THE MORNING STAR.

VOL. XLII.---NO. 73. WILMINGTON, N. C., FRIDAY, JUNE 15, 1888. WHOLE NO. 6778

C., on Wednesday, during which a colored man performed the heroic deed of rushing in amid smoke and flames and rescuing a gentleman upon whom a burning roof had fallen. —The bulletin issued yesterday morning relative to Gen. Sheridan's condition was of a rather favorable character. —— A heavy electric storm prevailed throughout Nebraska on Monday, and a number of deaths from lightning are reported. —A fire occurred in Indianapolis Wednesday night, the loss from which is estimated at $100,000. —— The Spanish cabinet has been reorganized, with Senor Sagosta as Premier, —— Reports from Henry M. Judge Thurman is reported hearty, and his bandana waves grandly in the breeze.

Lord Stanley has taken the oath of office at Ottawa, Ontario, as Governor General of Canada.

Blaine actually visited London the other day and left, and no leading paper had one word to say. Fact!

If you buy $6.00 worth of woo hats you will save under the very moderate Mills bill $1.98—a round little sum. The tax is awful.

Gov. Hill of New York spoke at Tammany and eulogized very highly both Cleveland Thurman. He was greatly cheered. 'Rah! 'rah! 'rah!

Representative Rowell, of Illinois, says Cleveland and Thurman are as strong a ticket as the Democrats could have nominated. And so say everybody.

The London *Daily Telegraph* is the largest circulated newspaper in Great Britain. It sells a half million or more copies each week than the *Times*, or any other English paper.

Rev. Moses D. Widdener, of Philadelphia, rector in the Episcopal Church, has been found guilty of an uncanonical act of getting a divorce from his wife and marrying another woman.

Judge Thurman's father was a Methodist preacher. He was a Virginian by birth and was riding the [illegible] circuit when he met and married Miss Allen. They were married [illegible] father was a very substantial [illegible] His son became U. S. Senator and Governor of Ohio.

[illegible] Ingalls has a bee in his bonnet. He is trying to capture the Republican delegates. He is a vicious fellow. When in Congress he wrote a speech and *after* it was approved he inserted an extra page full of bile and sarcasm aimed at a Professor, and spoke it without leave or license. His diploma was withheld for a few years. This shows the gallishness of his nature. He is described by Julius Cæsar in his famous war record—the immortal Commentaries—*Omnis Gallia*—All Gall.

Rev. Dr. J. B. Bobbitt has been suspended from the ministry. It is in the papers. He publishes a card in the Durham *Plant*, in which he says:

"I am fully prepared to disprove before the proper tribunal each and all of his complaints. The investigation was asked for by myself and not forced upon me by the church. I beg the public to suspend judgment until a fair and impartial tribunal shall hear the evidence and decide the case according to law. I have no fears of the final issue."

All of his friends will rejoice in his vindication. The charges grow out of a business transaction in the sale of his paper, the Goldsboro *Advance*.

Old Gen. Jim Leach has been heard from. The reporter of the Charlotte *Chronicle* interviewed this veteran of some 73 years, and here is the jist of his talk. He said:

"'I voted for Cleveland. But let me tell you,' he continued, growing eloquent, 'I never did think that there was but one real big, great man in this country, and that man is old Allen G. Thurman Why, I would just want to hitch Thurman and Gladstone together. Thurman! There is not another man half so great in the United States.'"

He said of the President:

"Cleveland is a mighty good man, and the ticket is a wonderfully strong one."

The New Orleans *Medical and Surgical Journal* denounces "Dr. Buckland's Scotch Oats Essence" as a very vile drug, containing morphine. It says:

"A careful analysis shows that every ounce of this miserable preparation contains little less than one-half grain of sulphate of morphine. The dose recommended is from one-half to one teaspoonful at first, pushed until its full effect is felt. The old and the young are alike advised to use it. Idiosyncracy is recognized, much more being required to affect some than others"

The Washington *Post, Republican* and *Critic* are now merged and the new paper, called *Post*, is managed by a syndicate. It is independent It says of the Administration:

"Although President Cleveland's Administration has not been brilliant, it has been conservative and safe. He has not struck out for new paths, but has stuck to well-tried ways Business has not been disturbed."

We regret to know that Dr. Frank Fuller, so long connected with the Insane Asylum, is in very poor health and will never be better. He is an excellent man and a most efficient physician in his place. Like Dr. Grissom he is a native of Granville county.

