THE MORNING STAR

VOL. XLI.--NO. 152.

WILMINGTON, N. C., TUESDAY, MARCH 20, 1888.

WHOLE NO. 6703

MORNING EDITION.

OUTLINES.

In the Senate yesterday fifty-five bills were passed, the majority being pension and private relief bills; among those of a public character was one appropriating \$100,000 for the erection of a monument in Washington to negro soldiers and sailors "who gave their lives for the preservation of the government;" a bill was introduced for the admission of Wyoming into the Union; in the House a resolution was offered and referred for the appointment of a special committee of five to investigate railroad strikes, and report what legislation is necessary to prevent such obstruction to commerce and disturbance of the public peace; a bill was passed authorizing the issue of fractional silver certificates, and one suspending the coinage of the three dollar gold piece and the gold dollar. — The Ways and Means Committee made considerable progress in the consideration of the tariff bill. — Green Humphreys, a prominent and wealthy citizen of Warrenton, Mo., during a quarrel with his wife fired three shots at her, inflicting fatal wounds, and afterwards killed himself. — The Royal message, countersigned by all the ministers, was read in the Prussian Landtag yesterday. — In the Chicago market yesterday there was a downward tendency in the prices of grain; no particular occurred in provisions. — changes the strike of engineers and firemen on the Santa Fe system has ended, and all the trains are moving with regularity. — Our dispatches this morning, relative to the railway accident in Georgia, add little to the particulars furnished Sunday morning; one man, reported killed, was but slightly injured; the trestle has been repaired and direct communication with Florida is reopened; the accident was the first of the kind that has occurred on this road since it was built, thirty-five years ago. — The United States Supreme Court has rendered a decision in the telephone cases, in which the Bell patents are sustained on all points. — A volcano in Mexico and several in Central America are in active eruption. — A widow lady was killed and several other persons were badly hurt by jumping from a burning building in New York yesterday morning. — Very favorable reports come from Emperor Frederick as to his health. — General Boulanger has received permission to reside in Paris. — A fire in Jacksonville, Fla., Sunday night, destroyed property valued at \$13,000. — New York markets: Money easy at 2 1/2 per cent, closing at 4 per cent; cotton quiet at 10 1/2; wheat—No. 3 red March 89 1/2; corn—No. 2 April 60 1/2; spirits turpentine dull at 38c.

Ingalls makes no reply to Col. Anderson. Ingalls evidently "bit off more than he can chew."

Mr. Pearson suggests Vice President Alexander H. Stephens. His head, eyes and pallid skin remind one of the eminent Georgian.

Ree Oghlan, the actress, advises young women against the stage. She says it is much better to try to earn a living in some other way.

It is announced that the Harpers will soon publish a volume composed of the excellent short stories thus far published by Miss Amelie Rives, of Virginia.

"Harper's Weekly is discussing the Independent Republicans. The gist is that there will be a split if the Republicans should nominate the right man. The part that makes Tariff reform paramount will support Cleveland; the part that makes Civil Service reform paramount will vote for the Republican. But when did the Republican party give reform anything?"

Barny is the greatest German actor who has visited the United States for some years. The dramatic critic of the New York Times says of him: "Barny's performance in 'Kevu' was what he was here before, and it is likely to be popular during the present engagement. The uncommon technical skill of this actor, his impressive presence, and his rich, well-cultivated voice are sure to give great pleasure during the next fortnight, and not to German playgoers only."

Johnny Wise has actually deserted Blaise Mahone and set up with his enemies. He has issued an address to the Radicals of Virginia. The Lynchburg News says: "It is a portent of the most serious delusion which Mahone has yet sustained. Wise himself wields a powerful influence within the Republican party and is a man of services and resources as well as Mahone. It will require the exercise of phenomenal activity and shrewdness on the part of Mahone and his friends to defeat the conspiracy against him."

