#### FIFTIETH CONGRESS. FIRST SESSION.

Pension Bill Passed in the Senate after Rejection of Proposed Amendments-Bill for Purchase of General Shields' Sword Passed in the House. [By Telegraph to the Morning Star.]

SENATE. WASHINGTON, March 8 - Among the petitions and memorials presenteed and referred was one said to have over 102,000 signatures, from thirty-three States and Territories, against the admission of Utah as a State, so long as its people are under the control of the Mormon priesthood. Amon the bills reported and placed on the calendar were the following:

To provide for a joint celebration at the National Capital, by the sixteen American Republics, in honor of the Centennial of the parent Republic, the United States; To secure to Cherokee freedmen and others their proportions of certain proceeds

Benator Colquitt, who had announced his purpose to speak to-day on the President's message, gave way to the pension bill. His speech will probably be made Monday.

The pension bill was then taken up, the question still being upon the amendment of Mr. Wilson, of Iowa, adding the words "the infirmities of age."

Mr. Manderson replied to some of Mr. Vest's statements made last week, particularly as to their being no Federal soldiers or Confederates either, in Michigan alms. houses. He quoted from the report of the Commissioner of Pensions, showing that on October 15th last, there were in Michigah alms-houses 138 ex-Union soldiers and 62 dependent relatives, and in the whole United States 21,851 soldiers and dedendents, besides 15,152 in National Soldiers' Homes, making a total of 87.003 exsoldiers and their dependents who were dependent; on charitable institutions. In contradiction of Mr. Vest's statement that 30 per cent. of the number of those enrolled during the war were either pensioners or applicants for pensions, he showed that there were 367,424 invalid pensions granted: and 240,662 for windows, children or dependent relatives; in other words that there were (of pensioners and claimants) not over 24 per cent, of the whole number enlisted.

After further speeches by Messrs. Hawley, Hoar and Dawes, Mr. Wilson's amendment was rejected. Yeas-Allison, Bowen, Chace, Cullom, Dawes, Dolph, Hiscock, Ingalls, Mitchell,

Platt. Teller. Wilson of lowa-13. Nays-Aldrich, Bate, Berry, Blackburn, Blair, Blodgett, Brown, Butler, Call, Cameron, Chandler, Cockrell, Coke, Colquitt, Daniel, Davis, Eustis, Farwell, George, Gibson, Gorman, Gray, Hampton, Harris, Hawley, Hearst, Jones of Ark., McPherson, Manderson, Morrill, Paddock, Pasco, Ransom, Reagan, Saulsbury, Sawyer. Spooner, Steward, Stockbridge, Turpie, Vance, Walthall, Wilson of Maryland-43

Committee of the Whole and the amendments therein agreed to were voted on. The first vote was on the amendment offered by Mr. Call to make the bill apply to those who served in the war with Mexico or (for thirty days) in any of the wars with Indian tribes. The amendment was rejected. Yeas-Bate, Berry, Blackburn, Brown,

The bill was then reported back from

Butler, Call, Coke, Daniel, Dolph, Eustis, George, Gibson, Hampton, Harris, Jones of Ark.; Mitchell, Pasco, Reagan, Vance, Voorhees, Walthall-21. Nays-Aldrich, Allison, Beck, Blair. Blodgett, Cameron, Chace, Chandler,

Cockrell, Colquitt, Cuilom, Davis, Dawes, Farwell, Frye, Hale, Hawley, H.s. cock, Ingalls, McPherson, Manderson, Morrill, Paddock, Palmer, Payne, Platt, Riddleberger, Saulsbury. Sawyer, Sherman, Spooner, Stewart, Stockbridge, Teller. Turpie, Wilson of Iowa, Wilson of Mary-

The next vote was on Mr. Plumb's amend ment striking out the word "totally" before the word "incapacitated." After another long discussion, the amendment was rejected-yeas 14; nays 42.

