

WILLIAM H. BERNARD, PUBLISHED DAILY EXCEPT MONDAYS. RATES OF SUBSCRIPTION, IN ADVANCE.

THE MORNING STAR.

VOL. XL.--NO. 101.

WILMINGTON, N. C., TUESDAY, JULY 19, 1887.

WHOLE NO. 6495

RATES OF ADVERTISING. Two Dollars per Line per Week. One Dollar per Line per Month.

REDUCTION IN PRICE.

Attention is invited to the following reduced rates of subscription:

DAILY STAR, By Mail: One Year \$6.00, Six Months 3.00, Three Months 1.50, One Month .50.

Delivered to City Subscribers for any period at the rate of Twelve Cents per week.

WEEKLY STAR, By Mail: One Year \$1.00, Six Months .60, Three Months .30.

The reduction in price will, we are confident, add materially to our already large circulation, thus making the paper more valuable than ever to its readers.

Our telegraphic news service has recently been largely increased, and it is our determination to keep the STAR up to the highest standard of newspaper excellence.

OUTLINES.

A murderer was taken from jail at Nelson, Neb., Sunday, and hanged by a mob. The count of cash in the U. S. treasury will be finished this week, so far not a single penny's deficiency has been found. Striking coke workers have called a convention to bring about a general shut down.

Dr. McGlynn is to be married, rumors say. The tobacco trade seems to be booming. Prices are up. A small crop has been planted.

An effort to burn the suburbs of Chicago was made a few nights ago, 290 incendiary fires were started in different parts.

Gen. Logan was an honest if bitter man. He died not worth more than \$7,000, all told. Mrs. Logan was badly hurt last week by jumping from a vehicle.

Prof. Tyndall is throwing dirt at the great Gladstone. He has been looking through a smoked-glass too long. He sees a statesman darkly.

A Northern scribe writes of "beautiful weather." It is positively too hot to write in that way and with the mercury at the top of the thermometer kicking violently to "go up higher."

Prohibition is not more successful in prohibiting in Rhode Island than in Maine where it was not a decided success. The Providence Journal says "Whatever may be the cause or cause, it cannot be denied that prohibition in Rhode Island, after a year's experience, is found to be so complete a failure that it is no longer a question of whether it is a misadventure to pronounce it a miserable failure. It has not, even approximately, prohibited the use of intoxicating liquor."

The Richmond State calls for the formation of a Confederate Museum for the purpose of preserving and collecting the relics of the war. This is an excellent suggestion. It ought to have begun long ago. Gen. Baringer, of this State, has quite a collection of Revolutionary and Confederate relics.

Carswell McClellan has published a volume to show how unfairly treated were Gen's Meade, Warren and others by Gen. Grant in his official reports and in his personal memoirs. These memoirs will bring down several notches yet even in

the Northern estimate their all aged greatest soldier.

"Mightier, please do me the favor of an immediate loan of a quarter of a dollar?"

"Why, how's this? You look responsible. Instead of a loan you mean a gift."

"There you wrong me. I was well-to-do, but I am flat enough now. I only wish to obtain a little capital to begin life with."

"I will relieve you. Here is the loan of V. But what brought about your financial reverses?"

"I was a devoted believer in the 'Seaside' boys, and have backed them all the season."

The Grand Army Record, a Boston magazine devoted to the G. A. R., talks plainly of the President's letter about the St. Louis visit. It says: "No comrade of the order, unbiased by selfish or political motives, will hesitate to condemn the mischief makers outside or inside the organization, whose insults and obnoxious interference forced upon the President the necessity of writing such an epistle."

"But there is this about it. The President's dignified course and manly communication and punctured somebody's political balloon and the accumulated gas of the past two months has turned into vapor."

The Augusta Chronicle, a staunch Protection paper, is pleased to say this:

"The next Congress will give the country reform in the shape of revenue and tariff reductions so as to reduce the surplus and relieve the people from any of the unnecessary burdens of taxation."

We hope it will turn out to be a true prophesy. It ought to whip its favorite, S. J. Randall, into traces and make him work in genuine reform harness.

Metropolitan Daily Speaks. Raleigh Evening Visitor.

The Wilmington STAR in its new type looks beautiful, which together with other improvements and its first class reading matter, render it one of the best papers in the South.

"Success Phenomenal." Pittsboro Record.

