OUTLINES.

Elections were held in ten States yesterday, and the telegraphic columns furnish the returns received up to twelve o'clock this morning: the chief contest centered on New York and Virginia, in both of which the Democrats have gained great victories. — Serious trouble is reported between the blacks and whites at Saddy, a mining town, twelve miles from Chattanooga, Tenn.; the mountaineers have armed themselves, and are determined to kill the whole colored population, unless an offensive negro is handed up to them. — A large fire occurred early yesterday morning in Evansville, Ind.; several business houses were burned out, and the loss estimated at \$150,000. — The latest intelligence from the Crow Agency states that one hundred people, including twenty-five warriors, made their escape; troops have been sent in pursuit of the fugitives. — A loaded bomb was found yesterday near a polling place in Ohio, where voting was in progress. — Gov. Oglesby, of Illinois, is overwhelmed with petitions in reference to Anarchist cases, but, contrary to what heretofore, the demands for pardon exceed the requests for mercy; two more threatening letters have also been received by the Governor. — An Indiana judge has refused a ruling of interest to business relative to liability of a drawer of a check, after its certification by a bank at request of payee. — Mr. Johnson has been removed to the hospital infirmary on the doctor's orders. — A riot occurred in Paris yesterday at the funeral of a Communist; the people assisted the police and the latter were compelled to use their sabres. — John Dillon, in a speech at a National League meeting in Dublin, denounced Mr. O'Brien's persecution of Mr. O'Brien, and said the watchword now would be "member and avenge O'Brien." — The condition of the Crown Prince of Germany is said to be rather alarming, and his physicians are in consultation relative to the performance of an operation on his throat. — The first ground was broken yesterday at Knoxville, on the Knoxville Southern Railroad, which is to run from Knoxville to Atlanta. — The trouble on the Louisiana sugar plantation is thought to be ended. — Two new cases of fever in Tampa yesterday; no deaths.

For the orphans!

Mr. Gladstone is represented as favoring a plan by which members of Parliament can be paid a salary. — There are now thirty-five men in Wilmington who look like Major General in the United States army. — He looks like a Lieut. General. — The most illustrious English statesman since the great trio—Burke, Fox and Pitt—Mr. Gladstone commences his 78 years next month. He is a man to be honored.

The Philadelphia McCaul Company

is to produce a new American dress called "The Begum." Of course it is of Hindoo fashion and form. — Boston must indeed have a great deal of the culture with which it is credited. Lectures on literary and scientific subjects are still well patronized. A Mr. Clapp is delivering a series of lectures now on the "Plays of Shakespeare," and to great and brilliant audiences.

Thirty-five years or more ago we

ought and read the two volumes of the autobiography of Benj. Haydon, possibly the greatest of English historical painters. He was a man of genius and wrote with marked ability. He committed suicide. His son, Frank Scott Haydon, committed suicide a few days ago.

There has been a big advance in

rubber goods. The market is high and elastic. The tendency is upward and bound and no prospect of a reaction soon. It is to be hoped that the dealers in these articles will not have consciences like their goods when they are raising the prices will be in proportion.

Whoever knew, or had forgotten

the name of the man who shot a Vence county man bore off the \$50 premium on yellow tobacco at the State Fair. And the successful party was none other than our friend Mr. Ira T. Hart. This same tobacco won a premium of \$15 at Oxford, and was finally sold in Henderson for \$170 a pound, making the ten pounds turn Mr. Hart out \$22.

Monroe Enquirer Express: Capt.

J. T. Stryker having resigned the captaincy of company "D," Fourth Regiment, Mr. Will Heath has been elected to the position. — While bird hunting near Stone's last Saturday, Mr. Thomas Hayward accidentally shot the 10-year-old son

THE ELECTIONS.

Elections were held in ten States yesterday; but the chief interest centered on New York and Virginia. Both these States have gone Democratic, and Fellows is elected District Attorney for New York county. The victory in Virginia is of unusual importance, as it insures the election of a Democrat to succeed Mahone in the United States Senate, and makes that State sure for the Democrats in the Presidential election next year.

