Mas. R. W. WILSON. SPARTANEURS, S. C., April 2, 1837. Gentlemen-For twenty years I have had a sore on my left check. It had gradually been growing worse. The many physicians whom I had consulted were unable to do me any good. Last fall a year ago I began using S. S. S. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that I should leave off the medicine. I per-sisted in using the S. S. At the end of two months the sore was entirely healed. Think-ing that the evil was out of my constitution, i left off the medicine; but in November, and now that is also disappearing. I have very faith in S. S. S. I thas done me more good than all the doctors and others medi-cines I ever took. Yours truly, A. B. SHANDA. WINSTON, N. C., April 12, 1857.

It wore on me, and my general health was very poor. Last September I began a course of S. S. S. which I have con-tinued to the present time with the happlest result. The cancer has entirely disappeared. there being no evidence or symptom of a ancerous character left. My general bealth is good now, and my appetite better than it mas been in years. I am S2 years old, and today I am working in the field planting corn. Yours truly, Joass Linkmack. Gentlemen-I had a sure on my "pper lip for eight years. Seven different ductors at-tempted in vain to heal it. One gave me a small vial for five dollars, which was a "cer-tain cure." It is needless to say that it did me no good. About two years ago I became spite nneasy, as people thought I had a cap-er, and I took a course of eighteen bottles 'the system gurified my blood thorough. I have been in excellent health, the specific having purfied my blood thorough. Increased my appetite and perfected my igestion. In a word, I feel like a new young, and, best of all, the eight year ulcer is gone entirely. Yours sincerely. Max W. CANNON. Treatine, Todd Co., Ky., Feb. 25, 1837.
