

THE MORNING STAR.

VOL. XLII.—NO. 41.

WILMINGTON, N. C., WEDNESDAY, MAY 9, 1888.

WHOLE NO. 6746

MORNING EDITION.

OUTLINES.

In the Senate, yesterday, Mr. Voorhees, after stating that he had been ill for almost a week, offered an apology for his violation of parliamentary rules and usage in the discussion of last week; the railroad land grant forfeiture bill was then discussed until adjournment; in the House a telegram and letter were read from ex-Congressman Hewitt, of New York, denying statements which had been made concerning him by Mr. Woodburn, of Nevada; the tariff bill was then taken up and discussed, seven members indulging in the debate.

Gen. J. W. Ewing, disbursing clerk of the Department of Justice, and one of the best known men in Washington, has been found short in his accounts to the extent of \$5,000 or \$6,000. The General Conference of the African Methodist Church is in session at Indianapolis; delegates are present from every State in the Union, Canada, Bermuda and the Demarara Islands. The crew of the steamer Eureka, which was sunk in collision at sea, on Sunday last, took to their boats, and were picked up by a passing brig; they were then transferred to a steamer, which safely landed them at Philadelphia yesterday.

Emperor Frederick's condition is improving; his fever is low and he sleeps fairly well. An old man, under sentence of death for the murder of his two grandchildren, made his escape from a Pennsylvania jail Monday; he left a letter bidding defiance to the people who have threatened to lynch him. The Delaware Democracy endorse Cleveland's tariff views and favor his re-nomination; they also favor the Mills tariff bill.

The sunken steamer Eureka is reported to be a dangerous obstruction to vessels passing north and south. A London dispatch states that Lord Stanley, of Preston, has been gazetted as Governor General of Canada. The Georgia Temperance folks met in Convention at Atlanta yesterday; the welcoming speaker created a sensation in saying that reformed drunkards should not make themselves too prominent as leaders in temperance movements.

New York markets: Money easy at 1 1/2 per cent; cotton easy at 10-11@10 3/16-16; wheat, No. 2 red May 94 1/2@94 13-16; corn, No. 2 May 64; resin dull at \$1 15 1/2; spirits turpentine dull.

The high license bill shut up 502 saloons out of 727 in Pittsburgh, Pa.

Mr. Randall is said to be in doubtful physical health. His political health has been bad for some time.

The news from Washington is that the drift is towards Blaine. His followers are confident of his nomination. Good.

The Raleigh Signal's editor, Mr. Harris, thinks that the North Carolina delegation will go for Blaine. It is not improbable.

Last year Boston read 70.04 per cent of novels and juvenile literature. It took in 6.84 per cent of history and biography.

Buffalo William has sailed for home. He is "a bigger man" than Boston's chief citizen—Sullivan—and of course will receive an ovation.

The assistant secretary of the Northern Methodist General Conference is dead. His name was Rev. Charles J. Clarke, and he was a Presiding Elder from Maize.

Irish emigration to this country is not so heavy as it was last year. The emigration from Scotland is heavier. Within ten days some ten thousand immigrants landed at New York.

In 1872, the New York Tribune, edited by the very same fellow Reid, said of the Maine demagogue:

"Mr. Blaine's record in railway matters grows darker as it is examined."

That record is black now.

The blowers in the Grand Army are kicking up at the acceptance of a contribution from that veteran rebel, Gen. Joseph E. Johnston. They will have an investigation. Of course. Every such demonstration but strengthens the Democrats and makes the South happy.

Some days ago we told of the duel in New Mexico and the wounding of Miss Le Moore, she saying it was done before she had a chance to fire. Here is the sequel as telegraphed from St. Louis:

"In this duel Miss Le Moore was shot through the shoulder, but recovered in a few days, and last evening, closely veiled, went to the house of her hated rival, and meeting her at the gate, shot her dead. Returning home, she proudly boasted of the crime. She was soon after placed under arrest. As a revolver was found on the person of the murdered woman, it is believed that she, too, was awaiting an opportunity to finish the work of the duel."

Were we not correct when we said either of these fire eaters would make the right sort of a wife for a cowboy?