The splendid Democratic triumph in New York is also of the highest importance. It settles beyond all reasonable doubt the question of Cleveland's re-nomination for the Presidency, and would seem to point with equal certainty to his election.

The effect of the victories in New York and Virginia will be felt all over the country. North Carolina will remain in the Democratic column, the "solid South" will remain unbroken, and peace and prosperity will be assured to the country for at least four years more.

From the Charlotte Chronicle we learn that the vote for the removal of Rev. Dr. Woodrow from the Theological Seminary at Columbia stood 85 for to 60 against. Dr. Girardeau was elected a Professor. It says of the election of Directors: "The Synod then elected Dr. W. T. Thompson to succeed himself as director. Rev. J. H. Thornwell, of Fort Mill, was elected in place of Rev. J. C. McMullen who now belongs to the Synod of North Carolina, and Rev. A. A. James was elected in place of Rev. Mr. Morris, who was the only director of the Woodrow party on the Board. This is regarded as a settlement of the controversy, for which the whole church should be profoundly thankful."

Mayor Hewitt, of New York City, has addressed a letter to the President in which he protests against the allowing of immigrants from cholera infected districts abroad to come to America. He demands that New York City shall be protected against cholera. This is well. We hope that no means will be spared to prevent the importing and the spreading of the dread Asiatic scourge. All the coast cities should be protected. Some pest-laden vessel may put into Southport some day.

Ha! Ha!! The New York Times,

chief organ of Magwumpery, and assistant President of the United States, is mightily vexed because Mr. Cleveland desires the election of Col. Fellows, regular Democratic nominee. Hear this Magwump howler:

"Without the slightest disrespect to the President of the United States, we beg to inform him that his impertinent letter will be disregarded with the utmost cheerfulness by every legal voter in the city of New York."

Spirits Turpentine.

— Rev. Mr. Pearson will begin work at Raleigh on the 18th inst. — The Warrenton Gazette reports 13 bridges destroyed by the recent great freshet.

— Wilkesboro Chronicle: Mr. J. V. Wollington, of Wilber, had his leg badly broken. He and Wm. Pike were wrestling when the accident occurred.

— The Henderson Gold Leaf has been feasting on sweet potatoes that measured 24 inches in diameter, from the farm of Mr. E. G. Brodie, who lives a mile from town.

— Orphan's Friend: The turnip crop of the asylum is something wonderful. We have never seen anything like it in this country. We will make at least one thousand bushels.

— High Point Enterprise: Hattie Davis, colored, broke jail at Statesville last Sunday night by cutting the facing of the window of her cell, removing the bars and then sliding down a rope made of her blanket, etc., tied away.

— Hillsboro Observer: The projected meeting at Walnut Grove, Rev. J. Nelson, pastor, conducting the services, was going on at last accounts. More than forty have professed faith, and between forty and fifty have joined the Methodist Church.

— Asheville Citizen: Twenty-eight car loads of cattle have been shipped from Sylva this fall. — A circus exhibiting in Raleigh has to pay a tax of \$410, which includes State, county and city.

— We regret to learn that Mrs. E. F. Davis died from this city late last night.

— Elizabeth City Carolinian: The buildings and material of the Little Haiti Over Fishery, in Dare, were destroyed by fire on the 23rd of October. Insurance \$2,500. — The mail boat from Manteo capsized in the river on Monday night, the mail bag going to the bottom. There were five passengers but none lost.

— Henderson Gold Leaf: The Gold Leaf is pleased to know that a Vence county man bore off the \$50 premium on yellow tobacco at the State Fair. And the successful party was none other than our friend Mr. Ira T. Hart. This same tobacco won a premium of \$15 at Oxford, and was finally sold in Henderson for \$170 a pound, making the ten pounds turn Mr. Hart out \$22.

