WILMINGTON, N. C., FRIDAY, SEPTEMBER 2, 1887.

The following explains the Petersburg affair to which our dispatches of yesterday referred:

"A week ago Mrs. De Jarnette was struck in the street by a negro man while she was interfering in behalf of her child, who had trouble with a young negro. The negro man was arrested, fined \$50, and

"On Friday last, Dr. Samuel Hinton, a prominent physician, interfered in an altercation between his young son and some colored children, among whom was a girl. The girl, with a stick, threatened Hinten's son. Hinton expostulated and the girl's response was that she would kill the boy. Dr. Hinton then struck the girl. The negroes have become very violent and have demanded through a colored lawyer that the same punishment be inflicted on Dr. Hinton that was given in the case of the negro who struck Mrs. DeJarnette.

"A violent card published in the Index Appeal this morning and signed by prominent colored men has incensed the white portion of the community. Warrants were issued and the editor of the Index-Appeal and the signers of the card were arrested to-night on a charge of libel. The parties were all bailed for appearance to-morrow."

Macon desires ex President Davis to attend the State Fair. The Presi dent, Mr. Northern, has gone to Beauvoir, Miss., to invite him. A Macon dispatch says:

"It is very probable that Mr. Davis will consent to come, and if he really does, there will be the largest gathering of Southerners ever assembled at Macon at any one time. His presence will make the reunion of the Confederates a glorious success and an ever memorable occasion. The grandest welcome will be accorded the great chieftain that he has received since the

The last political rumor is that the Democrats are scheming to get new Democratic States. - Charlotte Hornet: This morning Mr. Henry McCall swore out a warrant before 'Squire Maxwell for the arrest of I. W. Cable for embezzlement. - And now editor Tipton says that Captain Bell lies. We trust no target shooting will fol-low. Both are noted "bull's-eye" hitters.

- Chadbourn Times: On last Wednesday night the kitchen of Mr. Quincy Hisson near Peacock's was burned. One day last week several citizens a few miles from here distinctly heard the roaring of the sea. This indicated that the waves were very high from a storm. We believe it is 35 or 40 miles to the sea-the nearest

-- Pittsboro Record: An election will be held to-day in Harnett county upon the question of levying a special tax to enlarge the court house and jail of that county. At the late term of court there the Judge, in his charge to the grand jury, said that every man in the county ought to be indicted for the wretched condition of the court house and jail.

- Hillsboro Recorder: We learn that some of our farmers are cutting tobacco in Orange and they are well pleased with the color and quality. — We know of but one genuine "Friend" now living in Orange county, and he is now in his 94th year, and if everybody was as good and as pure as we know uncle Tommy McCracken to be, it could well be said there would be no use of court houses and

- We have before us a twentyfour column paper hearing the familiar name we have known from our early boy-hood, Hillsboro Recorder. It is not the old paper so long published by the worthy Dennis Heartt, but a new adventure, edited by two lawyers, Messrs. C. E. Parish and F. N. Strudwick. We have only seen No. 8, and it is well edited, as was to be expected. Our best wishes, gentlemen.

- Shelby Aurora: Bob Turner and another negro named Petty, were put in jail on Sunday and were charged with breaking into Dr. A. F. Hambright's store at Grover. — Jno. R. Logan's sketches, historical and biographical, of the Broad River and King's Mountain Baptist Association from 1800 to 1882, is a valuable work of 625 pages and a vade mecum for the Baptists of this and adjacent sections.

- Raleigh Visitor : The two hundred and thirty-fifth session of the Orange Presbytery met to-day at Cross Roads church, six miles from Mebanesville. The opening sermon was preached by the Rev. Dr. Wilham, of Hillsboro, Moderator of the last Presbytery. — We regret to learn that Mr. Jimmie Lewis, son of R. G. Lewis, Esq., had his left hand badly lacerated yesterday while working at a circular saw at the Raleigh and Gaston Railroad shops. At last accounts he was doing as well as could be expected.

- Asheville Citizen : Bishop Lyman administered the rite of confirmation to twelve persons in Trinity Church on Sunday morning. His health is good with the exception-a very serious one-of insomnia. Judge Hall was a native of South Carolina, but of a Cape Fear family. He was partly educated at Chapel Hill, removing in early manhood to Georgia, in which State he successfully engaged in the practice of law, rising to eminence, and fina y rising to a seat upon the Supreme Court Georgia. He married the youngest daughter of Gov. Sam'i Ashe of North Car olina. He was born in 1820.

