OUTLINES.

Land bordering on a lake in Switzerland subsided yesterday and twenty-seven houses were engulfed; 100 persons were drowned.

Oppidic merchants complain to the Inter-State Commerce Commission of discrimination against that place by the Columbus & Western Railroad; a colored man asks that the Georgia R. R. be compelled to furnish equal accommodations to persons holding first class tickets, irrespective of color.

The Salt Lake Tribune pronounces the constitutional provision abolishing polygamy in Utah a fraud. The coke operators at Pittsburg, Pa., have resumed work.

Five new cases of yellow fever but no deaths at Key West. A policeman shot a negro burglar at Charleston, S. C. An incendiary fire at Grafton, Va., destroyed a great part of the town; loss \$100,000.

Geo. Smith, Manager of the Commercial Cable Co., dropped dead at the Monmouth Park races. Frank G. Allen committed suicide at Macon, Ga. New York markets: Money easier at 1 7/8 per cent; cotton steady at 11 10/16 1/4c; southern flour steady but rather quiet; wheat—ungraded red 76 3/8 1/4c; corn steady, with speculation moderate; spirits turpentine dull at 33 1/2c; rosin steady at \$1 10 1/4 1/2.

The Pope has instructed Archbishop Corrigan to formally excommunicate Dr. McGlynn. There is a Boston preacher that wallzes so charmingly with the girls that they are in ecstasies.

Blaine "orated" in London on the Fourth of July and of course was patriotic and conciliatory. He knows how to talk. Foraker and Fairchild must turn green with venom when they read of Gov. Lee's reception in New York and the Gettysburg celebration.

Mr. F. H. O'Donnell has sued the London Times for libel. He is an Irish leader. Mr. Parrell, Mr. Sexton and Mr. Dillon will be witnesses. Polygamous missionaries are denouncing the ignorant near Augusta, Ga., and gaining converts. Where is the vigilance committee?

Hamilton and Eabanks are to be tried for the murder of young Gambrell. Dr. R. S. Dunn says he believes that Gambrell opened the fight and got the first fire. Mr. Edward A. Bronson, editor of the Barnwell (S. C.) Sentinel, and the oldest editor in that State, is dead. He was born at Charlotte, N. C., 23d November, 1823.

Here is the little song the Protectionist Birmingham (Ala.) Age sang to its friends. "Pur that baner; leeds't return it; We don't want it—smash it, burn it; Let us have peace—confound it—Durr it!"

The Georgia watermelons are causing much sickness among Northern purchasers. This is gratifying to the New Orleans States which thus indulges itself. "The South is getting even for all the abuse recently heaped upon it by the fanatics of the Foraker, Fairchild and Tuttle crew. Let the deadly Georgia watermelon continue to invade the land of the Grand Army howlers. Their groans will be sweet music to our ears."

Gen. Lord Wolsley has written a letter in which he considers the criticisms of Mr. Davis and Gen. Lee. It is dignified and laudatory of Sherman. He insists that European students of war are more apt to be correct in discussing American soldiers than American soldiers themselves.

He will make no formal reply to the attacks upon him. Of Mr. Davis's scathing letter, he says: "I am sorry that a man who had the privilege of being a friend of that high-bred Virginian gentleman and soldier should write as he has done of one who is a complete stranger to him—of one who has committed what to Mr. Davis's eyes is evidently the unpardonable fault of presuming to criticize the policy and acts of the ex-Confederate President. Mr. Davis's self-appreciation causes him to think himself a greater man than those who deal with him historically are prepared to admit."

He adheres to his estimate of Gen. Lee and says "he achieved immortal renown."

Gov. Lee, of Virginia, has again made a good impression upon the North. In his speech at Tammany Hall, New York, on 4th of July he succeeded in pleasing his auditors. The World says: "Gov. Lee is a judicious man and a rising man. It is as good as an exchange of battle-flags to have him come North occasionally." Perhaps in the years to come when the bloody-shirt shriekers have shrieked their last, on earth that is to say, he may be nominated upon the national ticket.

The Elizabeth City Falcon is not a very old paper, but it has had experience all the same. It gave a direct and lively tap on the head of the nail when it shaped the following bit of wisdom:

"It is said that the editor whose paper pleased everybody was drowned in the flood some 6000 years ago. We would like to see a copy of his paper, but he didn't see a fraction of the 'human nature' that modern editors do, who are 'damned if they do, and damned if they don't.'"

The unreconstructed Chicago Inter Ocean comforts itself with the statement that "there is more stalwartism among Northern Republicans since Mr. Sherman's Springfield speech." For "stalwartism" read concentrated hate and bitterness. That is what is meant.

