

The question of reducing to a simple majority the vote necessary to override a Presidential veto was discussed in the Senate yesterday by Mr. Stewart, and the conference report on the Pension appropriation bill was passed in the House the Post Office appropriation bill, the Marine Conference bill and several other bills were passed. General Sheridan is confined to his home in Washington from fatigue and cold; some exaggerated reports as to his condition have been circulated, all of which are denied by his family and physicians. In the Methodist General Conference in New York, yesterday, Dr. Newman was elected bishop on the fourteenth ballot. The town of Brown, Texas, was partially destroyed by a cyclone Wednesday afternoon; three churches and eight dwellings were demolished, crops and trees swept away, a colored woman killed and eight persons fatally injured. Prince Henry, second son of Emperor Frederick, and Princess Irene, third daughter of Grand Duke Ludwig, of Hesse, were married at Charlottenburg yesterday. Several attempts have recently been made to burn St. Vincent's Orphan Asylum, at San Rafael, Cal., and it has been discovered that a boy was the incendiary, whose purpose was to make his escape from the institution. The President returned to Washington yesterday and attended the ceremonies of laying the corner-stone of the Catholic University. The North Carolina Republicans yesterday nominated J. B. Mason, of Orange, for Superintendent of Public Instruction, and D. L. Russell, D. M. Furches and R. P. Buxton for Superior Court Judges; the electors at large are pronounced Blaine men. The Presbyterians had a grand time yesterday in Philadelphia on the occasion of the fraternal reunion of the Northern and Southern Associations. New York markets: Money easy at 4 1/2 per cent; cotton firm at 10 1/2; southern flour quiet and unchanged; wheat, No. 2 red May 94 1/2; corn, No. 2 May 65 1/2; spirits turpentine dull at 37; rosin dull at \$1 20 1/2 25.

Gresham has no "bar"ri"! Bad. Dom Pedro is thought to be very near death's door. The Republicans in Congress are afraid to face the music. Representative Springer, of Illinois has been renominated. Maine, Pennsylvania and Texas all go for Cleveland and tax reform. Those who relish poetry will relish "Heredity" in another column. Italy and France will be able to settle their differences amicably it is said.

Mr. Morrison, it is reported, will not run for Congress, as he at one time proposed.

The Philadelphia Press, Blaine organ, gives him 377 out of 822. He must get 34 more votes.

The Greenville (S. C.) Daily News is now one of our handsomest and best edited Southern exchanges.

The South Carolina Democrats endorsed Cleveland but did not indorse the Democratic Tariff bill. How is that?

It is believed in Washington that Randall will not be sent as a delegate to the St. Louis Convention. His waning of power is conceded.

The Washington Post wants the members of Congress to have \$15,000 a year. Some of them would be high at \$2,000 a year.

John H. Vincent, one of the new Bishops elect in the Northern Methodist Church, is a native of Alabama and was born in 1832.

Representative Scott, of Pennsylvania, has ordered 400,000 copies of his recent very able speech in favor of Tariff reduction. It will do good and ought to be widely circulated.

So "My son Oliver" is the Radical nominee for Governor. Well, we would as soon help beat him as any other scallawag in the State. Dockery is not without ability, and can write and commit a very fair speech. The Democrats must unite and give him such a defeat it will make him sick to hear the Governorship mentioned the remainder of his life.

THE MORNING STAR.

VOL. XLII.--NO. 55.

WILMINGTON, N. C., FRIDAY, MAY 25, 1888.

WHOLE NO. 6760

A manufacturer in Richmond, Va., imported from Antwerp \$127 worth of glass. The State gives the cost. Please read and "punch with care":

Ocean freight	\$ 15 31
Lighterage	18 75
Custom-house, &c.	4 60
Duties	\$ 38 66
Total expenses	\$140 27
Original cost of glass	127 00
Total cost of glass	\$367 27

But the Protectionists say that a high tariff does not make goods higher.

The Greensboro Evening Patriot is before us. It is twenty-four page and it begins well. Mr. Whitehead is editor and proprietor and he is well assisted by Mr. J. H. Myrover, a gentleman of newspaper experience and talents. They will no doubt give their section a desirable and interesting evening visitor which will be furnished at \$5 a year or 50 cents a month. The STAR sends the heartiest good wishes.