The bill was then passed. Yeas-Aldrich, Allison, Blair, Blodgett Bowen, Brown, Cameron, Chace, Chandler, Cullom, Davis, Dawes, Dolph, Farwell, Faulkner, Frye, George, Gorman, Hale, Hampton, Hawley, Hiscock, Hoar, Ingalls, Kenns, McPherson, Manderson Mitchell, Paddock, Palmer, Payne, Platt, Pugh, Riddleberger, Sawyer, Sherman, Spooner, Stewart, Stockbridge, Teller, Turpie, Voorhees, Walthall, Wilson, of Iowa.

Nays-Bate, Beck, Berry, Blackburn Cockrell, Coke, Colquitt, Daniel, Eustis Gibson, Harris, Pasco, Reagan, Saulsbury, Wilson, of Maryland-16. Pairs announced were: Evarts and Mor-

gan; Edmunds and Jones, of Arkansas; Sabin and Call; Ransom and Jones of Nevada; Vest and Plumb. Mr. Blair introduced his biil of the former sessions to grant pensions to all soldiers who served three months in the army during the war of the rebellion. It

was referred to the Committee on Pen-Adjourned until Monday. [The colloquy in the Senate yesterday, reported as between Senators Faulkner and Plumb on the subject of public buildings,

was actually between Senators Daniel and Plumb, The substitution of the names was an inadvertence of the reporter. Mr. Plumb had been criticizing the supervising architect of the treasury for delaying work upon public buildings and changing the plans so as to involve greater

Mr. Daniel read a letter from Mr. Plumb, dated last October, addressed to the supervising architect, urging that the plan for the public building at Wichita, Kansas, be changed by adding another story, and suggesting that if to do this involved the omission of the heating apparatus from the estimates, he (Plumb) thought that without doubt this could be provided for at the next session of Congress. Mr. Daniel also read letters from Representative Peters, of Kansas, recommending that work upon the public building at Wichita be suspended with the view to securing a larger appropriation. Mr. Daniel made no objection to Mr. Plumb's letter; but he argued that after being written common fairness should have prevented the writer from criticizing its recipient for acting upon suggestions contained in it, which virtually had the force

of authority. HOUSE OF REPRESENTATIVES. Mr. Tillman, of South Carolina, asked unanimous consent for the immediate consideration of a bill appropriating \$10,000 for the purchase of certain swords belonging to the widow of Gen. James Shields.
The bill was passed, but not without a good deal of discussion arising out of the state-ment by Mr. Steele, of Indiana, that he had seen a newspaper paragraph to the effect that there was some question as to the

ownership of the swords.

Mr. Oats, of Alabama, opposed the bill. It was alleged as a reason for the proposi-tion that the awords belonged to the estate and could not be divided, but they could be sold as other property. He did not be-lieve that Congress could rightfully exer-cise the power of appropriation in such a manner as this, and though he had a kind-by feeling towards the family of General ly feeling towards the family of General Shields, he was not prepared to vote con trary to what he considered his duty under his oath of office.

Messrs. Wheeler, of Alabama, Buckalew. of Pennsylvania, and other members pronounced high eulogies upon Gen. Shields, and advocated the passage of the bill which had a two-fold object—to relieve the necessities of the Shields family and to secure to the country the historical relics of the old hero. Two of the swords proposed to be purchased had been presented by the Legislatures of South Carolina and Illinois

Mr. Tillman regretted that there should be any objection to the bill and especially regretted that that objection should come from a representative of a Southern State He felt a burning sense of indignation that any member ou this floor should propose that these mementoes should be put up at auction. If they were put up at auction there were thousands of men in the South who would willingly buy them and deposit them in some museum, rather than have them hawked about and bought and kept as trophies by some rich millionaire Referring to the admiration of the South for General Shield's Fravery in the Mex can war, he stated that that admiration had not been lessered by the fact that Gen. Shields fought sgainst the South in the unfortunate civil war. Speaking for South Carolina, he declared that her people had been too eincere in their convictions of duty, as they saw it, to doubt the sincerity of General Shields' conviction to fight on the side he thought right; and whenever men anywhere were ready to risk their lives for

the respect and charity of honest men, even if they had been in the wrong. Mr. Rayner, from the Committee on Commerce, reported a bill to establish a postal telegraph.

the sake of their convictions, they deserve

Mr. Blount said the subject of the bill was one over which the Committee on Postoffices and Post Roads had jurisdiction; and he reserved the right at the proper time to raise the question whether the Committee on Commerce had jurisdiction over the subject of postal telegraphy.

