Buck Taylor, Buffalo Bill's best rider, collided with another rider, and his own thigh was broken. A cable. gram to the N. Y. World says:

"Miss Farrell's horse's shoulder caught Buck's right leg, and throwing him back, twisted the limb, breaking it short off about the middle of the thigh bone. There were 12,000 people in the grand stand, and great excitement ensued as Buck was seen to throw up his arms, reel in the saddle, give a terrific yell and then fall headlong to the ground among the flying hoofs of horses. The sad feature of the accident was the fact that several minutes before Taylor fell he had been handed a dispatch announcing the arrival at Queenstown of the Arizona, on which his wife was coming to England. He was so full of happiness over the news that it is thought he forgot his perilous

John Sherman got over his love for the South quick after getting away from the Protection centres. - Goldsboro Argus: The population of Goldsboro is very large and is rapidly increasing. It is doubtless four thousand, and yet during the month of May there were only seven deaths in our community, three white and four colored.

-- Charlotte Observer: Rev. F W. E. Peschau, of Wilmington, after attending the meeting of the trustees of the North Carolina College at Mt. Pleasant today, will go to Lutherville, Md., where he will preach the baccalaureate sermon at the annual commencement of Lutherville Female College.

- Chadbourn Times: One month ago, at the residence of A. H. Perry, Esq., of Jarvis, Bladen county, Miss Pett Perry was united in marriage with Mr. John Edwards. Last Friday a wired message stated that Mr. Edwards was lying fatally ill and the next day or that night the same wire whispered "he is dead."

The new steamer is 131 feet six inches long, twenty-three feet nine inches breadth of beam, and nine feet depth of hold, with a carrying capacity of 154.30 tons. She was built by the Home Transportation Co., of Washington, N. C., and will ply between Washington, this city and Baltimore.

His quiet, unpre-tentious deportment has made him many friends among both white and colored.

The Blackwell Durham Co-operative Tobacco Co. employ about fifty girls for the same purpose. These establishments have been em-ploying girls for six or eight years, and the managers emphatically say that they like them equally as well, if not better, than men, and it is rarely necessary to discharge

The facts connected with his murder are these: Mr. Smith was going on foot from Pine Barren to some other point, looking out for a situation and examining the timber as he proceeded. A Building Boom.

Building is "on the boom" in Wilmington. Many neat frame dwellings are in course of construction in various parts of the city. Down town, the new cotton compress building of the Champion Company, on Nutt street, and the building for the Atlantic Coast Line; on Front street, are going up rapidly, giving employment to a large number of work men. Besides these, four or five dwellings are to be erected in the burnt district on Second and Red Cross. On Front street. corner of Orange, Mr. J. W Linder is putting up a brick store and dwelling.

The Drug Stores and the Sunday Law The downstown druggists have entered into an agreement by which only one of the drug stores will remain open during the day on Sunday, all the other druggists closing their doors at 10.45 a. m. on that day. The parties to the arrangement are Messrs. W. H. Green & Co., J. H. Hardin, Munds Brothers, J. D. Nutt and R. R. Bellamy. Carolina Beach.

Moonlight excursions to Carolina Beach bid fair to be "immensely popular." The trip up and down the river is delightful, and the large pavilion at the beach is a splendid place for dancing. The Passport carried down another large party last night.

The day excursions are a source of great enjoyment to very many persons. The ride on the river by steamer and across to the beach by rail, with a stroll on the magnificent beach, a fish and oyster feast and a cup of excellent coffee at Capt. Bache's restaurant, seem to fill up the measure of enjoyment for most of the visitors, for very few have yet ventured on surf bathing, the greatest pleasure that the place affords and for which the facilities are unequalled anywhere on the coast. The surf comes tumbling in for miles; the beach is broad, almost level, so gentle is the slope to the sea, and as firm and smooth as a floor. Dressing rooms for the convenience of bathers have been erected on the beach, and it will not be long before the people who frequent the place find out

what they were set up for. The fresh water lake is a pretty sheet of water and decidedly a novel feature for the seaside. At one point, not far from the pa vilion, it is within a stone's throw of the ocean. It is about a mile wide, three or four miles long, and is said to have no out let. It abounds in fish and alligators are by no means scarce. A gentleman who spent a day there this week shot an alligator about four feet long, on the shore of the lake and caught another-a larger one -with a set-hook; but the monster broke loose while his captors were dragging him

into a boat. A few years ago the coast from this point to Fort Fisher, two miles below, was lined with the wrecks of blockade runners that had been beached to escape the Federal cruisers. All but one of these have disappeared, and this hes close in shore and affords good fishing ground for sheephead. Farther out are famous banks, easily reached by boat, where pig-fish are caught in

Carolina Beach is already a leading attraction; some day it will be famous.

