MORNING EDITION. OUTLINES.

The House of Representatives yesterday passed Senate bill for the construction of bridges across the Cape Fear, Black and Northeast rivers in North Carolina; the Tariff bill was then debated until adjournment.

The New York Medical College for Women has graduated in twenty-two years 218 women.

The men who pay high taxes are hit hard. Tax-payers should watch the taxes. Keep them down.

President Carnot has been traveling in the south of France and has been received with enthusiasm.

The New York Tribune swears that Blaine's health is all right except "an occasional twitch of rheumatism."

And now the report is that Kaiser Fritz is much better. Very glad to hear it, and will be gladder if he continues better.

Mr. Abell bequeathed his newspaper, the Baltimore Sun, to his three sons. A very good legacy. He left the most of his great property in trust.

Mr. Gladstone was unusually severe in his speech in the British House of Commons on Tuesday. He talked freely of Balfour's "mean tricks."

Ingalls is said to be highly irritated and has served notice that he has a rod in pickle for Voorhees. On next Tuesday he will hit back and go for the Indiana Senator.

The volume of the business of the country is not diminishing, although 110 railroads for March show a decrease of 5.4 per cent. below March, 1887. But the first quarter shows a positive gain—small, but a gain, of 1.3 per cent. over 1887, and of 18 per cent. over 1886.

Referring to Carnegie's method in dealing with striking workmen, the Louisville Courier-Journal very pointedly says:

"Armed Pinkertons are again pouring into Pennsylvania to keep down the wealthy protected workmen of that State, and are supported by a strong body of deputy sheriffs. It takes a very high tariff to pay Pinkertons and Sheriffs."

Dirty rascals in the North have been writing cowardly, scurrilous letters to handsome Miss Amelia, Rivers, and she has been made ill by them. The Baltimore American, referring to this and her last unfortunate story, says:

"Whatever may be thought of 'The Quick and the Dead,' there can be but one opinion regarding the anonymous letters that have been sent to Miss Rivers."

Lord Randolph Churchill, who is capable of many surprises, poured some hot shot into the ranks of his Tory friends in a discussion on Monday. A London special to the N. Y. World says:

Lord Randolph Churchill's speech in Parliament to night created a sensation and was a matter of surprise to members of all parties. It is admitted that the proceedings of the week in Parliament have been damaging to the Government.

THE MORNING STAR

VOL. XLII.—NO. 32. WILMINGTON, N. C., SATURDAY, APRIL 28, 1888. WHOLE NO. 6737

It is believed in London that once more the Irish cause is gaining. Mr. Parnell has been talking freely of the outlook. He says the Irish people are simply bound to disobey the illegal coercion law, and he thinks a waiting policy advantageous.

From all the indications afforded by the by-elections it is evident that the next general election, those electors who abstained from voting in 1886 and thereby returned the Tory Government with a hundred majority will, in the main, vote to restore Mr. Gladstone to power with about a similar majority.

Ex-Senator McDonald, of Indiana, thinks that Gov. Gray's nomination for the Vice Presidency on the Cleveland ticket will be likely to endanger the success of Mr. Cleveland. He says:

"The Democratic party of Indiana has in its power to carry the State, but has no margin to spare in a vain endeavor to feed the insatiable ambition of Gov. Gray, whose political record shows no higher purpose or aim than personal aggrandizement and whose cry since he has connected himself with the Democratic party has been that of Oliver Twist, is always held up for more."

Very unfortunate if true. But is it true? We rather suspect not.

Senator Voorhees's speech in the Senate on Wednesday was lively and interesting and even eloquent. The Washington special to the World says:

"His exhortation of Legals as a traducer of dead heroes was masterpiece of invective, and it was fully matched by his impassioned glorification of McOlellan and Hancock, if married in some degree by merciless denunciations of Stanton and Pope. At the conclusion of Mr. Voorhees's speech, which was delivered with great power and effect, and was listened to with interest and attention on both sides of the chamber, he was congratulated upon it by many of his Democratic associates."

The New York Times publishes a special from Bangor, Maine, which says:

"O. M. Shaw, proprietor of the West End Hotel, Bar Harbor, is just home from Florence, Italy, where he visited the Hon. James G. Blaine four weeks ago. Mr. Shaw is a Republican and an intimate friend of Mr. Blaine. He says Blaine will not be a candidate, that he told him so and the reason, Mr. Blaine says he is a sick man, being seriously afflicted with diabetes."