The bill was referred to the Committee of the Whole. After some time spent in discussing. without action, bills from the Public Lands Committee, and after passing a bill for allotment of lands in severalty to the Chippewa Indians, in Minnesota, the House ad-

A Bogus Circular Sent to Postmasters in the South-A Government Vessel to Sail for Venezuela with the Remains of Gen. Pacz-The pressury Surplus.

By Telegraph to the Morning Star. WASHINGTON, March 8 -Mr. Jones, Chairman of the Congressional Democratic Campaign Committee, says: A circular etter dated "Democratic Committee Rooms, Washington, February 1, 1888,' and signed "H. M. V. Judson, Secretary," has been sent to numbers of postmasters in the South, requesting them so procure and send to their Benators and Representatives lists of names, with a request that public documents and field, garden and flower seeds be sent to the persons named in such lists. Inquiry at the National Democratic Committee Rooms, and at the Congressional Campaign Committee rooms, shows that H. M. V. Judson is not Secretary of any Democratic Committee in Washington. I is also ascertained that Senators and Representatives have sent to their constituents all the seeds and nearly all the documents allotted to them. The circular referred to implies that they have been derelict in this respect, and it has unnecessarily stirred up the people and annoyed Senators and Representatives. Mr. Jones says Judson is a myth, and he advises that no attention be paid to the circular described.

Orders were to day issued to the commandant of the Navy Yard at New York to have the United States steamer Pensacoa placed in readiness to sail for Venezuela with the remains of Gen. Paez by the 24th inst. The vessel will proceed direct to La Guayva, and then go to Aspinwall to receive the relief officers of the Omaha now on her way there from China. Scretary Fairchild, in his report sub-

mitted to Congress early in December, estimated that the treasury surplus would reach \$140,000,000 by the end of the present fiscal year. It is now stated at the Treasury Department that, owing to the heavy receipts during the past few months, the estimate then submitted will prove to be too small and that the surplus at the end of June, 1888, will probably reach one hundred and fifty-five millions.

Killed on the Rati-Atlanta Prohibitionists-Cheap Rates for Immi-

By Telegraph to the Morning Star ATLANTA, March 8 -Train No. 8 on the Western & Atlantic Railroad, while rounding a curve near Marietta, Ga., ran over a man named O'Neill and cut the top of his

head off, killing his instantly. The Board of Aldermen to-day killed the measure for free books to public schools. The measure was passed through the Council by the vote of the anti-Prohibitionists, but was opposed by the Prohibitionists, because the books were to be purchased with money received from whiskey licenses. The Prohibitionists carried their point in the Board of Aldermen

ROME, March 8 -By the action of the Central Traffic Association in Chicago yesterday, the cheap rates Southward secured by the Inter-State Committee of the Society of Immigration and Development, from Southern passenger agents in New Orleans in February, are established over the greater portion of the country. John T. Graves, of Rome, chairman of the Inter-State Committee, has just received an official telegram from Commissioner Daniels, of the Central Traffic Association, announcing the concurrence of the railroads represented in that Association in the rates estab. lished by the Southern roads. As the result, on March 13th and 27th, aud April 10th and 25th, tickets will be on sale at all stations east of the Mississippi river to all points in the South, at one and one-half cents per mile, or three cents for the round trip. Tickets will be good for thirty days, with the privilege of stopping for ten days at different places on the journey South-

ward. Thousands of letters are pouring in upon the Inter-State Committee from the North and West, and it is evident that a vast tide of prospectors is coming Southward. Every progressive city in the South is taking steps to prepare for these visitors, and everything points to the greatest immigration movement ever known in the South.