In 1884 Blaine received 182 electoral votes and Cleveland 219—37 majority. In 1888, with his good, honest, patriotic record, Cleveland ought to beat the badly "tattooed man" from Maine at least 100 votes. The revolt among honest Republicans ought to be great enough to secure that desired result. The popular vote was 4,843,334 for Blaine, and 4,911,017 for Cleveland—a majority of 62,683. It ought to be a half million this year. Mr. Tilden carried the country by 156,900 over all candidates and 250,707 over Hayes.

The Goldsboro Methodist Advance having been indefinitely suspended, its subscribers will be supplied with the Statesville Methodist Advocate for the unexpired terms. The Advocate is a clean, fair, genuinely Christian paper. The Advance under Drs. Robby and Bobbit had ability and force and earnestness that made it an instrument of good. It taught the truth in all things as the editors understood it.

The Chief Justice elect it seems comes of a family of lawyers. A sketch of him says:

"His father and his father's brother were lawyers. One of his grandfathers was a lawyer and a Judge of Probate. His mother's brother was a lawyer. His maternal grandfather was Chief Justice of the Court of Common Pleas of the Middle District of Maine; and after the separation of Maine from Massachusetts was appointed one of the Judges of the Supreme Court of the State of Maine, and he afterward became the Chief Justice of that Court."

Mrs. Frances Murray, of New York, died by swallowing her false teeth, plate and all. She was laughing at the fun of her husband. After several days the whole was extracted from her throat, but the esophagus was mutilated and internal hemorrhage occurred.

There is a threatened stampede among the more decent Republicans at the prospect of a Blaine revival.

THE CITY.

NEW ADVERTISEMENTS.
A. SHRIER—Great bargains.
NOTICE—To telephone subscribers.
MUNSON—Clothing and furnishings.
S. A. SCHLOSS & Co.—Auction sales.
E. WARRIN & Son—Ice cream parlors.
L. H. MEARES—Flannel and percale shirts.

Weather Indications.
The following are the indications for to-day, received at 1 a. m.:
For Virginia and North Carolina, slightly warmer, rain, followed by fair weather, light to fresh southerly winds, becoming southwesterly.

Memorial Day.
In order to insure ample time for our business men to get their dinners and join in the procession on tomorrow (Memorial Day) and that there may be concert of action in regard to closing of business places, it is suggested that two o'clock be the hour for closing and that the mills, factories, steamers, and so forth, be requested (that can do so conveniently) to blow their whistles promptly at two o'clock to indicate the arrival of the closing hour.

Fires in April.
Chief Oldenbuttel reports seven alarms of fire during the past month. Only three of these were of any consequence. April 3, a small house on Harnett street burned; loss \$400. April 16, four small buildings on Swann street; loss about \$1,400. April 22, stores, corner of Market and Front street damaged; loss \$5,000, fully insured.

The Sylvan Grove.
Owing to some slight obstruction in the cut leading into the inner channel the Sylvan Grove was detained several hours in her trips to Carolina Beach yesterday. The obstruction will be promptly removed to-day, and will cause no further interruption of the schedule.

Gaston County.
A private telegram received here yesterday says that Gaston County Democratic Convention instructed the delegates to the State Convention for Mal. Stedman for Governor.

Local Notes.
— Sheriff Murrill, of Onslow, was in the city yesterday.
— Don't forget the Sylvan Grove, for Carolina Beach, at 9.30 this morning.
— The price of strawberries dropped yesterday to ten cents per quart.
— The lighthouse supply steamer Fern arrived at Southport yesterday evening.

— The Chief Marshal would like to meet his assistant marshals at his office Thursday at 10 o'clock a. m., to arrange the details of the memorial services.
— Revs. Dr. Pritchard, G. M. Tolson and Messrs. J. S. Allen, W. C. Peterson and Frank Huggins will attend the Southern Baptist Convention at Richmond.

— There should be flowers in abundance for wreaths and garlands to-morrow. Send them to the "Atlantic" engine house between 9 and 13 o'clock in the morning.
— The ladies—and everybody else—hope that the city authorities will have the streets on the route of the procession to-morrow well sprinkled, as has been done in former years.

— The meeting of business men called yesterday at the Produce Exchange, to consider what action shall be taken in the matter of a half-holiday one day in each week during the summer was attended by very few persons, and no action was taken.
— A STAR correspondent, passing through Rocky Mount yesterday, learned that Mr. John Lanier, one of the wounded sufferers of the late railroad accident near Enfield, was able to be out and walked down to the Phoenix printing office, of which he is one of the types. Although able to be out, he is yet very sore from his injury.

