MORNING EDITION. OUTLINES.

An adverse report was made in the Senate yesterday, on the resolution for open consideration of the fisheries treaty; the railroad land grant forfeiture bill was then considered, and after amendments passed without division; the copyright bill was also passed; in the House bills were passed making appropriations for participation in the International Exposition, to be held at Brussels, Belgium, and the Centennial Exposition of the Ohio Valley and the Central States, to be held in Cincinnati; the tariff bill was then discussed until adjournment.

THE MORNING STAR.

John Wannamaker, of Philadelphia, has just given \$40,281.02—to 273 persons in his employ—or an average of nearly \$150 each. This is a part of the last year's profits of the concern, and the 273 are on the roll of honor.

Mr. Waterson, of the Louisville Courier-Journal, knowing how wilful and bad was his son, refused to rescue him when he was lodged in the barracks for plunging his knife into the body of a young widow who refused to accompany him to an entertainment.

The Irish Bishops have been consulted and in a few days the Pope will learn what they think of his recent receipt. Mr. Dillon, M. P., in his speech at Drogheda, was very bitter on the Pope's interference with politics.

Representative O'Neill, of Missouri, has been classed with the Randall gang. Questioned whether he favored free wool, he answered: "Free wool? I should say so. Free wool means cheap clothing, and, of course, I am for free wool."

If there is any one word that suffers most in the hands of writers than all others it is transpire. See its meaning and then note how it is misused: "It transpires that Miss Smith," &c.

New Jersey Republicans are for Harrison for President. Judge Lamar is absent minded. He attempted the other day to drop a letter into a fire alarm box.

Dom Pedro, Emperor of Brazil, has inflammation of the kidneys, and is attended by three famous doctors. The Indiana Democrats living in Washington are about to tender a public reception to Senator Voorhees. This is well deserved.

There is an opinion in Chicago that Vilas stands a better chance than Gray for the second place. The strife in Indiana works against Gray. Mr. G. W. Curtis, editor of Harper's Weekly, says that both Grant and Cleveland failed as Civil Service Reformers. "We should smile."

Rumors come over the cable that the war cloud in Europe is blacker and war believed to be inevitable. Russia is suspected of contemplating a fresh coup in Asia. The New York Herald says "a number of Western Republicans (in Congress) urge strongly that their party shall prepare and offer a Republican bill for tariff revision."

The Washington correspondent of the N. Y. Herald on 7th inst., telegraphs that a movement is rapidly developing to place Allan G. Thurman on the ticket with Cleveland. The Herald copies what the STAR said of Dr. Storrs, of Brooklyn, prefacing it with this: "Speaking brightly about pulpit eloquence the Wilmington (N. C.) STAR thus characterizes Dr. Storrs."

Some of the Republican leaders are greatly disgusted over the Blaine boasting. They say that the bloody shirt and the tattooed man and his unburned letters must be buried together. The pedestrian craze still prevails in New York. Madison Square is crowded by thousands to see the six-day contest. Many aspiring starters have had to drop out. On Tuesday twelve contestants were still paying the saddest. At 1 o'clock Littlewood was in the lead, with 187 miles, and Hughes second, with 181 miles.

Local Notes. The Produce Exchange will close at noon to-day. The German barque Adolph arrived at Southport yesterday evening.

The customary Thursday evening service at the First Presbyterian church will be omitted this evening. Our visitor, the French corvette Le Bisson, passed out from Southport at half-past four o'clock, yesterday afternoon.

The Mayor directed the street hands to sprinkle streets leading to the cemetery to-day, from Market up Fourth to Campbell.

The market houses of the city will be closed to-day after 11 o'clock a. m., and reopened again to-morrow morning at the usual hour.

There will be a Love Feast at Grace M. E. Church on Friday evening at 8 o'clock. Quarterly Conference will be held on Sunday.

To-day being a legal holiday the bank of New Hanover, the First National bank, and the public offices at the City Hall will be closed.

Messrs. Williams & Murchison shipped to London, Eng., yesterday, per Norwegian barque Svend Foyn, 2,580 barrels of rosin, valued at \$2,600.

From a statement in the Citizen, it is feared that the Asheville military company will not be ready to attend the Encampment. Wilmington would welcome the Western boys.

For the information of those interested in establishing a canning factory here, it may be stated that the owner of the factory at Lexington, N. C., reports his business prosperous and his trade on a steady increase.

The survivors of the Wilmington Rifle Guards, Co. I, Eighteenth N. C. Regiment, are notified to meet at Judge Meares' office, on Market street near Third, at 3:15 o'clock this afternoon, to take position in the Memorial procession.

From present indications most of the trees recently set out on Fifth street will survive all the dangers of infantile treethood. They were so carefully set out that nearly all would have lived if the roots had not been shortened too much.