The Consequences of Neglect. Neglect of the teeth not only leads to their decay, but according to the testimony of physicians causes them to infect the food and produces dyspepsia. This undesirable result is prevented by SOZODONT, the renowned preservative and beautifier, a purely botanic preparation, which can be relied upon to render the teeth white if ownership of the swords.

Mr. Tillman declared there was no such question, and the entire Missouri delegation gave assurance that the swords were tion gave assurance that the swords were and fragrant.

FOREIGN.

Premature Announcement of the & m. peror's Death-The Crists Still Imminent-Prince William Entrusted with the Administration of State Af-

By Cable to the Morning Star. Berlin, March 8, Official Bulletin, 9.20 P. M.—The report of the Emperor's death proves to have been premature. The latest intelligence from the Palace is that he is still alive though unconscious

An official bulletin, issued at 9 o'clock this evening, announces that the Emperor lives and that on the whole his condition is more tranquil. The bulletin has reassured people who had been intensely excited by reports of his death, which had been published in newspaper extras. Berlin, March 8. 9 20 P. M .- The Em-

peror fell into a swoon at 5 o'clock and remained unconscious until 6 o'clock. He afterwards fell into a quiet sleep, which lasted till 7 o'clock. Wine and other liquid nourishment are administered to him

The following is the text of the imperial decree promulgated to-day declaring Prince William to be representative of the

Emperor in State affairs. "In consideration of the uncertain state of my health, which compels me temporarily to ab tain from the transaction of affairs. and in view of the illness and prolonged absence of my son Frederick William, I charge your Royal Highness with all cases where I believe representation necessary in the current government business, specially signing orders, without special order being

requisite on every separate occasion." At noon all the members of the Imperial family, except the Crown Prince and the Crown Princess, were in the room adjoin ing that occupied by the Emperor. At 12.25 Chaplain Koegel gave the last sacrament to the Emperor.

The Emperor was occasionally delirious before noon; at 5.80 the physicians in a:tendance upon the Emperor published an assurance that his somnolent condition is not the result of injection of morphia. This confirmed the belief that the crisis 18 imminent. London, March 9 .- At 12.20 a, m. no

liam had reached the German Embassy. No bulletins were posted at the German Embassy this evening. Count Von Harzfeldt professed to have received no official information of the death of the Emperor.

official report of the death of Emperor Wil

Paris, March 8 -The Siecle says that Emperor William died at 5 p. m.

THE BURLINGTON STRIKE, The Fight Transferred to the U. S. Court by the Railroad Company-The Situation Unchanged.

By Telegraph to the Morning Star,]

CHICAGO, March 8 -This morning the fight between the Chicago, Burlington & Quincy R. R. and its striking engineers and firemen, was changed from the lines of the road and the strikers' headquarters at the Grand Pacific, to the U. S. Court At an early hour a big petition was filed in the U S. Court by the counsel for the railroad It set forth the history of the strike with the grievances of the road, and wound up by praying an injunction against hood, as well as an order on the Wabash road compelling it to handle Burlington freight in the discharge of its duty as a common carrier.

Hearing upon the application is set for to-morrow at 2 p. m. The Burlington road makes Charles E. Beers act in the capacity of chief complainant in the case, although the suit is the work of the company. Beers is a big lumber merchant, and as his business has been tied-up since the strike began, he gladly threw his lot with the C. B & O. in hope of obtaining some relief for him self. There was considerable surprise among the strikers and their chiefs when he news of this latest move of the road was broken to them. Sargent said an tinjunction, if granted, would have no effect on the strike, as far as the engineers and firemen are concerned. "Chief Arthur," he said, "does not order strikes. He does not order the men to qu't work, and has no power to do so. The constitution of the Brotherhood of Eagineers does not give him any such power. An injunction sgainst them, therefore, to restrain him from ordering men to disobey orders of the road employing them, would cut no figure what-

