Mr. Wm. A. Siebold, with Geo. P. Rowell & Co. 10 Spruce Street, New York, writes March 29th, 1883: "I feel it my duty, for the benefit of others who may be afflicted as I was, to write you this letter, which you can use as my testimony in any way you choose. I will answer any inquiry from others in relation to the facts herewith stated. In February last I suffered great pain and inconvenience from boils, all over my neck; I could not turn my head without acute pain and my blood was in poor condition. After trying all the usual remedies in such cases, and finding no relief, by the persuasion of Mr. J. W. Fears, Manager of your New York Office, I used one bottle S. S. S., and I improved rapidly and very soon I was entirely relieved of my "Job's Comforters." Now not a sign of my affliction can be seen. I feel strong and cheerful. S. S. Giterburn Lithia and Magnesia Water.

The Great Remedy for Dyspepsia and Kidney Diseases.

A First-Class Mineral Water at Low Rates.

Three Dollars and Fifty Cents Per Case of Six Gallons, and Freight.

What Judge Farrar (Johnny Reb) Says of It.

DEATONVILLE, VA., Feb. 15, 1888. General George J. Hundley:

I have used your "Otterburn Water" with great relief, and it gives me pleasure to give it my hearty commendation. It has remarkable efficacy in Dyspersia and Debliity. With me it promotes Digestion, induces sleep and strengthens the system and is a fine appetizer.

Last summer my son came from the University a great sufferer from indigestion and nervous prostration; the water was of incalculable benefit to him.

Yours truly, F. R. FARRAR.

GRORGE J. HUNDLEY, proprietor, Amelia Courthouse. Va. The following physicians en-dorse it. Read their certificates: LODORE, AMELIA COUNTY, VA., Feb. 20, 1868.

I have used the water from the Otterburn Lithia and Magnesia Springs in quite a number of cases of Digestive Troubles, and always with benefit. In the case of an old gentleman of seventy years, with Dyspeptic and Urinary Troubles of twenty years' standing, with Structure and Enlarged Prostate. requiring the use of the catheter almost constantly, the residual urine setting up vesical trouble, with sympathetic kidney trouble, with mental impairment also. After a protracted liliness last summer from increase of all the symptoms, when his case seemed to be hopeless, I advised the use of the water from the Otterburn Springs, which he has used persistently up to the present time. He has gradually improved, and can now dispense with the catheter. His digestion is good, and he is doing as well as one at his age could expect. He receives no treatment, other than the water from these springs. General George J. Hundley:

Professor of Materia Medica, &c., in the Medical College of Virginia. (See Hill's case below.)

RICHMOND, VA., December 15, 1886. General George J. Hundley: General George J. Hundley:

For ten years past I have suffered greatly with my Kidneys and Bladder, and nothing gave me reliet until I began the use of Otterburn Lithia and Magnesia Water last August. This is decidedly the strongest of any mineral water I have ever used, and I have tried several kinds for five or six years. When I began the use of this water I had just passed a large stone from the Kidneys, but have not passed any since. I heartily recommend this Water to all who may be suffering as I have been.

C. A. HILL,

Tenth and Main streets.

RICHMOND, VA., September 6, 1887. General [George J. Hundley, Amelia Courthouse,

Dear Sir:—Our mutual friend, Mr. Charles E. Wingo, informs me that you desire my opinion of the Otterburn Lithia and Magnesis Water. I am satisfied that it is one of the finest waters in this country for Atonic Dyspepsia, and the tests I have subjected it to have been numerous, but slways satisfactory. I esteem it equally high in disorders of the urinary organs—for several of my cases of Kidney trouble have improved more rapidly under the use of the Otterburn Water than Bethesda or Buffalo Lithia. To prove my appreciation I am daily using it in my practice, and have been much benefited by its use in my own case, which is one of Atonic Dyspepsia.

Very respectfully, J. G. TREVILIAN, M. D., 316 South Third street. BELLAMY, Agent, WILMINGTON, N. C.

OUR STATE CONTEMPORARIES.

Every town in the State, and township oo, ought to organize a Democratic club. No one can estimate the amount of good, effective work that can be accomplished through the agency of clubs. Let us organize and go earnestly to work -Hender son Gold Leaf.

We like the way some writer puts it when he says that the success of the Democratic party is a necessity. This is another way of saying that the principles of the Democratic party are, in this era of transition, necessary as conservators of all that is best and glorious in our mstitutions. The platform laid down at St. Louis is simply an expression of the senti-ment of the American people.—Charlotte

And so our glorious and magnetic leader -the silver-tongued orator of the Statehas all the elements of a cogent and forceful and fascinating and impressive debater, for conviction bows to the majestic sway of his imperial logic, delight hangs in dreamy rhapsody upon the entrancing witchery of his thrilling rhetoric, and enchantment drinks to sweetest intoxication the rubiest wines of the mellowest and most luscious grapes that ever grew and ripencd upon the luxuriant vines of the richest poetic fancy. - Wilson Mirror.