Mortuary.
Dr. Potter, city physician, in his report for April, gives the number of deaths occurring in the city during the month as thirty-six; the same month in 1887, forty-three; in 1886, forty-two, and in 1885, thirty-nine—showing a constantly diminishing death rate. Dr. Potter asks that all necessary help, in hands and carts, be given to the sanitary department, and urges that all ditches in and around the city be cleaned out before hot weather is upon us. He says that he is pleased to see so much done already toward placing the city in good condition.

Of the total number of deaths occurring in April, 24 were negroes and 12 whites.

Annual Commencement.
Rev. C. F. Deems, D. D., will deliver the annual address at Livingston College, Salisbury, May 10th. The baccalaureate sermon will be by Rev. J. W. Brown, of Poughkeepsie, N. Y., May 18.

Annual exercises at Charlotte Female Institute begin Tuesday, June 5th. Rev. P. H. Hoge, of Wilmington, will deliver the address to the graduating class, Misses Mary E. Anderson, Kate Hamer, Ruth Hannah, Carrie Herron, May Louise Keith, Katie D. McKethan, Sallie Murphy, Maggie Neil, Maggie H. Shaw, Mary Steed, Ora W. Thomas, Minnie Williamson.

A Policeman's Club.
Policeman Hall's little club got in some wild work yesterday on the head of Mr. C. J. Stuckey, a farmer from the Black river section of Pender county. The trouble took place in Mr. Croom's store, on the northeast corner of Princess and Water streets. Mr. Stuckey was felled with a blow on the head—the club cutting a terrible gash, from which the blood flowed profusely—and while partially insensible from the effects of the blow was placed on a dray and taken to the City Hall, where, after his wound had been attended to by a physician, he was looked up. It is alleged that the policeman used his club without provocation. The matter, however, will be investigated by the Mayor this morning, and a number of persons who witnessed the affair have been cited to appear.

The Carriage Affair.
Information received direct from Carthage shows that Miss Ida Poe who was shot by Robert McNeill, Saturday night, is not so seriously wounded as was first reported. The ball made only a flesh wound, and although it has not yet been extracted, no serious fears are entertained as to Miss Poe's ultimate recovery. The villain who attempted to assassinate her had not been apprehended, though it is hoped he will be found. Robert McNeill is a son of Mr. A. S. McNeill, for many years Clerk of the Superior Court of Moore county and a gentleman of high integrity and unbounded popularity. Miss Poe is a daughter of Mr. J. C. Poe, of Fayetteville, and sister of Messrs. Hasting and Hugh Poe, both of whom are in the employ of the Southern Express Company.

Stephan Freeman's Case.
A telegram received yesterday evening from Mr. Thos. W. Strange, at Raleigh, says that Gov. Seales has taken the papers, but reserved his decision on the application for a commutation of sentence in the case of Stephan Freeman, the colored man now in the county jail under sentence of death for rape.

Reception by the Cape Fear Club.
The Cape Fear Club gave a most charming reception last night at their new club house, to their lady friends and the officers of the French frigate Le Bisson. The officers of the revenue steamer Colfax were also present.

The club put their best foot foremost and every thing that pertained to the enjoyment of the evening was done in befitting style. The handsome rooms were brilliant with light, and the gay concourse of ladies and gentlemen which thronged the rooms throughout the evening, seemingly enjoyed the entertainment to the fullest extent. An elegant supper was provided which the guests did full justice to, and the band of harpers furnished music which kept the dancers on the floor until a late hour.

The affair was a brilliant success and such as reflected credit on the committees entrusted with the delicate duty of entertaining the visitors. The Cape Fear Club is an old established institution here, and its reputation for open-handed hospitality has never been more signally emphasized than by its last night's entertainment. We congratulate the town upon having such a place, and we feel that with the new and constantly increasing membership many other occasions of enjoyment are in store for those who may visit our "City by the Sea."