Monroe Enquirer-Express : The chinch bugs seem to have broken out again, and we regret to hear that considerable damage is now being done to the corn crop in some sections by them. - Mr. John Robinson, commissioner of agriculture, has just returned to Ralegh, after an extensive tour of the State. He has looked at the crops carefully in the past ten days, and has made hundreds of inquiries. As a result of his observations and information he says cotton is very seriously damaged on all light lands. Estimates of the crop will be by this considerably reduced. Conton on such lands is turning yellow.

- Asheville Advance: The trial of Cornelius Morgan and Pink Aiken, charged with the killing of Louis Foreman, which was commenced on Thursday last, resulted in the acquittal of Aiken and the conviction of Morgan for manslaughter. The jury yesterday morning returned verdict to that effect. Judge Mon'gomery sentenced Morgan to eight years imprisonment in the State Penitentiary. - Flat Creek camp meeting began last Friday and will continue all this week On Bunday the large assemblage that had gathered from many points, was addressed by the Revs. Kinnette, Parker, and Nolan. The meeting is held under the auspices of the Methodist church.

-Winston Sentinel: Greensboro is to have another tobacco warehouse 150x 81 feet. - The height of Moore's Knob. as far as ascertained by the United States Coas: Survey is 2,573 feet. - The Pilot Mountain Baptist Association, held a few days since, near Leaksville, is reported a grand success in every particular One Church (Winston) contributed for all objects between \$1,700 and \$1,800-Leaks. ville was not far behind. Four or five hundred persons were added to the various Churches composing the association during the year This is a good work for 19 or 20 Churches. - At the big coffee pot in Salem this week, we saw one melon weighing 66 pounds, and 10 aggregating 503 pounds.

- Charlotte Chronicle: The Commercial National Bank of Charlotte, is the only United States Depository in North Carolina. - Some of the business men and others along the line of the Char lotte, Columbia & Augusta, and the Columbia & Greenville roads, do not favor Superintendent Talcott, and have entered into a movement to secure his retirement if - Mr. J. B. Burns, proprietor of the Burns House in Wadesboro, died at that place at 12:30 o'clock yesterday from a stroke of apoplex,. - The exhibit is quite an interesting one, and shows that Mecklenburg pays this year a tax for all State purposes of \$14,729.06, sgainst \$19.811 67 in 1876, a reduction in one year of \$4 582 61 in State taxes. The school tax this year is \$14.816.91, against \$15,798. 85 last year, and there is a corresponding reduction in the county tax which was \$22,457 04 in 1886. The county pays a total tax of \$67,766 58, and of this sum Charlotte township alone pays \$33,468.66, or almost one haif of the whole taxes paid by the county. - A colored man named Eli Smith appeared before Esq. Maxwell seste day, with his right arm slit in a most artistic manner by a razor. Eli and another darkey got into a quarrel about a woman and Eli got the worst of it. He did not know the name of his assailant. W. T. R. BELL-Sir: Your card in the issue of the Charlotte Chronicle, of August 28th, trying to answer facts with the facile pen of slander and decunciation does not have a feather's weight with me. You knew when you denied it that you wilfully lied, for you recognize the truth of the article and must be hurt by the doubleedged sword of truth I stated truth and nothing but the truth, and stand by the facts pablished. I am prepared to prove them to your utmost satisfaction or social annihilation. I exposed you in the interest of morality. I believe I did a good work, and the consciousness of my integrity bids me defy you. B. F. TIPTON.

The Laborers' Union, at a meeting held on the 29th day of August, 1887. have made the following wages: For stowing cotton-headers \$5.00 per day; screwmen \$4.00 per day. Work to be done on the eight-hour system, and the above rates to go into effect on and after the 10th day of Septem-

The notice is signed by E. M. Green president, and John J. Hill, recording secretary of the Union, which numbers some six or seven hundred col-

ored men as its members. It is understood that the employing stevedores are not disposed to accept these terms, which it is alleged, are higher than at other ports; that at other places \$4 per day for screwmen and \$4.50 for headers is paid-nine hours constituting a day's work. It is claimed, forther, that the labor here is not of a class that will justify the payment of what are regarded as exorbitant

The Messrs. Kure Bros., employing stevedores, have determined to meet this demand by engaging a force of white laborers, and have already employed about fifty trained long-shoremen, principally from Charleston, S. C., who will be here in a few days.

The Thieving Washerwoman.