— Monroe Enquirer Express: Capt. J. T. Stryker having resigned the captaincy of company "D," Fourth Regiment, Mr. Will Heath has been elected to the position. — While bird hunting near Stone's last Saturday, Mr. Thomas Hayward accidentally shot the 10-year-old son

of Mr. Samuel Vickery. One shot lodged in his chest and another in his wrist. The boy was hid from Mr. Hayward by some bushes; did not know that he was anywhere about. He was not badly hurt. — Samuel Trull, son of Mr. Francis Trull, and Bob Hamilton, a negro, had a fight at the residence of Mr. J. C. Griffin, deceased, last Wednesday, in which the negro was cut in the left breast, receiving a severe but not dangerous wound.

THE CITY.

NEW ADVERTISEMENTS.
A. SHRIER—Fall clothing.
MUNSON—Attractive offerings.
E. WARREN & SON—Bon-bon boxes.
R. P. McDUGALL—Sale of business.
W. H. ROACH—Industrial insurance.
C. B. SOUTHERLAND & CO.—To the public.
PARSLEY & WIGGINS—R. R. Ties wanted

Local Notes.
— The *Hurt* brought down 89 bales of cotton and about 300 barrels of naval stores.
— Mr. J. S. McEachern, we are glad to say, was reported somewhat improved last night.
— Capt. Robeson, of the steamer *Hurt*, reports the freshest in the Cape Fear falling off very rapidly.
— There was a heavy rain yesterday along the line of the Carolina Central, west of Charlotte.

— The Christian Association of Grace M. E. Church will meet this evening at the Temple of Israel.
— The Carolina Central advertises cheap excursion rates to Fayetteville during Fair week. Round trip tickets only \$3.10.
— Spirits turpentine was firm yesterday at 35 cents per gallon, but there were no sales. Most of the buyers were out of town.

— Receipts of cotton yesterday 1,896 bales; the same date last year 1,251 bales. Increased receipts so far this season 30,656 bales.
— One of the numerous sportsmen who returned last night from a day spent in the woods and fields with empty bags, said the confounded birds would not stand.

— Col. Luke Powell, of Sampson, called at the STAR office yesterday. On the whole, he thinks the crops in his section, except cotton, rather better than last year.
— Chief Oldenbattel, of the Fire Department, in his report to the Board of Aldermen makes a good suggestion—that a fire-wharf be built at the foot of Red Cross street.

— Rev. Dr. Yates, on invitation of Rev. Dr. Mendelsohn, will deliver a lecture at the Temple of Israel next Friday evening. Subject: "The Influence of Woman—A Power Against Infidelity."
— Grand Master C. H. Robinson and Messrs. W. R. Kenan, Samuel Northrop and Jno. L. Cantwell, went down to Southport last evening to visit the Masonic Lodge at that place, and participate in exercises arranged to take place last evening.

— We were glad to receive a visit yesterday from Mr. A. S. McRae, editor of the Troy, Montgomery county, *Vidette*. Our merchants will find it to their interest to advertise in the *Vidette*, and we trust Mr. McRae will find his visit to Wilmington both pleasant and profitable.

— A new feature in life insurance in Wilmington is that introduced by the Life Insurance Company of Virginia. It is called "Industrial Insurance," and under this system payments as small as five cents per week for children, and ten cents per week for adults, are received. Messrs. Macon & Hill are the agents here.

Disposal of Garbage by Burning.
A leading physician of this city writes to the STAR: "Let not the interest abate in the disposal of garbage by burning. The Board of Aldermen could well afford to send the chairman of the Sanitary Committee to Pittsburg, Penn., to see the new crematory, which was erected at a cost of \$3,200, and burns thirty tons of garbage a day. Perhaps we could get on with a smaller one; but where fifty places, active measures should be taken to consume it, and nothing is so effectual as burning. Then, with the yawning mouth of a furnace open to receive the filth of our back yards and streets, the unsightly and disease-producing filth piles will disappear, because enough carts will be away to do the work."

