WILMINGTON, N. C., SATURDAY, FEBRUARY 11, 1888.

Local Dots.

- An eclipse of the sun occurs to day, but it will not be visible in this part of the world.

- The meeting of the directors of the South Atlantic Railroad will be held to-day at Southport.

- Receipts of cotton yesterday 217 bales; the same day last year 198. Increase in receipts over last year, 83,047 bales.

- Mr. J. W. Bolles cleared the German barque Alexandria yesterday, for London, Eng., with 4.119 barrels of rosin, valued at \$4,281.60. - The accommodations for pas-

sengers on the steamer Cape Fear are to be greatly increased, and in time for the summer excursion season. - Col. Julius A. Gray, Presiden

of the Cape Fear & Yadkin Valley Railroad Company, who has been in the city several days, left yesterday for Greensboro. - Maj. T. D. Love, of Bladen. and other gentlemen of that county,

propose building a tram-road from Willis' Creek via St. Paul's, in Robe son county, to Lumber River. - James Pittman, who was arraigned in the Mayor's Court on the

charge of being a tramp and was ordered to leave the city, it seems is a native of Wilmington, and on this fact being established he was turned over to the county authorities, who sent him to the poor house. - Tickets for the lecture to be de

livered by Col. Waddell at the Opera House, next Monday evening, have been placed on sale at the stores of Messrs. J. D. Munds, W. H. Green, C. W. Yates, P. Hinesberger and H. H. Kasprowicz. The lecture is given in aid of the Wilmington Light Infantry.

No Convict Labor.

The impression that seems to have obtained in the minds of some people that the extension of the Cape Fear & Yadkin Valley Railroad from Fayetteville to Wilmington will be built by convict labor is an erroneous one. The ninth section of the amended charter of the company provides that convicts shall not be employed on any road or branch of the road except on the main line of the said railroad from Mount Airy to the South Carolina line, via Shoe Heel, and on the Patterson, Danbury and Franklinsville branch; and proviso in the same section recites that if the said Cape Fear and Yadkin Valley Railroad Company shall violate the conditions and provisions of this section as to the place of working convicts, the company shall immediately forfeit all right and claim to work convicts, and they shall be immediately returned to the authorities of the State peniten-

If the appropriation of \$150,000 i voted by the city the company will at once begin the construction of the road, working from Wilmington to Fayetteville, thus giving steady employment throughout the summer to a great many laboring men of the city who would otherwise be idle. Besides the construction of the line of road there will be wharves to build and warehouses and depots to erect, giving additional work to mechanics and others.

Wilmington and the t. F. & Y. V. R .! The Greensboro North State says that there is general rejoicing that

the people of Wilmington have taken hold of the Cape Fear & Yadkin Valley with a view of extending that road to Wilmington.

Before the days of railroads the

natural highway was a line tapping the Yadkin Valley, then towards the Deep River, and then on to Wilming-ton. The C. F. & Y.V. is on this l ne, and is destined to be a great railroad Natural causes will contribute to this and the result will be that Wilmington will become a great manufacturing as well as a great shipping point. In our opinion the completion of the C. F. & Y. V. will provide a system that will build up a great North Carolina seaport, and that it is the only project that has ever been reasonable to accomplish that desirable object. With all deference to the memory of the great men who cherished the hope of a North Carolina system from Tennessee to Morehead City, we must say that it has no argument based on commercial wants and necessities, or the tendency of capital for invest-ment that will justify such a system. Time will prove that a railroad with northwestern connections reaching out to Cincinnati, St. Louis and Chicago, running from northwestern North Carolina to Wilmington, will

reverse the present business status and put Wilmington on equal footing, commercially, with Baltimore, and give her vastly superior advantages o Richmond. In Ald of the Sirst Presbyterian

terian church. There was a large crowd present and everything that could tickle the palate and please the fancy was most temptingly arrayed. The amount realized was very satisfactory and all who were present enjoyed them- 10 and 11, selves heartily.

Prevention of Cruelty to Animals. The first regular meeting of the Society for the Prevention of Cruelty to Animals was held last night at the City Hall. In the absence of the President, Mr. J. Watters, Vice President A. S. Heide was called to the

chair. The Committee on Constitution and By-Laws submitted their report. and it was adopted after slight amendment. The preamble of the constitution recites that it is of paramount consideration to alleviate dis-

tress and suffering and minister to the wants and comfort of all animals, and it is the purpose of the Society to provide effective means for the prevention of cruelty to animals throughout the State of North Carolina: to enforce the laws for the protection of animals and to secure the arrest, conviction and punishment of all persons violating such laws. Elections will be held on the second Monday of January of each year. The membership of the Society is unlimited and confined to white males; applications for membership to be made in writing and signed by the applicant. The initiation fee is one dollar. Assessments may be levied to meet necessary expenses. The Secretary and Treasurer shall collect and

have charge of all funds and pay such bills against the Society as shall be approved by the President, and shall receive as compensation ten per cent. on all moneys collected by him. All society hadges shall be the property of the Society, and of such design as the Governing Board may direct. Members are enjoined to wear their badges and to report and prosecute all vielations of the laws for the prevention of cruelty to animals. Any member of the Society convicted of cruelty to animals shall be expelled

A motion was adopted that the Constitution and By-laws shall be considered inactive for ten days and that a committee of three be appointed to endeavor to increase the membership of the Society and to solicit funds. The chair appointed on this committee Messrs. John Roddick, J. H. Daniel, George Willis.

On motion, the Secretary and Treas urer was added to the committee. Mr. F. A. Lord was elected fifth Vice President.

Col. F. W. Foster addressed the Society, expressing his hearty sympathy with its purpose, after which the meeting adjourned until the 22d inst.

Colored Mass Meeting.

A number of prominent colored men of this city propose to call a mass meeting at the City Hall next Wednesday night for the purpose of taking suitable action in the matter of securing a fitting testimonial for Frank Davis, the colored hero, who so gallantly rescued the daughter of Capt. Patrick when she was swept overboard from the wrecked schooner William and Richard in mid ocean, as recently reported in the STAR. Davis' home is at Southport, and he is expected to return here shortly, on the schooner R. S. Graham now at Philadelphia.

Seacoast Ballway. The engineers of the Seacoast railway are hard at work locating the line of road, and it is expected that ground will be broken early next week. It is reported that it has been decided to make the terminus of the road and erect the depot buildings on the Ellis place at Wrightsville,
