Specific Co., Atlanta, Ga., under date of February 14, 1888 : " About three years ago, Jerry Bradley, a colored man, had a cancerous sore on his face, near the right eye. It caused him a great deal of pain, and he lost the sight of the eye, but was finally cured of the cancer by the use of Swift's Specific. This case is well known in Wilkes Co., Ga, where he lived (near Danbury), and of this case, I, myself. had personal knowledge."

Mr. L. Cox, of Arkabutla, Tate Co., Miss. writes, February 24, 1888 : "I suffered a great deal from old ulcers for six years. Your med icine was recommended to me, and after using six bottles, I was completely cured. I never saw its equal as a Blood Purifier. My neighbors will use no other. Your medicine does even more than you claim for it. I have known it to cure cases which were thought to he hopeless. It is the best medicine made." Mrs. A. M. Goldsmith, No. 674 Warren St., Brooklyn, N. Y., writes, February 22, 1888 : "I ago. I had suffered with a sore throat for over a year, when I commenced using your remedy. I used a great many other remedies with no good results. My little girl, also, had sore fingers; it commenced from the quick, and then the nails would come off. We doctored her for over two years, and when I com-menced using S. S. S. I thought I would see what it would do for her. I am thankful to say that it entirely cured her. It is the best remedy I know of for the blood. I really believe it was the means of saving my life. The doctor told me I had a throat disease similar to General Grant's. I cheerfully recommend it to all suffering from disordered blood. I use it now as a tonic whenever I think I need it."

Mr. B. F. George, Milford P. O., Ellis Co., Texas, writes: "I had a cancerous wart or mole on my eyelid, as large as the end of my thumb, which had the appearance of cancer, causing me much pain and inflammation, from which I suffered a long time. Seeing the S. S. S. advertised I commenced using it, and after the use of a few bottles the sore dropped out, my cancer was gone, and I was

Mr. G. W. Pettis, of Alkin, S. C., writes : "I was a sufferer from cancer of the breast, and had been under the treatment of three physicians, but it did me no good. It was so bad that I had to stop work. After taking a course of S. S. S. I was entirely cured." Treatise on Blood and Skin Diseases mailed THE SWIFT SPECIFIC Co., Drawer S, Atlanta, Ga.

Heart of me, why do you sigh?
Why droop your eyelids, pale and shy,
Like secwfiskes that on violets lie? Why do you sigh, my heart?

Sweeting, wherefore do you weep?— Till the flowers that May winds steep, When the day has sunk to sleep, Seem from heads o' dew to peep?— Why do you weep, my sweet?

O, my love, whence comes thy glow. Like the susset on the snow, Which on your fair face doth show?— Why do you blush, my queen Must I speak your answer dear? Listen, thes, and you will hear Why you sigh, and weep and blush, Why, e'en now you bid me hush; Sing, O sing, ye winds that be; Answer, music of the sea; Spin, old earth of melody;— For my one-love loveth me—

-Harper's for May. GIVING OP THE SOUTH.

Doth she not, my heart ?

New York Times, Ind. Rep.

It is getting to be more and more

plain that the Republicans will rely

a good deal in the national campaign

this year on what they call the issue of an honest vote, meaning by that the question of the suppression of the negro Republican vote in some of the Southern States. There was a time when they hoped to avoid this plan. They thought that they had a "fighting chance" in several of the Southern States-in the two Virginias and in North Carolina -and they felt that if they were to make anything of this chance they must do so on some other is sue than that of race, for this is what the matter amounts to. When Senator Sherman went South and made his peaceful and smooth speech, he had this chance in mind, and there was a number of other signs of the same sort. The plan was a good one, and it would have been likely to work fairly well but for one thing: If the Republicans were to drop the Southern question. the only one left for them was the tariff, and, though the leaders are clearly going to stick to the tariff issue, they have a suspicion that they cannot get rid of, that it will drive off a good many of their votes in the boro. North unless they can hold them by the feeling that the Southern question arouses.

OUR STATE CONTEMPORARIES.

We have been very forcibly impressed during this term of court of the good results which would be attained by a change of the mode of punishing petty criminals. The whipping post would be a most excellent substitute for the penitentiary. What does the average negro boy care for a few year's incarceration there?—Carthage Blade.

We understand that Cashier White of Rateigh feels very much insulted at being called a thief. Too bad to hurt such tender sensibilities! But considering the fact that he and Cross have both secured bail from people whose sentimentality has run away with their judgment, we do not won-der that they begin to feel that they are high-toned gentlemen and no thieves.— Jonesboro Leader.

The newspapers of New York are making a crusade against the exposure of elec-tric wires. The danger of these wires, it is said by those who ought to know, ought to be obvious to every man who will take the time to consider the matter. It is very clear to us that this danger, if a danger at all will be very greatly magnified by the multiplication of these exposed wires. As has been said again and again this is one of those menaces to life that will not be properly guarded until a fearful loss of valuable life comes to burn the importance of taking precautionary steps into the consciences of those to be held responsible therefor.-Charlotte Chronicle.

Shall the spoilsmen again take charge of the government, fill its offices with the hungry crew fast vanishing into obscurity, and administer its affairs in the interest of favored classes and avariatious politicians and speculators? Shall the treasury become again an adjunct of Wall Street speculators? Shall the appointive power of the Federal Executive be again farmed out to the radical apostles of the doctrine of fraternal hatred? Shall we again hear from lips, seemingly speaking for the executive, demands for the repression of the right of home rule and an extension of the power of national government? Shall the sequel prove that the election of Grover Cleveland signified only a halt and not an effectual arrest of the mad march of centralization to a complete subversion of the Constitu-