The sailor who fell from aloft to the deck of the Norwegian barque Svend Foyn, a distance of seventy feet, and who has since been under treatment in the Marine Hospital, has fully recovered from his injuries, and yesterday returned to his vessel.

A note to the STAR from Rev. Wm. B. North states that at the Methodist revival which has been in progress for the last two weeks in Rocky Mount there have been eighty professions of religion. He adds: "The Lord is doing great things for us."

Mr. John T. Bland has been elected Chairman of the Democratic Executive Committee of Pender county. This is a good selection; and it is hoped that under his leadership Pender will be redeemed and placed where it belongs—in the Democratic column.

Robbery. Mayor Fowler last night deputized M. M. Parker and Steve Greelish to arrest a stranger who is charged with having broken open Parker's trunk and stolen a suit of clothes, a watch and chain and a pistol. The man accused of the robbery came to the city a day or two ago and stopped at the boarding house where Parker and Greelish were staying. He represented himself as a locomotive fireman, from Philadelphia, in search of work. The robbery was committed during the absence of Messrs. Parker and Greelish from their boarding house, and while they were at work at the railroad shops where they are employed. Mr. Greelish found that some one had been through the pockets of his clothing, at the same time that Parker's trunk was robbed, and that a small sum of money was taken. The name of the man supposed to have committed the robbery is not known.

P. S.—About 12 o'clock last night the thief, whose name is R. D. Long, was captured near Fourth street bridge, just as he was about to board the Northern train. He was decked out in the stolen suit of clothes, and the watch was found on his person.

Mayor's Court. Besides the case of the countryman who resisted an officer while drunk, there was very little of interest yesterday. Chance Mitchell, colored, was sent up for ten days in default of payment of five dollars fine for being disorderly. Charles Ratley, disorderly, five dollars or ten days. Five or six colored boys, arrested for disorderly conduct, were discharged, the evidence against them being insufficient.

Taxes for 1888. The Board of County Commissioners have furnished the magistrates of the county with a detailed statement of the amount required for the tax levy for the present year, giving the following estimates, viz: For Criminal Court, \$8,500; Superior Court, \$1,500; Commissioners, \$1,050; Coroner, \$550; Justices of the Peace, \$400; Constables, \$100; Register, \$500; advertising, \$400; incidental, \$1,400; roads and bridges, \$1,000; superintendent of health, \$900; poor house, \$2,400; outdoor poor, \$3,300; hospital, \$2,800; jail, \$2,800; public buildings, \$1,000; printing and stationery, \$400; tax listing, \$1,450; attorney, \$300; election, \$750; tax on property purchased by county and paid to the State, \$1,200. Total, \$32,100.

To meet this it is recommended that the following levy be made: On real and personal property, for general expenses, 22 cents for the \$100; Criminal Court, 17 cents; hospital, 31 cents. Total on property 42 cents. A tax of \$1.274 is recommended "on the poll." With this levy the whole tax will be: For county on property, 42 cents; for State on property, 32 cents; total, 75 cents. On poll, for county, \$1.274; for schools and poor, 97 cents; total on poll, \$2.25.

It is estimated that this levy on property and on income and on franchise will realize to the county \$24,500 net; from schedule B and C tax, \$4,150, and from 25 per cent. of poll tax \$1,520. Total, \$30,170. The annual meeting of the Board of Magistrates will be held this year on Monday, June 4th, at 10 o'clock a. m.

The Clubbing Case. Mr. C. J. Stuckey, of Pender county, who was severely clubbed by Police-Master Hall, as mentioned in the STAR, was brought before the Mayor yesterday morning for an investigation of the case. The charge entered against Stuckey was "drunk and resisting an officer." The prisoner had nothing to say, except that he was very drunk and had no recollection of any of the circumstances connected with the affair. The policeman testified that he did not use his club until after he had been attacked by Stuckey, who struck him in the breast with his fist. Mr. Lee, clerk in Mr. Croom's store, where the arrest was made, said that he was so much confused that he was unable to tell who struck the first blow. There were several other witnesses, but none of them was able to afford any light upon this point.

The Mayor decided that the evidence fully vindicated the policeman and fined Mr. Stuckey ten dollars, which was afterwards remitted, upon Mr. Stuckey expressing his sorrow and regret at the occurrence and his conviction that he was alone to blame in the matter. He asked for the address of Dr. Potter, City physician, who attended to his wound, that he might apologize for the abuse heaped upon the doctor while under the influence of liquor.