Gen. Badeau has brought suit against Mrs. Grant. He claims that he wrote the Memoirs of Grant, and he asks for a share of the profits. Fred. Grant, on the other hand, says Badeau was merely his father's amanuensis. The New York World says: "The general impression among the legal fraternity is that Gen. Badeau's claim is a good one and that the case should be settled in private. A gentleman well acquainted with the Grant family and Gen. Badeau, said yesterday: 'No one who knows Gen. Badeau will for a moment suppose that he would make a claim of this kind unless he could substantiate it. The original manuscript must be somewhere in existence, and if that is in Gen. Badeau's handwriting, it is to my mind prima facie evidence that the whole work is his composition.'

People are too rich in this country. They have so much money they are really puzzled as to how to get rid of it. The banker, George Law, is known to spend over \$100,000 every year for jewelry only. The other day he gave a dinner at Delmonico's to eight other "millionaire fads," whatever that means, and here is what was said of it: "On the plate of each guest and attached to the menu was a beautiful ring with an emerald stone set in diamonds. The rings cost \$1,000, and as there were eight guests, the menu, with their novel attachments, must have cost over \$8,000."

Some of these rich fellows seem to be rich fools. We spent an hour delightfully at Mr. Pearson's lecture on "How to Use the Bible," yesterday. The comment of a gentleman who accompanied us and saw and heard him for the first time was, "He is indeed a wonderful man." We were fully confirmed in our impressions of Sunday night, that appear on our second page. About one thousand people attended his 11 o'clock lecture. He only preaches at night, omitting Saturday, which is kept as a day of rest. There were some persons at the inquiry meeting Sunday night, but we have not heard how many.

We said to a friend a week or so ago that it was about time to hear from Minister Jarvis—that he started homeward. Whether or no he is coming this year we are not informed, but the following is a straw from the *Kinston Free Press*: "A prominent citizen of Lenoir county has a letter from Minister Jarvis stating that he is not a candidate for Governor, but that if the people nominate him he will subordinate all his personal interests and serve them."

Senator Butler, of South Carolina, has introduced a bill in the Senate to admit polygamists Utah. What does he want with such a State? It is a curious move for a Senator who comes from a State that never had a divorce before the advent of carpet-baggery.

STATE NEWS.

The Shelby *New Era* comes out in a very strong article endorsing Lt. Gov. Chamberlain for the nomination for Governor. In speaking of him the *New Era* says, amongst other things: "As a progressive and skillful as Jarvis, he is as business like and honest as Alexander, and as thoroughgoing and able as Clark, while he has qualities or there are conditions that make him a more expedient candidate than any of these. In worth fully equal to the office and to any competitor he is the most available man in the State, and, in preparing for the coming campaign, we must consider availability scarcely less than worth."

THE CITY.

MUNSON—Spring suits.
J. DENK, Sr.—Piano tuning.
A. SHRIER—Clothing and hats.
S. A. SCHLOSS & Co.—Auctioneers.
MASONIC—Meeting Wilmington Lodge.
E. VAN LAER—Another great triumph.
E. WARREN & SON.—Soda and shakes.
S. B. SOLOMON—Damaged dry goods.

Who shot a Burglar or Chicken Thief?
The police were trying to find out yesterday the meaning of a disturbance that aroused people in the quiet neighborhood of Front and Church and Second and Ann streets about 3 o'clock yesterday morning. As one of the knights of the locust said, "It was like unto the noise of a gun or a pistol, and was followed by some one crying out as if he had been shot or was in great pain." But the police are still in the dark about the mystery.

Cornet Concert Club.
At the regular meeting of the Cornet Coquet Club last night, Mr. James E. Willson, who has stood by the club "through thick and thin," was elected leader. There is every prospect now, with the assistance of Prof. S. Schloss, that the club will soon reach the height of excellence to which it heretofore attained, and once more enjoy the fame which it so justly bore.

Local Bots.
—Lester & Allen's Early Birds Burlesque Company will appear at the Opera House next Saturday night.
—Four members were added to St. Paul's Evangelical Lutheran Church during the services last Sunday.
—The woods on the outskirts of town have been filled with robin hunters the past few days and a large number of these birds have been killed.
—The grand jury found a true bill against the negro Biggs, for burglary, and he will be arraigned to plead to the indictment this morning.

W. H. Brill was arrested and taken before Justice Mills yesterday to answer to the charge of disorderly conduct, preferred by Mary Johnson, colored; but the case was dismissed by the magistrate at the cost of the prosecutrix.
—Eight pieces of real estate lying in the southern part of the city and belonging to the estate of the late Thomas H. Smith, were sold by auction at the Court House door yesterday; sale subject to confirmation by the Court, and prices not reported.