The Gresham boom is going it. The Washington letter to Philadelphia Times says:

"Under the leadership of Senators Farwell and Cullom, Editor Medill, ex-Representative George Davis and other equally astute politicians the movement for Gresham has assumed extraordinary proportions and seems to be growing. It possesses the noticeable characteristic that while the friends of Mr. Blaine take kindly to it after the first choice is out of the field the Massachusetts and New York Mugwumps and the St. Louisards make like manifestations."

The African M. E. Z. Church in session at New Bern has elected C. R. Harris and Charles C. Petty Bishops. A special to the Herald says: "Harris has served as general Secretary and general steward of the Conference and is now a professor in Livingstone College, Salisbury, N. C. Petty is at present the general secretary of the Conference and presiding elder of the California District. He is a native of Wilkesboro, N. C., and a graduate of Middle University, Charlotte, North Carolina."

The Chicago Inter-Ocean, extremest of Protection organs, is delighted with Randall's assault and laughs all over. It treats him to a long editorial of praise. It says:

"Mr. Randall's impeachment of the Mills bill as a subterfuge of free trade under shadow of revenue reduction, is all the more impressive in that it is Mr. Randall's."

How the enemies of reform love Randall.

The New York-Star says of Representative Cox's speech:

"Mr. Cox's address, delivered in the tariff debate on the 17th inst., will long shine as a galaxy of rare jewels. We use the little space at our command to set a few of them for the delectation of readers of the Star. He who turns the weapons of an enemy against him and uses them with fatal effect is an adroit and able warrior, and such preeminently is Mr. Cox in the arena of debate."

A New Steamboat.
Capt. Doosher's new purchase—the *Bessie*—a handsome steam yacht which will run as the mail boat between Wilmington and Southport this summer, came up to the city yesterday. The *Bessie* measures 72 feet over all, 18.05 feet beam, and 5.01 feet deep. She is fitted with two steuple-compound engines, and is good for a speed of fourteen miles an hour. She has good cabin accommodations and has been licensed to carry seventy-five passengers. The *Bessie* has been used as a pleasure yacht in New York harbor. Her present owner intends to have the boat fitted up with awnings and accommodations on deck for passengers, and as soon as these arrangements are made she will begin her regular daily schedule between this city and Southport.

For the Conventions.
The Democratic State Convention and the District Convention to elect delegates to the National Convention, will meet in Raleigh next Wednesday. The Carolina Central and the Atlantic Coast Line roads will sell tickets to persons attending at reduced rates, from points along the lines of the roads. The fare from Wilmington to Raleigh and return is \$6.45 by either route.

Died in the Penitentiary.
Napoleon Bonaparte Taylor, otherwise known as Bone Taylor, the Pender county moonshiner, died in Albany penitentiary a few days ago, and his body was sent to his old home in Pender for interment. Taylor was convicted at the last fall term of the U. S. District Court in this city and sentenced to two years in the penitentiary at Albany, N. Y.

Local Notes.
—The cars for the street railway are expected to arrive about the first of June.
—One week from to-day and the weekly half holidays will commence; next Friday being the first of June.
—Mr. George W. Williams, his wife, daughter and son, have returned from their extended trip through the Southern States.
—Mrs. E. Warren & Son request the statement made that the ice cream sold at the festival Thursday night was not made by them.
—A dispatch from New York says that Hubbard, Price & Co.'s cotton circular was not received from them last night by the Associated Press.
—Do not forget the festival, "Feast of Roses," at the City Hall tonight. The proceeds are for a worthy object and the ladies deserve encouragement.

—The City Treasurer has received the new badges which will distinguish a respectable city dog this summer from a common country cur. They are said to be very pretty.
—Mr. Jerry Hand displayed at his store near Fourth Street Market yesterday a Duplin county ham which weighed fifty pounds. It was shipped from Magnolia by Mr. Sim Robinson.
—Messrs. W. H. Robbins & Bro. were the shippers of the cypress lumber and ship-spars per schooner *L. A. Snow* to Portland, Me., of which it was intended to make note in yesterday's STAR.

—Willis Drake, colored, was the only prisoner brought before the Mayor's Court yesterday. Drake was charged with disorderly conduct, and was sentenced to thirty days' confinement in a close cell.

—On Wednesday evening after the usual services and one of the series of lectures by the pastor, Rev. W. S. Creasy on the Beatitudes, the Christian Association of Grace Methodist Church held a regular meeting and was addressed by Capt. Alfred G. Hawkins.