Representative Laffoon, of Kentucky, chats to the purpose as he is reported in the Washington *Post*. He said:

"I am delighted with the action of the St. Louis Convention The ticket is as strong as could be desired, and the tariff plank, in that it indorses the President's message, is by no means a straddle."

THE DENTISTS.

Raleigh News and Observer.

The fourteenth annual meeting of the North Carolina Dental Association was called to order in the Yarboro House yesterday morning by the president, Dr. T. M. Hunter. After prayer by the Rev. Dr. Marshall, the roll of membership was called, to which a goodly number responded. The minutes of last meeting having been read and approved, Dr. V. E. Turner, in a most complimentary manner, introduced to the association the second oldest living graduate of dentistry in the world, Dr. W. H. H. Thackston, of Virginia, who responded in a most happy manner, giving a very interesting history of dentistry in the United States, which was especially complimentary to the pioneer dentists of the North Old State, and in a cordial manner extended a cordial invitation to the members of the association to meet with the Virginia State Dental Association in the city of Staunton during the last of August next.

Prof. R. B. Winder, of the Baltimore College, being introducted replied in a very happy manner. Both of the gentlemen were elected as honorary members of the association.

The Association then balloted on the following names, which were elected as members of the Association: Drs. E. K. Wright, A. S. Liverman, S. W. Gregory, J. M. Riley, H. B. Horton.

AFTERNOON SESSION.

The reports of the standing committees on dental education and physiology were temporarily passed over.

Pathology and Therapentics were called and the following gentlemen responded with papers: Drs. J. W. Hunter and G. W. Whitsett. The paper of Dr. Whitsett, who is a rising young dentist, was spoken of by all in the highest terms.

Dr. W. H. H. Thackston reported a case of the death of all the teeth of both dentures from typhoid fever.

Prof. R. B. Winder related a similar case from paralysis and demonstrated one fact—that the nervous system exerted the greatest influence, both physiologically and pathologically and any disturbance to the nervous system was likely to be followed by serious results.

Local Dots.

— Family excursion to Carolina Beach to-day. The *Sylvan Grove* will leave at 9.30 a. m. and 2.30 p. m.

— The formal ceremony of driving the last spike in the Seacoast railroad will take place to-morrow at 4.30 o'clock,

— The Seacoast Railroad runs a special schedule for to-day, for the Lutheran Sunday School. The regular schedule will be announced hereafter.

— The excursion given on the *Passport* to Southport and the forts yesterday was well attended, and all had a delightful time. The ladies of Grace M. E. Church supplied refreshments of various kinds in abundance.

— Workmen were engaged Monday laying a gas-main across Fourth street bridge, but as soon as the matter was reported at the City Hall the Mayor issued orders stopping the work until permission had been granted by the Board of Aldermen.

— The directors of the Seacoast railroad went over the road yesterday on a tour of inspection. They found the track in thorough order, the bridges and trestles strong and substantial, and expressed themselves as well pleased with the manner in which the work had been done by the contractors.

— A colored boy who attempted to cross South Front street in front of a horse and buggy yesterday morning, was knocked down by the horse and one of his feet was badly mashed. Mr. Joe King, son of Rev. J. P. King, was driving the horse. He had the boy conveyed to his home and offered to pay for the attendance of a physician.

The Alleged Burglar.

Joe Ellison, colored, the alleged burglar, was arraigned yesterday in the Mayor's Court. There were three charges against him; one for breaking into Mr. Ernest Frye's store on Fourth and Bladen street and stealing six or seven dollars in money, one for stealing a handkerchief and shirt from Mrs. George Schutte, and the third for robbing a colored woman named Martha Washington of a silver dollar.

The evidence against Ellison on the charge of robbing Mr. Frye was altogether circumstantial. He had been driven off the premises by Mr. Frye, a few hours before the store was robbed, and later in the night was seen on the corner of the street near by counting money. In the other two cases Ellison was fully identified as the thief, and was committed to jail in default of bail for his appearance at the Criminal Court.

John Beatty, charged with being an accomplice of Ellison in the robbery of Frye's store, was discharged.

Stephen Freeman.

Stephen Freeman, the colored man convicted of rape and sentenced to be hanged next Wednesday, expresses himself as resigned to his fate, but evidently still has a lingering hope that he will escape the gallows. He asserts his innocence of the crime of which he was convicted, and yesterday afternoon made a statement, the substance of which was that he is not guilty.

Freeman is constantly attended by the priests of the Catholic Church, and his relatives have also given him every attention. Mr. Thos. W. Strange, his counsel, who has been active in his behalf, and endeavored to secure a pardon for Freeman or a commutation of his sentence, is absent from the city.