The success of the Wilmington STAR in phenomenal in North Carolina journalism. Established twenty years ago and surviving to day is a sufficient proof of its good management, both editorially and financially.

THE CITY.

MUNSON—Merchant tailoring. E. WARREN & SON—Choice fruits. COLLIER & CO.—Kaint at auction. Mrs. E. L. FAISON—Cows for sale. MASONIC—Meeting Wilmington Lodge.

Personal. Messrs. Sam'l Blossom, E. Cobb, W. W. Larkins and Jas. Cowan were in the city yesterday, bound for salt water.

Our old friend Major James Reilly, of Farmer's Turnout, was in the city yesterday.

Mr. Thos. Perrett was in the city yesterday on his return to his home at Faison, N. C., after spending a few days at the Sound.

Mr. D. L. Gore has gone to New York, on a brief visit.

Mr. R. H. Bryan Marshal of the State Supreme Court, is in the city. Mr. Bryan has recently been in Edgecombe county, his old home, and reports the crop prospect excellent in that section as well as in Wake.

A party of gentlemen from Clinton, consisting of Messrs. J. H. Stevens, A. B. Chesnut, Frank Boyette and Dr. Jno. Stevens, arrived in the city yesterday. They left for Wrightsville, where they will spend some time, and after that will visit Carolina Beach.

Mr. Jos. J. Stone, of the Wilson Advance, is in the city.

Magistrate's Court. Wm. A. Tann, the colored man arrested a few days ago on the charge of having criminally assaulted Ann Robinson, a colored woman, was arraigned before Justice Millis yesterday.

The woman testified that Tann had placed a pistol against her breast and threatened to kill her. There was other testimony corroborative of the woman's statement, and at the conclusion of the hearing Tann was committed to jail in default of bail for his appearance at the present term of the Criminal Court.

Sheriff Manning yesterday received a warrant from a magistrate at Faison's, Duplin county, for the arrest of Tann on the charge of wilful abandonment of his wife and children at that place.

Burglary. The residence of Mr. E. H. Kiehlley, on Fourth street, between Ann and Nnn, was entered by a burglar or sneak thief Saturday night, and robbed of five or six dollars in money. Nothing else was taken. It is not known how entrance into the house was effected, as there was no evidence that either the doors or windows had been tampered with.

Local Notes.

Be merciful to the beasts. "STAR good paper; STAR cheap paper. Twelve cents only!"

So far 961 dog-badges have been sold by the dog and 187 dogs have been killed.

Whiteville sent in six new subscribers to the Daily STAR Saturday. "Let'er go, Gallagher."

The STAR is delivered to city subscribers at 53 cents per month, or \$1.50 for three months.

We learn two bricklayers and the driver of one of our street carts was affected by the heat yesterday.

These will be the halcyon days of the washerwomen—that is, of those who charge by the dozen pieces.

Some of our mechanics and laborers who are working out doors have to knock off during the hottest part of the day.

The Sampson boys call the "Accommodation" which runs between Clinton and Wilmington the "Huckleberry Train."

The Passport will hereafter leave for Carolina Beach at 2 p. m. on Fridays. This will suit exactly the half-holiday arrangement for that day.

Alderman F. B. Rice, of the Fifth Ward, has been appointed a justice of the peace, to fill the vacancy caused by the resignation of W. W. Shaw, Esq.

To keep cool is the prevalent idea and hence you will notice the male sex upon the streets with coats and vests off and sometimes with a palmetto fan in hand.

A meeting of the Temperance Brotherhood, to-night, at 8 p. m. corner of Seventh and Nun streets, will be addressed by Rev. Dr. Pritchard and Rev. L. T. Christmas.

The metal letters "Mozart Hall," on Messrs. Burr & Bailey's building, South Front street, were removed yesterday, preparatory to improvement of the front of the building.

The Raleigh Observer announces that the Governor's Guard paraded in fatigue uniform Friday. Seems to us that any uniform, or no uniform at all, would be very fatiguing such weather as this.

The Mayor had only one case before him yesterday. Thos. Gordon charged with disorderly conduct, was fined twenty dollars, with the pleasant alternative of spending thirty days in the city prison.

A great crowd of colored people went on the excursion yesterday to Wilson. It is estimated that there were over twelve hundred. Fifteen passenger coaches and two baggage cars were crowded with them, and a large number of persons were unable to get on the train. The fare was only one dollar.