Wilmington Hook and Ladder Company.
The regular monthly meeting of Wilmington Hook and Ladder Company, held Monday night, was largely attended. Mr. Harry Webb, Jr., who has faithfully held the position of truck-master for the past six months tendered his resignation. It was accepted with much regret, and on motion, Mr. W. P. Monroe was unanimously elected to the vacancy. Mr. Monroe has been a member of the company for only eighteen months, but has been efficient and prompt, his record standing as high as any fireman in the city.

The Late Col. Powers of Pender.
The County Commissioners of Pender, at their meeting in Burgaw last Monday, adopted resolutions in respect to the memory of the late Col. John D. Powers, a highly esteemed member of the Board, and one of Pender's most honored, useful and valuable citizens. Col. Powers was more than ordinarily gifted with all those moral and intellectual qualities which combine to make up a true and good man.

Cotton Crop Estimates.

The *Cotton World's* report for October, and its final estimate of a yield of 6,235,268 bales, is the sixth of the series of 1887-88 reports, in continuation of the National Cotton Exchange system. It has created something of a sensation among the bulls and bears, the correctness of the system of the National Cotton Exchange making estimates being established by remarkably accuracy in the three preceding years, as is shown by the following, issued on the 10th of November:

1886-7.	Bales.
National Exchange estimate	6,414,400
Actual product	6,443,188
Difference	28,788
1885-6.	Bales.
National Exchange estimate	6,650,365
Actual product	6,623,028
Difference	28,343
1884-5.	Bales.
National Exchange estimate	5,726,000
Actual product	5,697,655
Difference	28,345

From this it will be seen that in crops varying from each other by over 900,000 bales the estimates put forth in November by the National Exchange have not differed more than 28,788 bales from the actual output in any year.

The *Cotton World* adds: "In this connection we may without unjust assumption point to the accuracy of these reports of final production as published on or before the 10th of November for the last three years. The commercial crop is made up on a certain defined basis; it may and does usually differ from the actual production. The following shows comparison for each year:

National Ex. estimate.	Commercial crop.	Actual production.
1886-7.....6,414,400	6,508,067	6,443,188
1885-6.....6,650,365	6,623,028	6,623,028
1884-5.....5,726,000	5,708,165	5,697,655

It will be seen that these estimates have not varied materially from the actual crops, which fully attests the correctness of our system.

The Proposition for a Fire Boat.

The "memorandum" submitted to the Board of Aldermen at their last meeting by Capt. Edgar Williams, of the tug *Marie*, is as follows: "We will have banked fires all night and full head of steam all day. And at night we will keep two men on board; one to attend to the boat and the other to give an alarm to the captain and engineer in case of need. We will at once, in case of fire on the river, report to the Chief of Fire Department and act under his orders; provided, always, there is no shipping in danger. Should any vessel be in distress or require assistance it is clearly understood that we have liberty to assist them on our own account, and also that our claim for salvage shall not be hampered by our obligations to the city. Should there be no shipping in jeopardy we will tow flats or pump water, or act in any other way under the Chief of the Fire Department. We would at once buy a new first class steam pump, and sufficient hose under the requirements of the Fire Department for efficient use, the cost of which would be about \$300, at our own expense. For this service we ask \$50 per month, which we believe to be very moderate compensation."

Released.
Wm. Sneeden and Silas Sneeden, who have been in jail here for several days, were released yesterday, bond in the sum of \$750 having been furnished for their appearance at the next term of the Superior Court, through the instrumentality of their counsel, Messrs. Strange, Waddell and Meares.

An account of the arrest of the Sneedens was published in the STAR at the time. They are defendants in an action brought for the possession of Sneeden's island in Wrightsville Sound, and of which they had possession when an order for their arrest was issued by the Clerk of the Superior Court, on complaint and affidavit. A motion to vacate the order of arrest will be made before Judge Phillips at Kingston on the 14th inst., and for an order restoring the Sneedens to possession of the island in dispute.