The Y. M. C. A. Building.
The trustees of the building fund of the Young Men's Christian Association, consisting of Messrs. O. G. Pearsall, W. H. Rialow, Wm. Latimer, Wm. A. French and H. M. Bowden, in view of the purchase of the building site which has been made by the Association, have decided to call upon the subscribers to the fund for a pro-rata payment of 25 per cent. in order to pay for the same. The following call has been issued:

To the subscribers of the building fund of the Y. M. C. A.:
The board of trustees of the building fund of the Y. M. C. Association, in order to raise the money to pay for the lot purchased for the erection of the building, and in accordance with the trust reposed in them to collect and disburse the fund, have decided to make a pro-rata assessment of 25 per cent. upon the subscriptions. It is understood that those who cannot pay this amount in one installment are not obligated to do so, but compliance with this call will greatly facilitate the work of the board. It is likewise understood that this board will gladly receive larger payments, or payments in full, from those subscribers who are able and willing to make such payments.
Mr. H. M. Bowden having been elected treasurer of this board, is authorized to receipt for moneys paid on subscriptions, and if such payments are not made direct to him, as this board for great convenience would urge, he will designate in writing reliable persons to call upon subscribers for the pro-rata assessment now made.

The Festival.
The festival held at Concordia Hall last night by the Ladies' Concordia Society, an auxiliary of the congregation Temple of Israel, was well attended and all who were present were delighted with the bill of fare which consisted of the choicest variety of fowl, fruit, berries and ices. The hall was tastefully arranged and we have no doubt the ladies increased considerably the condition of their treasury.

RIVER AND MARINE.
— The steamer Louise is undergoing repairs, and a complete overhauling and repainting for the summer season. The work is being done at Capt. Skinner's shipyard.
— The Merritt Wrecking Company's steamer Tuckahoe arrived at Southport at 2.30 p. m. yesterday, from New York. She is to raise the cargo of railroad iron lost on Fryling-Pan shoals by the wrecking of the schooner Douglass Harvey, some time ago.
— The derelict schooner William and Richard is still floating on the ocean—a constant menace to navigation. The abandoned craft was last seen in latitude 33 degrees, longitude 61 degrees. The Richard's decks were flush with the water, but she showed no signs of sinking for some time. The stump of the foremast stood ten feet above the deck and one anchor still hung at the bows. The forward house was gone and the afterhouse stove in.

Y. M. C. A. Meeting.
The devotional meeting of the Young Men's Christian Association last night was conducted by Mr. Geo. C. Worth, with spirit and interest. Before the hour had expired quite an assembly of the young men had convened. The time was spent in singing hymns, reading Scriptures, and in short remarks from several members. Mr. Charles Robinson is the organist of the Association, Mr. VanLaer having been very kind in designing an organ for them.

The directors held a short meeting but without transacting any business. They held a meeting on Friday at 6 p. m., at which it is very desirous all should be present.

FAYETTEVILLE

The Medical Convention—Meeting of the Board of Medical Examiners.
[Star Correspondence.]
FAYETTEVILLE, May 7.—The doctors are coming! hurrah! hurrah! Aches, pains, bruises, sores, fevers and such like had better take wings rather than be attacked by 250 doctors, all at the same time. Fayetteville will be very healthful this summer, for the very sight of so many doctors will so frighten everybody here that they will stay well anyhow. Well and good, for everybody rejoices when the doctors have nothing to do.

Fayetteville is glad that this most honorable body of men is to meet here this week. Presbyterian Synod and Methodist Conference last fall, the Medical Society and the Convention of the Diocese of East Carolina this spring, make a handsome show. Folks here know what is good and they will be having the Press Convention before long and maybe the Baptist Convention.

A large attendance of physicians is expected. The local doctors have been busy for some time making arrangements for their brethren's comfort. And everybody that knows Drs. Haigh, Hodges, McDuffie and McNeill, knows that everything that prudence, sympathy and liberality can suggest will be done.

The Society will hold its meetings in Williams' Hall, which is certainly big enough and, we hope, will be cool enough.

The Board of Medical Examiners came Saturday night and held a meeting at once. The whole Board is present, and is engaged upon the revision of certain candidates for the degree of Aesculapius.

This Society is in every way worthy of the respect of all good citizens. On its roll are many of the first citizens of this State. Through its influence, direct or indirect, much wholesome legislation has been secured protecting the homes of the people from the imposition of quacks who practice more on people's credulity than upon their bodies.

Several distinguished physicians from a distance will be here. Prof. Michael and Prof. Cookery representing medical colleges in Baltimore are already here. Prof. Mills of Baltimore is expected to-morrow.