The Pearson Meeting.
Rev. Mr. Pearson began the series of meetings to be conducted by him in this city at the Tabernacle last Sunday night. Every seat was filled, all the standing room was occupied, and many were unable to gain admission. The congregation was variously estimated at from three thousand to thirty-five hundred. The services were opened by Rev. P. H. Hoge of the First Presbyterian Church, with prayer. The music was conducted by Maj. H. H. Foster, with Mrs. W. F. Williams presiding at the organ. The choir numbered about fifty voices, selected from the different churches interested in the meetings. At the conclusion of Rev. Mr. Pearson's sermon, Rev. Dr. Pritchard pronounced the benediction and the congregation was dismissed. Many remained, however, in response to an invitation to take part in the inquiry meeting which was held after the regular service.

The ministers present at the meeting and on the platform with the speaker were Rev. Dr. Pritchard of the First Baptist church, Rev. Mr. Hoge of the First Presbyterian church, Rev. Mr. Primrose of the Second Presbyterian church, Rev. Mr. Creasy of Grace M. E. church, Rev. Mr. Tuttle of Fifth Street M. E. church, Rev. Mr. Ricard of Bladen Street M. E. church, Rev. Mr. Tolson of Brooklyn Baptist church and Rev. Mr. Kelly of the Seaman's Bethel.

Audit and Finance.
The Board of Audit and Finance met yesterday evening in regular session. Present: Mr. R. J. Jones, Chairman, and Messrs. J. F. Maulder, Wm. Calder, and John W. Hewitt.

Bills were audited and approved as follows: Current expenses, \$134.64; Fourth street bridge, \$384.85; sinking fund, \$169.15; coupons, \$12,047.50; bonds, \$900.

Two communications from the Board of Aldermen, in reference to the action taken by that Board in the matter of subscriptions to the Cape Fear & Yadkin Valley Railroad and the Wilmington, Onslow & East Carolina Railroad, were received and read, and after discussion a motion offered, by Mr. Calder was adopted, that the communications be referred to the City Clerk with a request that he confer with the City Attorney, and with his aid, have printed for the use of the two Boards, one hundred copies of the acts and amendments thereto authorizing subscriptions to the two railroads, and all propositions connected therewith submitted to the Board of Aldermen and accepted by them, and all resolutions adopted by them, and in connection therewith.

Mayer's Court.
Ed Robbins and James Meadows, charged with disorderly conduct, were called in the Mayor's Court yesterday morning. Robbins failed to answer and judgment nisi and a fine of twenty-five dollars were entered against him. Meadows was fined twenty dollars.

C. H. Vanstony and Stephen Ellis, charged with disorderly conduct, were sentenced to pay a fine of five dollars each.
John W. Galloway, disorderly conduct. Twenty dollars or thirty days.
James Capeheart, colored, charged with keeping an unlicensed dog, was sentenced to pay a fine of ten dollars.
James Collins, a tramp who had been ordered to leave the city and refused to obey the order, was looked up.

CRIMINAL COURT.

The First Day's Proceedings—A Colored Editor and Publisher Arraigned for Contempt of Court.

The Criminal Court for this county convened yesterday at 10 a. m., and at 4 p. m. took a recess until this morning. The grand jury, drawn for the two weeks' term, is as follows: C. P. McBane, (foreman), W. W. Banks, D. McEACHERN, R. F. Rowan, A. E. Alexander, John H. Thees, Thomas M. Gardner, J. J. Cannady, W. W. Reaves, G. W. T. Keen, F. C. Single tary, Lewis Gordon.
A writ was issued against I. F. Aldridge and J. B. Dudley (both colored) for contempt of court, upon the following order, signed by Judge Meares, Judge presiding:
The attention of the Court being called by E. R. Moore, Esq., Solicitor for the State, to certain publications made in the *Weekly Bulletin*, a newspaper published in the city of Wilmington, and its appearing upon the reading of said articles that the same were grossly inaccurate reports of the proceedings of the Court at its last term in the case of the State vs. Hattie Davis, and in the cases of the State vs. Willie Grant, and Murray Grant and it appearing from the tenor of said articles that their publication was made with the intent to misrepresent the Court and bring the Court into contempt, it is now upon motion of the Solicitor, ordered that a rule be served upon I. F. Aldridge and J. B. Dudley, the publishers and editors of said newspaper, requiring them to show cause why they should not be punished for contempt of Court.