Opera House To-Night.
Prof. Lowanda's Double Hibernian Star Specialty Company and Mammoth Gift Festival begins an engagement in the Opera House this evening. The performance consists of feats of magic, ventriloquism and specialties, and is represented to be far above the average. Some beautiful and valuable presents will be given away. The New York *Telegram* says:

"Prof. Lowanda undoubtedly has one of the most successful shows on the road. Within the last two years he has never failed to play to crowded houses. He turns more people away nightly than the majority of companies play to. It is estimated that he gives away \$30,000 worth of presents yearly. The Professor has left many warm friends in our city, and we predict big success for him wherever he goes."

The Late Col. Powers of Pender.
The County Commissioners of Pender, at their meeting in Burgaw last Monday, adopted resolutions in respect to the memory of the late Col. John D. Powers, a highly esteemed member of the Board, and one of Pender's most honored, useful and valuable citizens. Col. Powers was more than ordinarily gifted with all those moral and intellectual qualities which combine to make up a true and good man.

OPERA HOUSE.

"The Merry War."

Last night was a gala one at the Opera House and our society people were out in large numbers to witness the production of "The Merry War" by the MacCollin Opera Company. The music of the opera is bright and catching and the airs are familiar to all. The "Echo Song" of Miss Haas, and the "Waltz Song" of Mr. Branson, were the features of the evening, while as usual Mr. MacCollin, as the tulip grower, and Miss Hall, as *Elise*, kept the audience in good humor. Their duet in the last act was loudly applauded. Miss Branson and her company of soldiers fairly captured the house by their artistic drill. Their movements worked like a clock and they went through the different evolutions like veterans. Too much cannot be said of Mr. MacCollin and his Company. They are artists in the true sense of the word. The chorus is full and well drilled and the orchestra was perfect. They will always receive a warm welcome to our city.

Chemical Engines in Cotton Fires—A Suggestion.

The Fire Department of the City of New Orleans has adopted the plan of fighting fires on shipboard with chemical fire extinguishers. These chemical engines have proved of such great service there, that the city has had several tugs fitted with them, so as to be able to use them on vessels not moored at the wharves. New Orleans has had three cotton fires on shipboard this season, and in every case the loss was trifling. When the fire was discovered the hatches were closed, a hole was cut in the deck and the hose put through it. The engine was then started to work and in a few minutes the compartment was filled with carbonic acid gas, that extinguished the flames at once and did no damage to the cotton which had not caught fire. Thus the losses were insignificant.

The *News*, of Savannah, Ga., in referring to the above, says that if the vessels had been flooded with water, as they are at Savannah when fires break out, the losses would have been heavy. It mentions the case of the steamship *Resolute*, at that port, in which the damage done by fire was about \$500, by water about \$60,000, and the expenses incurred, the result of the use of water, about \$35,000, aggregating nearly \$100,000, and says, "had a chemical engine been used, the loss would have been covered by the first item of \$500."

The Ministers' Meeting.

At the minister's meeting held yesterday at the Library room, in regard to Thanksgiving services, it was decided that services suitable to that day should be held at St. Paul's Lutheran church, and that Rev. D. H. Tuttle, of Fifth Street M. E. Church, should preach the sermon on that occasion.

Rev. Dr. Pritchard was requested to write to Rev. R. G. Pearson, the evangelist, to see if the services of the latter could be secured to conduct a revival of religion in this city. Action in regard to this matter was appointed for a meeting which was to be held to-day, but as the necessary action was taken yesterday, no meeting for that purpose will be held.

The Carrs' Death.

The British steamship *Carr Marth*, Capt. Hurrell, from Bermuda, arrived in below yesterday. She got aground on a pile of rock in the river near Southport in the afternoon, but it was thought that she would probably get off on the next tide. The *Carrs Marth* is an old visitor at this port and her commander has many friends here who will be glad to greet him again.