The following conversation occurred upon one of our streets yesterday between two colored boys: First Boy—The thermometer been 800 degrees to-day.

Second Boy—Dats a lie. If it been dat hot it would burn everyting up.

First Boy—I don't care; dey tell me it was 800.

After commending the action of the Wilmington merchants, the Goldsboro Argus calls on the merchants of that enterprising town to adopt the half-holiday plan. We judge it would be most acceptable to both employers and clerks from the following announcement in the Argus: "It was so hot yesterday that ice cream refused to freeze by actual experiment."

Crop Prospects. Thus far the crop prospects from the section of country tributary to Wilmington have been, almost without an exception of a highly favorable character. As usual, the time for a reaction seems to have arrived, and it is likely we shall have to take some of the bad with the good hereafter. Advices from Columbus county are rather less encouraging, and a subscriber to the STAR at Maxton writes as follows: "You have been, no doubt, receiving good reports from the crops in this section, but if the present dry spell continues for many more days, the effect will be appalling. Rains have been very local. Corn is very small, and the crop will be short. Cotton is falling back every day."

We regret exceedingly to receive so discouraging a report from Maxton, and trust refreshing rains may come in time to revive the suffering crops. It has been some time since the farmers along the line of the Carolina Central Railroad have had an abundant harvest and they would be seriously affected by even a partial failure of the corn and cotton crops this season.

We may add that the report from Maxton is the first we have received of a really unfavorable character, and we hope our correspondent at that point may have the pleasure of writing us at an early day that there is a marked change for the better.

At the Court House. It was a hot day at the Court House yesterday. The heat was overpowering in the court room. Bench, bar, jury and spectators seemed to have all they could do to stand it. Fans were going rapidly in all parts of the room, and handkerchiefs were in constant use.

Solicitor Moore thought seriously of trying only the prisoners in jail and continuing all other cases to the next term. There are only eight jail cases, as follows: Thomas Brown, larceny; John Jones, burglary; Sam King, larceny; Henry King, larceny; Sam King, assault and battery with a deadly weapon; Hiram Myers and Albert Dumby, larceny; Ann Eliza Richardson and Eliza Richardson, nuisance; Sam Spruill, assault and battery with a deadly weapon.

BASE BALL.

Game To-day—Henderson vs. Wilmington.

The Carolina Base Ball Club, of Henderson, N. C., arrived in this city last evening, and will play the Wilmington Club to-day at the Athletic grounds.

Henderson had during the summer of '85 the best team in the North Carolina League and we are assured that they will place on the diamond to-day an exceptionally strong nine. Our Wilmington Club has steadily improved and may be expected to play better and better in every game this season. Our citizens—lovers of the game—should not be down-hearted over the defeats of last week when they carefully consider the scores made, but rather show their appreciation of the good playing of Wilmington despite the fact that the fates were against them. One reason probably why our team does not do better is on account of the lack of patronage, both Charlotte and Columbia—much smaller towns—turning out always a greater number of spectators.

The following is a list of the Henderson club, except the Carolinas: J. T. Moss, manager and s. s.; R. G. Hart, 1st b.; E. G. Finch, 2nd b.; J. Frank, 3d b.; E. L. Fleming, p.; J. D. Overton, c.; J. S. Dunn, 1. f.; D. B. Kimball, r. f.; A. Strauss, c. f.; O. Chatman, substitute; C. S. Clark, scorer.

The Wilmington Association will put in Gibson, captain and catcher, Bacon, p.; Rigby, 1st b.; Moore, 2nd b.; Creech, 3d b.; H. Rosenthal, s. s.; Watson, 1. f.; Waddell, c. f.; Carmichael, r. f.

The management guarantee good order and a pleasant contest, and rain checks will be given in case of rain before the fourth inning has been played.

The Hot Wave. Wilmington can still boast of being among the coolest places in the State, but it can hardly be claimed that it was cool even by its most ardent advocate. But what we do claim, is that the temperature, computed from an equal standpoint, was lower than any reported, with the exception of Newbern and Salisbury, which were just equal to the temperature in this city, and with the even slight southwesterly breeze, it was no doubt as pleasant as could be expected when the mercury rears its crest in the neighborhood of an hundred. The highest of the day for the past nine or ten days has ranged between ninety and one hundred, so that people were generally accustomed to warm weather and but few prostrations from heat were reported yesterday in this city. This has been the case almost all through the South, but in Northern cities, where the warm wave rushed upon them suddenly, the number of persons reported overcome by heat and the deaths occurring therefrom are quite numerous.