One of the articles which appeared in the *Bulletin* and is referred to in the above order, is headed "One-Sided Justice or a Big Difference," and reads as follows:
"We regret to be forced to publish to the world a disgraceful piece of one-sided justice administered in the Criminal Court of this city, presided over by Judge O. P. Meares. The difference is too great and disgraceful for us to pass without a comment. It must have been the difference in the color of the skin that actuated the Judge to make such a big difference in pronouncing judgment in these cases. It could not have been the distinction in the sex that caused him to pronounce this unrighteous judgment. We have reference to the case of the State against Miss Hattie Davis who submitted in the Criminal Court, which has been in session here the last two weeks, to the charge of resisting an assault from two white ladies, but no one was badly hurt. Miss Davis (the colored lady) was fined \$50 and costs, which she paid. And in the same Court, and at the same time, two white men (the Grants) were charged with assault and battery upon a colored man with a sledge hammer and crow-bar. They submitted and were allowed to pay the costs and go free. Look at the difference between the two cases and tell us where the justice comes in. Where is the righteous judgment?"

Consistency, thou art a jewel, necessary in our criminal courts—our fact not to be known in the world, but shortcomings upon record whenever they come under our observation. There was a time when negroes could be whipped and bulldozed, and the facts not be known in the world, but that time has passed. White friends of the South to-day stand ready to defend the negro, while others stand ready to cut him down and butcher him like he was a dog. Miss Davis had friends. We need newspapers to publish the facts in the negro's case and turn on the light. Miss D. has a character which was admitted in the court's judgment. We need such a diabolical justice in our courts. We are not through with this subject."

The other article alluded to is pretty much of the same tenor as the above.

Messrs. M. Bellamy and Russell & Ricard appeared as counsel for the defendants and asked for a postponement of the hearing which was granted by the Court, and Aldridge was recognized with surety in the sum of \$100 for his appearance at half-past nine o'clock this morning.
Alex Butler and George Sheridan, charged with an affray, submitted and were fined one penny and the costs.

Claude A. Matthews, charged with forgery, was called, and failing to answer it was ordered that judgment nisi be entered against Matthews, and that the Sheriff bring into Court the sum of \$180 deposited with him as security for the appearance of Matthews at this term of Court.

In the case of Wm. Brown, charged with arson, witnesses were discharged until Friday next at 10 a. m.
R. F. Holmes, charged with violation of a city ordinance, (appeal from Mayor Fowler's court) was tried and found guilty, but judgment was not pronounced.

The case of George Williams, colored, charged with larceny, was set for trial Wednesday at 10 a. m.

The Seacoast Railway.
Work is progressing finely on the railway to Wrightsville. The grading to the "Martin" road is nearly finished and the small trestle over Macomber's ditch is completed. After striking the "Martin" grade there will be comparatively little to do at this end of the line, and soon the hands will be throwing dirt nearer the Sound than town. The trestle across the channel near Captain Manning's place, and the workmen are in the marsh beyond. Undoubtedly there will be some sort of accommodation for visitors on the hummocks this summer, as a force of hands is now there cleaning up the ground.

Weather Indications.

The following are the indications for to-day, received at 11 a. m.: For North Carolina, South Carolina, Georgia and Eastern Florida, light to fresh southeasterly winds, warmer, fair weather, followed by light rains.

Storm Brewing.
The following telegram was received at the Signal Office at 12.32 this morning:
"Hoist cautionary southeast signal for Wilmington and Wilmington section. Storm central over the lakes, moving eastward. Signals are also ordered for Morehead City."
"GREENLEY."

Quarterly Meetings.
Wilmington District, M. E. Church, South. First round of Quarterly Meetings.
Elizabeth circuit, at Elizabeth, March 24 and 25.
Carver's Creek, at Shiloh, March 18 and 19.