Gen. Lord Wolseley has been bitterly assailing the Tory Ministry because of the disgraceful state of the British army and navy. He denounces it as wholly inexcusable and due to the course of party government which is sapping England's strength. Toryism is well calculated to sap any thing.

Fayetteville Observer: The rise in Little River last Friday caused the dam at Manchester Mills to give way. We have been shown a letter from Mr. E. B. Alexander to a friend in this city, in which he says that under no circumstances will he accept the nomination for Lieut. Governor. The ladies of the Memorial Association have invited Mr. J. H. Myrvoire to deliver the address on the 10th of May—Memorial Day. We have seen the examination papers for April of Mr. Harry C. Smith, who is employed in the railway postal car service between Wilmington and Washington City, and it is a most capital one, showing almost perfect knowledge of the railway routes of the country. In the number of repetitions he was perfect; in handling cards, out of 736 he missed only 9; and his per centage in the total examination was 98.64. This record is good enough for anybody.

THE CITY.

MUNSON—Gents' furnishings. A. SHRIER—Spring clothing. S. A. SCHLOSS & Co.—Auction to-night. E. WARREN & SON—Oranges, bananas. M. BELLAMY—Er's sale crockery, etc. J. L. BOATWRIGHT—Choice canned goods. LOUIS H. MERRAS—The "Caddo" collar. G. R. FRENCH & SONS—Shoes of all kinds.

The Celebration at Guilford Courthouse. The people of Greensboro and of the county of Guilford, N. C., have arranged for a celebration in commemoration of the battle of Guilford Court House, to take place on the battle ground, May 5, 1888, the anniversary of the organization of the Guilford Battle Ground Company. There will be suitable ceremonies, civic and military displays, including an oration by the Hon. D. Schenck, also a poem, and speeches by distinguished men from all parts of the Union. Handsome invitations have been sent out by the committee of arrangements and a great success is expected of the celebration.

Flower Thieves. Many persons complain of the depredations of flower thieves. One of the sufferers, a gentleman residing on North Third street, says that they stripped his garden last Thursday night of geraniums and other plants, that had just been set out. It is thought that the plants are stolen for the purpose of offering them for sale to other parties.

Local Notes. The U. S. District Court meets next Monday.

The Light Infantry hope to receive their new uniforms next week.

The funeral of the late Jacob Loeb was postponed yesterday until 4 o'clock this afternoon.

A cargo of 2,800 bushels Eastern county white corn, in sacks, sold yesterday at 69 cents per bushel.

The steamer Sylvan Grove, to run between this city and Carolina Beach is expected to arrive here early next week.

Health officers are making a strict investigation into the sanitary condition of the city, which they pronounce better than it has been for some time past.

The sale of seats for the minstrel performance at the Opera House to-night opened yesterday morning. The troupe is one of the finest on the road and promises a novel and amusing entertainment.

McNish, Johnson & Slayin's Redned Minstrels will appear at the Opera House to-night. It will probably be the last theatrical entertainment of the season. The bill they present is a very attractive one.

The flags at the offices of the consuls of Norway, Sweden and Denmark, Germany and Great Britain, were displayed at half-mast yesterday in respect to the memory of the late Jacob Loeb, French Consul at this port.

The Grocer's Circular prints the following in regard to the use of canned goods, which cannot be too widely known or carefully remembered. It says:

They are not put up in vessels from which they are to be eaten when convenient to consumers, but are only packed in tins in order to preserve them. No canned goods are guaranteed to keep fresh and good for any number of days after being opened. When opened the contents of the tin should be immediately turned out and eaten as soon as possible. If the food must be kept at all, cover it up and keep it in a cool place—always, however, turn out of the original tin. The liquor around lobsters, salmon and all vegetables, excepting tomatoes, is desirable to strain off and throw away. Lobsters and prawns are improved by being turned into a sieve and rinsed with clear, cold water. Never, on any account, add vinegar, sauce or any kind of condiment to tinned foods while they are in the tin, and never leave such mixtures to remain an hour or two, if from forgetfulness it is done. All tinned goods are put up as fresh as it is possible to be kept, unless oiled or salted, will not keep turned out as freshly cooked goods will, and certainly not longer, as many thoughtlessly suppose or expect they will. Seafoods, if preserved in good oil, and if of good quality, will be an exception. As long as the oil is good the fish can be kept in the tin, but seven days is long enough to treat these before eating. Consumers should not buy larger packages of canned goods than they can always consume quickly. If they should, most of the fish and meats can be potted after re-cooking, sauces and seasonings being used. If the nose and eyes are properly used it is impossible to partake of an unsound tin of canned food of any kind as to partake of bad meat, fish or vegetables from a shop.