A STAR reporter was informed at the Signal Office yesterday that this was the most protracted spell of hot weather on record, and that the maximum of the past few days was equal to the highest since the establishment of the service in 1871.

There are some prospects of a cessation of this warm weather. The Signal Service map, posted yesterday morning shows a high barometer moving from the Northwest and with the slight depression generally forming through the South and its accompanying thunder storms, it is undoubtedly safe to say that the temperature will take a decided fall this afternoon or during the night.

The maxima, as reported in this Cotton Belt yesterday was—Weldon, 111; Cheraw (S. C.), 109; Lumberton and Florence (S. C.), 108; Raleigh and Wadesboro, 104; Charlotte, 102; Salisbury, Newbern and Wilmington, 100.

The maximum in this city Sunday was 100 degrees between 2 and 3 o'clock.

At the Court House. It was a hot day at the Court House yesterday. The heat was overpowering in the court room. Bench, bar, jury and spectators seemed to have all they could do to stand it. Fans were going rapidly in all parts of the room, and handkerchiefs were in constant use.

Solicitor Moore thought seriously of trying only the prisoners in jail and continuing all other cases to the next term. There are only eight jail cases, as follows: Thomas Brown, larceny; John Jones, burglary; Sam King, larceny; Henry King, larceny; Sam King, assault and battery with a deadly weapon; Hiram Myers and Albert Dumby, larceny; Ann Eliza Richardson and Eliza Richardson, nuisance; Sam Spruill, assault and battery with a deadly weapon.

Criminal Court.

The Criminal Court for this county, Judge O. P. Meares presiding and Solicitor B. R. Moore representing the State, convened at the Court House yesterday at 10 a. m. The following comprise the grand jury selected for the term: E. P. Bailey, foreman; T. H. Rand, D. W. Chadwick, J. C. Davis, M. F. Croom, B. F. Swann, Jr., Benj. Scott, R. J. George, J. T. McIver, Geo. B. Myers, W. S. Walker, Jno. W. Owen.

The following cases were heard during the day: Polly Mack, assault and battery. Case submitted. Judgment, one penny and costs.

Hattie Chadbourn, assault and battery. Case submitted. Judgment, one penny and costs.

Mary Williamson, assault and battery (two cases). Judgment, one penny and costs.

W. H. Loftin, unlicensed dog—appeal from Mayor's Court. Appeal withdrawn and papers returned.

Kate Grady, larceny. Nol. pro. Henry King, larceny. Guilty. Judgment not pronounced.

W. E. Davis, Enoch Griffin, affray. Case as to Davis submitted. Verdict of not guilty as to Griffin.

The Court took a recess about half past 5 o'clock in the evening until 9 o'clock this morning.

Auditor and Finance. The Board of Audit and Finance met in regular session yesterday afternoon. Present, Wm. Calder, J. F. Maunier and Jno. W. Hewitt.

On motion Mr. Calder was called to the chair. A communication was received from the Board of Aldermen relative to an election to be held the 11th day of August, pertaining to the Wilmington & East Carolina Railroad.

On motion, the communication was referred to the City Attorney, with the request that he give the Board his legal opinion as to whether consideration of this matter should be brought before the Board at the present time.

A communication from the Board of Aldermen authorizing the Fire Department Committee to purchase a new set of drop harness for the Cape Fear Fire Engine Co., at a cost not to exceed \$125.00, was received. Consideration of the matter was deferred until the next meeting, with a request that the Chief of the Fire Department inform the Board as to the immediate necessity of making the purchase.

Bills were audited and approved as follows: Current expenses, \$182.84; bonds, \$99,000, as follows: Thirty-two of the denomination of \$100; 7 of the denomination of \$200; 5 of the denomination of \$400, 29 of the denomination of \$500, and 77 of the denomination of \$1000. These bonds, which had been redeemed and cancelled, were burned in the presence of the Board.

