Charleston News & Courier, Dem. -There are a number of measures advisable now which would not have been thought of before the war. There has been a vast change in the condition of things since the good days of 1860. Then there was no immense war debt and no immeasurable pension list, such as now hang threatingly over the country. Sen-ator Brown's resolution, as reported, inferentially at least, admits the pro-priety and advisability of excise taxes as a war measure. This being true, he is logically estopped from making any plea at this time against the propriety of these taxes; for the very ground on which their retention is advocated is the immensity of the expenses on account of the war to which the Government is yearly put. -Augusta (Ga.) N Y. Commercial and Financial Chronicle NEW YORK, Jan. 13.—The movement of the crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening (Jan. 13) the total receipts have reached 145,741 bales, against 159,308 bales last week, 188,-824 bales the previous week, and 202,859 bales three weeks since making the total receipts since the 1st of Sept., 1887, 4,290,599 bales, against 4,057,757 bales for the same period of 1886, showing an increase since Sept. 1, 1887, of 232,842 bales.

The exports for the week ending

this evening reach a total of 128,570 bales, of which 104,482 were to Great Britain, 13,807 to France and 10,281 to the rest of the Continent.

To-day the opening was depressed by weak foreign advices. The decline was fully recovered on the revival of speculative manipulation, but in the last few minutes the market was weak and the close was easy. Cotton on the spot has been very quiet, and stocks begin to show some accumulation. Quotations were reduced to on Tuesday, but recovered 1-16c on Wednesday. To day the market was dull at 9 7-17c for mid-

He afterward called at the house of Mr. J. L. Quinn and asked for something to eat. Mrs. Quinn told him she had nothing ready. He told her to prepare something. She declined, and he attempted to ride into the house. Miss Julia, her daughter, armed herself with her father's pistol and advised him to stay out. He took her advice and departed. -Charlotte Chronicle: A corres respondent of the Fayetteville Observer, who signs himself "Hickory," nominates our townsman, Mr. W. J. Yates, for Governor of the State. This would not be a bad nomination. —An example of how cotton mills pay is to be found in Concord. The semi-annual meeting of the stockholders of the Odell Manufacturing Company was held at that place last Tuesday. A semi-annual dividend of 10 per cent was declared. The mills were never in a more prosperous condition than now. —A citizen of Hickory informs us that the railroad officials have been there investigating the recent accident on the Chester & Leuoir Narrow Gauge road near that place. The officials claim that the train was wrecked by some unknown parties, as the trestle was in good condition and all its timbers sound. It is said that two parties were seen prowling around the trestle just before the wreck occurred. POLITICAL POINTS

- Ex Secretary Chandler is fast gaining the position of the political buffoon of the United States Senate. He is evidently too light a man even for the Senate however successful he may have been in the lobby.—N. Y. World, Dem.

- Senator Vance says there is no force in the cry of blankets against free whiskey, because duties on blankels are prohibitory. This doesn't lessen the force of the cry at all, but makes it more earnest. We want free blankets .- Columbia Regis.

- Senator Vance, of North Carolina, justly says that there has been more complaint in regard to the methods of collecting the internal taxes on whiskey and tobacco than of the taxes themselves. In view of this there should be enough legislative skill in Congress to relieve the internal revenue system of its most obnoxious features and at the same time retain the taxes on drink and smoke. - Phil Record.

THE INCURABLE **CURED!**

HOPKINSVILLE, KY., Feb. 24, 1837.

Gentlemen—Seven years ago a sore developed on my nose from a finger nail scratch. I tried a few simple remedies, but the sore would not yield. I grew worse every year for seven years. Many thought I had a cancer. Over a year ago I commenced taking S. S. S., and two dozen bottles entirely cured me. When I began with Swift's Specific I was in very poor health, and could hardly drag about. After I had finished the course of S. S. S. I was strong and buoyant, and had a good appetite. I regard it as a most valuable medicine for ladies in weak, delicate health. It is a household medicine with me.

Yours respectfully.

MRS. R. W. WILSON.

SPARTANBURG, S. C., April 2, 1887.

MRS. R. W. WH.SOR.

SPARTANEURG, S. C., April 2, 1887.

Gentlemen—For twenty years I have had a sore on my left cheek. It had gradually been growing worse. The many physicians whom I had consulted were unable to do me any good. Last fall a year ago I began using S. S. S. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that I should leave off the medicine. I persisted in using the S. S. S. At the end of two months the sore was entirely healed. Thinking that the evil was out of my constitution. I left off the medicine; but in November, ten months after, a very slight breaking out appeared. I at once began again on S. S. S. and now that is also disappearing. I have every faith in S. S. S. It has done me more good than all the doctors and other medicines I ever took.

Winston, N. C., April 12, 1287.

Gentlemen—Two or three years ago a cancer came on my face. It soon grew to be quite large. It wore on me, and my general health was very poor. Last September I began a course of S. S. S., which I have continued to the present time with the happiest result. The cancer has entirely disappeared, there being no evidence or symptom of a cancerous character left. My general health is good now, and my appetite better than it has been in years. I am 82 years old, and to-day I am working in the field planting corn. Yours truly,

Gentlemen—I had a sore on my upper lip for eight years. Seven different doctors attempted in vain to heal it. One gave me a small vial for five dollars, which was a "certain cure." It is needless to say that it did me no good. About two years ago I became quite uneasy, as people thought I had a cancer, and I took a course of eighteen bottles of S. S. The result has been a complete cure. The ulcer or cancer healed beautifully, leaving scarcely a perceptible scar. From that day I have been in excellent health, the Specific having purified my blood thorougher, increased my appetite and perfected my digestion. In a word, I feel like a new woman, and, best of all, the eight year ulcer is gone entirely. Yours sincerely