Chief Arthur could not be seen, but the press committee authorized to speak for him, said, "An injunction against Arthur would not be worth the paper it is printed on Simply because he does not order men to quit work. An injunction against the Brotherhood is equally worthless, because it is not an incorporated body. If the engineers on the Wabash do not want to handle Burlington freight, no Court can make

The position that the engineers as a body will take in any event will be a very sim ple one. Whether they appear in Court to morrow by counsel at all, has not yet been decided, for as a matter of fact they are, or appear to be, quite indifferent as to wheth er the Court will, or will not issue the order prayed for. They are determined, and so expressed themselves to-day, in a score of instances, to refuse to handle a train on any road that aids "Q." and no law, they claim, can compel a man to work when he is not willing to. On the other hand the difficulties of the Wabash line are steadily on the increase. Burlington appears to be determined to draw that road into the vortex along with itself, and is nearly sure to do so. If the Court to morrow grants an order requiring the Wabash its agents, officers, and employes to perform its duties as a public carrier, as respects traffic with the Burlington, then a general tie-up of the Wabash Road must follow. The engineers will, of course, refuse to handle Burlington cars, and if receiver McNulta wants to save himself from punishment for contempt of court, and his road from heavy damages, he will be obliged to discharge his engineers and hire ones that will do the work The moment the first man is discharged a strike will follow. This is Chief Arthur's assurance to his men positively, made yesterday.

The Burlington Company has as yet taken no action in regard to the other roads, which have refused to handle their freight, but Manager Stone says if the proceedings against the Wabash do not have the desired effect; that similar action will doubtless be brought to bear on them.

The Lake Shore Road has been receiving freight from Burlington to-day, without protest from their engineers. The officials of that road say they will continue to handle freight transferred to them Most of the Eastern roads have signified their willingness to do the same, but with the exception of the Union Pacific all the Western roads remain firm in their refusal to touch a Surlington car.

## VIKGINIA.

A Gang of Counterfelters Arrested in Norfolk.

By Telegraph to the Morning Star NORFOLK, March 8. - The police of this city succeeded to-day in capturing a gang of five Italian counterfeiters, named Joseph Laffiori, Pietro Dauorifoi, George Cataboni. Filip Brocolo and Bragios Marois, alias Petro Lanio. These men have been here about two weeks and have flooded the ture,

Uneastness Caused by Reports of Em peror William's Condition. By Telegraph to the Morning Star.

CHICAGO, March 8 -Emperor William's condition caused some unessiness among epeculators to-day. Scalpers loaded up in auticipation of a bulge which they expected would come when any favorable news arrived. Finding few buyers the ap. culative crowd were suddenly seized, shortly after the opening, with a desire to sell, and began dumping their holdings in such a promiscuous manner that caused a break of to in wheat, fc in corn and fc in oats. It was only temporary, as buyers soon appeared and began buying back with more vigor than they had previously sold, and the result was a sharp rally that carried prices a shade above the opening. Wheat was ner-vous and largely influenced by reports re-ceived regarding the condition of Emperor William. The market ruled quiet, although there were several spurts May opened at 801@801c, advanced to 81c, broke to 801, reacted with better feeling to 811c and became weak and closed at 804c. The action of corn was a surprise to all. The trading, although large, failed to equal that of the three preceding days, and was more of a local character. Hutchinson was the principal factor and sold about 1,500,000 bushels, several large commission houses also sold heavy lines Prices dropped &c under heavy selling, and for a time the market looked as though a further decline was inevitable. There were at least three million bushels dumped during the morning. When prices started upward it did not require any manipulation to cause a rapid rally, and outside figures were touched before 1 o'clock. There was active speculative trading in oats, and fluctu-ations were wide and quick for that mar-ket. May opened at 814c sold down to 31tc, up to 41tc and closed at the opening. In provisions the changes witnessed again favored the holding side. There was no part cular activity in trading and nothing new or surprising in the business transacted, yet a strong undertone pervaded the ma:ket. Higher prices were the rule. The speculative interest was divided between pork and short ribs. Lard was quiet. May pork sold at \$14 00@14 15 and closed at \$14 05. Lard sold at \$7 70@7. 724 and closed at \$7.70 May short ribs sold at \$7 171@7 25 and closed at \$7 221.

