Buffalo Lithia Water.

Gout, Rheumatism, Gravel and Stone in the Bladder, Dyspepsia, &c.

"I have for some time made use of the Burnard Lithia Water in cases of affections of the Nervous System complicated with Bright's Disease of the Kidneys, or with a Gouty Diathesis. The results have been eminently satisfactory. Lithis has for many years been a favorite remedy with me in like cases, but the Buffalo Water certainly acts better than any extemporaneous solution.

"I feel no hesitancy whatever in saying that in Gout, Rheumatic Gout, Rheumatism, Stone in the Biedder, and in all Diseases of Uric Acid Diathesis, I know of no remedy at all comparable to Buffalo Lithia Water, Spring No. 2.

"Its effects are marked in causing a disappearance of Albumen from the urine. In a single crose of Bright's Disease of the Kidneys, I witnessed decided beneficial results from its use, and from its action in this case I should have great confidence in it as a remedy in certain stages of this disease. In Dyspepsia, especially that form of it in which there is an excessive production of Acid during the process of nutrition, in some of the Peculiar Affections of Women, notably in Suppression of the Menses, and in Chronic Malarial Poisoning, &c., I have found it highly efficacious."