Another Great Triumph
FOR THE SOMMER PIANO. GILMORE'S FAVORITE Band of 75 Artists, which is now on a Grand Concert Tour through the United States, has chosen the famous "Sommer Piano" to be used exclusively at their concerts.
If the Sommer Piano was not a Piano of the highest Order, we would not have been so thoroughly satisfied with their performances as we are. It is a triumph.
E. VAN LAER, 402 Red Cross St., Sole Agent for North Carolina. Also a nice assortment of other makes on hand.

LITHIA AND MAGNESIA WATER.

Otterburn Lithia and Magnesia Water.
The Great Remedy for Dyspepsia and Kidney Diseases.

A First-Class Mineral Water at Low Rates.
Three Dollars and Fifty Cents Per Case of Six Gallons, and Freight.
What Judge Farrar (Johnny Reb) says of it.

DEATONVILLE, Va., Feb. 15, 1888.
General George J. Hundley:
I have used your "Otterburn Water" with great relief, and it gives me pleasure to give it my hearty commendation. It has remarkable efficacy in Dyspepsia and Debility. With me it promotes Digestion, induces a regular action of the system and is a fine appetizer.

Last summer my son came from the University a great sufferer from indigestion and nervous prostration; the water was of incalculable benefit to him. Yours truly,
P. R. FARRAR.

LODOEN, AMELIA COUNTY, Va., Feb. 20, 1888.
General George J. Hundley:
I have used the water from the Otterburn Lithia and Magnesia Springs in quite a number of cases of disease, and it has given me great benefit. In the case of an old gentleman of seventy years, with Dyspepsia and Urinary Troubles of twenty years' standing, with Stricture and Enlarged Prostate requiring the use of the catheter almost constantly, the first trial of the Otterburn Water effected a permanent cure of the urinary trouble, with mental impairment also. After a protracted illness last summer from increase of all the symptoms, when his case seemed to be hopeless, I advised the use of the water from the Otterburn Springs, which he has used persistently up to the present time. He has gradually improved, and can now dispense with the catheter. His digestion is good, and he is doing as well as one of his age could expect. He receives no treatment other than the water from the Otterburn Springs.

Very truly,
A. HILLSMAN, M. D.
208 EAST GRACE STREET, RICHMOND, VA.
General George J. Hundley:
Believing the Otterburn Lithia and Magnesia Water a valuable agent in the treatment of that variety of renal and vesical disorders, present where a Gonitic Diathesis exists, especially in cases subject to more or less frequent recurrence of renal Colic and the passage of Calculi from the kidney and sandy deposit in the urine, I desire to commend it to the profession and public. In my hands it has succeeded when all other agents have failed.

Respectfully yours, &c.
JOHN N. UPSHUR, M. D.,
Professor of Materia Medica, &c., in the Medical College of Virginia.
(See Hill's case below.)
RICHMOND, Va., December 15, 1888.

General George J. Hundley:
For ten years past I have suffered greatly with my kidneys and bladder, and nothing gave me relief until I began the use of Otterburn Lithia and Magnesia Water. This is decidedly the strongest of any mineral water I have ever used, and I have tried several kinds for five or six years. When I began the use of this water I had just passed a large stone from the kidney, but had not passed any since. I heartily recommend this water to all who may be suffering as I have been.
C. A. HILL,
Fourth and Main streets.
RICHMOND, VA., September 6, 1887.

General George J. Hundley, Amelia Courthouse, Va.:
Dear Sir—Our mutual friend, Mr. Charles E. Wingo, informs me that you desire my opinion of the Otterburn Lithia and Magnesia Water. I am satisfied that it is one of the finest waters in the country for such a variety of ailments, and I have subjected it to have been numerous, but always satisfactory for themselves. It is equally so in disorders of the urinary organs—for several of my cases of kidney trouble have improved more rapidly under the use of the Otterburn Water than hadethoda or Buffalo Lithia. To prove my appreciation of its daily value in my practice, and since I have been much benefited by its use, I own case, which is one of Atonic Dyspepsia.

Very truly,
J. G. TRIVILIAN, M. D.,
216 South Third street.