The approaching political campaign will be one of absorbing interest, in its every detail and with every step of its progress, until its magnificent culmination in Nohis government is hearty accord with his administration-with the masses of the people rallying to his support with the enthusiasm and unanimity evoked by his patriot ism, elevation of character and devotion to principle-Cleveland's renomination and re-election will be an overwhelming endorsement of the best government the people of the United States have enjoyed for more than twenty-five years; aroused by the magnitude of the struggle and by the herculean efforts put forth by expiring Radicalism to capture the most conservative of the States of the "Solid South." the Demccracy of North Carolina will fight with a vigor, dash and tenacity unparalleled since the brilliant Gubernatorial canvass of 1876 -with the reward of hard won success, the more important as it is to be final and decisive of the fate of parties in this State for many years to come - Greensboro Patriot.

We do not know whether it was one of his best efforts. but it was well conceived and gracefully presented .- On the morning of June 12th, about 10 o'clock, the single story dwelling owned by H. S. Heman and occupied by T. B. Slade, in Hamilton, N. C., was entirely destroyed by fire, with all its contents execution one transfer and some head tents, excepting one trunk and some bed-clothing. Ballard and family living at Clermont bridge on Trent river had a narrow escape from a stroke of lightning during a thunder stom on Monday night. The lightning struck the roof of the house about 10 o'clock, directly over the children who were asleep in the second story, tearing the shingles off of a space about one and a half feet wide from the combing down to the eaves and shivering the rafter. Large splinters from the rafter were thrown on the bed severely bruising a little girl's arm, and one struck the head of the bedstead with such force as to wedge itself into it. In its course downward two posts were literally torn to pieces and striking the floor below a dress which Mrs. Ballard had been working on the day before was set on fire; the clock on the mantel was knocked off and torn to pieces; a picture hanging on the wall was almost obliterated, and a kerosene lamp which was lighted was knocked off the mantel breaking the chimney but not the lamp. Fortunately the fall of the lamp extinguished the light and there was no explosion. The lightning also went down a loaded double-barrel gun sitting in the corner, tearing the stock to pieces but the loads were not discharged.

POLITICAL POINTS.

- The platform is well worthy of the splendid ticket nominated, and words of praise could go no further.-Boston Globe, Dem. - The unprotected West, mort-

gaged to the protected East, is not a very pretty national oil painting.—Louisville Courier Journal, Dem. - Civil service has come to stay.

The possibility of the election of a Republican President is the only danger that can now threaten the stability of the system .-N. Y. Star, Dem. - What is the trouble with the

Manufacturers' Club? The pesky Democrats at Washington have voted to take the tax off lumber and salt. An instant mass meeting should be called to denounce this outrage. - Phil. Record, Bem. -Never were popular nominations more quickly followed by popular response

than those made at St. Louis. Cleveland and Thurman campaign clubs are forming in every district and in almost every establishment where Democrate are numerous. -N. Y. Star, Dem. - Mr. Mills is still sanguine that his tariff bill will pass the House, and that nearly every Democratic member will vote for it. He says it will not surprise him if

Mr. Randall votes for it also. Some peo-

ple will certainly be astonished if he does.

-N. Y. World, Ind. Dem. - The Republicans are in favor of tariff reform-some other year. They want to reduce taxes-whenever they, and they alone, cap secure the credit for it. They want to strengthen the coast defences of the country-when they return to power. They are the boldest champions of Civil Service reform when they are out of power. -Gov. Hill's Speech.

PERSONAL.

- Dr. Theodore Gay, who attended ex-Vice President Wheeler during his last illness, has presented a bill "as is a bill" to the estate. It amounts to about \$14,800.

- Thomas A. Edison is now experimenting upon a new electric flying machine which he has been commissioned by the Spanish Government to make for war purposes.

- The largest private library in this country is owned by H. H. Bancroft, the historian, and is in his San Francisco house. It consists of 50,000 volumes and is valued at \$200,000. - It is understood, that President

Cleveland and his wife will take an Ohio trip the first week in September. They are to start the ball rolling at the Ohio Centennial Exposition. - It must gratify Mr. Depew to

know that his "boom" is taken so seriousrasks to make a distinct threat of his nomination if it be made.-N. Y. Times.

- The New York Herald advises all tengue-loose Republicans, who so per-sistently croak about Mr. Thurman's extreme age, to remember that Colonel Perkins, the active and business-like treasurer of the Norwich and Worcester railroad, will celebrate his hundredth birthday in a few weeks,
