THE MORNING STAR.

VOL. XL.--NO. 138.

C. A. Percy, a young mechanic at

Niagara Falls, constructed a life-sa-

ving craft of his own. It is 17 feet

long and 41 feet wide, with large air

chambers at either end. He made a

successful trip through the Niagara

rapids and whirlpool on Sunday af-

ternoon. A dispatch to the World

"The voyage occupied about four min-

utes and was a rough one. The boat be-

haved well, and though frequently out of

sight and full of water it quickly righted.

Several times it turned around, but it never

rolled over. The boat passed directly across

dian shore Percy came out and took the

oars and pulled up to the front of Colt's

elevator, reaching the bank at 3.55 o'clock.

Percy was nauseated, but was not injured.

He was well pleased with his craft and

expects to introduce it to the Life-Saving

Senator Pugh, of Alabama, is

represented as saying that the men

who served in the war are no longer

to the front, or words to that effect.

This is untrue and because nearly all

of the prominent men in the South

served in the war. North Carolina's

two Senators were soldiers. Serral

of the Representatives were soldiers.

In Alabama, of the whole delegation

in both Houses all but Senator

Pugh and one other were in the war.

All of the Arkansas delegation

served their South in the field. So

with the entire Georgia delegation.

Virginia has nine soldiers in Con-

gress. The "soldier business" seems

- There was only one case in the Mayor's court yesterday. That of Robert McElroy, charged with larceny. He was committed to jail in default of security for his appearance at the Criminal Court.

-- A lady residing on North Front street made application at the City Hall yesterday for assistance in finding a colored woman to whom she had given the family washing a week or two ago and who had not returned. She did not know the woman's name nor where she lived.

Capt. R. G. Ross has recovered suf-

ficiently to take a trip to New York Mr. W. A. Dick, of the firm of Dick

& Meares, returned last night from an extended Northern trip, in which business and pleasure were combined. Messrs. J. H. Tienken, Wilkin Roddick, M. H. Curran, H. C. Canaday

and A. LeG. Wilkinson, arrived on the steamship Benefactor from New York yesterday. Mr. D. L. Gore has returned from a

visit to Bladenboro. He reports crops looking fairly well, but farmers are disappointed at the prospects of a smaller yield than was anticipated.

Mr. Wilkin Roddick returned yesterday on the steamer Benefactor.Mr. Roddick for the last week or ten days has been on a fishing excursion, on the Miramichi river, New Brunswick, and says the net result was sixty salmon or "thereabouts."

The Freshet. Advices from up the river state that the flood in the Cape Fear i subsiding. All the low lands below Fayette ville were covered, and it is estimated that about two-thirds of the crops were destroyed. The freshet has been a disastrous one to the farmers, but the water lacked about four feet of attaining the height it reached in the freshet of 1886.

Capt. Robeson, of the steamer Cape Fear says that the water had fallen about eighteen inches at Fayetteville Monday morning. On the way down

A PRECIOUS PAIR.

Robert McElroy and His Wife Jo sephine nilas Rose Nesbitt.

It was ascertained yesterday that the missing colored washerwoman. Josephine McElroy, was a passenger on the steamer Gulf Stream for New York. The woman's husband, Robt. McElroy, was taken by police officers to the agent of the steamship, where he was identified as a man who had purchased tickets for his wife and child just before the departure of the steamer last Saturday, giving the woman's name as Rose Nesbitt. She carried a large trunk with her and is described as a good-looking mulatto woman. McElroy had nothing to say in regard to his wife having sailed on the steamer last Saturday. While in charge of an officer Monday he pretended to be ignorant of her where abouts, beyond the fact that she had been employed by some one on the Sound and expected to return in about a week. He could not give her employer's name nor tell where he

Mayor Fowler, upon ascertaining that the woman had gone to New York, telegraphed at once to the Mayor of that city, asking that she should be arrested on the arrival of the steamer, which was due there yesterday, and, the agent stated. would probably arrive about noon.

In anticipation of the woman's ar rest in New York, the Mayor also had the necessary papers prepared and forwarded to Governor Scales, re questing that a requisition should be issued for the return of Josephine McElroy alias Rose Nesbitt to this city as a fugitive from justice. The remainder of the articles found

in the room occupied by McElroy and his wife were taken to police headquarters yesterday, and as list of them taken. Among the articles are the following which are supposed to have been stolen: Six doylies, seventeen towels, six pillow-shams with the initials "McG worked on several, seven pillow-cases -one worked "N. R.," sixteen infant's dresses, three infant's sacques, one counterpane, seven sheets, one bolster-case, four linen tablecloths, one silk ribbon sash, two handkerchiefs marked "Lou Alexander," one handkerchief marked "J. W. McG.", nine unmarked handkerchiefs, one colored silk handkerchief, one knit shawl, one gentleman's vest, one purple balmoral, one white polonaise, four dress skirts, two small bundles of sundries, three night robes, twelve or fifteen pieces of ladies' and chil dren's underwear and one collar.

