OUTLINES.

A bark from Havana with one case of yellow fever on board has arrived at Delaware Breakwater. Nashville invites the President to visit that city.

Spirits Turpentine.

Sanford Express: There are inexhaustible quarries of beautiful and excellent brown sandstone rock within a quarter of a mile of the depots.

THE CITY.

New Advertisements: Lost—Gold cuff button. W. L. Young—For rent.

The Board of Aldermen at their last meeting approved of the recommendation of the Committee on Fire Department—that the city purchase the Gamewell Fire Alarm system at present in use, at the price at which it is offered.

The company offer the entire plant to the city, including the four boxes recently supplied, at \$5,618. The existing contract with the company provided for fifteen boxes, gongs, tappers, and a bell-strike, at an annual rental of \$775, and for any additional boxes that might be required, \$12.50 each per annum.

Attention is called to the fact that by purchasing the system the city will save \$307.92 annually. The interest on \$5,618 at 6 per cent per annum is \$337.08, which with the sum of \$300—the amount required for pay of manager, battery, supplies and repairs—will make \$517.08; the total annual cost of the system. From this amount deduct \$50 per annum received from private parties for additional boxes, which makes a saving of \$307.92 from the amount now paid—\$775. The Company further agree to furnish any additional boxes that may be required, including poles, wire, etc., at \$155 each.

The burglar Jones. Tom Jones, the burglar, whose sentence was commuted by Governor Seales from hanging to imprisonment for life, will, probably, be taken up to Raleigh this evening.

Small Fires. Fire broke out in the kitchen on the premises of Mr. A. A. Willard on the corner of Orange and Sixth streets, yesterday afternoon about 5 o'clock.

Personal. Mr. O. P. Meares, Jr., is here on a visit.

Mr. G. P. Kidder, of Moss Neck, was here yesterday.

Mr. Vance Norwood has become associate editor of the Index.

Mr. J. C. Stedman, of Fayetteville, leaves for home this morning.

Mr. Albert Gore, of Chicago, arrived here Sunday night and will leave to-night.

Mr. A. R. Campbell left last night for Ansonia, Ala. The "boom" there requires constant nursing, and Archie's holiday trips are necessarily brief.

Mr. B. A. Hallett, who has been enjoying our delightful climate for several weeks, leaves this morning for Mt. Olive, where he will immediately "set his pegs" for the next cotton crop.

The Easton, Pa., Free Press pays a high compliment to young Oscar Bernheim, who leaves the job printing department of that paper to enter the Mecklenburg College. Oscar is a son of Rev. Dr. Bernheim, former pastor of the Lutheran church of this city.

over." But the Mugwumps are growing all the same.

The Charlotte Chronicle tells of a young married man by the name of Plummer, from Birmingham, Ala., who is extremely crazy at Spartanburg, S. C.

"The young bride was terribly agitated by the occurrence and attracted the sympathies of all the people about the hotel. This case will be one of general interest from the fact that the young man's insanity was caused by smoking cigarettes, and it points a moral which the youth of the land should heed.

Not content with censuring Mr. Davis when he writes, the Northern press has gone to work to manufacture bogus interviews and letters. Mr. Davis is out denying most emphatically the so-called "interview" reported in the New York Herald.

The Augusta Chronicle says the damage to crops in Georgia will amount to millions probably. It says:

"We do not exaggerate the situation when we see the losses in one county alone placed at \$300,000, and in others at \$100,000 and \$150,000. Not in the history of the State have there been such losses and floods been so great and general."

Von Moltke is said to be of the opinion that a general European war, like that of 1815, is certain to occur soon. A Berlin correspondent of a well known French journal writes that the Emperor is really in a bad way, and that the Germans talk war.

Sanford Express: There are inexhaustible quarries of beautiful and excellent brown sandstone rock within a quarter of a mile of the depots.

Beaufort Record: There is a prospect at last of a Bogue Sound line of steamers being put on the line in the early fall to connect with the O. D. S. Line at New Bern.

Weldon News: On Sunday, the 24th ult., Mrs. Joe Cole and Mrs. Calvin Skinner, who live near Haywood's Church, while out riding met with a fearful accident.

Raleigh News-Observers: Officers and members of the State Horticultural Society for the year were elected at a special session of the association at Raleigh, N. C., on Sunday, August 7th.

Ashville Citizen: The Drugists' Association met in annual convention at Opera Hall in this city, with a good attendance, but not so large as it would have been had the serious accidents and delays not occurred on the railroad.

The savings banks of New York State hold resources amounting to \$230,000,000, an increase of \$20,000,000 over the preceding year.

One of the papers says that when Blaine met in London "Bloody Shirt," one of Buffalo Bill's Indians, he could not resist the temptation of a shake.

Young George Drummond has just died in great poverty in New York. He was heir to the Earldom of Perth. He leaves a pretty wife and one daughter.

According to Senator Daniel, the Blair bill was killed by Mr. Carlisle. That is another cause of indebtedness of the country to this best balanced of Democratic statesmen.

The talk in Virginia now is that the public debt will be ultimately repudiated unless the U. S. Government comes to Virginia's rescue. Uncle Sam is expected to do a great deal now a days.

Mr. Barbour, of Virginia, says he was disappointed in the President, but his "integrity and vigor as an administrative officer had won him

Yesterday morning at 10 o'clock, Mr. James N. Cole, of West Martin street, narrowly escaped death.

Lizzie Anderson, colored, drunk and disorderly, was sentenced to twenty days in the city prison in default of payment of fine of ten dollars.

There was a general "scratching around" for covering yesterday morning when the wind shifted to the East.

The cool wave is caused by a very high barometric pressure which developed in the Northeast.

Emma Hasland and Amanda Hill, colored women, were found guilty of an affray in Justice Millis' Court, and were bound over to the next term of the Criminal Court in the sum of \$50 each.