—Officer Turlington, of the police force, has a "double" who is masquerading in Wilson, this State. At least this is the information the policeman has received—that some one is personating him in that section. The officer desires his friends to know that the man is an imposter.

—A gentleman in this city writes to the STAR that mothers cannot be too particular as to whom they trust their children, and cites an instance of a half-grown nurse propelling a carriage in which there was a small child who had her attention attracted to something else than the business for which she was employed and came very near upsetting the carriage in the gutter; in which event the child if not immediately killed would have sustained painful injuries.

The "Feast of Roses."
The ladies of Grace M. E. Church last evening was a grand success. It seemed as if Flora brought forth her choicest offerings to deck the occasion. Indeed, roses of the richest hues and most delicate tints which greeted the eye in every direction were enough to satisfy any artist's conception.

The tower at the front entrance was very artistically arranged, and reflected great credit on the ladies who designed it.
Although an immense crowd were present every part of the evening's duties were performed just as if the young ladies had not only caught a considerable share of the goddess charms but also her deft skill in performing these duties. In every direction the fair sex was coming and going—hither and thither—laden with delicacies, fruits and flowers. Not only was the eye charmed with beauty, but the ear, too, was greeted with music: rich, full and inspiring by that well known and honored band, the Wilmington Cornet Concert Club. "Festivities," so appropriate for the occasion, and so charmingly rendered, won the fullest applause. "On the March," seemed not only to insinuate that the twelve in uniform wore on the road to success, but plainly declared that if the ladies engaged in the noble work of doing their part towards the rebuilding of God's Temple continued thus to keep up with the brisk march in which they have started, surely victory is not far in the distance.

The festivities were kept up until a late hour, greatly to the enjoyment of everybody, and will be continued to-night, when the Feast will close.

Roasting exports.
Messrs. Alex. Sprunt & Son cleared the Norwegian barque *Abatross* yesterday, for London, Eng., with 3,902 barrels of rosin, valued at \$6,000.

Messrs. Paterson, Downing & Co. cleared the German barque *Jacob Arndt*, for Antwerp, with 4,373 barrels of rosin, valued at \$4,605.

Mechanics and Laborers.
The last Legislature passed an act for the better protection of mechanics and laborers the provisions of which are not generally known. The act provides that "whenever any contractor, architect or other person shall make a contract for building, altering or repairing any building or vessel with the owner thereof, he shall furnish to the owner or his agent, before receiving any part of the contract price, as it may become due, an itemized statement of the amount owing to any laborer, or mechanic employed by such contractor, or to any person for materials furnished, and it shall be the duty of the owner to retain from the money a sum sufficient to pay such laborer or mechanic, which the owner shall pay directly to the laborer, mechanic or person furnishing material. Also, the sums due to the laborer, mechanic or person furnishing material, as shown in the itemized statement rendered to the owner, shall be a lien on the building or vessel, built, altered or repaired, without any lien being filed before a justice of the peace.

The concluding section of the act says that any contractor failing to furnish an itemized statement as above, of the sums due to any one of the laborers, mechanics or artisans employed by him or the amount due for material, before receiving any part of the contract price, shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned, or both, in the discretion of the court.

Criminal Court.
Robert Williams, the colored man caught stealing at The Orton, plead guilty to larceny in the Criminal Court yesterday, but judgment in his case was not pronounced. It is said that Williams was concerned in the affair at Chapel Hill which resulted in the killing of one of the students at the State University some time ago.

James Judge submitted to a charge of larceny and was fined fifty dollars and costs.

Henry Jones submitted to a charge of forgery and was fined fifty dollars and costs.

Hilda Raymond and Ida Raymond, charged with keeping a bawdy house. On motion of the Solicitor, the case was not pressed with leave.

The Court took a recess at 5 o'clock in the afternoon until 9 a. m. to-day.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for his wife with what he had done, and returned to his home the next day, and was strongly in favor of Homoeopathy. That night the child passed away in suffering, and while contemplating the loss of his only child, the mother stopped from the room to attend to some domestic duties and she administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and attributed it to the Soothing Syrup. The child was discharged upon her and continued to use the Syrup several days, and the baby was well and overcame the prejudice of the mother. Sold by all Druggists. 25 cents a bottle.