Quarterly Meetings. Wilmington District, M. E. Church, South. Second round of Quarterly Meetings. Magnolia circuit, at Trinity, April 22 and 29. Brunswick circuit, at Concord, May 5 and 6. Southport Station, May 6 and 7. Grace Church, at Wilmington, May 12 and 13. Whiteville circuit, at Fair Bluff, 19 and 20. Carver's Creek circuit, at Wayman, May 26 and 27. Clinton circuit, at Andrew's Chapel, June 3 and 4. Brunswick circuit, at Shiloh, June 9 and 10. Brunswick Mission, at Shiloh, June 9 and 10. Onslow circuit, Jacksonville, June 16 and 17. Kinstonville circuit, at Charity, June 23 and 24. Elizabeth circuit, June 30 and July 1st.

A Larceny Case. W. H. Scott, the colored man charged with stealing a pocket-book containing one hundred dollars from the mate of the schooner Deloit, was arraigned before the Mayor yesterday. Scott was attended by his counsel, M. Bellamy, Esq., and Mr. Jno. D. Bellamy appeared for the complainant. After an investigation of the case, the Mayor decided that Scott should be held for the action of the grand jury at the next term of the Criminal Court, and Scott gave bail in the sum of fifty dollars for his appearance. Later in the day Scott was rearrested and his bond increased to two hundred dollars, and failing to give the required security, he was committed to the custody of the sheriff.

An Artisan's Wife. Mr. James Walker, the builder and contractor, who is putting up a handsome residence for himself at the old Canada place out on Market street has had an artisan well bored, with results that were rather remarkable. The workmen, after boring thirty feet through sand and clay, struck a bed of rock, four feet in thickness. Drilling through this rock they came at once to water which rose to the height of seventeen feet in the well and seems to be inexhaustible. Pumps were put in and an effort was made to free the well from water, but after long and vigorous pumping it was found impossible to lower the water an inch.

The Stone Thrower. Sam Ivey, a small colored boy, who admitted throwing a stone which struck a little daughter of Mr. H. Mints on the head and inflicted a severe wound, last Sunday afternoon, was brought before the Mayor yesterday. Judgment was suspended in the case, at the suggestion of Mr. Mints, and the boy was turned over to his parents, who promised to give Sam a sound flogging.

May Weather. The character of weather conditions for the month of May, as shown by observations for the past seventeen years at the Signal Service station in this city, shows the possible maximum temperature to range from 85 degrees, in 1878, to 84 degrees, in 1876; the possible minima, between 73 degrees, in 1878, and 88 degrees in 1876. The clear days were one in three; cloudy days, one in two; rain, one day in three, averaging 0.14 inch daily. The greatest rainfall that occurred on any one day was on May 12th, 1871, when 2.90 inches fell.

Base Ball. A match game was played yesterday at the Seaside grounds between the Clarendons, Capt. J. G. Wright, Jr., and the Athletics, Capt. John D. Bellamy. The Athletics won, with a score of 23 to 4.

The juvenile clubs—Amateurs, Capt. Ed. McKoy, and the Hackers, Capt. Rob. DeRoset—had a game. Score 25 to 19 in favor of the Amateurs. —March 26, September 24, 25, 26, 27, 28, 29, 30, October 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, May 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

The grading force on the Seacoast railroad is working on the Maffitt place near Bradley's creek, and will cross to-day. Half the piling for the trestle at this point has been driven, and the pile drivers are busily working on the remainder. Work at Wrightville is progressing rapidly, in clearing the hammocks and building the trestle. The track has been laid for three miles, and this part of the work will be resumed as soon as the next cargo of iron arrives.

Ger. barque J. F. Faust, Niejahr, hence for Riga, Russia, put in at Elsinore, April 21st.

Sehr. Cherubin, Nelson, from this port via Bull's Bay, S. C., (where she put in to stop a leak), and Charleston for Philadelphia, put into Beaufort, N. C., on the 25th inst., having sprung a leak again.

The schooner L. A. Snow, Capt. Rowe, which arrived yesterday from Bermuda, had a remarkable encounter with adverse winds. As reported, she sailed from New York with a cargo of coal for Portland, Me., on the 13th of January last, and was blown off to the Bermudas, and after leaving port there again encountered head winds and was driven back. The owners directed the sale of the cargo there, and after this was effected she sailed for this port.