A special from Charleston, W. Va., says that Geo. D. H Strother, ' Porte Crayon,' de d at that place yesterday.

## DOMESTIC MARKETS.

By Telegraph to the Morning Star Financial.

NEW YORK, March 8, Evening-Sterling exchange dull but steady. Money easy at 24 @4 per cent., closing offered at 3 per cent. Government securities dull but steady: four per cents 1251; three per cents 1061 State bonds very duli but steady; North Carolina sixes 1204; fours 94 asked. Commercial.

NEW YORK, March 8 Evening -Cotton quiet, with sales to-day of 118 bales; uplands 10 3-16c; Orleans 10 5 16c; net receipis to-day at all U. S. ports 9,206 bales; exports to Great Britain 2,836 bales, to the contine: t — bales, to France — bales; stock at all U.S. ports 791,032 bales Wheat unsettled for options, closing heavy; cash more active at a small gain; No. 2 red March 911@911c; April 911@92c; May 91 13 16@921c Corn-options advanced i@ic, but fell back i@ic. closing with ome recovery; spot quiet and firm; No. 2 May 601@60 15-16c; June 60@601c. Osts -options closed steady and a trifle higher: No 2 March 881@381c; May 871@ 871c; No. 2 spot 881c; mixed western 87@ 40c. Hops quiet and unchanged Coffee -fair Rio on spot active; No. 7 Rio March \$10 40@10 60; April \$10 10@10 45; May \$9 90@10 03; June 9.75 10 15. Sugar dull and unchanged; reflued quiet. Molasses steudy; 50 test 20@204. Rice firm. Petroleum firm; refined 74c at all ports. Cotton seed oil-crude 85c; refined 41c. l'allow firm at 44c. Rosin firm at \$1 20@ 224. Spirits turpentine weak at 394c. Hides steady. Leather in fair demand. Wool quiet. Pork dull and unchanged. Boef du l and casy. Cut meate steady; middies nominal. Lard opened and closed quiet and firm; western steam on spot \$8 00; March \$7 94@7 95; May \$7 98@ 7 95 Freights dull; cotton id.

Ontton-Net receipts 722 bales; gross receipts 4,392 hales; futures closed firm, with sales of 160,000 bales at the followng quotations: March 9.96@9.97c; April 10 07@10.08c; May 10 17@10 18; June 10 24@10 25c; July 10.29@10 30c; August 10 33@10 34cc; September 9 91@9 92c; October 9 70@9.71c; November and Decem-

ber 9 60@9.61c; January 9.68@9 69c. Hubbard, Price & Co.'s cotton circular says: The market to-day has shown more steadiness than at any time since the commercement of the recent decline. Early Liverpool advices indicated considerable strength on the part of the foreign markets, and this led to an advance of 7@8 points here at the opening. About 11 o'clock rumore came of the death of Emperor William, and a temporary depression followed, owing to the nervousness of some weak holders of long cotton. It was seen however that the possible effect of this event had been preety well discounted yesterday and prices speedily improved, the close being firm at the highest point of the day, and with but very little cotton offering for sale, except at constantly advancing figures. The general impression is that the liquidation of the Atlanta operator, which caused the break, has been fully accomplished. No further failures are anticipated, and the atmosphere seems pretty well cleared by the storm. Port receeipts are full, but features of the statistical position have been ignored for the past few days, and will be without effect until the market gets on a more stable basis. A noteworthy feature of recent buying has been the number of certificates absorbed for spinners' account. Inquiry among brokers reveals the fact that spinners, both in New England and the South, have taken advantage of the recent slump to protect themselves against a possible output of goods and requirements of their consumption by large purchases of contracts here This is exceptional, and betrays the fact that they have not been able to contract for actual cotton in the South as usual on the basis of existing prices in New York.