Base Ball.

The Acme Club has been reorganized, with Mr. W. F. Hewitt manager, and Mr. G. D. Riley captain, and is ready for business. The club has leased the Seaside grounds and will have a practice game there this afternoon at half-past four o'clock, free to the public.

The Acmes have made engagements to play a nine from Wilson, N. C., in this city on the 20th and 21st of July next, and to play in Greenville, S. C., on the 23d and 24th. The members are all amateurs, but some of them play like professionals, and will make things lively for any club they may tackle.

A Chicken Thief Caught.

Dover Johnson, colored, who is said to have been a dealer in other people's fowls for a long time past, has at last come to grief. He was committed to jail yesterday by the Mayor on the charge of stealing chickens from Mr. John Grant. Johnson sold the fowls to a dealer in Fifth street market, from whom they were shortly afterwards recovered by the owner.

The Fire Last Night.

Fire broke out about ten o'clock last night, from some unexplained cause, in the rear of Messrs. W. E. Springer & Co.'s hardware establishment, No. 14 North Front street, and for a time a disastrous conflagration threatened. The firemen, however, responded quickly to the alarm, and in a short time had the fire under control and speedily extinguished it.

The fire began apparently between the warehouse in rear of the store and a new building in process of erection, and the flames communicated to the warehouse, in which a large stock of glassware and cordage was stored, the estimated value of which is about $2,000. The fire did not reach the hardware department, on Front street.

Wilmington Hook and Ladder Company, under the command of their new foreman, Mr. H. G. Parker, did excellent service, entering the building while it was on fire and removing over a hundred barrels of glass and crockery.

The steam fire engines were promptly on the ground—the "Atlantic" being credited with the first stream—and did heroic service under the management of Assistant Chief Martin Newman, Chief Oldenbuttel being absent.

There was insurance on the property to fully cover the loss, with Messrs. Smith & Boatwright on stock, and Messrs. Atkinson & Manning and Northrop, Hodges & Taylor on the building.

During the progress of the fire Mr. Steljes, a member of Howard Relief No. 1, was accidentally knocked from a ladder by a stream from the "Atlantic" engine. He was severely injured by the fall, and was taken into a neighboring store where he received medical attention and everything possible was done to alleviate his sufferings; the members of the "Atlantic" engine company being exceedingly solicitous in his behalf. It was an unfortunate occurrence, for which no one is to blame.

The Street Railway.

Twenty-five of the thirty-two horses bought for the street railroad arrived yesterday from Western North Carolina. They are fine stock and were selected with great care by Mr. Joe Merritt.

The steel rails for the curves and switches have also arrived and will be put down at once. But the company have received advices from the manufacturers that the cars cannot be delivered until the 29th inst. This is a provoking delay, but it is unavoidable and is one for which the street railway company is no way responsible.

Mayor's Court.

The Mayor had a large gathering before him yesterday morning at the opening of court. Besides the cases of burglary and larceny mentioned elsewhere, the following were disposed of:

L. J. Mills, a drunken countryman, was fined $10.

M. Dowling, drunk on the street, $20 or thirty days imprisonment.

Three young white men (whose names are suppressed) were charged with an affray. One of them was fined $20, another $5, and the third was discharged.

Southern Vegetables.

New York quotes prime North Carolina potatoes at $3.00@4.00 per barrel; large receipts are expected, however, and much lower prices are looked for this week. Cabbage are in liberal supply and are quoted at from 30 cents to $1.00 per barrel. String beans $1.00@2.50 per crate.

Philadelphia quotes string beans at $3.50@4.00 ber barrel; tomatoes $2.50@3.00 per barrel.

First Trains.

The first trains on the Seacoast railway will be run to-day, leaving Front street depot at 8:40 and 10:15 this morning, and at 2:30, 5 and 6:30 this afternoon. Returning, trains will leave Wrightsville at 9:20 and 10:45 o'clock this morning, and this afternoon at 3:10, 5:40 and 7:15 o'clock.

PIANOS.

A PIANO IS AN ARTICLE OF WHICH FEW persons have any knowledge. It is therfore difficult to get at the true value of an instrument, and unless a person is thoroughly reliable you are apt to pay two prices for an Instrument. Some time ago, as an illustration, we offered the identical Pianos, same makes, which are offered here now by outsiders from $225 to $300. You are asked for the same goods $275 to $425. Comment is unnecessary, except that our assertion that only cheap goods can be sold by Travelling men at enormous prices (as the expense connected with such methods are very large) is correct. Again where is the reliability of the stranger after he has your money.