Arrested for Larceny. A young white man who gave his name as Palmer at police headquarters, was arrested yesterday afternoon on the charge of larceny, and locked up for a hearing this morning at the Mayor's court.

Palmer is evidently a "bad egg." Saturday morning last he applied for board at the restaurant and boarding house of Mr. Smith, on South Water street near Princess. He told the proprietor that he was an engineer on the Atlantic Coast Line, running a freight train between this city and Florence, S. C., and registered as Henry Farmer. He remained at the house during the day and towards evening walked off.

Saturday night the same man made application for board at the boarding house of Mrs. Woodcock, on Market between Second and Third. He told the same story there that he did at the house on Water street—that he was an engineer on the Coast Line; had just come in, and was going out again Sunday night. He was given a bed in a room occupied by three other young men and retired. During Sunday night the new boarder disappeared and Monday morning it was found that a suit of clothes and other articles belonging to one of the boarders was also missing.

Yesterday, Farmer turned up again at Mr. Smith's place on South Water street. He said he had just come in on his train, and wanted to go to his room, and retired.

In the meantime, police officers who had been on the lookout for Farmer found him at Mr. Smith's and took him into custody. He was taken to the City Hall and Mrs. Woodcock was sent for. She identified him as the man wanted, and also identified some of the clothing he wore as belonging to one of the young men who were rooming with him at her house. Farmer, (or Palmer as he gave his name at the City Hall) denied everything, but was locked up, as before stated, for a hearing this morning.

The congregation of the Second Presbyterian church have given their pastor—Rev. J. W. Primrose—a month's vacation. Rev. Mr. Hoge, of the First church, will preach at night during Mr. Primrose's absence.

Division of Telegrams and Reports for the Benefit of Commerce and Agriculture. COTTON-BELT BULLETIN.

The following table shows the average maximum and minimum temperature, and average amount of rainfall, at the districts named. Each district includes from ten to twenty stations of observation, and the figures given below are the mean values of all reports sent to each centre of district. Observations taken July 18, 1887—6 P. M.

Table with columns: DISTRICTS, MAX. Temp., MIN. Temp., AVERAGE Rain Fall. Rows include Atlanta, Augusta, Charleston, Galveston, Little Rock, Memphis, Mobile, Montgomery, New Orleans, Savannah, Vicksburg, Wilmington.

Other indications. The following are the indications for to-day: For Virginia, fair weather except occasional thunder storms, winds becoming northwesterly and cooler.

For North Carolina South Carolina and Georgia, occasional local thunder storms, westerly winds and slightly cooler.

For Tennessee, generally fair weather, westerly winds, slight change in temperature.

Colored Excursionists—A Death on the Train. A great crowd of colored people went on the excursion yesterday to Wilson. It is estimated that there were over twelve hundred. Fifteen passenger coaches and two baggage cars were crowded with them, and a large number of persons were unable to get on the train. The fare was only one dollar.

They returned last night about 11 o'clock, and report having experienced a terrible time, resulting from the excessive heat and the crowded cars. One of their number, a married woman named Betsy Green, died on the train, near Goldsboro, when returning. Henry Brewington, and two other colored excursionists were prostrated by the heat. Upon the arrival of the train, the body of Betsy Green was placed in an ambulance and taken to the home of her husband, Ed Green, on Red Cross street.

A great number of colored people assembled at the depot last night awaiting the arrival of the train, and considerable excitement ensued when the fatality attending the excursion was made known.

It is reported that some of the excursionists got left at points along the road where the train stopped.

County Commissioners. The Board of County Commissioners met yesterday afternoon in adjourned session to continue investigation of complaints of tax-payers as to assessments of property. They were engaged in this work until the hour of adjournment at 6 p. m.

It was ordered that James Hollis be allowed to list his property in Masonboro township; Jno. F. Garrell, his property in Cape Fear township; and David Jones, his property in Cape Fear township.

To-Night. The Lawn Party for the benefit of the Flag fund of the Light Infantry will be given to-night at the City Hall park. The ladies hope that every body will attend. There will be fine music, furnished by the Cornet Concert Club, an abundance of refreshments, and other attractions.

DEED. HINES—July 18, 1887, Miss LOUISA HINES, in her 4th year. The funeral services will be conducted at "The Old Ladies' Home," and thence to Bellevue Cemetery, at 5.30 P. M. to-day. Friends and acquaintances are invited to attend.