LIST OF LETTERS

Remaining in the Post Office Tuesday morning, November 9, 1887.
A—Moseley Armstrong, Emma Allen.
B—G W Bright, E M Bain, Isabel Bryan, Jane Burnett, Ed L Brown, Aider E Bell, Amos Boatwright, M H Brown, M Brice.
C—C G Cain, A M Connell.

E—Maris Faison.
G—Curtis A Garrett.
H—Wm Hall, 2.
J—Hettie Jones, Charlie Johnson, Geo C Jordan.
K—Orange O Kelly, A Kennedy.
L—Jimmie Lofton, B J Lofton.
M—J Murrell, J A Mosely.
N—Lucy Neilson, John Neilson, Charlene Neely, J E Nelms.
P—Ruffere Perce, S H Pridgen, A R Parker, 2; Alex Price, Albina Payne.
R—G Ramsey, Eliza Jane Reardon, Fannie Robertson, J W Regan.
S—James Smith, John Stanley, Isaac John H Sevice, Eddie Sexton, Hessie Swain, E D Sloan, Eveline Scott.
T—Jone Travler, G W Treason, Charlie Thompson, Daniel Thomas, John H Turner, Rev B J Thompson.

—Gracia Ann Woods, Eady Williams, Hattie Williams, Eunice Watkins, Alice Watson, Sherman Williams, Secretary Wilmington Fair Association.
Persons calling for letters in the above list will please say "advertising." Letters will be sent to the Dead Letter Office, at Washington, D. C., if not called for within thirty days.
O. G. PARSLEY, P. M., Wilmington, New Hanover Co., N. C.

Weather Indications.

The following are the indications for to-day, received at 1 a. m.: For North Carolina, fair weather, light to fresh variable winds and stationary temperature. For South Carolina, generally fair weather, followed in southern portion by light rains, light to fresh easterly winds and slight changes in temperature.

Mayor's Court.

Anna Robinson, colored, who was found drunk and down in the vicinity of Nutt street Monday night, and alarming the neighborhood with cries of murder, was ordered to pay a fine of twenty dollars or work for thirty days on the chain gang.
Wm. Murchison, a colored boy from the country, found asleep in a stable on Water street, was discharged upon his promise to leave the city and go home.
Wm. Howe, colored, charged with disorderly conduct, had his case continued until this morning.

— Mr. R. P. McDougall has sold his carriage and buggy manufacturing business to Messrs. C. B. Southerland & Co., who will hereafter conduct the business at the old stand, corner Second and Princess streets.

WHO IS MRS. WINSLOW?—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has unflinchingly devoted her time and talents as a female physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do miss up and bleed here, especially in the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this valuable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions of mothers will share its benefits, and unite in calling her blessed. No mother has changed her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. It is sold by all druggists. 25 cts. a bottle. New York City. 87

DIED.

WILLIAMS—In this county, yesterday morning, at 5 o'clock, of typhoid pneumonia, Mr. LEWEL C. WILLIAMS, aged 45 years.
Funeral services (Wednesday) morning, at 10 o'clock, from the residence of Mr. Owen Kenney, No. 610 Castle street.

NEW ADVERTISEMENTS.

THE FOLLOWING SPEAKS FOR ITSELF.
WILMINGTON, N. C., Nov. 8, 1887.
W. H. ROACH, Esq., GENERAL AGENT, LIFE INSURANCE CO. OF VA.:
MY DEAR SIR:—I desire to express my thanks for the prompt manner in which the Life Insurance Company of Virginia, through its Agents, Messrs. Macon & Hill, of Wilmington, N. C., paid Policy 11,450, upon the life of my father, Wm. Richardson, who died on Sunday, the 5th day of November, 1887, and at 8 o'clock P. M. on the 17th of November, I received the full amount of the Policy, in cash, \$17,000.
I hope every white and colored person of moderate means in Wilmington, will take the opportunity of insuring with this company. It is just what a poor man needs.
Witness, A. J. HILL, W. H. RICHARDSON, NOV 9 1887