Same Jones has lost his attractions for Baltimoreans. He lectured to less than one hundred persons at 50 cents a head. But he preached to crowded houses when there was no charge and got "big help" for his Georgia orphan asylum.

The Baltimore Sun has discovered that Mr. Gladstone is "a cranky statesman." He turns the crank in behalf of Ireland with great vigor and assiduity. We hope he will keep on turning it until he grinds Tory oppression to pieces.

"It can judge by the press dispatches the North was more enthusiastically observed in the South yesterday than in the North. In the matter of florid oratory the South bears the palm."—N. Y. World.

Yes, and in genuine patriotism. But in blow and blarney the North takes the cake.

THE CITY.

Deadly Assault. Last Monday night, the 4th, near Buie's store, on the Carolina Central Railroad, Gould Locklear and Strickland Locklear made a deadly assault on Hector Dees; Gould cutting Dees' intestines in two places in the lower part of the abdomen, while Strickland shot him through the bowels, and after he fell down, fired the fourth and last shot in his face. They were captured by the Chief of Police of Maxton and his posse, and delivered to the jail at Lumberton. Dees' wounds are mortal, and recovery impossible.

Lumberton. A correspondent writes that Lumberton is rising from its ashes. In the burnt district three large handsome brick buildings have arisen from the ground, one is nearly completed and two others will be shortly. The debris is being moved at other places preparatory to erecting more brick buildings.

A Burglary. Sam Williams, colored, living on the corner of Ninth and Nixon streets reported yesterday that some thief broke into his house Monday night and robbed him of all his clothing, besides taking several dresses belonging to his sister. The robbery was not discovered until the next morning.

—Mr. W. B. McKoy's new residence, corner of Third and Nun streets, is rapidly approaching completion.

—The bona fide circulation of the DAILY STAR is larger than that of any other daily newspaper published in North Carolina.

—A savings-bank for small contributions for the Oxford Orphan Asylum has been placed on the table in the Produce Exchange.

—Messrs. Brunhild, Simon & Co. have removed their store to No. 25 Market street, (the store formerly occupied by Messrs. Alderman & Co.)

—Telegraphic communication with Southport was resumed yesterday about 10 a. m. The trouble was found about six miles north of Southport.

—Squire Mills had only one case yesterday. G. H. Lee, charged with assault and battery on Frank Jones, submitted, paid costs and was discharged.

—Mr. H. C. Evans is having the sunken lot on South Second, between Orange and Ann streets, filled up, preparatory to the erection of a dwelling house.

—Travel on the Carolina Central has increased very perceptibly, showing that many people are visiting the summer resorts and watering places in this State reached by that route.

—A store was found open on Market street last night, but the proprietor was immediately notified by the policeman on that beat and the error rectified before any damage resulted.

—Mr. Sholar, Superintendent of Streets, is using gas-house coke to make sidewalks in the "dry pond" section of the city. After it is well packed it makes a good footway, and costs the city nothing—but the hauling.

—A number of ladies interested in procuring a new flag for the Wilmington Light Infantry, met Tuesday evening in the Mayor's office at the City Hall. It was decided to give a lawn party next Wednesday evening in the City Hall Park, and committees were appointed to make the necessary arrangements.

—Invitations have been issued for the installation of officers of Stonewall and Germania Lodges, K. of P., this evening at the Castle Hall. The Committee of Arrangements are Messrs. Thos. D. Meares, C. H. Ganzer, Eugene Philpway, of Stonewall Lodge, and John Harr, Jr., H. C. Prempert, J. G. L. Gieschen, of Germania Lodge.

—If we had the fixing of the weather now, since the crops are faring so well and the farmers satisfied, we would ask old Probabilities to make a dryer report for this section. We know of nothing dry now except the labor of ye reporter trying to glean a few items during such a damp time—in fact it is well calculated to throw a dampen on all efforts.

—Who says that Wilmington is not improving? New buildings being constructed in every direction, real estate enhancing in value and four "dailies" flourishing like a "green bay tree." Wait until the cotton season opens and we shall see our merchants leading the list in prices—as was the case last season—and more of the staple coming in on our roads than ever before.

Knights of Pythias. This evening Stone wall Lodge No. 1, and Germania Lodge No. 4, of the above Order, will have a public Installation of Officers at Castle Hall, on South Front street. An address will be delivered by J. I. Maeks, Esq., and the Grand Chancellor is expected to be present on the occasion. This Order is growing rapidly, not only in our city but in the United States; the Endowment rank being in a very healthy condition.