The Fayetteville Light Infantry. The Fayetteville Independent Light In-

fantry Co., at a meeting held in their armory at Fayetteville Monday night, adopted the following resolutions in regard to the recent encampment of the Second Regiment

WHEREAS, Annual encampments of the State Guard are especially desirable for perfecting its drill and discipline, thereby enabling it to compare favorably with the well organised and thoroughly drilled troops of other States; and whereas, the annual encampment of the State Guard has recently been abolished by act of the Legislature; and whereas, the late encampment of the Second Regiment at Wilmington, N. C., planned and inaugurated by the patriotism and liberality of the Wilmington Light Infantry, was complete in all its ap-pointments, thorough in its discipline and instructive in the practical duties of the soldier; therefore, be it

Resolved, That as the guests of the Wilmington Light Infantry, we beg to tender our grateful acknowledgments for the innumerable kindnesses we received at the hands of the officers and members of that glorious and liberal organization. We also beg to assure it that we will always remember the Wilmington encampment as among the happiest and most enjoyable occasions in the history of our company.

Resolved, That our thanks are also especially due to the citizens of Wilmington for the royal manner in which they dispensed their generous hospitalities.

Death of an Old Physician.

The Lynchburg (Va.) Advance makes the following announcement of the death of an old physician, a number of whose relatives reside in this city:

"The death is announced, at his home, Sedalia, in Bedford county, on the 30th of May, of Dr. Richard A. Sale, one of the oldest residents, and probably the oldest physician in the county. He was not far from eighty years old, and during the greater part of his life had a medical pracice so extensive as to occupy all his time. For several years past he has been practically in retirement, in consequence of the infirmities of age. His wife, who was a sister to Judge J. A. Wharton, of Liberty, died many years ago. He reared a numerous family, among them Mrs. George W. Hardwicke, formerly of this city, but now of Wilmington, N. C. Dr. Sale was a Virginia gentleman of the old school, a man of strong friendships and positive convictions, modest, unassuming, and al-ways ready to respond to the wants of rich and poor alike."

Base Hall News. The Wilmington Club have been hard a? work on the grounds during this week, and have devoted whetever opportunity the rain would admit of to practice. The time has been decidedly too short for them to get in shape to tackle so strong a team as that from Charleston, but they hope to convince their friends by their playing that they at least understand the principles of the game. We hear that there will be an exibibition game this afternoon with the team divided against itself and no charge for admission.

Summer Fruits. The first peaches made their appearance in market Thursday. The fruit was inferior and not fully ripe. The price asked was 40 cents per dozen. A few quarts of raspberries, a rare fruit in this section, were on market yesterday and sold rapidly at 15 cents per quart. Early blackberries have disappeared and strawberries are sold at 10 cents per quart.

Graduating Exercises at Tileston Normal School.

A large crowd assembled at Tileston Upper Room last night to witness the graduating exercises of the Tileston Normal School, which were most interesting to the audience and could not fail to be gratifying to Miss Bradley and her teachers. The graduates showed a thoroughness of training and a familiarity with their subjects which won the commendation of all

The exercises conisisted of a duet, songs, recitations and essays, all of which were listened to with marked attention and were

applauded most heartily. Miss. Bradley is doing a most noble work in our community, and the earnestness and vim with which she prosecutes this work is worthy of the great success she has achieved. She is most ably assisted by a corps of teachers who add no

little to the reputation of the school. The exercises last night were most enjoyable and will be remembered with pleasure by all who attended.

The Programme was as follows: PART FIRST.

1.-Duet-Valse Brilliante, Misses Alderman and Barnes. 2.—Salutatory—Essay, "A Tribute to the Hand," Minnie T. Allen. 3.-Recitation, "Brier Rose," Almeada 4.-Essay, "A Vision of Childhood,"

the Criminal Court. Summer Excursions. The Summer excursion season began with the Atlantic Coast Line on the 1st inst. when tickets were placed on sale, good to return until October 31st, to all the popular summer resorts and watering places in Virginia and the Carolinas.