A Message of Sympathy from the Grand Lodge. Mr. John L. Dudley received yesterday morning the following telegram from the Grand Lodge I. O. O. F. now in session at Greensboro: Resolved, That the officers and members of the Grand Lodge, speaking for themselves and the Order throughout the State, desire to express their loving sympathy for Past Grand Master Wm. J. Yopp, now dangerously ill at his home in Wilmington, and add their prayerful hope that he may be spared to his family and our Order. [Signed] B. H. WOODRILL, Grand Secretary.

STATE MEDICAL SOCIETY.

Thirty-fifth Annual Session—Large Attendance—Address of Welcome—Reports of Committees—Interesting Papers Read—Annual Address of the President—The Examining Board.

FAYETTEVILLE, May 8.—The 35th annual session of the State Medical Society of North Carolina was called to order in Williams' Hall at 10:30 a. m., by Dr. J. A. Hodges, Chairman of the Local Committee of Arrangements. Prayer was offered by Rev. Jos. Wheeler, of the Methodist Church.

A chaste, eloquent and hearty address of welcome was delivered in excellent style by Hon. Geo. M. Rose. A response, simple, modest, beautiful—just like the man himself—was made by Dr. R. H. Lewis, of Raleigh. Dr. T. D. Haigh, president, then took the chair. The roll was called by Secretary Baker, and Committees on Credentials and Finance were appointed.

UNFINISHED BUSINESS. Dr. Long from a committee appointed to consider the change of the Constitution in regard to the order of business at the annual meetings, made a report, which was received and made the special order for Wednesday at 9 a. m.

NEW BUSINESS. An invitation from the Carolina Club, to visit their rooms, was received and thankfully accepted. An invitation to the Society to hold its next meeting in Wilson was received from the Wilson County Medical Society. Action on it was postponed.

A resolution was offered by Dr. G. G. Thomas that a committee of three be appointed to take steps to prevent those persons in the State from practicing physic who are not lawfully licensed. The resolution was amended so that the committee should also see what changes were needed in the State medical law. After some discussion the resolution as amended was unanimously adopted. [Will not every good citizen help in this matter? It is life to many who are the victims of quacks.]

Dr. S. S. Sathwal, from the committee on obituaries, submitted an elaborate and excellent sketch of the late Dr. Manson, of Richmond, Va., an honorary member of the Society. It was referred to the committee on publication. A committee of three was appointed to draw resolutions on the death of Drs. Manson and Dillard, both honorary members of the Society.

The committee on credentials reported the names of thirteen new members. A committee of three was appointed to consider the report of the committee on credentials that was made at the Charlotte meeting in April last. Dr. Gallaway reported a rare case in obstetrics. Adjourned to 3 p. m.

NOTES. There are about 130 doctors here from every part of the State and they still come. A right good looking set they are, and strong and intelligent. A great many young men among them. Hurray! The Board of Examiners is still at work. A good many applicants for license are here. Mrs. Travis, of Raleigh, has been licensed the second female to pass the ordeal.

AFTERNOON SESSION. The Society heard the report on Surgery, by Dr. Barringer, who narrowed his report to the new fields invaded by surgery, citing three remarkable cases, the incision of the pericardium, the removal of a pound of liver, the dider's eye how much was left) and the separation of a tumor from the spinal cord.

Upon this report Dr. Michael, of Baltimore, made a speech, calling especial attention to antiseptic surgery. Dr. Coskery, of Baltimore, also made a few remarks. The report was referred to the publication committee. Dr. Herring read an elaborate report on "Some Freaks of Malaria," citing at great length what seems a remarkable case. The patient had such hot fever as to burst the bulb of a Hoker's thermometer. The report was referred to the publishing committee.

The annual address of the President, Dr. Haigh, then followed. It was in every respect a fine effort, and drew forth most hearty applause at its close, as in its progress. Every train brings in more doctors. Would you could see the young men, the young men!

EVENING SESSION. The annual essay was read by Dr. W. C. Galloway, of Greene county. His subject, "Dysentery," was treated in a very taking way. A paper on "Dietetics in Health" by Dr. W. C. McDuffie, of Fayetteville, was well, because practically done. The Society adjourned till Wednesday morning.

NOTES. That awful Examining Board still meets. If they make a doctor an hour for the whole time of their sitting there oughtn't to be a disease as great as that in an Examining Board—a sort of Gibraltar—you can't get in without going by them. What a debt we do owe these good doctors! A big crowd came to-night. Sent up some STARS and we will make some of these doctors into astrologers. The Wilmington M. D.'s are all well and happy.

—Rev. T. W. Guthrie, Presiding Elder, will preach at Bladen Street Church on Sunday at 4 o'clock p. m., and will open the doors of the church for the reception of members in the absence of the pastor. The little vine planted at this church only a few months ago has grown and is flourishing. There are now seventy-eight members and others will soon be added.