Field on the Cows. Chief of Police Brock has been gathering in the cows found wandering about the streets, in violation of the city ordinance relating thereto. Tuesday seventeen were driven into the city pound, and yesterday four more were picked up.

VOYAGE IN A CANOE.

U. S. Engineers Exploring Catawba River. Capt. W. H. Bixby and Lieut. H. Taylor, of the U. S. Engineer Corps, stationed in this city, recently returned from an expedition on the Catawba river; something similar to the one made by them a few weeks since on the Yadkin and Great Pee Dee and recounted in the STAR.

The trip was a pleasant and agreeable one, the voyage being accomplished without serious accident, yet it was full of exciting situations. They found that the Catawba river has a more uniform slope than the Yadkin—the average fall being about the same. They passed a number of falls and rapids, some of these being quite difficult to descend. Their experience in the Yadkin river, however, stood them in good stead and enabled them to surmount all difficulties without even a ducking. They were nearly five days in making the trip.

The crop prospect along the river is excellent: farmers with whom they conversed all along the route saying that they had no such promise for magnificent crops of all kinds for years past. They were impressed with the contented air and the energy and industry displayed by the farming community of the section of country they passed through.

The scenery is superior, if anything to that on the Yadkin. At Guyden's Falls the river contracts, so that it is not more than eighty feet in width and rushes through the narrow gorge with great velocity. The hills rise abruptly on each side, their rugged outlines adding to the picturesqueness of the scene.

Careful notes were taken of the trip and diagrams made from which maps will be prepared to accompany Capt. Bixby's report and recommendation to the Department at Washington, relative to the improvement of the river for navigation.

Base Ball. The Wilmington Base Ball Club leave this morning for Wilson, where they will cross bats with the club of that place to-day and to-morrow.

The Wilson club is a strong one though composed only of amateurs and our team will have to play good ball to defeat them on the diamond. Lamp and Gibson will be the Wilmington battery to-day, with the other positions filled as follows: H. Rosenthal, 1st base; Rigby, 2nd base; Bacon, 3rd base; Monroe, left field; Watson, right field; W. Rosenthal, centre field, and Jackson, short stop.

Henry Bacon will manage the team on the trip and Ed. Moore will go as substitute and captain.

Several of the regular members of the nine are prevented from going from various causes, but their places have been filled by others of our best amateur players.

The next games here will be on the 13th, 14th and 15th, with Charlotte, and we confidently count on a large attendance to witness the games.

In the series of games between Charlotte and Columbia, the Charlotte boys were victorious every game. On Monday the score stood, Charlotte 10, Columbia 8. There was no game Tuesday on account of rain. On Wednesday only three innings were played when the game was called, owing to inclement weather. The result up to this time being four runs for Charlotte and one for Columbia.

It was Information he Sought. "Boss," said a darkey yesterday to the commercial reporter of the M—, "whar does this yer Peruvian bark come from?"

"When did she arrive?" "I don't mean a vessel, boss; I mean dis Peruvian bark folks take for chills."

"Peruvian bark? Oh, yes! Peruvian bark is made from the hide of a black and tan dog, in the same manner in which quinine is extracted from Peruvian guano."

"Well, dat must be the reason it tastes so bitter and snappy like. Thank you for the informashun, boss. I knew you newspaper gentlemen could tell me."

Equalizing Taxes. The Board of Equalization, composed of the chairmen of each of the township boards of assessors, (Mr. H. A. Bagg, Chairman of the Board of Commissioners, being chairman of the board of equalization) met yesterday at half-past two o'clock at the Court House. There were present, J. G. Burr, Wilmington township; A. J. Grady, Cape Fear township; E. W. Manning, Harnett township; B. S. Montford, Masonboro township, and J. H. Horne, Federal Point township. The Board was occupied the principal part of the afternoon in equalizing assessments.

Personal.

Mr. Jas. H. Taylor and wife are spending a few days at the Rocks. Mr. George H. Kelly left last night for Birmingham, Ala., to visit his children residing in that flourishing city. He will remain several weeks.

Mr. W. H. Neal, of Laurinburg, a prominent member of the bar at that place, arrived on the late train last night. Gen. Harlee, of South Carolina, is in our city.

Mr. W. McQueen, of Plain View, arrived here last night. Mr. J. Howard Brown, of the Wilson Mirror, was among the arrivals yesterday.

Mr. James W. Monroe returned from Sandford, Moore county, yesterday morning, where he has been visiting the family of Capt. A. M. Wicker. He reports crops to be in an excellent condition and the people generally to be in good spirits.

The many friends of Mr. Sidney Alderman, of Greensboro, were pleased to see him on our streets yesterday. Mr. C. D. Willson is in the city on a visit to his friends and relations.