The colored woman Josephine Mc-Elroy, alias Rose Nesbitt, whose exploits in this city have been mentioned recently in the STAR, has been arrested in New York city.

Mayor Fowler received yesterday evening a telegram from City Superintendent Steers, of New York, as follows. "Josephine McElroy arrested. Will you send for her? If so, telegraph to hold her for requisition." The Mayor at once telegraped to hold the woman, and at the same time sent a telegram to Gov. Scales: "Josephine McElroy arrested in New York and held for requisition. Will you send for her?" In reply, the Governor telegraphed, "Wire me the name of person who will go to New York. Will write in the morning."

Mayor Fowler replied, designating Sergt. F. T. Skipper of the police force, who will be sent with the requisition of the Governor for the delivery and return of the woman to this city.

A Small Fire.

The Fire Department was called out yesterday about noon by an alarm sent out from box No. 85, corner of Eighth and Market streets. The fire was on the roof of a small frame dwelling on Dock, between Eighth and Ninth streets. It was speedily extinguished, and the only damage done was the burning of a few shingles.

Steamboat Inspection Laws. It is not generally known, but it is nevertheless a fact, that the steam boat inspection laws of the United States prohibit tug-boats from carrying other persons than their crews, whether such persons are carried for hire or not, except under certain limitations. The act, passed at the last session of Congress, provides "that any steam vessel engaged in the business of towing vessels, rafts, or water craft of any kind and not carrying passengers, may be authorized and licensed by the supervising inspector of the district in which said steamer shall be employed, to carry on board such number of persons, in addition to its crew, as the supervising inspector in his judgment shall deem necessary to carry on the legitimate business of such towing steamers, not exceeding however, one person to every net ton of measurement of said steamer; provided, however, that the person so allowed to be carried, shall not be carried for hire.

Section second provides that every steam vessel licensed under the foregoing section, shall carry and have on board in accessible places, one lifepreserver for every person allowed to be carried, in addition to those provided for the crew of such vessel."

Receipts of Navai Stores.

The statement of receipts of naval stores at this port, from the beginning of the crop year April 1st to September 1st, 1887, as compiled and posted at the Produce Exchange, shows an increase of 6,147 casks of spirits turpentine, as compared with receipts for the same period in 1886, and an increase of 2,819 barrels in the item of crude turpentine. There has been a decrease of 5,088 barrels in the receipts of tar, and a decrease of the same period. The figures given are as follows:

1886-Spirits turpentine, 33,642 casks rosin, 152,459 barrels; tar, 25,616 barrels; crude turpentine, 11,933 barrels. 1887-Spirits turpentine, 39,789 casks; rosin, 143,707 barrels; tar, 20,528 barrels; crude turpentine, 14,752 barrels.

Magistrates' Court.

Wright Johnson, colored, charged with assault and battery with a deadly weapon upon his wife-Charity Johnson-he belabored her with a piece of board-was tried in Justice Millis' Court yesterday. At the conclusion of the hearing the magistrate required the defendant to furnish bond in the sum of \$50 for his appearance at the Criminal Court. Johnson furnished the bond.

Charles Taylor, colored, was committed to jail by Justice J. H. Sharpless of Cape Fear township, in default of \$100 bond for his appearance at the Criminal Court to answer to the charge of larceny. Taylor is accused of stealing a lot of corn, a table, and a buggy robe, from Mr. M. G. Chadwick, of Castle Hayne.

Mr. James Corbett, of Fayetteville,

is visiting friends in this city. Col. E. D. Hall left yesterday afternoon for Onslow county in the interest of the Wilmington, Onslow & East Carolina Railroad. He will appear before the commissioners of that county at their meeting next Monday.

Mr. D. M. Williams, of the firm of Williams, Rankin & Co., returned home yesterday from a visit to Warm Springs and other places in the western part of the State.

Mr. F. P. Chaffee, chief of the signal office, left last night for Washington city, on telegraphic instructions received yesterday, relative to important business.

Southern Antidote for Malaria.

It is generally known that Simmons Liver Regulator is relied upon to secure immunity from all malarial disorders. This is proven by its popularity, and anyone who has lived in the South has seen its curative effects and the protection it gives against this weakening and dangerous malady. It acts more promptly than calomel or quinine, without any of their injurious consequences.

MRS. WINSLOW'S SOOTHING SYRUP.-REV MRS. WINSLOW'S SOOTHING SYRUP.—Ray SYLVANUS COBB thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these biessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till these ly heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever.