A second visit was paid by the police to the woman's room later in the day when a trunk was found containing the following: Three collars, one pair blankets, one bed-spread. one pair gentleman's cuffs, one pair ladies' cuffs, one child's bib, two ladies' dresses, three pairs men's drawers marked "X." five shirts, one bolster-case, one basque, a book "Prose and Poetry" with "H. H. Brinson, Newbern, N. C." written on a fly leaf, two testaments and one accordeon.

All the above are held at the City Hall, awaiting claimants.

McElroy was committed to the county jail in default of bond in \$100 for his appearance at the Criminal Court next month.

Very little can be learned of him and his wife, the precious pair having recently arrived here from Charleston, S. C. Both can read and write. An unfinished letter written by the husband was found in their room, inwhich the writer stated that he would leave Wilmington in a week or two. It is supposed that he intended to follow his wife on the next steamer to New York, with the rest of the stolen property.

Crops in Hyde Damaged.

Mr. E. L. Mann, of Hyde county, writes Messrs. B. F. Mitchell & Son: "I am sorry to have to report a severe easterly gale of wind which has badly injured our corn crop-fully onethird or one-half. Up to the 20th instant our prospects were promising."

St. Paul's Evangelteal Lutheran

It being a year since the earthquake, praise, humiliation and prayer services will be held in St. Paul's Evangelical Lutheran Church, at 8 o'clock to-night. The services will be held in English.

RIVER AND MARINE.

- Capt. Chichester, of the steamer Benefactor, from New York, reports the bell and gas buoy at Hatteras turned up-side down.

- Steamer Cape Fear cleared late yesterday afternoon for Fayetteville, having been detained to take on freight from the New York steamer which arrived about 2 p. m.

- The steamer D. Murchison arrived about 11 o'clock last night from Fayetteville. The freshet prevented the expected excursionists from coming. Capt. Smith reports that the water had fallen about five feet at

Wilmington Hook and Ladder No. 1. The truck house of Wilmington Hook and Ladder Co. No. 1, has recently been thoroughly repaired and put in splendid order. The building is a two-story structure; the ground floor, used for truck and horses, also contains a sitting room, sleeping apartments and kitchen for employes. The second story is a large hall, ceiled with highly polished native pine. It is comfortably furnished and makes a handsome and pleasant club room. A pleasure club, composed of honorary as well as active members, frequently meets there in the evening to spend an hour or two in innocent amusement.

The truck used by the company is large and handsome, with steering apparatus on top. It has been in service about four years, and is kept in perfect order and condition. The apparatus is drawn by a pair of fine roan horses who have been taught the patent drop-harness trick, and are so well trained that the driver can hitch np and clear the house with the truck in from nine to fifteen seconds.

At present the company has about fifty young gentlemen as active members, and numbers as honorary members many prominent citizens who have great pride in the organization and speak with pleasure of the days when they were in active service and themselves handled the ladder, axe and pick.

Wilmington Hook and Ladder Co. No. 1 is the oldest fire company in the city. It was organized in May, 1847, and reorganized and chartered by act of the General Assembly February 26, 1867. It has ever been an efficient branch of the City Fire Department, rendering valuable service on many trying occasions. May it "live long and prosper."

A Jam in the River at Meares' Bluff. The Clarendon Bridge Company have erected false works at Meares Bluff preparatory to the construction of a new bridge across the Cape Fear river at that point. The heavy freshet in the river brought down yesterday a vast quantity of trees, logs and other debris, which lodged against the timber false works, forming a raft which at one time extended nearly across the river, and covered an area of about three lacres. The mass of floating trash and timber accumulated between 3 a. m. and 8 a. m. The safety of the bridge was not threatened seriously, but navigation was impeded and would have been entirely suspended had not the authorities of the railroads which lease the bridge, ordered up to that point three tug boats and a large number of hands and removed the obstruction, which was done by dint of hard labor by 4 o'clock in the afternoon.

To have seen the immense mass of logs and trees packed and jammed as it was, it seemed to one unaccustomed to such work that it would take a week to accomplish its removal, but it was all done inside of twelve hours

Pilot Boats Missing. The pilot boats William & Richard and Wildcat, have not been heard from since the recent storm. Great uneasiness is manifested at Southport on account of their long absence. The supposition, however, is, that they may be at Charleston, and parties interested telegraphed yesterday to ascertain if the boats were harbored there, but no replies had been received up to last night.

MRS. WINSLOW'S SOOTHING SYRUP .- REV Sylvanus Cons thus writes in the Boston Christian Freeman: - We would by no means recommend any kind of medicine which we did not mend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colio pains, quiet sleep, and the parents un-breken rest at night. Most parents can appre-ciate these blessings. Here is an article which works to perfection, and which is harmless; for the aleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teethas a button." And during the process of teeth-ing its value is incalculable. We have frequent-ly heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold by all druggists. 25 cents

rill be continued as heretofors. GILES & MURCHISON, Crockery Department.