Mr. C. B. Ledbetter, of Polkton, N. C., was here yesterday. Mr. George J. Stone, the genial agent of the Wilson Advance, was at the STAR office last night and his visit was much appreciated and enjoyed.

A telegram received here yesterday from Mr. William Latimer brought the sad intelligence that Mr. Herbert Latimer, now at Asheville, was sinking rapidly, and that his death might be expected at any moment.

Hon. Alfred Rowland, who has been critically sick at his home near Lumberton, was somewhat improved Tuesday night, as we learn by a telegram received yesterday. His many friends in Wilmington will be rejoiced to hear of his complete recovery.

Capt. W. H. Allen and wife, Mrs. Frank Wooten, Mr. J. W. Thompson, wife and two sons, Mr. R. M. McIntire and family, and Master John Roddick, son of our friend Wilkin Roddick, are at Cleveland Springs.

Mr. W. W. Shaw, who has for years been connected with our county government, as Warden of the Poor and Clerk of the Auditing Committee of the Board of Commissioners, having resigned his position, will leave on the 15th inst. with his family for Beaufort, N. C. In August, Mr. Shaw will engage in the dry goods business in partnership with Mr. W. H. Muse, a former resident of Wilmington.

Orion Lodge. At a regular meeting of Orion Lodge No. 67, I. O. O. F., District Deputy Grand Master W. J. Penny, assisted by Past Grand H. O. Craig, G. M. Altaffer, C. D. Morrill, S. A. Craig and W. W. Mintz, installed the following officers in regular form: S. P. G.—D. F. Barnes. N. G.—C. M. Kelley. V. G.—F. J. Gooding. R. S.—Jas. M. McGowan. F. S.—W. C. Farrow. Treas.—John L. Dudley. Warden.—S. A. Craig. Conductor.—H. O. Craig. Chaplain.—W. S. Hewlett. I. G.—F. M. Hewlett. O. G.—J. S. Williams. R. S. to N. G.—C. D. Morrill. L. S. to N. G.—Chas. Anderson. R. S. to V. G.—W. H. Scarborough. L. S. to V. G.—C. W. Stewart. R. S. S.—Fred. B. Rice. L. S. S.—J. P. Walton.

Southport Items. The Pharos, Capt. Anderson, of Charleston, arrived at Southport yesterday and provisioned the Frying Pan Shoals light-ship. The Pharos is a two-masted schooner, and is employed in the Light-house service. She is expected to sail for Charleston to-day. The Cutter Colfax is expected to tow the light-ship to her station to-day.

The New York steamer due Monday had not passed over the bar at sunset yesterday. The cutter Colfax cruised off the coast expecting to meet with her or some other vessel bound hence and inform them of the accident to the light-ship at Frying Pan shoals. The steamer was not sighted, and it is likely that she continued south, in absence of the light-ship. From all reports, it is not probable that she encountered the severe storm of the 3d and 4th.

Brunswick—Crops. A correspondent writing from Shalotte, Brunswick county, says heavy rains on the 23d and 25th of June injured crops to some extent—the lowlands were overflowed and corn, potatoes and cotton washed up. Upland cotton is very good, but on lowlands it will be almost a failure. Other crops average very well.

County Commissioners. The Board of Commissioners met yesterday afternoon, and received the returns of the tax listers and assessors of the several townships in the county, and adjourned to meet on Monday the 11th inst., to hear objections to valuations of property, if any.

Moore and J. W. Hawkins, installed the following as officers for the current term: N. G.—Charles E. Hall. V. G.—Frank Meier. Rec. and Per. Sec.—A. J. Yopp. Treas.—John Maulder.

The Proposed Park. A city reader of the STAR says: Near the base ball grounds, contiguous to Oakdale Cemetery, is a parcel of land with a natural ravine that would make as pretty a small park as could be found anywhere; bridges could be built over the ravine for driving and foot bridges on each side of the driving bridge walks could be made; seats prepared, sugar maple trees planted, and we have no doubt but what our ladies and nurserymen would donate flowers. The street cars will run near there, and if the park is built will run their line inside the enclosure for those who are unable to visit the places of resort at the seashore, and when a stranger visits our city, we could say, "Let us go out to the park and see what's going on." Stir yourselves, gentlemen, and boom that park, for we need it very much.

RIVER AND MARINE. Steamer Murchison, from Fayetteville, arrived yesterday with a good freight. Capt. Smith reports a rise of about an inch and a half in the river at that place.

Good boating water is reported in Black river, as the result of recent heavy rains in that section.
