exceed the sum of eighteen thousand five hundred dollars (\$18,500), and if approved and confirmed each of the said counties of New Hanover and Brunswick shall pay one-half of the purchase price of the same. And at said meeting the said Board of Jus tices of the Peace and Commissioners of New Hanover county shall make or cause to te made such contract or contracts as may be necessary for the speedy establishment and maintenance at the expense of New Hanover county of a free ferry across the Cape Fear river and a public road over so much of the road across Eagle Island as lies in New Hanover county, and the said Board of Justices of the Peace and Commissioners of Brunswick county shall make or cause to be made such contract or contracts for the speedy establishment and maintenance of the expense of the said Brunswick county of a free ferry, or the building of a free bridge across Brunswick river and a public road over so much of the road across Eagle Island as lies in Bruns-

wick county. Sec. 6. Should the Board of Commisioners of said counties respectively deem t best to issue bonds to meet the contracts made in pursuance of the authority conferred by this act, they are hereby empowered to issue coupon bonds of their said re. spective counties, bearing date the first day of January, 1881, and due at such times as not to exceed thirty years from date, as said County Commissioners may think best; which bonds shall be of denominations not less than one hundred dollars (\$100) and not exceeding five hundred dollars (\$500), shall bear interest not exceeding six per cent. per annum, payable semi-annually, and shall not be sold for less than the par value thereof; the coupons on said bonds shall be receivable in payment of all taxes and other claims due to the county so 18-

suing them. Sec. 7. At each annual joint meeting of the Board of Justices of the Peace and Commissioners in said counties, held for the purpose of levying taxes, for so long a time as may be necessary, they shall levy a special tax sufficient to pay the coupons as they become due, which tax shall not be used for any other purpose than that for which it is levied and shall be collected as all other taxes Sec. 8. This act shall be in force from

and after its ratification. In the General Assembly read three times

and ratified this 7th day of March, 1887.

A Lost Mail Sack Mail Agent Harrell, who runs on the Carolina Central Railroad, lost his registered mail sack somewhere in the streets yesterday morning while going from the postoffice to the Carolina Central depot. The sack contained thirteen registered packages, one of which was sent by a mer-

chant of this city, and contained \$142 in national currency. The mail for the Carolina Central was sent from the postoffice in the mail

chief prizes:

wagon in charge of Mr. Harrell and a young man named Holt, the mail messenger. Holt says that the door of the wagon was locked before leaving the postoffice, but when the depot was reached it was found that the door was open and the mail sack and mail pouch missing. The messenger returned to search for the lost mail and found the pouch on Nutt street, near the Standard Oil Co.'s oil shed, but was unable to find the eack containing the registered packages.

Lucky Lottery Tickets. The following numbers, drawn out of the twenty-bushel wheel at the Louisiana Lottery drawing yesterday, carried off the

Ticket number 66551 drew \$150,000; 66844, \$50,000; 45732, \$20,000; 62229, \$10, 000; 65615, \$10,000; 22899, \$5,000; 77782 \$5,000; 86896, \$5,000; 97502, \$5,000.

Weather Indications. The following are the indications for the

twenty-four bours commencing at 10 p. m. Tuesday: For Virginia, warmer, fair weather and

northerly winds becoming variable. For North Carolina and South Carolina, warmer, fair weather, variable winds, generally westerly.

For Georgia, fair weather, warmer, variable winds, generally weatherly.

For Eastern Florida, warmer, fair weather and westerly winds. For Western Florida, warmer, fair weather, variable winds, generally southerly.

For Alabama, warmer, fair weather, vaiable winds, generally southerly. For Mississippi, fair weather, followed by rain in the northern portion, with variable winds, generally southerly, and

The Fire Last Night.

warmer.

A fire broke out about eleven o'clock last night on the premises of Mr. John R. Melton, on Seventh between Bladen and Harnett streets. The fire began in the feed room of the stable and spread with great rapidity, destroying the dwelling, stable and other buildings, and also the house on the premises adjoining, occupied by Mr. Robt. C. Bowden. Mr. Melton lost all his furniture and the clothing of his family, two horses, a mule and a cow. The family barely escaped with their lives from the burning building; one of his children was rescued by a colored man after the house was in flames and with great risk of life. Mr. Bowden saved some of his furniture. Both houses were the property of Mr. Melton, and were insured, but for what amount could not be learned. The alarm was given from box No. 31, and responded to promptly by the Fire Department.

Reported Change in the Atlantic Coast Line.

The Petersburg (Va.) Appeal says: "It is reported that a change is to be made in the Atlantic Coast Line system of railroads between Quantico and Charleston, S. C., after the first of April. Exactly what the change will be has not been made public, but it is stated that the Atlantic Coast Line system will have full control of the Richmond, Fredericksburg and Potomac Railroad, and that the present superintendent of that road, Major E. T. Myers, will be General Superintendent of all the roads between Quantico and Weldon. At Weldon, which is to be the terminal point for all trains, a large engine round-house is to be built, the building of which will require about one million bricks '

The Lumberton Fire. So far as could be learned only two of the sufferers by the fire in Lumberton had insurance with agencies in this city. Messrs. Atkinson & Manning had insurance on property of A. C. Melke amounting to \$6,500; \$1,750 each in the Phoenix and Imperial, and \$1,000 each in the Hartford, Queen and Hibernia, and insurance on property of N. H. Jones amounting to \$2,000-\$1,000 each in the Hartford and Phonix companies. Both of these gentlemen sustained very heavy losses. Only two or three of the merchants burned cut saved any of their goods.

Dividend Declared. The directors of the Wilmington & Weldon Railroad met in this city yesterday and declared a dividend of three and a half per cent, on the certificates of indebtedness issued by the company. The dividend is payable on and after the 1st of April.

"When pain and anguish wring the brow s ministering angel, thou, Jennie." Rub Salvation on my forchead and be an angel,