CHICAGO, March 8 -Cash quotations were as follows: Flour unchanged Wheat -No. 2 spring 761@791c: No. 2 red 811c. Corn—No. 2, 514@52c. Oats—No. 2, 284 @804c Mess pork \$18 95@14 00. Otterburn Lithia and Magnesia Water.

WATER

The Great Remedy for Dyspep. sia and Kidney Diseases,

A First-Class Mineral Water a Low Rates.

Three Dollars and Fifty Cents Per Case of Six Gallons,

What Judge Farrar Johnny Reb) Says of It.

DEATONVILLE, VA , Peb. 15, 1886.

General George J. Hundley: I have used your "Otterburn Water" with great relief, and it gives me pleasure to give it my hearty commendation. It has remarkable efficacy in Dyspe\_sia and Deblity. With me it promotes Digestion, induces sleep and strength ens the system and is a fine appetizer.

Last summer my son came it in the University a great sufferer from indigestion and pervous prostration; the water was of incalculable benefit to him. benefit to him.

Yours truly, F. B. PARRIE GEORGE J HUNDLEY, progretor, anella Courtbouse Va. The following physicians endorse it. Read their certificates:

LODORE, AMELIA COUNTY, VA., Feb. 20, 1883 General George J. Hundley: I have used the water from the Otterbun Lithia and Magnesia Springs in quite a number of cases of Digestive Troubles, and aiways with benefit. In the case of an old gentleman of seventy years, with Dyspeptic and Urthary

Troubles of twenty years' standing, with sire-ture and Enlarged Prostate requiring the use of the catheter almost constantly, the residual urine setting up vestcal trouble, with simpa-thetic kidney trouble, with mental impairment also. After a protracted lilness last summer from increase of all the symitoms, when his case seemed to be hopeless, I advised the use of the water from the Otterburn Springs, which he has used persistently up to the pre-ent time. Fahas used persistently up to the pre-ent time. He has gradually improved, and can now discense with the catheter. His digestion is good, and he is doing as well as one at his age could expect. He receives no treatment other than the water from these spings

Very truly.

J. A. HILLSMAN, M. D.

206 EAST GBACE STREET, RICHMOND, VA.

General George J. Hundley: Believing the Otterburn Lithia and Magnesia Water a valuable agent in the treatment of that variety of Henal and Vesical disorders present where a Gouty Diathesis exists, especially in cases subject to more or less frequent recurrence of Repai Colic and the passage of Calcul from the Kidney and set dy deposit in the urine, I desire to commend it to the profession and public. In my hands it has succeeded when all

other agents here falled.

Pespectfully yours, &c.

JOHN N. UPSBUR, N. D. Professor of Materia Medica &c , in the Medical College of Virginia. RICHMOND, VA., December 15, 1886.

General George J. Hundley: For ten years past I have suffered grea by with my Kidneys and Biadder, and nothing give me relief until I began the use of Otterburn Lithia and Magnesia Wat-r last August. This is de-cidedly the strongest of any mineral water I have ever used, and I have tried several kinds for five or six years When I began the use of this water I had just passed a large stone from the K'dneys, but have not passed any since. I heartily recommend this Water to all who may be suffering as I have been

Tenth and Main streets RICHMOND, VA., September 6, 1887. General George J. Hundley, Amelia Courthous,

Dear Sir:-Our mutual friend, Mr. Charles E. Wingo, informs me that you desire my opinion of the Otterburn Lithia and Magneda Water i am satisfied that it is one of the finest waters in th's country for Atonic Dy pepsia, and the tests I have subjected it to have been numerous but a lways satisfactory. I esteem it equally high in disorders of the urinary organs—for several of my cases of Kidney trouble have improved more rapidly under the use of the Otterburn Water than Bethesda or Buffalo Lithia To prove my appreciation I am daily using it in my practice, and have been much ben-fited by its use in my own case, which is one of Atonic Dyspepsia.

Very respectfully, J G. TREVITAN, M. D., 316 South Third street
